Independent Auditor's Report

To the Trustee of
Musco Profit Sharing and Employee Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Musco Profit Sharing and Employee Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Musco Profit Sharing and Employee Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Musco Profit Sharing and Employee Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Musco Profit Sharing and Employee Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on Musco Profit Sharing and Employee Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Musco Profit Sharing and Employee Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule relates to assets held by and certified to by a qualified institution agree to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MUSCO PROFIT SHARING AND EMPLOYEE SAVINGS PLAN
Notes to Financial Statements
December 31, 2025 and 2024

Note 1 - Description of Plan

The following description of the Musco (the "Company") Profit Sharing and Employee Savings Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. ***General.*** The Plan, established December 27, 1982, is a defined contribution plan covering all full-time and part-time employees of the Company. Employees are immediately eligible after hire. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. ***Contributions.*** Each year, participants may contribute a portion of their eligible compensation through pre-tax and/or Roth elective deferrals, subject to limitations established by the Internal Revenue Service. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers guaranteed income funds, various mutual funds and pooled separate accounts. The Plan includes an auto-enrollment provision effective January 1, 2014, whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively select not to participate, with a default deferral rate set at 4% of eligible compensation and has an annual increase on December 31st of 1% up to a maximum of 10% of eligible compensation. The Enhanced Safe Harbor Matching contribution is an amount equal to 100% of participants' elective deferral up to 4% of participant's compensation for the plan year. The matching Company contribution is invested into various investment options offered by the Plan. Additional amounts may be contributed at the option of the Company's board of directors, labeled as a discretionary match, and are invested in the same investment options as mentioned above for participant and Company matching contributions. Contributions are subject to certain limitations.

3. ***Participant Accounts.*** Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) plan earnings (expenses). Allocations are based on participant earnings and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. ***Vesting.*** Participants are immediately vested in their contributions as well as any employer contributions.

5. ***Participant Loans***. The Plan does not allow participant loans.

6. ***Payment of Benefits***. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not to exceed the life expectancy of the participant or survivor. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 1 - Description of Plan (Continued)

7. ***Plan Expense and Asset Holding Accounts***. At December 31, 2025 and 2024, amounts held in the Plan's expense and other asset holding accounts totaled $75,676 and $50,897, respectively. These accounts include amounts available to pay eligible Plan administrative expenses and amounts attributable to unclaimed participant property. During 2025, $379,980 was paid from the Plan expense account for administrative and other Plan expenses.

Note 2 - Summary of Accounting Policies

Basis of Accounting - Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Quoted market prices are used to value investments, except guaranteed insurance contracts, which are reported at contract value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

The Plan's guaranteed interest account is a fully benefit responsive investment contract and as such is valued at contract value. Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less withdrawals.

Pooled separate accounts are valued based on the net asset value (NAV) of the units held by the Plan as determined by the fund managers on the last day of the Plan year.

Payment of Benefits - Benefits are recorded when paid.

Date of Management Review - Management has evaluated subsequent events through October 9, 2026, the date which the financial statements were available to be issued.

Note 3 - Fair Value Measurement

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Note 3 - Fair Value Measurement (Continued)

Basis of Fair Value Measurement

Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Valued at the fair value based on the NAV of units held of the pooled fund. The NAV is based on the observable market prices of the underlying investments within the fund less liabilities.

The following tables present by level, within the fair value hierarchy, the plan investment assets at fair value, as of December 31, 2025 and 2024. Investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

Description		December 31, 2025	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds, fair value	$	267,132,588	267,132,588	-	-
Pooled separate accounts, net asset value (a)		117,228,065			
Total investments at fair value	$	384,360,653			

Note 3 - Fair Value Measurement (Continued)

Description		December 31, 2024	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds, fair value	$	230,929,810	230,929,810	-	-
Pooled separate accounts, net asset value (a)		92,655,805			
Total investments at fair value	$	323,585,615			

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth the disclosure for the fair value measurement of investments that are measured at net asset value per share (or its equivalent) as a practical expedient as of December 31, 2025, and 2024:

	Fair Value December 31, 2025	Fair Value December 31, 2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$117,228,065	92,655,805	-	Daily	1 Day

Note 4 - Guaranteed Interest Account with Insurance Company

During the years ended December 31, 2025 and 2024, the Plan held a benefit responsive guaranteed interest account (fixed income account) with Empower Annuity Insurance Company of America. The fixed income account is part of the trustee's general account and is subject to the claims of the trustee's general creditors. Interest is credited on contributions made to the fixed income account at a rate declared by the trustee for a period of time. The trustee has guaranteed minimum rates of interest.

Guarantees are subject to the trustee's claims paying ability.

The trustee generally processes distributions and transfers from the fixed income account within a reasonable period of time after a participant request is received in good order. However, under certain conditions, transfers from the fixed income account may be limited or deferred, and distributions may be subject to a market value adjustment.

Note 4 - Guaranteed Interest Account with Insurance Company (Continued)

In general, the fixed income account may pay benefits at the direction of the contract holder to a participant who becomes entitled to them under the terms of the Plan. The contract for the fixed income account provides for book value payments to be made in a series of payments over a 5-year period or as a one-time, market value adjusted payment. The plan participants have access to the Plan and their plan accounts as set out in the applicable contract(s) and other relevant plan documents.

Certain events limit the Plan's ability to transact at contract value. Examples of such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options, (c) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants are probable of occurring.

The fixed income account contract does not permit the issuer to terminate the agreement at any given time unless the Plan does not comply with provisions as defined in the contract.

Note 5 - Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee, Empower, as of and for the years ended December 31:

		2025	2024
Investments:			
Pooled separate accounts	$	117,228,065	92,655,805
Mutual funds		267,132,588	230,929,810
Guaranteed interest account		23,704,807	20,689,254
Total investments	$	408,065,460	344,274,869
Investment income:			
Net appreciation in the fair value of investments	$	42,970,830	
Investment earnings		12,063,328	
Total investment income	$	55,034,158	

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 7 - Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated September 16, 2022, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the most recent determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Administrative Expenses

Substantially all administrative expenses associated with the Plan are paid directly by the Plan.

Note 9 - Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 418,796,213	355,759,234
Amount of receivable from employer	(10,730,753)	(11,484,365)
Net assets available for benefits per Form 5500	$ 408,065,460	344,274,869

The following is a reconciliation of the net increase per the financial statements to the Form 5500 for the year ended December 31, 2025:

Net increase per the financial statements	$ 63,036,979
Amount of receivable from employer at December 31, 2024	11,484,365
Amount of receivable from employer at December 31, 2025	(10,730,753)
Net income per the Form 5500	$ 63,790,591

Note 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11 - Related Party Transactions

The Plan invests, or has invested, in investment options managed by Empower Annuity Insurance Company of America. Administrative fees have been paid by the Plan to Empower in the amounts of $310,302 and $384,392 for the years then ended December 31, 2025 and 2024, respectively. These transactions constitute party-in-interest transactions as defined by ERISA.
