Otis Retirement Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of Otis Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For

Grant Thornton

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Otis Retirement Savings Plan (the "Plan") provides only general information. For more complete description of the Plan's provisions, participants should refer to the summary plan description, as well as the Plan document.

General

The Plan is a defined contribution savings plan sponsored by Otis Worldwide Corporation ("Otis") for the benefit of certain employees of its U.S. subsidiaries and affiliates (collectively, the "Employer" or the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Employee Benefit Plan Committee is the Plan administrator ("Plan Administrator").

Trustee, Custodian, and Recordkeeper

State Street Bank and Trust Company is the Plan's trustee and custodian (the "Trustee"). AllianceBernstein Trust Company is the custodian of the secure income portfolio of the Lifetime Income Strategy ("LIS"). Alight Solutions LLC is the Plan's recordkeeper and performs participant account recordkeeping services.

Eligibility

Non-represented employees of the Company who are employed by Otis are eligible to participate in the Plan immediately upon hire. Non-represented employees are eligible for Company retirement contributions immediately upon hire and Company matching contributions after one year of service. Some represented employees covered under collective bargaining agreements with the Local #1 union and Delta Beckwith union are eligible to participate in the Plan.

Contributions

Participant Contributions

Participants may make a combination of before-tax, Roth, and/or traditional after-tax contributions as a percentage of their eligible compensation. Local #1 and Delta Beckwith represented participants may contribute a flat dollar amount with Local #1 participants not eligible to contribute on a traditional after-tax basis. Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions, and participants who obtained ages 60 to 63 before the end of the Plan year are eligible to make super catch-up contributions.

Newly hired non-represented employees are automatically enrolled at a before-tax deferral rate of 6% of eligible compensation 45 days from their date of hire. Participants may opt out of automatic enrollment at any point before or after the 45-day window. The contribution rate automatically increases by 1% each year thereafter until it reaches 10%. For eligible represented employees, there is no automatic enrollment feature.

Cash rollover contributions from other qualified plans are also accepted, provided certain specified conditions are met.

Company Contributions

Otis matches up to 60% of a participant's contributions, up to 6% of eligible compensation, as defined in the Plan document. Catch-up contributions are not matched.

Otis also provides a non-elective Company retirement contribution (a fixed age-based percentage of the participant's eligible compensation). The contribution rates vary from 3% to 5.5% based on the age of the participants.

Eligible represented employees are not entitled to any Company contributions, except as negotiated under their collective bargaining agreement.

Company matching contributions were approximately $15,000,000, and Company retirement contributions were approximately $24,000,000 for the year ended December 31, 2025.

All Plan contributions are subject to certain IRC limitations.

Investment Options

Participants direct the investment of their contributions into investment options offered by the Plan, including various core funds, a series of target retirement date funds, a stable value fund, the LIS investment option, and a self-directed brokerage window through the Plan's trust. The LIS investment option includes an insurance component that is intended to provide eligible participants with a steady stream of secure retirement income at retirement. The LIS investment option is the Plan's qualified default investment alternative. When a participant doesn't select how their money should be invested, it is automatically invested in the LIS.

Participant Accounts and Forfeitures

Each participant's account is credited with the participant's contributions, Company contributions, and earnings, and charged with expense allocations, withdrawals, and losses. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Forfeited balances of terminated participants' non-vested Company contribution amounts are used to reduce future Company contributions and/or pay eligible Plan expenses. As of December 31, 2025 and 2024, the balance of forfeited non-vested accounts was $399,852 and $442,055, respectively. During 2025, forfeitures totaling $204,947 were utilized to pay Plan expenses and $244,000 were utilized to reduce Company matching contributions.

Vesting

Participant contributions plus earnings thereon, are fully vested at all times under the Plan. Company contributions plus earnings thereon become fully vested after two years of service, subject to the prior recognition of service described above, upon two years of participation in the Plan, upon the participant's reaching normal retirement age while a participant in the Plan, upon becoming permanently disabled and qualifying for Social Security disability benefits, upon the participant's death while employed, upon the participant's entry into active service of the United States Armed Forces or the National Guard, or upon the participant's layoff due to lack of work.

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance (excluding Company retirement contributions) or $50,000. Participants may have one loan outstanding at a time. Loan terms range from one to five years. New loans are collateralized by the balance in the participant's account and bear interest at the prime lending rate per The Wall Street Journal, plus one percent. Principal and interest are paid ratably through payroll deductions by active participants or through direct payment by inactive participants. Partial repayments of the outstanding loan balance are permitted.

