INDEPENDENT AUDITOR'S REPORT

To the Investment Committee and Participants of the
Primerica Savings & Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Primerica Savings & Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Primerica Savings & Investment Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all U.S. employees of Primerica, Inc. (the Company) and its subsidiaries, excluding employees covered by a collective bargaining agreement, non-resident aliens, and employees in its Puerto Rico subsidiaries. There are no age or service requirements to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2026, the Plan was amended and restated to allow after tax distributions from other qualified retirement plans (rollovers) to participants' accounts. Additionally, the Plan adopted an In-Plan Roth Conversion feature effective January 1, 2026, allowing participants to convert eligible vested plan balances from all contribution sources to Roth 401(k) accounts within the Plan.

Contributions

Participants may elect to make pre-tax and/or Roth after-tax contributions of up to 75% of eligible compensation as defined in the Plan document, generally not to exceed a maximum of $23,500 in 2025, plus an additional $7,500 for eligible employees over age 50 by the end of the Plan year. Beginning in 2025, participants who turned age 60, but not older than age 63 by December 31, 2025, are eligible for catch-up contributions of $11,250. Participants are automatically enrolled in the Plan at a rate of 6% of eligible compensation, unless the participant elects otherwise. This automatic contribution rate will increase by 1% annually on the anniversary of the participant's first automatic deferral up to a maximum of 10% of eligible compensation, unless the participant elects otherwise.

The Company makes a matching contribution of 100% of a participant's deferrals up to 4% of the participant's eligible compensation and 50% of a participant's deferrals on the next 2% of the participant's eligible compensation. In 2025, the Company's matching contributions totaled $9,364,467. The Company also makes a fixed contribution equal to 2.75% of compensation to employees who have completed one year of service and had compensation of less than $160,000. The Company made $3,515,035 of fixed contributions in 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions and earnings and losses on the investments in their account, and is charged with certain fees related to specific transactions. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Company matching contributions plus actual earnings and losses thereon. Participants are vested in Company fixed contributions after completing three years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested balance of their account. The participants may have one general note and one note used for the purchase of a residential property. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. During 2025, notes had rates of 4.25% to 9.50% for the term of the note not to exceed five years or twenty years if used for the purchase of a principal residence. Principal and interest are paid through payroll deductions.

Payment of Benefits

At the time of death, disability, termination of service, or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in a lump-sum, partial payment, or installment distribution as defined by the Plan document. The participant's contributions may also be withdrawn for certain hardship situations. After attaining the age 59½, participants may also be eligible to make a withdrawal of all or any part of their vested account.

During 2024, the Plan implemented new optional withdrawal provisions for eligible participants related to the SECURE 1.0 and SECURE 2.0 acts. Specifically, the optional withdrawal provisions allow for withdrawals related to federally declared disasters, waiving of early withdrawal penalties from the Internal Revenue Service (IRS) for terminal illnesses, and domestic abuse victims. The provision for domestic abuse victims was effective beginning on May 1, 2024, and the remaining provisions were effective beginning on October 15, 2024.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $66,612 and $91,373, respectively. These accounts may be used to pay Plan expenses or reduce Company fixed contributions. During 2025, $58,800 from forfeitures were used to reduce Plan expenses. No forfeitures were used to reduce Company fixed contributions.

Administrative Expenses

Administrative expenses include recordkeeping and investment advisory fees. These may be allocated to participants pro rata based on participant balances, paid through forfeitures, or paid by the Company. These expenses are paid to a service provider of the Plan and therefore qualify as party-in-interest transactions. Participants are charged with specific transaction charges such as note origination, distribution fees, and certain advisory fees for personalized portfolios. Investment related expenses are included in net change in fair value of investments. In 2025, all other administrative expenses were paid by the Company outside of the Plan. The Company does not expect reimbursement from the Plan for payment of these expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. Company matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. The Company's fixed contribution is considered payable to the Plan at the end of each Plan year. Any unfunded participant or employer contributions are included in the employee or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2025 and 2024.

In accordance with Financial Accounting Standards Board's Accounting Standards Codification 326, *Financial Instruments—Credit Losses*, the Company estimates the current credit risk associated with employer receivables. The Company determined that no allowance for credit loss was necessary as of December 31, 2025 and 2024.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, certain recordkeeping fees, and realized and unrealized gains and losses on those investments. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced, and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 8, 2026, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2025 and 2024, and the net change in fair value of investments and interest income for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Trust Company, LLC (Empower), the Plan's qualified institution.

4. Investments

Investments are exposed to various risks, such as market, currency, interest rate, and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, and significant cybersecurity attacks. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Investments in mutual funds are stated at quoted market prices for the identical security in an active market (Level 1).

Investments in common/collective trusts are valued daily using net asset value (NAV). The NAVs are based on the fair value of the stocks, debt instruments, mutual funds and other securities in the trusts. The common/collective trusts may be traded daily at their NAV (Level 1).

The Plan invests in a stable value fund held in a common/collective trust. The stable value fund invests primarily in synthetic investment contracts and trades at its NAV, which is based on the contract and fair value of the underlying investments (Level 2). The stable value fund may be traded daily at NAV, but is not considered to be an active market. The stable value fund includes certain redemption restrictions. If the Plan chooses to redeem all or a significant portion of the stable value fund, which is considered to be remote, the issuer may require a 12-month wait period to redeem.

The Plan invests in a pooled separate account. Fair value for pooled separate account is determined by prices published daily by the account manager, which is the net asset value (NAV) of the account (Level 1). Net asset value is determined by the fair value of the mutual funds, stocks, debt instruments and other securities in the accounts. Participants can trade the pooled separate account daily at the published NAV.

The following table summarizes the Plan's investments based on the inputs used to determine their fair values as of December 31:

	2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 245,121,014**	**$ -**	**$ -**	**$ 245,121,014**

Total	$ 316,940,318	$ 13,131,869	$ -	$ 330,072,187

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in all employer contributions.

7. Income Tax Status

The Plan has adopted the Empower Trust Company Defined Contribution Pre-Approved Plan (Empower Trust). The Internal Revenue Service has determined and informed Empower Trust by a letter dated November 14, 2022, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has not received an individual determination letter and has been amended since receiving the Empower Trust opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRS and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to the Form 5500:

		2025		2024
Net assets available for benefits per the financial statements	**$**	**383,842,446**	$	340,207,346

Net assets available for benefits per Form 5500	**$**	**379,584,637**	$	336,191,841

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025:

		2025
Net increase in net assets available for benefits per the financial statements	**$**	**43,635,100**
2024 employer contributions receivable		**4,015,505**
2025 employer contributions receivable		**(4,257,809)**
Net increase in net assets available for benefits per the Form 5500	**$**	**43,392,796**

Contributions are recorded when earned on the financial statements but are not recorded until received on the Form 5500.
