INDEPENDENT AUDITORS' REPORT

Board of Trustees
Innovative Construction Solutions
Retirement Plan
Costa Mesa, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Innovative Construction Solutions - Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C)- ERISA Section 103(a)(3)(C) audit. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Innovative Construction Solutions - Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Innovative Construction Solutions - Retirement Plan, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Innovative Construction Solutions - Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Innovative Construction Solutions - Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Innovative Construction Solutions - Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

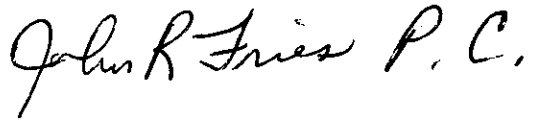

The supplemental schedules of SCHEDULE OF ASSETS HELD FOR INVESTMENT PURPOSES YEAR ENDED DECEMBER 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INNOVATIVE CONSTRUCTION SOLUTIONS
RETIRMENT PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2025

1. Description of the Plan:

The following description of the Innovative Construction Solutions Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is defined as a defined contribution plan under which employer contributions are based on a fixed formula that is not related to profits. The Plan covers all employees of Innovative Construction Solutions (Company). The Plan administrator is the management of Innovative Construction Solutions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was originally adopted January 1, 1990.

Eligibility:

All employees who have reached the age of 21 and have worked 1,000 hours in a six-month period for the Company are eligible to enroll in the Plan.

Contributions:

Each year, participants may contribute up to the legal limit of pretax annual compensation as defined in the Plan. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions (up to $6,000) as defined in the Plan. Participants direct the investment of their contributions in to various investment options offered by the Plan. The Plan currently offers numerous mutual funds as investment options for participants. Employees are eligible to make salary deferral contributions at the date of their hire. The participants contributions are invested directly in the participants' selected investments. The Company may make matching contributions, non-elective or discretionary contributions to the Plan in such amounts as determined by resolutions of the Board of Directors. In order to be eligible for matching contributions, a participant generally must also have completed a certain amount service as defined in the Plan. The amount of the match depends on the 401 (k) contribution. Each year, the Company may set a matching percentage that is proportionate to the amount of participant elective contributions.

1. Description of the Plan (continued):

Participant accounts:

Each participant's account is credited with the participant's contributions and allocation of (a) the Company's matching contribution, if any, and, (b) Plan earnings, and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings. Any non-elective deferrals to the Plan made by the Company are subject to vesting restrictions over 6 years.

Participant loans:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging 5% to 10%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits:

Benefits are recorded when paid.

Operating Expenses:

Certain Plan expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses and administrative expenses are paid by the Plan and are allocated to participant accounts.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Accounting estimates:

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Date of Management's Review:

Subsequent events were evaluated through October 10, 2026, which is the date the financial statements were available to be issued.

Reconciliation of financial statements to Schedule H of Form 5500:

The financial statements reconcile with Schedule H of Form 5500. There are no reconciling items.

3. Fair value of Financial Instruments:

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits. The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. This hierarchy consists of three broad levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other that quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Level I - Quoted prices are available in active markets for identical investments as of the reporting date. This category includes active exchange traded money market funds and equity securities.

Level II - *Pricing* inputs are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined using models or other valuation methodologies.

Level III - *Pricing* inputs are unobservable and include situations where there is little, if any, market activity for the investment. Investments that are included in this category generally include privately held investments and securities held in partnership format. Reported valuations of Level III securities may differ materially from the values that would have been used had a ready market for these investments existed.

3. Fair value of Financial Instruments (continued):

The fair value measurements and levels within the fair value hierarchy of those measurements for the assets reported at fair value at December 31, 2025:

	Total	Level 1	Level 2	Level 3
Mutual funds	$ 5,650,448	$ 5,650,448	-	-
Common trust Funds	7,834,229	7,834,229	-	-
Totals	$13,484,677	$13,484,677	$ 0	$ 0

The following methods and assumptions were used to estimate the fair value for each class of financial instrument measured at fair value:

Mutual funds, Common trust funds - Mutual funds and Common Trust Funds are classified as Level 1 if they are traded in an active market for which closing prices are readily available.

While the plan sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

4. Participant loans:

As of December 31, 2025, participants had $180,394 of outstanding loans, which were collateralized with participants' account balances. Participant loans are charged interest at commensurate with the prevailing interest rate charged on similar commercial loans. Interest received on loans is recognized as interest income on the statement of changed in net assets available for benefits. During 2025, participants did not default on any loans. All outstanding loans are considered collectible at December 31, 2025.

Balance December 31, 2024	$ 171,141
Loan repayments made in 2025	(132,629)
New loans issued in 2025	141,882
Balance December 31, 2025	$ 180,394

5. Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

6. Tax status:

The Plan has not obtained a favorable determination letter from the Internal Revenue Service. However, the Plan Administrator Committee/Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

7. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level or risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Certified investment information (unaudited):

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the plan's recordkeeper, The Principal Company, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security act of 1974 as of December 31:

Investments, at fair value:

	2025	2024
Mutual funds	$ 5,560,448	$ 5,264,334
Common trust Funds	7,834,229	6,163,985
Totals	$13,484,677	$11,428,319

9. Related party transactions:

Certain Plan investments are shares of mutual funds managed by the Principal Company. The Principal Company is the recordkeeper as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions. Fees paid by the Plan for investment management services for the year ended December 31, 2025, amounted to $67,116.