Payment of Benefits

Benefits due upon death, termination, in-service withdrawal, or disability are paid in a lump sum, with installment option for payments upon retirement (except for funds invested in the secure income portfolio of LIS, which payments will be made in the form of a single or joint-life annuity payments). If the value of a separated participant's vested balance is less than $1,000, vested portions will be distributed to the participant in a lump sum payment. Participants may request in-service withdrawals from their Plan accounts for financial hardships and upon reaching age 59½.

All separated and active participants age 59½ or older are permitted to select a specific fund or funds from which to receive benefits. However, a participant can withdraw Company matching contribution amounts before termination of employment only if the participant has at least five years of participation service.

A retiring participant with a Plan account balance invested in the secure income portfolio of LIS can receive a guaranteed annual income benefit, which is calculated based on the participant's accumulated balance in the secure income portfolio of LIS at activation. Participants can activate their LIS benefit starting at age 60. The annual income benefit is secured with insurance annuity contracts provided by multiple insurance companies (Lincoln National Life Insurance Company, Jackson National Life Insurance Company, Nationwide Life Insurance Company, Pacific Life Insurance Company, and Empower Annuity Insurance Company of America) and is guaranteed for life, even if the participant's balance in LIS becomes exhausted during retirement (except for early or excess withdrawals). Payment can be taken monthly, or as needed; however, a participant cannot carry forward unused portions of a given year's annual income benefit, and amounts withdrawn in excess of a given year's annual income benefit will reduce the future income benefit amount.

NOTE 2 - SUMMARY OF ACCOUNTING PRINCIPLES

The significant accounting and reporting policies followed by the Plan are summarized below.

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting.

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the dates of the financial statements and changes therein during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the dates of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment securities which, in general, are exposed to various risks, such as interest rate, market and credit. These risks can be adversely impacted by shifts in the market's perception of the issuers, changes in interest rates, and global economic conditions. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term may materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The fair value of a financial instrument is generally determined as the amount that could reasonably be expected to be realized from an orderly disposition of securities and other financial instruments over a

reasonable period of time. By its nature, a fair value price is a good faith estimate of the valuation in a current sale and may not reflect the actual market price. It is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Short-term investments represent cash and investments held by the Plan in commingled institutional funds and are valued at the published net asset value ("NAV") per unit as of the valuation date. The commingled institutional funds classified as short-term investments, known as short-term investment funds, transact daily without restriction in a manner similar to money market funds with an objective of maintaining a constant $1.00 NAV through investment in high-quality securities with short durations. Although not traded on an active market the NAVs of the short-term investment funds are observable. Cash is valued at the amounts deposited in the account, plus accrued interest.

Collective trusts represent investments held in institutional funds and are valued at the NAV as a practical expedient as of the valuation date. These collective trusts are made up of a variety of index funds. The underlying holdings of the collective trusts are primarily marketable equity and fixed income securities. As of December 31, 2025 and 2024, there were no unfunded commitments or restrictions in place related to either participant or Company directed redemption of these collective trusts. If the Plan were to initiate a trade of significant size, either into or out of the collective trusts, the investment adviser of the collective trust reserves the right to request a reasonable period of notice to ensure that trading of securities will be implemented in an orderly business manner.

The Plan holds investments in a stable value fund through a pooled separate account that consists primarily of investment grade fixed income securities. The fund's assets are valued at the NAV as a practical expedient as of the valuation date. The financial institution guarantees in most instances repayment in full of the principal amount plus interest credited at a fixed rate. Interest is credited to the Plan based on an interest rate set each quarter. The rate at which interest is credited to the Plan is determined under the contract, consistent with reflecting participant balances at contract value as opposed to the market value of the underlying assets.

The Plan offers the LIS as an investment option, which includes an insurance component for eligible participants who want to receive a steady stream of secure retirement income at retirement. The LIS includes an equity fund, a bond fund, and a secure income portfolio fund. The equity fund and bond fund are comprised of the underlying collective trust investments in the Plan. The secure income portfolio fund represents a collective trust fund with an investment objective of long-term growth of capital. As of December 31, 2025 and 2024, there were no unfunded commitments or restrictions in place related to either participant or Company directed redemption of these funds unless certain criteria are met. If the Plan were to initiate a trade of significant size, either into or out of the collective trust investments, the investment adviser reserves the right to request a reasonable period of notice to ensure that trading of securities will be implemented in an orderly business manner.

