Independent Auditor's Report

Plan Administrator
Global Comfort Group Inc. 401(k) Profit Sharing Plan
Richmond, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Global Comfort Group Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Global Comfort Group Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024. With respect to the year ended December 31, 2025, certain investment information as described in Note C to the financial statements was certified as complete and accurate. For 2025, the certification obtained from John Hancock Trust Company LLC covers certain investment information maintained by John Hancock subsequent to the Plan's conversion on November 17, 2025. Investment information maintained by the Plan's predecessor trustee prior to the conversion was not covered by the certification. Accordingly, we performed audit procedures in accordance with auditing standards generally accepted in the United States of America on the investment information that was not covered by the certification.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Global Comfort Group Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Global Comfort Group Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the report is issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Global Comfort Group Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Global Comfort Group Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Audit procedures in accordance with GAAS were performed on investment information maintained by the predecessor trustee that was not covered by a qualifying certification.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Global Comfort Group Inc. 401(k) Profit Sharing Plan

December 31, 2025 and 2024

Note A - Description of the Plan

The following description of the Global Comfort Group Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Global Comfort Group Inc. (the "Company") covering eligible employees of James River Air Conditioning Company and Whites-Carver Electrical Contractors, Inc., participating employers under the Plan, who satisfy the Plan's eligibility requirements. Generally, eligible employees must complete twelve months of service using the elapsed-time method and enter the Plan on the first day of the Plan year quarter coinciding with or next following satisfaction of eligibility requirements. Certain employees are excluded from participation as defined by the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was originally established effective October 31, 1973 as the James River Air Conditioning Company 401(k) Profit Sharing Plan. During 2025, the Whites-Carver Electrical Contractors, Inc. 401(k) Plan was merged into the Plan, with the Plan continuing as the surviving plan. In connection with the merger, the Plan was renamed the Global Comfort Group Inc. 401(k) Profit Sharing Plan and was amended and restated effective November 14, 2025. Net assets of approximately $311,000 were transferred from the Whites-Carver Electrical Contractors, Inc. 401(k) Plan to the Plan in connection with the merger. Following the merger, the Plan covers eligible employees of both James River Air Conditioning Company and Whites-Carver Electrical Contractors, Inc.

The trustees are responsible for oversight of the Plan and to determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions

Each year, participants may contribute 75% of their pretax annual compensation, as defined in the Plan, up to $23,500 for 2025. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants elect the investment options in which contributions are invested. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make a discretionary matching contribution to the Plan for those employees who contribute to the Plan.

Matching contributions by the Company are discretionary and determined annually. The Company matched fifty percent (up to $3,000) of the amount deferred by participants during 2025 amounting to $206,092 which was remitted to the Plan in 2026. The Company may, at its discretion, make an employer profit-sharing contribution and qualified non-elective contributions to the Plan. These contributions are decided annually and allocated in proportion to the compensation eligible to share in the allocations. The Company did not make a profit-sharing contribution for the Plan year ended December 31, 2025. Contributions are subject to certain limitations.

Note A - Description of the Plan - Continued

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings (losses) and charged with participant distributions and an allocation of administrative expenses that are paid by the Plan. Allocations are based upon participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Investment Options

The Plan permits every participant to direct the investment of his or her account balance under the Plan. The Plan is intended to comply with Section 401(k) of ERISA which requires that participants have an opportunity to choose from a broad range of investment options that have different risk and return characteristics.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are vested in employer matching and non-elective profit-sharing contributions on a 6-year graded schedule, with 0-1 year 0% vested; 2 years 20% vested; 3 years 40% vested; 4 years 60% vested; 5 years 80% vested; and 6 years 100% vested.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the participant's vested benefit in the Plan exceeds $1,000, a participant must consent to the distribution before it can be made. If the vested benefit is less than $1,000, the benefit will be distributed in a lump-sum as soon as practicable following the distributable event. Hardship distributions are not permitted by the Plan. For a termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Beginning January 1, 2024, the Plan allows for in-service distributions to participants over the age of 65.

