Plan Committee
William H. Sadlier, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of William H. Sadlier, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the William H. Sadlier, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

General: The Plan, which commenced in 1986 and was most recently amended in 2025, is a defined contribution plan covering all eligible employees of William H. Sadlier, Inc. (the Company and Plan Sponsor) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). At December 31, 2025 and 2024, the Plan's assets are in the custody of Voya Institutional Trust Company (Voya or the Trustee), who is the Trustee and recordkeeper of the Plan. The Plan has adopted the Voya Retirement Insurance and Annuity Company Non-Standardized 401(k) Profit Sharing Plan, which has received an opinion letter from the Internal Revenue Service (IRS) as to the prototype plan's qualified status.

Eligibility: The Plan covers all salaried employees who become eligible after attaining the age of 21 and completing three consecutive months of service. Any employee who was not eligible to participate in the Plan on its effective date will become eligible on the first day of the month subsequent to the time when such employee meets these requirements.

Contributions: The Plan, as amended, allows participants to contribute up to 70% of compensation on a pretax basis as limited by statutory regulations under the Internal Revenue Code of 1986 (the Code), as amended. The annual pretax contribution limitation for each participant, adjusted each year for cost of living adjustments prescribed under Section 415(d) of the Code, was $23,500 and $23,000 for the years ended 2025 and 2024, respectively. Participants who reach age 50 during the plan year are allowed to make catch-up contributions subject to annual limitations. In 2025 and 2024, the maximum catch-up contributions allowable under the Code amounted to $7,500 for both years. A super catch-up contribution up to $11,250 was available in 2025 to participants aged 60-63 in compliance with the SECURE 2.0 Act.

The Plan permits Roth elective deferrals to be contributed into the Plan.

The Plan Sponsor, as presently authorized by its Board of Directors, makes discretionary elective contributions on behalf of participants. Effective February 20, 2024, the Plan Sponsor provided for a discretionary matching contribution of 50% of the participants' contributions, subject to a maximum of 6% of each participant's compensation. These matching contributions are subject to the vesting schedule described below. Compensation includes all wages subject to tax under Section 3101(a) of the Code, without regard to the dollar limitation of Section 3121(1) but not including deferred compensation other than contributions through a salary reduction agreement to a cash or deferred plan under Section 401(k).

All eligible employees are automatically enrolled in the Plan at a contribution rate of 3% of compensation unless specifically opting out of the Plan.

Each plan year, the Plan Sponsor may also make an additional profit sharing contribution, as declared by the Plan Sponsor's Board of Directors. This amount is allocated to each participant on the basis of actual compensation paid during the period. These amounts are recorded in the Plan Sponsor contribution accounts and are subject to the vesting schedule described below. In 2025 and 2024, the Plan Sponsor's Board of Directors did not declare an additional profit sharing contribution.

A participant may make a rollover contribution to the Plan of amounts he or she has received from another qualified plan.

Note 1. Plan Description (Continued)

Participants' accounts: Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution, and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant contributions, earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon.

Upon termination of employment, the vesting in the Plan Sponsor's contribution is a five-year graded vesting schedule as follows: after one year of service, 20% vested; after two years of service, 40% vested; after three years of service, 60% vested; after four years of service, 80% vested; and after five years of service, 100% vested. A participant is credited with one year of service after 1,000 hours. A participant becomes 100% vested if they remain employed on or after normal retirement age, upon the participant's death, or upon becoming disabled. If a participant leaves the Company prior to becoming 100% vested, the portion of the accrued benefit which has not vested is forfeited.

Upon termination of the Plan, the benefits of each participant shall become fully vested.

Payment of benefits: Upon a participant reaching retirement, or upon permanent disability, the initial amount to which the participant is entitled shall be paid as soon as practical. If a participant continues employment beyond the normal retirement age of 65, payment may be deferred until he or she terminates employment.

Unless an optional form of benefit is selected pursuant to a qualified election within the 90-day period ending on the day benefit payments would commence, a participant will be paid in the form of a lump-sum payment. If the participant is unmarried, benefits shall be paid in either a lump sum or in the form of monthly or annual installments over a period not to exceed the life or life expectancy of the participant or in the form of a combination of the above-mentioned options.

Upon a participant's death, all benefits payable shall be paid to a designated beneficiary in a lump-sum payment. If the beneficiary is the participant's surviving spouse, distributions shall begin no later than the April 1 following the date they reach age 73 (72 if they attained age 72 between January 1, 2020 and December 31, 2022; 70½ if they attained age 70½ before January 1, 2020).

Upon termination of service before retirement, disability or the participant's death, the Plan Administrator shall either distribute the vested portion of such participant's employer contribution account plus their participant account or defer distribution until the participant reaches normal retirement age.

Withdrawals: The Plan provides for hardship withdrawals where participants shall be permitted to withdraw a portion of their participant accounts. The amount of the withdrawals may not exceed the amount required to meet the immediate financial need created by such hardship, and participants must demonstrate that such an amount is not reasonably available from other financial sources available to them.

Forfeitures: Forfeited balances of terminated participants' nonvested accounts are used to reduce future employer contributions, offset Plan expenses or are reallocated to participant accounts. There were no Plan expenses paid by the forfeited nonvested account during 2025. Employer contributions were not reduced using the forfeited nonvested account during 2025. The Plan reallocated approximately $24,800 to participants during 2025. Forfeited balances, revenue credits and earnings during 2025 increased the forfeited nonvested account by approximately $28,100. The Plan had approximately $43,200 and $39,900 in the forfeited nonvested account as of December 31, 2025 and 2024, respectively.

