Report of Independent Auditors

To the Trustees and Participants of
Fin Feather Fur Outfitters, Inc.
Profit Sharing 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits
We have performed audits of the accompanying financial statements of The Fin Feather Fur Outfitters, Inc. Profit Sharing 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets as of December 31, 2025 and 2024, and the related statement of changes in net assets for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Fin Feather Fur Outfitters, Inc. Profit Sharing 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of The Fin Feather Fur Outfitters, Inc. Profit Sharing 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Fin Feather Fur Outfitters, Inc. Profit Sharing 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing the audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Fin Feather Fur Outfitters, Inc. Profit Sharing 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Fin Feather Fur Outfitters, Inc. Profit Sharing 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

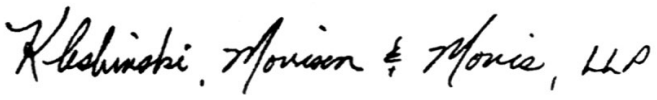

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Fin Feather Fur Outfitters, Inc. Profit Sharing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement, available at their employer's office, for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all eligible employees of Fin Feather Fur Outfitters, Inc. who are age twenty-one or older, and who have completed one year of service (1,000 hours). The Board of Trustees is responsible for oversight of the Plan. The Board of Trustees along with investment advisors, determines the appropriateness of the Plan's investment offerings and monitoring of investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions
Each year, participants may contribute a percentage of their pre-tax compensation or make Roth contributions not to exceed $23,500 and $23,000 ($32,500 and $30,000 for employees 50 and older) for the years ended December 31, 2025 and 2024, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan is a safe harbor 401(k) plan. As such, the employer mandatory safe harbor matching contribution amounted to 100% of the first 3% contributed and 50% of contributions between 3-5% of defined compensation. In addition, the Company may make a profit sharing contribution to the plan each year and in such amount, if any, that is determined by the Company. No profit sharing contributions were made for the years ended December 31, 2025 and 2024.

Participant Accounts
Each participant's account is credited with the participant's contributions and contributions by the Company, earnings or losses on those contributions, and an allocation of administrative expenses that are paid by the Plan.

Participant-Directed Investment Options
Upon enrollment in the Plan, participants may direct their contributions as well as any contributions made by the Company into any of the investment options with varying degrees of risk and reward. Participants may, at any time, change their investment options by a telephone voice response system or on-line.

Vesting
Participants are immediately vested in their contributions and the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings is as follows:

Years of Service	Percentage Vested
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Note 1. Description of Plan (continued)

Payment of Benefits
On qualified in-service distributions or termination of service due to death, disability, retirement, or termination for other reasons, for account balances greater than $5,000, a participant may elect to receive a lump sum distribution equal to the value of the participant's vested interest in their account. The Plan Administrator may authorize a lump-sum distribution for account balances less than $5,000. Participants are entitled to receive their benefits as soon as administratively feasible.

Forfeited Accounts
Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures may first be used to pay for Plan administrative expenses. Forfeitures may also be used to reduce any employer contributions. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $0 and $15,296 respectively. Forfeitures reallocated and used to pay fees totaled $15,104 and $3,150 for the years ended December 31, 2025 and 2024, respectively. Forfeitures reallocated and used to reduce employer contributions totaled $192 and $1,129 for the years ended December 31, 2025 and 2024, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates**.**

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain plan administrative expenses are paid with forfeitures and by the sponsor. Investment fund management, recordkeeping and advisory fees are netted against investment fund earnings. Expenses that are paid by the Company are excluded from these financial statements.

Note 3. Information Certified By Custodian

The following table is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements that was prepared by the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the Custodian that such information is complete and accurate as of December 31:

	2025	2024
Investments:		
Fair value	$ 7,422,383	$ 6,087,392
Contract value	87,495	80,019
For the period ended:		
Net appreciation in fair value of investments	796,332	683,863
Interest and dividend income	62,392	51,795

Information contained in the following supplemental schedules
Assets Held for Investment - 2025 Page 11

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) 820-10, *Fair Value Measurements and Disclosures*, defines fair value, establishes a framework for measuring fair value, establishes a three-level valuation hierarchy for disclosure of fair value measurement and enhances disclosure requirements for fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of the fair value of an asset or liability as of the measurement date. The three levels of the fair value hierarchy under ASC 820-10 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Level 1 securities include highly liquid government bonds, treasury securities, and exchange traded equities.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Level 2 securities would include U.S. agency securities, mortgage-backed agency securities, obligations of states and political subdivisions, and certain corporate, asset backed securities, and swap agreements.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 securities would include hedge funds, private equity securities, and private investments in public entities.

