INDEPENDENT AUDITORS' REPORT

To the Plan Participants and Administrator of the
Scientific Specialties, Inc. 401(k) Profit Sharing Plan
Lodi, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Scientific Specialties, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Scientific Specialties, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Scientific Specialties, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Scientific Specialties, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Scientific Specialties, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Scientific Specialties, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes at end of year as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of Scientific Specialties, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering non-union employees of Scientific Specialties, Inc. (the "Company"). The Plan's original effective date was January 1, 1995 and most recently restated for the Cycle 3 Restatement effective January 22, 2021. Effective July 1, 2024 the Plan was amended to revise the eligibility criteria for participant deferrals where the required service period was reduced from one year to 90 days. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions:

Eligible employees of the Company may elect to contribute up to the applicable limits established annually by the Internal Revenue Service. Effective January 1, 2019, the Company makes safe harbor matching contributions equal to 100% of employee salary deferrals up to 3% of their compensation, plus a 50% match of employee salary deferrals of the next 2% of their compensation. In addition, the Company may elect discretionary profit sharing contributions. The Company did not make profit sharing contributions for the years ended December 31, 2025 and 2024. Participants direct the investment of the contributions into various options offered by the Plan.

Vesting:

Participants are immediately vested in their contributions and the Company's matching contributions and actual earnings thereon. Discretionary profit sharing contributions are vested at 20 percent per year over five years. A participant is 100 percent vested after 5 years of credited service, after reaching normal retirement age, or upon death or disability.

Participant Accounts:

The recordkeeper maintains an account for each participant. Each participant account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant compensation or account balances, as defined. The earnings are based on the earnings of the investments selected by the participant. The participant directs the investment of their account into various investment options offered by the Plan. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Cont.)

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance at a reasonable rate of interest. Loan terms range from 1-5 years or in excess of 5 years in limited circumstances. The loans are secured by the balance in the participant's account. Interest rates are based on the prime rate plus 1% at the time the loan is made and remains fixed for the duration of the loan. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits:

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or various options as defined in the Plan. Similar options are available upon termination of employment. The Plan provides a mandatory cash-out on a terminated participant's account with a non-forfeitable balance of less than $7,000 unless the terminated participant provides rollover instructions. The Plan permits a hardship distribution to a participant prior to and after separation from service in accordance with the Plan's hardship policies.

Administrative Expenses:

Plan investment and trust management fees paid are charged against the Plan's assets, unless otherwise paid by the Company. These fees are allocated to the participants' accounts in the same manner as the allocation of income and loss. Expenses related to specific participant transactions are charged to the respective participant's account. The annual audit and tax fees are paid directly by the Company and are not included in the accompanying financial statements.

Forfeited Account:

Forfeited non-vested accounts totaled $11,646 and $13,678 at December 31, 2025 and 2024, respectively. Amounts accumulated in the forfeiture account will be allocated to participants as an additional discretionary nonelective contribution. Forfeitures of $13,673 and $7,767 were reallocated to the participants as additional discretionary nonelective contributions during the years ended December 31, 2025 and 2024, respectively.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in fair value of investments presented on the statement of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participants account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note is recorded as a benefit payment based upon the terms of the Plan document.

Benefits Paid to Participants:

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Cont.)

Use of Estimates:

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America. Those standards require management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Date of Management's Review of Subsequent Events:

The Plan has evaluated subsequent events through October 05, 2026, the date on which the financial statements were available to be issued.

Beginning January 1, 2026, the Plan was amended to include an automatic enrollment feature for newly eligible employees. These employees will be automatically enrolled at a deferral rate of 3% of eligible compensation, unless the employee elects a different rate or opts out. The Plan was also amended to include an automatic escalation provision, under which the deferral rate will increase by 1% annually, up to a maximum of 5% of eligible compensation, unless the participant elects otherwise.

Note 3. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 measurements consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 measurements are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

NOTES TO FINANCIAL STATEMENTS

Note 3. Fair Value Measurements (Cont.)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Total	Fair Value Measurement Using Quoted Prices in Active Markets for Identical Assets (Level 1)
December 31, 2025		
Registered investment companies - mutual funds	$ 11,117,806	$ 11,117,806
Total investments at fair value	$ 11,117,806	$ 11,117,806
December 31, 2024		
Registered investment companies - mutual funds	$ 8,913,772	$ 8,913,772
Total investments at fair value	$ 8,913,772	$ 8,913,772

Note 4. Summary of Information Certified by Custodian (Unaudited)

The Plan's investments are held and administered by Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively, Empower), custodian. The custodian of the Plan has provided certifications that the following information, which is contained in or used to develop the accompanying financial statements, is complete and accurate:

Investments, at fair value as of December 31, 2025 and 2024.

Investments, at contract value as of December 31, 2025 and 2024.

Notes receivable from participants as of December 31, 2025 and 2024.

Net appreciation in fair value of investments for the year ended December 31, 2025.

Interest and dividend income for the year ended December 31, 2025.

Interest income on notes receivable from participants for the year ended December 31, 2025.

NOTES TO FINANCIAL STATEMENTS

Note 5. Fixed Annuity Contract with Insurance Company

The Plan holds a fully benefit-responsive group annuity investment contract issued by Empower Annuity Insurance Company of America. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower Annuity Insurance Company of America, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The average yield earned by the Plan for the benefit-responsive fund is derived by averaging the quarterly gross interest rates for the fund over the year. For 2025 and 2024, the average yield earned by the Plan was 1.45% and 1.41%, respectively. The actual average yield earned by the Plan for the benefit responsive fund is derived by averaging the Plan's quarterly interest rates. For 2025 and 2024, the actual average yield earned by the Plan was 1.45% and 1.41%, respectively.

The Plan may transact according to the terms defined in the contract at any time, however, certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the premature termination of the contracts by the Plan, plant closings, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. The guaranteed investment contract may be terminated by the issuer with at least sixty days of advance written notice to the other party.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA and the Internal Revenue Code. Upon termination of the Plan, the total net assets of the Plan are to be distributed to the participants in proportion to their account balances.

NOTES TO FINANCIAL STATEMENTS

Note 7. Related Party and Party-in-Interest Transactions

Certain investments in the Plan are issued by an affiliate of Empower Annuity Insurance Company of America; and therefore, these transactions qualify as party-in-interest transactions. Also, during the 2025 and 2024 plan years, the custodian of the Plan provided participant-level services as defined in the Plan; and, therefore, these transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the Internal Revenue Code.

Participants may borrow from their vested account balance. Such loan transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA and the Internal Revenue Code.

Note 8. Income Tax Status and Plan Amendments

The Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service has determined and informed the sponsor of the non-standardized pre-approved plan that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the advisory letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the Plan's tax returns remain open for three to four years for income tax examination.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