Shares held in mutual funds through the self-directed brokerage window are valued at a published NAV as of the last business day of each period presented. Certain limitations are placed on balances and direct transfers into the self-directed brokerage window, such as participants may not take a distribution or a loan directly from the self-directed brokerage window, however, if available, they may be initiated through the other investment options.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recognized on the ex-dividend date. Net appreciation in the fair value of investments includes gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions, which becomes taxable to the participant, based upon the terms of the Plan.

Plan Expenses

Certain Plan administrative expenses are paid directly by Otis. Various investment-related expenses are paid indirectly through a reduction of investment returns or crediting rate presented on the statement of changes in net assets available for benefits within net appreciation. All other administrative, Trustee, investment management fees, recordkeeper fees and other investment expenses are paid from Plan assets and are presented on the statement of changes in net assets available for benefits within administrative expenses.

Payment of Benefits

Benefit payments to participants or beneficiaries are recorded when paid.

Plan Termination

Although it has not expressed any intent to do so, Otis has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event of a Plan termination, participants will become 100% vested in their accounts.

Subsequent Events

In preparing the accompanying financial statements, Plan management evaluated events occurring from December 31, 2025 through the date the financial statements were available to be issued, October 8, 2026. Except as noted below, there were no events identified that would require adjustment or disclosure.

- Effective January 1, 2027, existing eligible Delta Beckwith represented participants will be eligible to contribute to the Plan and receive Company contributions on the same basis as non-represented employees.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE AND CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company and AllianceBernstein Trust Company have certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024;

- Net appreciation in fair value of investments and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025; and

- Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2025.

NOTE 4 - FAIR VALUE MEASUREMENTS

U.S. GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in valuation methodologies used as of December 31, 2025 and 2024.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Not Subject to Leveling [(a)]	Total
Short-term investments	$ -	$ 629,846	$ -	$ -	$ 629,846
Mutual funds	5,306,374	-	-	-	5,306,374
Pooled separate account				32,914,927	32,914,927
Collective trusts				562,625,076	562,625,076
	$ 5,306,374	$ 629,846	$ -	$595,540,003	$601,476,223

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Not Subject to Leveling [a]	Total
Short-term investments	$ -	$ 1,024,364	$ -	$ -	$ 1,024,364
Mutual funds	5,211,200	-	-	-	5,211,200
Pooled separate account				28,211,511	28,211,511
Collective trusts				433,349,758	433,349,758
	$ 5,211,200	$ 1,024,364	$ -	$ 461,561,269	$ 467,796,833

[a] In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

NOTE 5 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following are reconciliations of the Plan's financial statements to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 610,075,143	$ 475,394,223
Less: amounts allocated to participant withdrawals	(20,259)	(23,751)
Net assets per Form 5500	$ 610,054,884	$ 475,370,472

	Period Ended December 31, 2025
Benefits paid to participants or beneficiaries per the financial statements	$ 50,945,221
Add: amounts allocated to participant withdrawals at December 31, 2025	20,259
Less: amounts allocated to participant withdrawals at December 31, 2024	(23,751)
Benefit payments to participants or beneficiaries per Form 5500	$ 50,941,729

Amounts allocated to participant withdrawals are recorded on Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, but not yet paid as of that date.

NOTE 6 - TAX STATUS

The Plan was adopted on April 3, 2020, and received a determination letter from the Internal Revenue Service ("IRS") on November 16, 2021. The Plan is required to operate in conformity with the Internal Revenue Code ("IRC") to maintain its qualified status. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 7 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in certain funds which are collective investment funds managed by State Street Investment Management, an affiliate of State Street Bank and Trust Company, the Trustee of the Plan. The Plan also invests in the LIS, an investment strategy managed by AllianceBernstein L.P. The secure income portfolio of LIS is held in a collective investment trust, for which AllianceBernstein Trust Company LLC, an affiliate of AllianceBernstein L.P., is the custodian. The insurance component of LIS is insured by several insurance companies, which are Lincoln National Life Insurance Company, Nationwide Life Insurance Company, Empower Annuity Insurance Company of America, and Jackson National Life Insurance Company. Alight Financial Solutions is the recordkeeper of the self-directed brokerage window accounts, with Pershing LLC acting as its clearing agent. Alight Solutions LLC is the Plan's recordkeeper and a related party to Alight Financial Solutions. The above transactions qualify as party-in-interest transactions.

The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

The Plan Administrator and the Plan's counsel believe that the Plan's transactions with related parties are permitted by the U.S. Department of Labor's prohibited transaction exemptions.