Note 1. Plan Description (Continued)

Investment options: Upon enrollment in the Plan, a participant may direct employee contributions in 1% increments into various investment options offered by the Plan. The Plan currently offers 30 pooled separate accounts and a fixed-income account as investment options for participants.

Notes receivable from participants: The Plan allows participants to borrow from the Plan provided that such a loan, when added to the outstanding balance of all loans to the participant, would not exceed the lesser of $50,000 or 50% of the value of the participant's total vested account balance under the Plan. Each participant shall be permitted to have only one loan outstanding at any time. Loans may be made only from the employee account. No loan shall be made in an amount less than $500. All terms of the loans are defined in the Plan. The loans bear interest equal to the prevailing commercial interest rate and are repayable up to a five-year period unless the loan is taken for the purchase of a primary residence.

Administrative expenses: Custodial fees and expenses incurred are charged directly to participant accounts. All other administrative costs are paid by the Plan Sponsor.

Subsequent events: The Plan evaluates events occurring after the date of the financial statements to consider whether or not the impact of such events needs to be reflected and/or disclosed in the financial statements. Such evaluation is performed through the date the financial statements are available for issuance, which was October 13, 2026, for these financial statements.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The Plan's financial statements have been prepared on the accrual basis of accounting.

Valuation of investments and income recognition: The Plan's investments are reported at fair value except for contract value investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are recorded as distributions based upon the terms of the Plan agreement.

Payment of benefits: Benefits are recorded when paid to the Plan's participants.

Note 3. Investments Certified by Voya Institutional Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that the information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information, which appears, throughout the financial statements and supplemental schedule related to the following assets at December 31, 2025 and 2024:

	2025	2024
Investments at fair value	$ 25,766,111	$ 25,587,345
Fixed income account at contract value	4,120,163	4,042,275
Notes receivable from participants	269,667	346,651
	$ 30,155,941	$ 29,976,271

Voya has also certified to the completeness and accuracy of $3,769,995 of net appreciation in fair value of investments and $108,518 of total dividends and interest income (including $82,346 dividends and interest from the fixed income account, $431 of other income, net and $25,741 interest income from notes receivable from participants), for the year ended December 31, 2025.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies: Registered investment companies are valued at the net asset value (NAV) of shares held by the Plan at year-end. Shares of registered investment companies held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
Investment	Level 1	Level 2	Level 3	Total
Variable Annuity Account D:				
Registered investment companies	$ 25,766,111	$ -	$ -	$ 25,766,111
Total investments at fair value	$ 25,766,111	$ -	$ -	$ 25,766,111

	Assets at Fair Value as of December 31, 2024			
Investment	Level 1	Level 2	Level 3	Total
Variable Annuity Account D:				
Registered investment companies	$ 25,587,345	$ -	$ -	$ 25,587,345
Total investments at fair value	$ 25,587,345	$ -	$ -	$ 25,587,345

Note 5. Fixed Income Account

The Plan invests in a benefit-responsive investment contract, Voya Fixed Income Account, with Voya. The investment is intended to be a long-term investment for participants seeking stability of principal. The contributions to this contract are maintained in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract is included in the financial statements at contract value, as reported to the Plan by Voya. The contract value was $4,120,163 and $4,042,275 as of December 31, 2025 and 2024, respectively.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract since the contract was determined to be fully benefit responsive. Given this, the contract will be reported at contract value. Contract value represents contributions made under the contract plus earnings less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan agreement (including complete or partial Plan terminations or a merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

A guaranteed interest rate is an effective annual rate of interest credited at its equivalent daily rate to amounts in the guaranteed investment contract as of the close of business daily. The establishment of the guaranteed interest rate requires estimation of the future earnings rates, the rate at which existing investments mature, and future cash flow. The minimum guaranteed interest rate at December 31, 2025, was 1%. During the year, Voya may credit interest at a rate greater than the floor rate.

Note 5. Fixed Income Account (Continued)

The minimum guaranteed interest rate, the floor interest rate and the current credited interest rate are expressed as an annual effective yield. The current credited interest rate is based on plan-specific characteristics, plan-specific elections and other factors. If those change, corresponding adjustments to the current and floor interest rates may be made, as defined in the contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The contract does not permit Voya to terminate the agreement prior to the scheduled maturity date.

Note 6. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts and a fixed-income account managed by Voya. Voya is the Trustee, as defined by the Plan. The Plan issues loans to participants, which are secured by the balances in the participant accounts. These transactions qualify as party-in-interest transactions. Fees paid by the Plan and Plan Sponsor for investment management amounted to $12,137 for the year ended December 31, 2025.

Note 7. Tax Status

The Plan adopted a preapproved plan document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Code. The Plan Administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the Code and the related trust is tax-exempt.

The Plan Sponsor’s management evaluated the Plan’s tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements as of December 31, 2025 and 2024, and for the year ended December 31, 2025.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan by action of its Board of Directors subject to the provisions of ERISA. In the event of the Plan’s termination, participants would become 100% vested in their employer contributions.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of those investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.
