INDEPENDENT AUDITOR'S REPORT

To the Plan Participants and Plan Administrator of the
PGA TOUR Employees Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the accompanying financial statements of **PGA TOUR Employees Retirement Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the statement of accumulated plan benefits as of December 31, 2024, and the statement of changes in accumulated plan benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the certified information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

"Assurance Dimensions" is the brand name under which Assurance Dimensions, LLC including its subsidiary McNamara and Associates, LLC (referred together as "AD LLC") and AD Advisors, LLC ("AD Advisors"), provide professional services. AD LLC and AD Advisors practice as an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable laws, regulations, and professional standards. AD LLC is a licensed independent CPA firm that provides attest services to its clients, and AD Advisors provide tax and business consulting services to their clients. AD Advisors, and its subsidiary entities are not licensed CPA firms.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

"Assurance Dimensions" is the brand name under which Assurance Dimensions, LLC including its subsidiary McNamara and Associates, LLC (referred together as "AD LLC") and AD Advisors, LLC ("AD Advisors"), provide professional services. AD LLC and AD Advisors practice as an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable laws, regulations, and professional standards. AD LLC is a licensed independent CPA firm that provides attest services to its clients, and AD Advisors provide tax and business consulting services to their clients. AD Advisors, and its subsidiary entities are not licensed CPA firms.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4j – Schedule of Reportable Transaction, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note A – Description of Plan

The following description of the PGA TOUR Employees Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit plan that provides retirement and death benefits for employees of the PGA TOUR, Inc. (the "Sponsor" or "Employer"), and its participating subsidiaries, who have one year of credited service and are at least 21 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employees can participate in the Plan if they became an employee before January 1, 2020, are credited with 1,000 or more hours of service and are at least 21 years of age. Plan eligibility was frozen so no employee who performs their first hour of service for the Employer after December 31, 2019 shall become a participant in this Plan. If employees are rehired after December 31, 2019, and they were not previously participating, they will not become a participant in the Plan unless they performed their first hour of service for the Employer before January 1, 2020. After meeting the eligibility criteria, employees may enter the Plan on January 1 or July 1.

On December 23, 2025, the Plan purchased a group annuity contract from Minnesota Life Insurance Company (Securian Financial) for $27,352,931 to transfer the benefit obligations of 176 retirees and beneficiaries. Minnesota Life returned $207,006 of the premium for the January and February 2026 payments, which the Plan paid, and began paying these benefits March 1, 2026.

Administration of the Plan

The Plan is administered by the Administration Committee for Employee Benefit Plans of PGA TOUR, Inc. ("Administration Committee") and the Investment Committee for Employee Benefit Plans of PGA TOUR, Inc. ("Investment Committee"), which are appointed by the Plan Trustees. The Administration Committee has overall responsibility for the operation and administration of the Plan. The Investment Committee determines the appropriateness of the Plan's investments and monitors investment performance. The Plan's assets are held by Charles Schwab Trust Bank (the "Custodian"). Schwab Retirement Plan Services, Inc., is the record-keeper.

Pension Benefits

Participants with 5 or more years of credited service are entitled to monthly pension benefits beginning at normal retirement age (generally 65) in accordance with the Plan's benefit formula. The Plan permits early retirement to participants aged 55-64 with 5 or more years of credited service. Participants, including terminated vested participants, may elect to receive their pension benefits in the form of a life annuity, a 10-year certain and continuous life annuity, a joint and survivor annuity, 50% lump-sum and 50% annuity distribution, or a lump-sum distribution.

If participants terminate before rendering 5 years of service and prior to attainment of age 65, they forfeit the right to receive any portion of their accumulated plan benefits.

Note A – Description of Plan (continued)

Death and Disability Benefits

Participants who are active and vested or terminated with a vested benefit are eligible for a death benefit. If the participant has been legally married for at least one year prior to their death, the spouse is entitled to a death benefit based on the 50% joint and survivor annuity that would have been payable to the participant. If the participant is single at death or married for less than one year at death, the beneficiary is entitled to the death benefit that would have been payable if the participant had a spouse of the same age. This death benefit will be paid in a lump sum to their designated beneficiary or estate if no beneficiary has been named. Upon reaching normal retirement age, disabled participants begin receiving normal retirement benefits computed as though they have been employed to normal retirement age with their annual compensation remaining the same as at the time they became disabled.

Note B – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of changes in net assets during the reporting period. Such estimates include those regarding fair value. Actual results could differ from those estimates.

