Deer Management Systems Retirement Plan
Decorah, Iowa

To the Board of Trustees:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Deer Management Systems Retirement Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section—

- the amounts and disclosures in the 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 Description of Plan

The following description of the Deer Management Systems Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Deer Management Systems LLC (the "Company") who have at least three months of eligible service and have attained age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

The Company's employees who have completed at least three months of service, as defined in the Plan, and have reached 18 years of age are eligible to begin participating on the first day of the month coinciding with or next following the date the eligibility requirements are met. The same eligibility requirements apply to all contribution types, including Company contributions. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of available investment options.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in the Plan's designated default investment alternative until changed by the participant. Each year, participants may contribute up to 100% of eligible compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan Year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Company may make discretionary matching and profit-sharing contributions. For the year ended December 31, 2025, the Company's matching contributions were $580,723.

Participant Account

Each participant's account is credited with the participant's contributions, the Company's matching and discretionary contributions, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

All investments of the Plan are participant-directed. Participants have the option of directing their account balance to one or more different investment options.

Note 1 Description of Plan (Continued)

Vesting

Participants are immediately vested in their elective deferrals, Roth contributions, rollover contributions, and Company contributions, plus actual earnings thereon. Effective December 1, 2024, the Plan was amended to provide 100% immediate vesting in Company matching and profit-sharing contributions. Participants who did not complete an hour of service on or after December 1, 2024 remain subject to the prior vesting schedule, under which Company contributions vest 20% per year beginning after two years of service, becoming fully vested after six years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes receivable are secured by the balance in the participant's account and bear interest at a rate of 8.25%-9.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Participants can only have 1 loan outstanding. Notes receivable from participants had a balance of $202,450 and $68,505 at December 31, 2025 and 2024, respectively.

Payments of Benefits

On termination of service, a participant may elect to receive the value of the participant's vested interest in his or her account as a lump sum distribution. Installment payments are permitted only to the extent necessary to satisfy required minimum distribution rules. If the participant's vested account balance does not exceed $5,000, it may be distributed without the participant's consent. In addition, hardship distributions from the participant's pre-tax and Roth elective deferral accounts are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Forfeitures

Plan forfeitures arise as a result of participants who terminated service with the Company before becoming 100% vested in the Company's contributions. Effective December 1, 2024, Company contributions are 100% vested; accordingly, forfeitures arise only from accounts of participants subject to the prior vesting schedule as described above. These forfeitures may be used to pay Plan expenses or to reduce Company contributions. At December 31, 2025 and 2024, unallocated forfeitures from nonvested accounts totaled $0 and $58,740, respectively. During the year ended December 31, 2025, forfeitures of $69,075 were used to reduce Company contributions.

Note 2 Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of the accompanying financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Note 2 Basis of Accounting (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements and the Plan's fully benefit-responsive investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed as they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2026, which is the date the financial statements were available to be issued.

Note 3 Fair Value Measurements

The Plan follows Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, which establishes a framework for measuring fair value and requires disclosures about fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are observable inputs other than Level 1 quoted prices. Level 3 inputs are unobservable inputs that are significant to the fair value measurement.

Investments measured at fair value using net asset value (NAV) per unit, or its equivalent, as a practical expedient are not classified in the fair value hierarchy. At December 31, 2025 and 2024, the Plan's investments measured at fair value consisted solely of pooled separate accounts measured using the NAV practical expedient. Accordingly, none of the Plan's investments are classified within Level 1, Level 2, or Level 3 of the fair value hierarchy.

Note 3 Fair Value Measurements (Continued)

Valuation Methodology

Pooled separate accounts are investment options held through a group annuity contract with American United Life Insurance Company (AUL), a OneAmerica Financial company. Each pooled separate account invests in shares of an underlying mutual fund. Pooled separate accounts are valued at the NAV per unit reported by AUL. That NAV is based on the fair value of the underlying mutual fund shares, less contract charges reflected in the unit value.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments Measured Using the Net Asset Value per Unit Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per unit practical expedient as of December 31, 2025 and 2024:

Investment	2025 Fair Value	2024 Fair Value	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 6,772,754	$ 3,570,431	Daily	None (a)

(a) Participants may redeem daily with no notice period. A Plan-level withdrawal from the pooled separate accounts requires termination of the group annuity contract. Termination is effective 90 days after notice is given, unless AUL and the Plan agree to another date. There are no unfunded commitments related to these investments.