Note 4. Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual/Money Market Funds: Valued at the net asset value (NAV) of shares held by the plan at year end. The NAV is based on the value of underling assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

Guaranteed Interest Account: Valued at contract value which approximates fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. See note 5 for further details.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Money market	$ 8,048	$ -	$ -	$ 8,048
Mutual funds	7,414,325	-	-	7,414,325
Guaranteed interest account	-	-	-	87,495
Total assets at fair value	$ 7,422,373	$ -	$ -	$ 7,509,868

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market	$ 16,021	$ -	$ -	$ 16,021
Mutual funds	6,071,371	-	-	6,071,371
Guaranteed interest account	-	-	-	80,019
Total assets at fair value	$ 6,087,392	$ -	$ -	$ 6,167,411

Note 5. Guaranteed Interest Account

The Standard's Stable Asset Fund is a group annuity product available as an investment option to plan participants. The fixed annuity contact is issued by The Standard Insurance Company. The Standard Insurance Company maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan, which may not be less than 0%. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The Plan sponsor does not believe that any events may limit the ability of the plan to transact at contract value that are probable as of December 31, 2025, or the date of these financials are issued.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Tax Status

The Plan administrator has not applied for a determination letter from the Internal Revenue Service because the Plan adopted a prototype plan sponsored by July Business Services, Inc., which has received a favorable opinion letter from the IRS. Therefore, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management of a company to evaluate tax positions taken by the company and recognize a tax liability if the company has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Reclassifications

Certain minor reclassifications have been made to 2024 to conform with 2025 presentation.

Note 10. Subsequent Events

Events subsequent to December 31, 2025 have been evaluated through October 8, 2026, the date these financial statements were available to be issued, to determine whether additional disclosures should be made to keep the financial statements from being misleading. No significant events have been identified by management.

Report of Independent Auditors

To the Trustees and Participants of
Fin Feather Fur Outfitters, Inc.
Profit Sharing 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits
We have performed audits of the accompanying financial statements of The Fin Feather Fur Outfitters, Inc. Profit Sharing 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets as of December 31, 2025 and 2024, and the related statement of changes in net assets for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Fin Feather Fur Outfitters, Inc. Profit Sharing 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of The Fin Feather Fur Outfitters, Inc. Profit Sharing 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Fin Feather Fur Outfitters, Inc. Profit Sharing 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing the audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Fin Feather Fur Outfitters, Inc. Profit Sharing 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Fin Feather Fur Outfitters, Inc. Profit Sharing 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

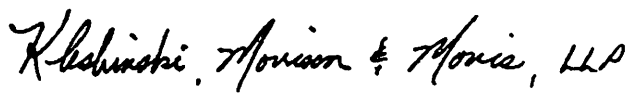

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Fin Feather Fur Outfitters, Inc. Profit Sharing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement, available at their employer's office, for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all eligible employees of Fin Feather Fur Outfitters, Inc. who are age twenty-one or older, and who have completed one year of service (1,000 hours). The Board of Trustees is responsible for oversight of the Plan. The Board of Trustees along with investment advisors, determines the appropriateness of the Plan's investment offerings and monitoring of investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions
Each year, participants may contribute a percentage of their pre-tax compensation or make Roth contributions not to exceed $23,500 and $23,000 ($32,500 and $30,000 for employees 50 and older) for the years ended December 31, 2025 and 2024, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan is a safe harbor 401(k) plan. As such, the employer mandatory safe harbor matching contribution amounted to 100% of the first 3% contributed and 50% of contributions between 3-5% of defined compensation. In addition, the Company may make a profit sharing contribution to the plan each year and in such amount, if any, that is determined by the Company. No profit sharing contributions were made for the years ended December 31, 2025 and 2024.