Valuation of Investments

The Plan's investments are stated at fair value, which is based on quoted market prices at year-end as reported by the Custodian. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are composed of investment consulting, custodial, actuarial, audit and Pension Benefit Guaranty Corporation ("PBGC") (a U.S. government agency) premiums. Administrative expenses are paid by the Plan to the extent not paid by the Employer. Some investment related expenses are included in net appreciation of fair value of investments. Fees paid by the Plan for administrative expenses were $403,659 and $418,406 for the years ended December 31, 2025 and 2024, respectively.

Fair Value Measurements

The Financial Accounting Standards Board has established a framework for measuring fair value in ASC 820, *Fair Value Measurements*. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

Note B – Summary of Significant Accounting Policies (continued)

Fair Value Measurements (continued)

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Money market funds: Money market funds are interest-bearing investment funds, comprised of short-term securities, with original maturities of one year or less. The funds are stated at fair value based on quoted market prices. Money market funds are classified within Level 1 of the valuation hierarchy.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Fair Value Measurements at Reporting Date Using:	
	Assets Measured at Fair Value at 12/31/2025	Quoted Prices in Active Markets (Level 1)
Money market funds	$ 215,531	$ 215,531
Mutual funds	292,017,570	292,017,570
Investments at fair value	$ 292,233,101	$ 292,233,101

Note B – Summary of Significant Accounting Policies (continued)

Fair Value Measurements (continued)

	Fair Value Measurements at Reporting Date Using:	
	Assets Measured at Fair Value at 12/31/2024	Quoted Prices in Active Markets (Level 1)
Money market funds	$ 7,860	$ 7,860
Mutual funds	339,169,314	339,169,314
Investments at fair value	$ 339,177,174	$ 339,177,174

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service participants have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries. Benefits under the Plan are accumulated based on the participants' average compensation during the highest five consecutive years of the last 10 years of credited service. The accumulated plan benefits for active participants will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to participant service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment. Information regarding the actuarial present value of accumulated plan benefits has been determined as of the beginning of the year.

The significant actuarial assumptions used in the valuations as of January 1, 2025 and 2024, were: (a) investment return (discount rate for ASC 960 is 6%), (b) salary increase rates (5% for Headquarters employees and 3% for Club employees, both beginning at age 21), (c) social security wage base increase (2.5% per year), (d) disability rates (ranging from 0.10% at age 25 to 1.26% at age 60), (e) retirement age assumptions (employees are assumed to retire at various rates beginning at age 55), (f) termination rates based on age and service, (g) life expectancy of participants, and (h) form of payment assumption. The terminated vested participants' form of payment assumption is 80% electing the lump sum form of payment and 20% electing the annuity form of payment. As of January 1, 2025, the mortality tables used to value the annuity form of payment is the Internal Revenue Service ("IRS") 2025 Generational Mortality Table. As of January 1, 2024, the IRS 2024 Generational Mortality Table was used. A lump-sum payment is valued using the greater of the General Agreement on Tariffs and Trade ("GATT") and PBGC basis for 2025. The GATT interest rate is 4.75%. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2025. Had the valuation been performed as of December 31, 2024, there would be no material difference.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Note C - Funding Policy

The Employer's funding policy is to make an annual contribution to the Plan which will meet or exceed the annual ERISA minimum funding requirement. No contribution was required or made for the 2025 Plan year. For the 2024 Plan year, the Sponsor contributed amounts equal to or in excess of the minimum required contribution. Employer contributions are included in the statements of changes in net assets available for benefits.

Note D – Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments and interest and dividends for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank, a qualified institution. As of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, the Plan Administrator instructed the auditor not to perform any auditing procedures with respect to the information certified by Charles Schwab Trust Bank except for comparing such information to the related information included in the financial statements, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note E – Party-In-Interest Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or participants of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments and the related transactions were in investment funds managed by the Custodian; therefore, these investments and transactions qualify as party-in-interest transactions. The Custodian and Schwab Retirement Plan Services, Inc. are parties-in-interest. Transactions with these parties-in-interest qualify as party-in-interest transactions. Direct payments to parties-in-interest for services amounted to $105,590 and $113,666 for the years ended December 31, 2025 and 2024, respectively.

Note F – Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA and Internal Revenue Code ("IRC").