Fully Benefit-Responsive Investment Contract

The Plan holds a fully benefit-responsive investment contract with AUL through the AUL Stable Value Account (SVA), an investment option under the Plan's group annuity contract. Amounts allocated to the SVA are held in AUL's general account. Each year, at least 35 days before January 1, AUL declares a guaranteed rate that applies to the following calendar year and is credited daily. The guaranteed rate may not be less than 0%, and AUL guarantees the principal and accrued interest. Because the SVA is backed by AUL's general account, the Plan's ability to receive contract value depends on AUL's ability to meet its obligations.

In accordance with ASC 962-325, *Plan Accounting—Defined Contribution Pension Plans—Investments—Other*, the SVA is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because it is the amount participants would receive if they initiated permitted transactions under the terms of the Plan. Contract value represents contributions made, plus interest credited, less participant withdrawals and administrative expenses. The contract value of the SVA was $25,886 and $62,291 at December 31, 2025 and 2024, respectively.

Participants may ordinarily direct withdrawals and transfers at contract value. Participants may not transfer amounts from the SVA directly to a competing investment option. Competing options are investment options with an average effective duration of three years or less, money market options, and other stable value options. A participant who transfers amounts from the SVA to a non-competing investment option may not transfer those amounts to the SVA or to a competing investment option for 90 days.

Note 3 Fair Value Measurements (Continued)

Fully Benefit-Responsive Investment Contract (Continued)

Certain events may limit the ability of the Plan to transact at contract value with AUL. If the Plan terminates the contract, including by rejecting a newly declared guaranteed rate, SVA balances are paid out 365 days after the termination effective date and continue to earn interest at the guaranteed rate in effect. During that period, benefit payments for retirement, death, disability, termination of employment, and required minimum distributions continue. Several types of withdrawals are subject to the contract's withdrawal charge, which is 0% in all contract years:

- withdrawals associated with a full or partial termination of the Plan;
- withdrawals following the Plan sponsor's bankruptcy, dissolution, or cessation of operations; and
- termination-of-employment withdrawals that exceed 20% of the contract's aggregate account value in a contract year.

The Plan administrator does not believe that the occurrence of any event that would limit the Plan's ability to transact at contract value with participants is probable.

AUL may terminate the contract in any of the following circumstances:

- the Plan rejects a proposed contract modification;
- AUL ceases issuing similar contracts;
- the aggregate account value is less than $100,000 after the first three contract years;
- the Plan is operated in a manner AUL determines would disqualify the Plan or violate ERISA or the Internal Revenue Code; or
- the Plan sponsor files for bankruptcy protection or ceases operations.

Upon termination by AUL, the aggregate account value, less any applicable withdrawal charge, is paid in a lump sum.

Note 4 Information Prepared and Certified by Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, American United Life Insurance Company, the custodian of the Plan's investments, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

Note 5 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan document to discontinue its contributions and to terminate or partially terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Note 6 Tax Status

The Company adopted a nonstandard prototype document with an IRS opinion letter dated November 30, 2020, which states the prototype Plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the date of the opinion letter; however, the Plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan remains open to examination through the applicable statutory periods.

Note 7 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 Party-in-Interest Transactions

Certain Plan investments are managed by AUL, the custodian of the Plan's investments, and therefore, these transactions qualify as party in interest transactions. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Note 9 Reconciliation of Financial Statements to Form 5500

At December 31, 2025, net assets available for benefits per the financial statements exceed the amount reported on the Form 5500 by $1, and the net change in net assets available for benefits for the year then ended exceeds net income reported on the Form 5500 by $1, due to rounding. In addition, total additions and total deductions per the financial statements exceed the amounts reported on the Form 5500 by $225 and $224, respectively, due to differences in the classification of certain transactions; these differences have no effect on net assets available for benefits. There were no differences at December 31, 2024. Investments in pooled separate accounts are reported as registered investment companies on Schedule H of the Form 5500.
