Independent Auditor's Report

Board of Directors
Partners for Quality, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Partners for Quality, Inc. 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and June 30, 2025, the related statements of changes in net assets available for benefits for the period July 1, 2025 through December 31, 2025 and for the plan year ended June 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the period July 1, 2025 through December 31, 2025 and as of and for the year ended June 30, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the

information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as

fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for the purpose of additional analysis and is not a required part of the financial statements

but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PARTNERS FOR QUALITY, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE PERIOD JULY 1, 2025 THROUGH DECEMBER 31, 2025
AND THE PLAN YEAR ENDED JUNE 30, 2025

1. Description of Plan

General

The following description of the Partners for Quality, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is a defined contribution 401(k) plan and provides retirement benefits to the eligible participants. The Plan was established on April 1, 2019 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was created as a result of the merger of the Partners for Quality Pension Plan and the Milestone 401(k) Plan, which was approved by the Board of Directors on January 30, 2019.

All employees of Partners for Quality, Inc. (Agency) and its subsidiaries, Allegheny Children's Initiative, Inc., Citizen Care, Inc., Lifeways, Inc. d/b/a Exceptional Adventures, Partners for Quality Foundation, Inc., and Milestone Centers, Inc. (Milestone), excluding leased employees, temporary employees, union employees, and seasonal employees, are covered by the Plan.

During 2025, the Plan was amended to change the Plan year from a fiscal year ending June 30 to a calendar year ending December 31. As a result, the Plan operated under a short plan year beginning July 1, 2025 and ending December 31, 2025. Service conditions for eligibility, allocation requirements, and vesting applicable to the short plan year were prorated based on months of service. Accordingly, the accompanying statement of changes in net assets available for benefits covers the six-month period from July 1, 2025 through December 31, 2025, and is not directly comparable to the prior year's twelve-month period.

Contributions and Eligibility

There are no age or service requirements to be eligible to make elective deferral contributions to the Plan or to receive discretionary employer matching contributions. For discretionary employer profit-sharing contributions, participants must be 21 years old and complete one year of eligible service, which is defined as 12 months. Employees are able to enter the Plan at any time. Participants may contribute, pre-tax or Roth, a portion of their compensation up to the maximum allowable in accordance with other limiting provisions of the Internal Revenue Code (Code) and other applicable legal limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover).

Discretionary matching and profit-sharing contributions are determined by the Agency's Board of Directors. For employees hired after February 19, 2019, and all Milestone employees regardless of hire date, matching contributions are up to 5% of compensation. These employees do not receive discretionary profit-sharing contributions. For employees of the Agency, excluding Milestone employees, hired prior to February 19, 2019, matching contributions are up to 2% of eligible compensation and discretionary profit-sharing contributions are up to 3% of eligible compensation.

Individuals supported or employed through the Agency employment program (previously temporary and seasonal employees) is excluded for purposes of Employer Non-Elective Contribution only. Members of this group are still eligible to make 401(k) contributions to the Plan and receive an employer matching contribution.

Participant Accounts

Participants direct the investment of their contributions and the Agency's contribution into various investment options offered by the Plan. Each participant's account is credited with the participant's contributions, the Agency's matching and profit-sharing contributions, and the participant's share of Plan earnings or losses thereon. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan, and direct charges for distributions or participant loans. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants vest 100% immediately in the Agency's matching contributions. Vesting in the Agency's profit-sharing contributions is based on years of continuous service. The Agency's vesting schedule is as follows:

Years of Vesting Service	Vesting Percentage
Less than Three Years	0%
Three or More Years	100%

Forfeitures

Participant account balances which are not 100% vested upon termination of service are forfeited. Forfeitures can be used to reduce the employer's contributions or reduce Plan expenses. Forfeitures were used to reduce Plan expenses in the amount of $3,047 and $2,893 for the period July 1, 2025 through December 31, 2025 and for the plan year ended June 30, 2025, respectively. The balance of the forfeiture account was $0 and $2,982 as of December 31, 2025 and June 30, 2025, respectively.

Notes Receivable from Participants

The maximum amount that a participant may borrow is equal to the lesser of $50,000 or 50% of the participant's vested account balance. Borrowings are considered to be collectible, as they are secured by the balance in the participant's account. Participants may have no more than two loans outstanding at any one time. The minimum amount a participant may borrow is $1,000. The loans are collateralized by up to one-half of the participant's vested account balance and bear interest at rates commensurate to market, defined as prime rate plus 1%. Principal and interest are paid through payroll deductions. The term of the loan cannot exceed five years except in the case of a loan for the purpose of acquiring a primary residence.