Forfeitures

The Plan requires forfeited accounts to be used to reduce Company contributions and/or to pay administrative expenses. At December 31, 2025 and 2024, there were no forfeited non-vested accounts. During the year ended December 31, 2025, $2,945 of forfeitures were used to reduce current year employer contributions.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Note B - Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company and can be significant. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid by the Plan.

Excess Contributions Payable

The Plan administrator reviews deferral elections and performs annual compliance testing to identify any excess contributions. When excess contributions are identified, corrective distributions are made in a timely manner, generally by April 15 of the following Plan year, in accordance with IRS guidelines. As of December 31, 2025 and 2024, the Plan had recorded an excess contribution liability of $62,044 and $40,752, respectively, which is reflected in the accompanying statement of net assets available for benefits as excess contributions payable. This amount is shown as a reduction of employee contributions in the accompanying statement of changes in net assets available for benefits. This liability represents amounts identified as excess contributions related to the Plan year that are pending distribution as of year-end.

Corrective distributions related to this liability were or will be made within the required correction period to ensure continued tax qualification of the Plan.

Note C - Information Certified by the Plan's Trustees

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by qualified institutions.

As of December 31, 2025, investment information maintained by John Hancock Trust Company LLC (the "Trustee") was certified as complete and accurate. During 2025, the Plan transitioned from Ascensus, LLC to John Hancock Trust Company LLC. Investment information maintained by Ascensus, LLC prior to the conversion was not covered by a qualifying certification and was therefore subject to audit procedures in accordance with auditing standards generally accepted in the United States of America. Certain investment information maintained by John Hancock subsequent to the conversion was covered by its certification.

As of December 31, 2024, investment information was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Ascensus, LLC, the Plan's trustee at that time.

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform auditing procedures with respect to the certified investment information, except for those procedures required for an ERISA Section 103(a)(3)(C) audit.

The following investment balances were included in information certified as complete and accurate by the applicable trustee:

	December 31,	
	2025	2024
Investments, at fair value	$ 17,344,664	$ 13,942,218
Investments, at contract value	832,066	1,096,087
	$ 18,176,730	$ 15,038,305

The statement of changes in net assets available for benefits includes total investment income of $2,632,815 for 2025, consisting of net appreciation in fair value of investments of $2,293,350 and interest and dividends of $339,465. Only the portion of such investment activity maintained by John Hancock subsequent to the conversion was covered by a qualifying certification; the pre-conversion portion maintained by Ascensus, LLC was subject to audit procedures.

Note D - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification ASC (ASC) 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in methodologies used at December 31, 2025 and 2024:

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 17,344,664	$	$	$ 17,344,664

Note D - Fair Value Measurements - Continued

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 13,942,218	$	$	$ 13,942,218

Note E - Investment Contract with Insurance Company

The Plan has entered into a fully benefit-responsive investment contract (FBRIC) with Standard Insurance Company ("Standard") totaling $832,066 and $1,096,087 at December 31, 2025 and 2024, respectively. Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The FBRIC does not permit Standard to terminate the agreement prior to the scheduled maturity date. The contract meets the FBRIC criteria and is therefore reported at contract value. Contract value is the relevant measure for the FBRIC because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

Note F - Transactions with Parties in Interest

The Plan has an agreement with the Trustee, who is a party in interest, to provide investment advisory, trust, and administrative services. The Trustee receives revenue from mutual fund service providers for services the Trustee provides to the funds. This revenue offsets some administrative fees charged to the Plan.

Note G - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in the net assets available for benefits.

Note H - Tax Status

The Plan is an adoption of a Prototype Non-Standardized 401(k) Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, in which the IRS stated that the Prototype Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself, and the Prototype Plan has been amended since receiving the determination letter. However, the Plan's management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to business income tax and therefore, the Plan and related trust continue to be tax-exempt. Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. Management has determined there are no uncertain tax positions. The Plan is subject to routine audits; however, there are currently no audits for any tax periods in progress.

Note I - Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the terms of the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note J - Subsequent Events

The Plan management has evaluated all subsequent events through September 15, 2026, which is the date these financial statements were available to be issued.

Note K - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31,	
	2025	2024
Net assets available for benefits per the financial statements	$ 18,320,778	$ 15,176,121