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated.

a. Benefits attributable to employee contributions, taking into account those paid out before termination.

b. Annuity benefits those former employees, or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.

c. Other vested benefits insured by the PBGC up to the applicable limitations (discussed below).

d. All other vested benefits (that is, vested benefits not insured by the PBGC).

e. All non-vested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement age benefits, early retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Note F – Plan Termination (continued)

For plan terminations occurring during 2025 and 2024, that ceiling was $7,432 and $7,108 per month, respectively. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form other than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Sponsor and the level of benefits guaranteed by the PBGC.

Note G – Income Tax Status

The IRS has determined and informed the Sponsor by a letter dated October 23, 2017, that the Plan was in compliance with the applicable requirements of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, through the date the financial statements were available to be issued, is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

Note H – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of the accumulated benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the short-term would be material to the financial statements.

The Pension Protection Act of 2006 as amended by the Worker, Retiree and Employer Recovery Act of 2008 imposes certain benefit restrictions for qualified defined benefit plans that do not meet certain funding thresholds. The at-risk status is referred to as the Funding Target Attainment Percentage ("FTAP"). A plan's funding percentage is referred to as the Adjusted Funding Target Attainment Percentage. The 2025 FTAP for the Plan is 134.23%. Because the Plan's FTAP equals or exceeds 80%, the Plan is not subject to any benefits restrictions.

Note I – Subsequent Events

Subsequent events have been evaluated through October 13, 2026, which is the date the financial statements were available to be issued.

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

A summary of the actuarial methods and assumptions used in the valuation are presented below:

Data Methods

Census data

Was as collected from information presented by the Plan Sponsor and trustee as of January 1, 2025

Data elements

Accrued benefit amounts determined from database based on pay and service provided by the Plan Sponsor

Actuarial Methods

Actuarial cost method

The actuarial cost method used in this report for determining ERISA contributions is the Unit Credit cost method as defined by the Pension Protection Act of 2006. Under this method, an active participant's accrued benefit is calculated based on the Plan's benefit formula using current service and current compensation.

Discount rate method

The discount rates used to develop the Funding Target and Funding Target Normal cost in this report are equal to the rates published by the IRS for the lookback period elected by the Plan Sponsor.

Asset valuation method

The market value of assets represents the fair value of assets plus receivable contributions (if any) discounted to the valuation date using the prior year's effective interest rate.

The Actuarial Value of Assets (Valuation Assets) is equal to a 3-year averaging method as described in IRS Notice 2009-22. Under this method, the Valuation Assets is the average of the current and two preceding valuation date Market Value of Assets, where the preceding two years include expected earnings at the lesser of the third segment rate for that year or 6.00%.

Demographic Assumptions

Mortality tables

The IRS 2025 Generational Mortality Tables are used for the annuity form of payment.

Classification: Schwab Internal

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods (continued)

Retirement rates

Participants are assumed to retire based on the following rates:

Age	Headquarters	Clubs
55	10.0%	15.0%
56	2.0%	14.0%
57	2.0%	13.0%
58	2.0%	12.0%
59	2.0%	11.0%
60-61	10.0%	10.0%
62	20.0%	20.0%
63-64	10.0%	10.0%
65-69	25.0%	25.0%
70+	100.0%	100.0%

Disability rates

The following table shows sample assumed disability rates:

Age	Rate	Age	Rate
25	0.10%	45	0.22%
30	0.11%	50	0.35%
35	0.13%	55	0.71%
40	0.16%	60	1.26%

Termination rates

The following table shows sample assumed termination rates:

	Years of Service			
Age	1	4	7	10+
25	30.0%	12.0%	12.0%	8.0%
30	28.5%	10.5%	10.5%	7.0%

Classification: Schwab Internal

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods (continued)

Form of Payment (Actives)

Retirements – 75% elect the lump sum and 25% elect the annuity form of payment.
Deaths and Disablements – It is assumed that 100% elect the lump sum form of payment.
Other Terminations – 90% elect the lump sum and 10% elect the annuity form of payment.

Form of Payment (Terminated Vested)

80% elect the lump sum and 20% elect the annuity form of payment.

Percent of population that is married

90% of males and 60% of females are assumed to be married.

Age of assumed spouse

Spouses are assumed to be the same age as participants.

Economic Assumptions

Discount rate used in Funding Target and Funding Target Normal Cost

The assumed discount rates on benefits paid in the future are based on the January 1, 2025 PPA segment rates, reflecting ARPA. Previously, the January 1, 2024 PPA segment rates reflecting ARPA were used.