Participant Accounts
Each participant's account is credited with the participant's contributions and contributions by the Company, earnings or losses on those contributions, and an allocation of administrative expenses that are paid by the Plan.

Participant-Directed Investment Options
Upon enrollment in the Plan, participants may direct their contributions as well as any contributions made by the Company into any of the investment options with varying degrees of risk and reward. Participants may, at any time, change their investment options by a telephone voice response system or on-line.

Vesting
Participants are immediately vested in their contributions and the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings is as follows:

Years of Service	Percentage Vested
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Note 1. Description of Plan (continued)

Payment of Benefits
On qualified in-service distributions or termination of service due to death, disability, retirement, or termination for other reasons, for account balances greater than $5,000, a participant may elect to receive a lump sum distribution equal to the value of the participant's vested interest in their account. The Plan Administrator may authorize a lump-sum distribution for account balances less than $5,000. Participants are entitled to receive their benefits as soon as administratively feasible.

Forfeited Accounts
Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures may first be used to pay for Plan administrative expenses. Forfeitures may also be used to reduce any employer contributions. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $0 and $15,296 respectively. Forfeitures reallocated and used to pay fees totaled $15,104 and $3,150 for the years ended December 31, 2025 and 2024, respectively. Forfeitures reallocated and used to reduce employer contributions totaled $192 and $1,129 for the years ended December 31, 2025 and 2024, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain plan administrative expenses are paid with forfeitures and by the sponsor. Investment fund management, recordkeeping and advisory fees are netted against investment fund earnings. Expenses that are paid by the Company are excluded from these financial statements.

Note 3. Information Certified By Custodian

The following table is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements that was prepared by the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the Custodian that such information is complete and accurate as of December 31:

	2025	2024
Investments:		
Fair value	$ 7,422,383	$ 6,087,392
Contract value	87,495	80,019
For the period ended:		
Net appreciation in fair value of investments	796,332	683,863
Interest and dividend income	62,392	51,795
Information contained in the following supplemental schedules		
Assets Held for Investment - 2025 Page 11		

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) 820-10, *Fair Value Measurements and Disclosures*, defines fair value, establishes a framework for measuring fair value, establishes a three-level valuation hierarchy for disclosure of fair value measurement and enhances disclosure requirements for fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of the fair value of an asset or liability as of the measurement date. The three levels of the fair value hierarchy under ASC 820-10 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Level 1 securities include highly liquid government bonds, treasury securities, and exchange traded equities.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Level 2 securities would include U.S. agency securities, mortgage-backed agency securities, obligations of states and political subdivisions, and certain corporate, asset backed securities, and swap agreements.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 securities would include hedge funds, private equity securities, and private investments in public entities.

Note 4. Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual/Money Market Funds: Valued at the net asset value (NAV) of shares held by the plan at year end. The NAV is based on the value of underling assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

Guaranteed Interest Account: Valued at contract value which approximates fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. See note 5 for further details.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Money market	$ 8,048	$ -	$ -	$ 8,048

Note 5. Guaranteed Interest Account

The Standard's Stable Asset Fund is a group annuity product available as an investment option to plan participants. The fixed annuity contact is issued by The Standard Insurance Company. The Standard Insurance Company maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan, which may not be less than 0%. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The Plan sponsor does not believe that any events may limit the ability of the plan to transact at contract value that are probable as of December 31, 2025, or the date of these financials are issued.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Tax Status

The Plan administrator has not applied for a determination letter from the Internal Revenue Service because the Plan adopted a prototype plan sponsored by July Business Services, Inc., which has received a favorable opinion letter from the IRS. Therefore, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management of a company to evaluate tax positions taken by the company and recognize a tax liability if the company has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Reclassifications

Certain minor reclassifications have been made to 2024 to conform with 2025 presentation.

Note 10. Subsequent Events

Events subsequent to December 31, 2025 have been evaluated through October 8, 2026, the date these financial statements were available to be issued, to determine whether additional disclosures should be made to keep the financial statements from being misleading. No significant events have been identified by management.
