Independent Auditors' Report

To the Plan Administrator
C2 Essentials, Inc. 401(k) Profit-Sharing Plan

Opinion

We have audited the financial statements of C2 Essentials, Inc. 401(k) Profit-Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) and schedule of delinquent participant contributions as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information

has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF PLAN

The following description of C2 Essentials, Inc. 401(k) Profit-Sharing Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan sponsored by C2 Essentials, Inc. (the "Company"). The Plan is a multiple-employer plan and exists for the exclusive benefit of its eligible employees and those employees of the Company's clients who have elected to adopt the provisions of the Plan. The Plan was formed effective January 1, 1998. Participants should refer to the Plan document for a complete description. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

The Plan covers all employees, as defined by the Plan, of the participating employers who have met the age and service requirements selected by the participating employers in their respective adoption agreements. New participating employers may elect to waive the eligibility requirements for those employed as of the date of entrance into the Plan. Participation in the Plan occurs after meeting the age and service requirements.

Contributions

Each year, participants may contribute from 1% up to 100% of either their pre-tax or after-tax compensation, subject to current statutory limits determined annually and prescribed by the Internal Revenue Service ("IRS"). Any such change will apply only after its effective date, and after it is executed and filed with the Plan administrator. Employees may also make catch-up contributions upon attaining the age of 50. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan and may change their fund allocation percentages at any time.

Participating employers can elect to make safe harbor contributions to the Plan on the employee's behalf, in which the employee is 100% vested in those contributions. Discretionary employer-provided matching contributions may be made to the Plan on the employee's behalf. The match, if any, will be a discretionary percentage of the elective contributions made to the Plan by the employee. The employer will determine the amount of discretionary matching contribution, or profit-sharing contribution, if any, that will be made to the Plan. Contributions are subject to certain limitations. Such contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal from the Plan. Total participant contributions in any calendar year are limited to the applicable limit under the Internal Revenue Code ("IRC") Section 402(g). The Plan also provides that certain limitations may be imposed on participants' contributions in order to comply with statutory requirements.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

In addition, discretionary employer-provided non-elective (profit sharing) contributions may also be made to the Plan. Allocation of these contributions to participants will be made in accordance with the formula selected by the employers, as defined in the Plan.

Forfeited Accounts

Forfeitures shall be used as elected by the employer to either (a) reduce future employer contributions, (b) reduce current period contributions by the employer or (c) pay any administrative expenses of the Plan. For the year ended December 31, 2025, approximately $72,000 was used to reduce employer contributions and plan expenses. At December 31, 2025, and 2024, forfeited non-vested accounts amounted to approximately $58,000 and $53,000, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the participating employers' contributions, (b) Plan earnings, and (c) management and service fees. Allocations are based on participant's qualified compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon enrollment in the Plan, a participant may direct contributions to a selection of a money market fund, stock funds, and bond funds under an arrangement with the custodian of the Plan investments. Participants may change the allocation of their account in the different funds at any time.

Payment of Benefits

On termination of service due to death, disability, separation of service or retirement, a participant may elect to (a) receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, (b) elect to have the benefits paid in the form of a direct rollover to an individual retirement account or (c) elect to have the benefit paid to another qualified retirement plan described in Section 401(a) of the IRC. Also, upon reaching age 59 1/2, participants may receive a lump-sum cash payment for any portion of their vested accounts on a yearly basis. Withdrawals other than for termination are permitted under certain circumstances provided by the Plan.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their voluntary and employer safe harbor contributions plus actual earnings thereon. Vesting of the employer's matching contributions and discretionary contributions plus earnings thereon is based on various years of service. The vested portion of the participant accounts containing discretionary employer contributions will be determined in accordance with the following schedule based upon years of service with the employer through the date of termination of employment with the employer:

Total Number Years of Service	Vested Interest
Plan Option 1:	
Less than 1 year of service	0%
1 year, but less than 2 years	20%
2 years, but less than 3 years	40%
3 years, but less than 4 years	60%
4 years, but less than 5 years	80%
5 years or more	100%

Total Number Years of Service	Vested Interest
Plan Option 2:	
Less than 2 years of service	0%
2 years or more	100%

Plan Option 3:
Immediate 100% non-forfeitability

The employer may elect either vesting schedule and also has the ability to request a different vesting schedule. Participants should refer to the Plan Document for a complete description.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $500 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. All loans are to be repaid over a period not to exceed five years, although an extension of the repayment period may be granted if the loan proceeds are used to purchase a participant's principal residence. The loans are secured by the balance in the participant's account and bear interest at the local prevailing rates charged by commercial lending institutions in the region in which the employer is located for comparable loans as determined by the Plan administrator at the time the loan is approved. Principal and interest are paid ratably through payroll deductions. Should the participant terminate as an employee, the balance of the outstanding loan becomes due and payable, and the participant's vested account will be used to pay the outstanding loan.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Plan Transfers

From year to year, the Plan has transactions involving the transfer in and transfer out of assets with other qualified plans. These transactions are consistent with the Company's industry and occur as participating employers are either added or removed from the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Benefit Payments

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Participant Investment Account Options

The Plan currently offers various mutual funds, common collective trusts, and similar funds, as investment options for participants. Each investment option has its own strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

NOTE 3 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Slavic Integrated Administration ("Slavic") provides to the Plan certain accounting and administrative services for which the fees are charged to the Plan. Slavic also provides broker-related services to the Plan for which commissions are charged to the Plan. The Plan was charged fees related to maintaining custody of the Plan's assets and various Plan management services which amounted to approximately $516,000 for the year ended December 31, 2025.

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Certain Plan investments were managed by Fidelity Investments ("Fidelity"). Fidelity is the custodial agent and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 4 - TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes that the Plan is designed, and currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. The Company's policy is to recognize transfers between levels at the end of each reporting period, if applicable. There were no transfers of financial instruments into or out of Level 3 during the year ended December 31, 2025.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value common collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Level 1	Total
Mutual funds	$ 89,766,250	$ 89,766,250
Investments measured at NAV:		
Stable value common / collective trusts*		1,606,776
Total assets at fair value		$ 91,373,026

Assets at Fair Value as of December 31, 2024

	Level 1	Total
Mutual funds	$ 78,793,403	$ 78,793,403
Investments measured at NAV:		
Stable value common / collective trusts*		1,545,196
Total assets at fair value		$ 80,338,599

* In accordance with Subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments for which fair value is based on NAV per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

Investments	Fair Value 12/31/2025	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable Value Common Collective Trust	$ 1,606,776	$ -	Daily	12 months

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

Investments Measured Using the Net Asset Value per Share Practical Expedient (Continued)

Investments	Fair Value 12/31/2024	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Stable Value Common Collective Trust	$ 1,545,196	$ -	Daily	12 months

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

At December 31, 2025 and 2024, approximately 18% and 19%, respectively, of the Plan's investments were invested in Vanguard Total Stock Market Index Fund.

NOTE 7 - PLAN TERMINATION

Although they have not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 8 - DELINQUENT PARTICIPANT CONTRIBUTIONS

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Company remitted all employee contributions to the Plan, contributions and loan repayments totaling $153,555 were not remitted within the required time period for the year ended December 31, 2025, the Company is in the process of remitting these delinquent employee contributions, including any lost earnings as a result.

NOTE 9 - MANAGEMENT EVALUATION OF SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 13, 2026, the date on which the financial statements were available to be issued.