Segment	Rate	Applicable to benefit payments made:
1	5.00%	During first 5 years starting from the valuation date.
2	5.27%	During years 6-20 starting from the valuation date.
3	5.50%	During years 21 and beyond starting from the valuation date.

Lump Sum Assumptions

The lump sum form of payment is based on the GATT or PBGC basis, whichever produces the greater present value, where the GATT basis is 4.75% and GAR94 mortality and the PBGC basis is 4.0% (immediate and deferred) and UP1984 mortality.

Salary Increase Rates

5.0% per year for Headquarters employees and 3.0% per year for Club employees

Social Security Wage Base

2.5% per year

Classification: Schwab Internal

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods (continued)

Administrative Expenses

Equal to last year's actual non-investment related administrative expenses.

> *Rationale*: The administrative expense assumption was selected by the actuary and are the actuary's best estimate of the current plan year administrative expenses as of the beginning of the plan year.

Changes in methods and assumptions since the prior valuation

Prescribed changes

As required by PPA and IRS regulations (and reflecting the funding stabilization under ARPA), the interest rates used to determine the Funding Target Liability were as follows:

> January 1, 2025: IRS Segment Rates for January 1, 2025:
> (5.00%, 5.27%, 5.50%) for minimum funding.
>
> January 1, 2024: IRS Segment Rates for January 1, 2024:
> (4.75%, 4.96%, 5.59%) for minimum funding.

The mortality tables prescribed by the IRS were changed to the 2025 Generational Mortality Tables. Previously, the 2024 Generational Mortality Tables were used.

Non-prescribed changes

All other actuarial assumptions remained unchanged from the prior valuation.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

A summary of the actuarial methods and assumptions used in the valuation are presented below:

Data Methods

Census data

Was as collected from information presented by the Plan Sponsor and trustee as of January 1, 2025

Data elements

Accrued benefit amounts determined from database based on pay and service provided by the Plan Sponsor

Actuarial Methods

Actuarial cost method

The actuarial cost method used in this report for determining ERISA contributions is the Unit Credit cost method as defined by the Pension Protection Act of 2006. Under this method, an active participant's accrued benefit is calculated based on the Plan's benefit formula using current service and current compensation.

Discount rate method

The discount rates used to develop the Funding Target and Funding Target Normal cost in this report are equal to the rates published by the IRS for the lookback period elected by the Plan Sponsor.

Asset valuation method

The market value of assets represents the fair value of assets plus receivable contributions (if any) discounted to the valuation date using the prior year's effective interest rate.

The Actuarial Value of Assets (Valuation Assets) is equal to a 3-year averaging method as described in IRS Notice 2009-22. Under this method, the Valuation Assets is the average of the current and two preceding valuation date Market Value of Assets, where the preceding two years include expected earnings at the lesser of the third segment rate for that year or 6.00%.

Demographic Assumptions

Mortality tables

The IRS 2025 Generational Mortality Tables are used for the annuity form of payment.

Classification: Schwab Internal

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods (continued)

Form of Payment (Actives)

Retirements – 75% elect the lump sum and 25% elect the annuity form of payment.
Deaths and Disablements – It is assumed that 100% elect the lump sum form of payment.
Other Terminations – 90% elect the lump sum and 10% elect the annuity form of payment.

Form of Payment (Terminated Vested)

80% elect the lump sum and 20% elect the annuity form of payment.

Percent of population that is married

90% of males and 60% of females are assumed to be married.

Age of assumed spouse

Spouses are assumed to be the same age as participants.

Economic Assumptions

Discount rate used in Funding Target and Funding Target Normal Cost

The assumed discount rates on benefits paid in the future are based on the January 1, 2025 PPA segment rates, reflecting ARPA. Previously, the January 1, 2024 PPA segment rates reflecting ARPA were used.

Segment	Rate	Applicable to benefit payments made:
1	5.00%	During first 5 years starting from the valuation date.
2	5.27%	During years 6-20 starting from the valuation date.
3	5.50%	During years 21 and beyond starting from the valuation date.

Lump Sum Assumptions

The lump sum form of payment is based on the GATT or PBGC basis, whichever produces the greater present value, where the GATT basis is 4.75% and GAR94 mortality and the PBGC basis is 4.0% (immediate and deferred) and UP1984 mortality.

Salary Increase Rates

5.0% per year for Headquarters employees and 3.0% per year for Club employees

Social Security Wage Base

2.5% per year

Classification: Schwab Internal

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods (continued)

Administrative Expenses

Equal to last year's actual non-investment related administrative expenses.