Participant loans are treated as an expense and are considered to be deemed distributed during the plan year in which a distributable event, as defined in the Plan document, has occurred. The outstanding note receivable balance in the Plan is either repaid by the participant or the participant withdraws their funds from the Plan, at which time the loan will be netted with the proceeds of the withdrawal. Notes receivable are stated at their unpaid principal balance plus accrued unpaid interest.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into any of the investment choices provided under the Plan. These are determined by the Plan sponsor, and participants may change their investment options daily.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest

in his or her account, or annual installments not to exceed the joint life expectancy of the participant or the participant's beneficiary. In addition, distributions may be made in the form of a purchased annuity contract. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. For vested account balances below $5,000, amounts will be distributed as lump sum payments automatically upon termination. Normal retirement age under the Plan is 65; however, the Plan does permit in-service distributions for participants who are 59.5 years old. The Plan also permits hardship distributions for qualifying participants.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less withdrawals, and administrative expenses.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be

received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. See Note 3 for discussion of fair value measurements.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which participant compensation is earned.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions when appropriate based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid. There were no benefits allocated to the accounts of persons who had withdrawn from the Plan but were not paid as of December 31, 2025 and June 30, 2025, respectively.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Agency and are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments. Fees related to the administration of notes receivable from participants and distribution requests are charged directly to the participant's account and are included in administrative expenses.

Subsequent Events

Subsequent events have been evaluated through the Independent Auditor's Report date, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

The three levels of input that may be used to measure fair value are as follows:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than quoted market prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable for the asset or liability and can be corroborated by observable market data for substantially the full term of the asset or liability.

Level 3 – Inputs that are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in methodologies used at December 31, 2025 and June 30, 2025.

Mutual funds are valued at the closing price reported on the active market on which the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and June 30, 2025. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

		Fair Value Measurements at Reporting Date Using		
Description	December 31, 2025	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 30,548,172	$ 30,548,172	$ -	$ -
Total investments at fair value	$ 30,548,172	$ 30,548,172	$ -	$ -

		Fair Value Measurements at Reporting Date Using		
Description	June 30, 2025	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 28,701,079	$ 28,701,079	$ -	$ -
Total investments at fair value	$ 28,701,079	$ 28,701,079	$ -	$ -

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of the future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Interest in Fully Benefit-Responsive Investment Contract

The Plan has a group annuity contract with Principal Life Insurance Company (Principal). Under the terms of the contract, Plan assets are held in the guaranteed investment account, which is backed by the general account of Principal, conducting business under the trade name Principal. The guaranteed investment account is credited with earnings and charged for Plan withdrawals and administrative expenses charged by Principal. Principal is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract, which is fully benefit-responsive, is included in the financial statements at contract value. Contract value represents contributions made under the contract, plus earnings, less withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2025 and June 30, 2025 was $6,943,702 and $6,215,890, respectively. The crediting interest rates and effective annual yields were 2.15% from June 2025 to December 2025, 1.65% from May 2025 to June 2025, and 1.55% from December 2023 to May 2025. The interest rate credited to the Plan is reset semiannually in June and December of each year. Changes in future interest crediting rates will not affect the amount reported on the statements of net assets available for benefits.

Principal is responsible for maintaining the balances due to each of the eligible participants in the Plan. The net assets available for benefits include assets available to current eligible employees as well as terminated employees who have not yet been paid their benefit by the Plan. Principal also is responsible for the proper payouts of benefits to eligible terminated employees per the terms of the Plan documents.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff, or the sale or discontinuance of all or any part of the Plan sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification.

5. Income Tax Status

The Plan is a Volume Submitter Profit Sharing Plan (Prototype). The Prototype received an opinion letter from the Internal Revenue Service on June 30, 2020 that stated that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Further, the Plan annually files Form 5500.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and June 30, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress for the Plan.

6. Information Certified by the Plan's Custodian

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2025 and June 30, 2025, and net (depreciation) appreciation in fair value of investments and dividends and interest for the period July 1, 2025 through December 31, 2025 and the plan year ended June 30, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company, the custodian of the Plan.

7. Related Party Transactions and Party-In-Interest

Certain plan investments are managed by entities related to Principal. Principal is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Administrative expenses paid by the Plan to Principal were $69,158 and $133,406 during the period July 1, 2025 through December 31, 2025 and the plan year ended June 30, 2025, respectively. The Agency provides certain administrative services at no cost to the Plan. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Termination of the Plan

Although it has not expressed any intent to do so, the Agency has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements, for the period July 1, 2025 through December 31, 2025 and the plan year ended June 30, 2025, to the Form 5500:
