The Weber-Stephen Products LLC
401(k) Incentive Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Weber-Stephen Products LLC 401(k) Incentive Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of The Weber-Stephen Products LLC 401(k) Incentive Savings Plan (the "Plan") provides only general information. A more complete description of the Plan's provisions is provided in the Summary Plan Description.

General: The Plan is a defined contribution plan covering all employees, including union employees, of Weber-Stephen Products LLC (the "Company"), except nonresident aliens, leased employees, and residents of Puerto Rico.

Participant Eligibility and Contributions: The Plan provides that all full-time employees of the Company who have completed two months of service and are at least 21 years of age become eligible to participate in the Plan. The entry date is the first day of the month following the date on which these requirements are met. Participants may make elective contributions in the form of payroll deductions from 1% to 90% of the participant's compensation, not to exceed the maximum amount allowable under applicable income tax regulations. Deferrals can be made on either a pre-tax or Roth after-tax basis. The Plan also allows catch-up contributions.

Company Contributions: The Company may make a discretionary contribution determined each payroll period. The Company contributes an amount equal to 50% of the first 6% deferred from a participant's election for non-union members. For union employees, the Company contributes a dollar for dollar contribution up to $400 or $550, dependent on the specific union agreement. The Company may also make non-elective contributions at the Plan sponsor's election. There were no non-elective contributions made for the year ended December 31, 2025.

Participant Accounts: Each participant's account is credited with the participant's contribution, and an allocation of (a) the Company's contributions and (b) the Plan's earnings. Allocations are based on participant contributions, account balances, or compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are fully vested in their account balances, with the exception of any discretionary, non-elective employer contributions, which are subject to a 6-year graded vesting.

Automatic Enrollment: The Plan includes a qualified, automatic contribution arrangement for non-union participants pursuant to which all newly eligible employees are enrolled automatically with a 6% tax-deferred contribution rate, unless the employee elects otherwise. These contributions are invested in the Plan's default investment option. Employees may opt out of the automatic enrollment, stop contributions, or change investment elections at any time. Employees may modify their contribution rates four times per year at the beginning of each quarter (January 1, April 1, July 1, and October 1). Additionally, the participant's tax-deferred contribution rate is automatically increased by 1% annually, up to a maximum of 10%. Participants may decline these rate increases or elect a different rate. The qualified, automatic contribution arrangement is not applicable for union employees.

Payment of Benefits: Upon termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive the value of the participant's account. In-service distributions are allowed for participants over the age of 59½, and for loans and hardship withdrawals. The Plan has no early retirement benefits. Payments may be made in the form of lump sum or equal installment payments. If a participant terminates employment and has an account balance of less than $5,000, the participant's account balance will be automatically distributed. Participants who are 73 or older and are retired are required to take required minimum distributions.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable: Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Only one outstanding loan is allowed at a time and shall be made from the participant's account balance in the following order: pre-tax contributions, rollover contributions, and matching contributions. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing interest rates as determined by the Plan administrator. Principal and interest are paid regularly through payroll deductions.

Plan Termination: While the Company has not expressed any intent to terminate the Plan, it is free to do so at any time.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Accounting Method: The Plan's policy is to prepare its financial statements on the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of assets includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 defines fair value as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. FASB ASC 820 establishes a fair value hierarchy, which requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Collective Trust Funds: The fair value of participation units in the collective trusts are based upon the net asset values of the funds. The funds generally provide for daily redemptions by the Plan at reported net asset value per share. Units are issued and redeemed as of the latest net asset value, with no advance notification requirements. The funds issue units that are redeemed only on a valuation date and at net asset value per unit computed on that date.

The method described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2025 Using			
	Total	Quoted Prices in Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

Estimates: The preparation of the financial statements in conformity with the accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect reported amounts and disclosures, and actual results may differ from those estimates.

Risks and Uncertainties: The Plan provides for certain investment options in mutual funds. The underlying investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks as well as the risks associated with global events. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

Payment of Benefits: Benefits are recorded when paid.

Administrative and Investment Management Expenses: The Plan's trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

NOTE 3 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 4 – INCOME TAX STATUS

The Internal Revenue Service issued an opinion letter dated June 30, 2020, indicating that the prototype adopted by the Plan, as then designed, was in accordance with the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Certain plan investments are shares of mutual funds managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company, plan trustee, and therefore they qualify as party-in-interest transactions. Certain professional and administrative fees related to the operation of the Plan were paid by the Company. Fees paid by the Plan to Fidelity Investments Institutional Operations Company, Inc. during 2025 also qualify as party-in-interest transactions. Participants in the Plan are permitted to borrow funds from their vested balance as described in Note 1. These loans qualify as party-in-interest transactions.

NOTE 6 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 13, 2026, which is the date the financial statements were available to be issued.