Rationale: The administrative expense assumption was selected by the actuary and are the actuary's best estimate of the current plan year administrative expenses as of the beginning of the plan year.

Changes in methods and assumptions since the prior valuation

Prescribed changes

As required by PPA and IRS regulations (and reflecting the funding stabilization under ARPA), the interest rates used to determine the Funding Target Liability were as follows:

January 1, 2025: IRS Segment Rates for January 1, 2025:
(5.00%, 5.27%, 5.50%) for minimum funding.

January 1, 2024: IRS Segment Rates for January 1, 2024:
(4.75%, 4.96%, 5.59%) for minimum funding.

The mortality tables prescribed by the IRS were changed to the 2025 Generational Mortality Tables. Previously, the 2024 Generational Mortality Tables were used.

Non-prescribed changes

All other actuarial assumptions remained unchanged from the prior valuation.

Definitions

Covered Employees
Any Employee is eligible to become a participant on the January 1 or July 1 following the attainment of age 21 and completion of one year of employment during which the Employee is credited with at least 1,000 hours of service.

Participation Date
January 1 or July 1 coincident with or following the completion of 1,000 hours of service in the 12 month period following hire date and attaining age 21. The Plan was amended to close participation in the Plan for those first hired on or after January 1, 2020.

Plan Year
Calendar year

Year of Credited Service
Plan Year during which an employee completes at least 1,000 hours of service.

Final Average Compensation (FAC)
The Compensation of a Participant averaged over the five consecutive Plan Years out of the last ten including the Plan Year in which the date of determination occurs.

Covered Compensation (CC)
The average of the Social Security Taxable Wage Bases for the 35 years preceding Social Security Normal Retirement Age.

Classification: Schwab Internal

Schedule SB, Part V – Summary of Plan Provisions (continued)

Accrued Benefit (Old Formula)
1.5% of FAC times total number of Years of Credited Service (but not exceeding 30 years), plus 0.5% of FAC in excess of CC times total number of Years of Credited Service (but not exceeding 30 years).

Accrued Benefit (New Formula for certain Tournament Players Club employees)
1.5% of FAC times number of Years of Credited Service through 12/31/2009, plus 0.5% of FAC times number of Years of Credited Service after 12/31/2009, plus 0.5% of FAC in excess of CC times total number of Years of Credited Service. The total number of Years of Credited service cannot exceed 30 years.

Normal Retirement Date (NRD)
The later of Participant's 65th birthday and 5th anniversary of participation.

Qualified Joint and Survivor Annuity
An annuity payable to the Participant during his lifetime with a survivor annuity payable to his spouse during her lifetime in an amount equal to 50% of the amount payable to the Participant. The amount of the retirement payment payable under this option shall be the actuarial equivalent of the Participant's Accrued Benefit.

Eligibility for benefits

Normal Retirement
Retirement on NRD.

Early Retirement
Retirement before NRD and on or after attaining age 55 and completing at least 5 Years of Credited Service.

Deferred Vested
Termination for reasons other than death, disability, or retirement after completing 5 Years of Credited Service.

Death
Death while eligible for normal, early, postponed or deferred vested retirement benefits.

Disability
Termination due to total and permanent disability and receiving total and permanent disability benefits under the Social Security Act.

Classification: Schwab Internal

Schedule SB, Part V – Summary of Plan Provisions (continued)

Benefits paid out under each benefit type

Normal Retirement
Accrued Benefit.

Early Retirement
Actuarial Benefit reduced by (2.5/12)% for each of the first 60 months and (5/12)% for each additional month between the benefit commencement date and the first day of the month coincident with or next following NRD.

Deferred Vested
Accrued Benefit determined as of termination date, reduced in the same manner as for early retirement for commencing before NRD and after the earliest retirement date, or actuarial equivalent of Accrued Benefit if commencing before the earliest retirement date.

Death
½ of the Qualified Joint and Survivor Annuity determined at death with Accrued Benefit reduced in the same manner as for early retirement from NRD to the earliest retirement date or date of death if later, and payable to the spouse for life, starting within a reasonable period after the Participant's death. A surviving spouse may elect a lump sum payment instead of a life annuity. If the participant is not married, the beneficiary will receive a lump sum actuarial equivalent payment of the annuity calculated in the same manner as for a spouse, assuming the spouse is an individual of the opposite sex who is the same age as the Participant as of the Participant's death.

Disability
Accrued Benefit calculated on the basis of the Credited Service as of NRD assuming constant Compensation from date of disability to NRD and payable at NRD.

Forms of benefit

Normal form of payment
The normal form of payment is the life annuity option for single participants, and the Qualified Joint and Survivor Annuity option (described above) for married participants.

Optional form of payment
Optional forms are a 50%, 66 2/3%, 75% or 100% joint and survivor annuity, a ten-year certain and life annuity option, a lump sum and a half lump sum, half annuity payment.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Definitions

Covered Employees
Any Employee is eligible to become a participant on the January 1 or July 1 following the attainment of age 21 and completion of one year of employment during which the Employee is credited with at least 1,000 hours of service.

Participation Date
January 1 or July 1 coincident with or following the completion of 1,000 hours of service in the 12 month period following hire date and attaining age 21. The Plan was amended to close participation in the Plan for those first hired on or after January 1, 2020.

Plan Year
Calendar year

Year of Credited Service
Plan Year during which an employee completes at least 1,000 hours of service.

Final Average Compensation (FAC)
The Compensation of a Participant averaged over the five consecutive Plan Years out of the last ten including the Plan Year in which the date of determination occurs.

Covered Compensation (CC)
The average of the Social Security Taxable Wage Bases for the 35 years preceding Social Security Normal Retirement Age.

Classification: Schwab Internal

Schedule SB, Part V – Summary of Plan Provisions (continued)

Accrued Benefit (Old Formula)
1.5% of FAC times total number of Years of Credited Service (but not exceeding 30 years), plus 0.5% of FAC in excess of CC times total number of Years of Credited Service (but not exceeding 30 years).

Accrued Benefit (New Formula for certain Tournament Players Club employees)
1.5% of FAC times number of Years of Credited Service through 12/31/2009, plus 0.5% of FAC times number of Years of Credited Service after 12/31/2009, plus 0.5% of FAC in excess of CC times total number of Years of Credited Service. The total number of Years of Credited service cannot exceed 30 years.

Normal Retirement Date (NRD)
The later of Participant's 65th birthday and 5th anniversary of participation.

Qualified Joint and Survivor Annuity
An annuity payable to the Participant during his lifetime with a survivor annuity payable to his spouse during her lifetime in an amount equal to 50% of the amount payable to the Participant. The amount of the retirement payment payable under this option shall be the actuarial equivalent of the Participant's Accrued Benefit.

Eligibility for benefits

Normal Retirement
Retirement on NRD.

Early Retirement
Retirement before NRD and on or after attaining age 55 and completing at least 5 Years of Credited Service.

Deferred Vested
Termination for reasons other than death, disability, or retirement after completing 5 Years of Credited Service.

Death

Classification: Schwab Internal

Schedule SB, Part V – Summary of Plan Provisions (continued)

Benefits paid out under each benefit type

Normal Retirement
Accrued Benefit.

Early Retirement
Actuarial Benefit reduced by (2.5/12)% for each of the first 60 months and (5/12)% for each additional month between the benefit commencement date and the first day of the month coincident with or next following NRD.

Deferred Vested
Accrued Benefit determined as of termination date, reduced in the same manner as for early retirement for commencing before NRD and after the earliest retirement date, or actuarial equivalent of Accrued Benefit if commencing before the earliest retirement date.

Death
½ of the Qualified Joint and Survivor Annuity determined at death with Accrued Benefit reduced in the same manner as for early retirement from NRD to the earliest retirement date or date of death if later, and payable to the spouse for life, starting within a reasonable period after the Participant's death. A surviving spouse may elect a lump sum payment instead of a life annuity. If the participant is not married, the beneficiary will receive a lump sum actuarial equivalent payment of the annuity calculated in the same manner as for a spouse, assuming the spouse is an individual of the opposite sex who is the same age as the Participant as of the Participant's death.

Disability
Accrued Benefit calculated on the basis of the Credited Service as of NRD assuming constant Compensation from date of disability to NRD and payable at NRD.

Forms of benefit

Normal form of payment
The normal form of payment is the life annuity option for single participants, and the Qualified Joint and Survivor Annuity option (described above) for married participants.

Optional form of payment
Optional forms are a 50%, 66 2/3%, 75% or 100% joint and survivor annuity, a ten-year certain and life annuity option, a lump sum and a half lump sum, half annuity payment.
