1ST SUMMIT BANCORP Capital Accumulation Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed an audit of the financial statements of 1ST SUMMIT BANCORP Capital Accumulation Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024; the related statement of changes in net assets available for benefits for the year ended December 31, 2025; and the related notes to the financial statements (collectively, the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Opinion (Continued)

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)
In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1ST SUMMIT BANCORP CAPITAL ACCUMULATION PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the 1ST SUMMIT BANCORP Capital Accumulation Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering the employees of 1ST SUMMIT BANK and Value Finance, Inc. (the "Companies"). When the participating employer agreement was terminated due to the dissolution of Value Finance, their employees were not required to take distributions since a separate plan was not established. The terminated employees' assets are allowed to stay in the plan until they request a distribution unless their balance is less than the force out threshold. Employees who have attained the age of 21 are eligible to contribute to the plan the first of the month following their date of hire. Participants become eligible for matching contributions following 12 consecutive months of employment from date of hire and 1,000 hours of service. The Plan includes a 401(k) before-tax savings feature, which permits participants to defer compensation under Section 401(k) of the Internal Revenue Code (IRC). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Compensation Committee is responsible for oversight of the plan, which determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians.

Contributions

Participants may elect to contribute, through the 401(k) feature, a percentage of their gross earnings each period, limited by the maximum amount permitted by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may elect to have their contributions invested in a money market fund, mutual funds, pooled separate accounts and the 1ST SUMMIT BANCORP of Johnstown ("1ST SUMMIT BANCORP") common stock administered by Alerus Financial (Trustee). On behalf of each participant who is eligible to share in matching contributions for the Plan year, a matching contribution equal to a uniform percentage (to be determined each year by the Board of Directors) of eligible compensation will be made by the Companies.

The Companies may make a discretionary matching contribution based on an amount determined by the Board of Directors. Contributions are subject to certain limitations.

In applying the matching contributions, salary deferrals that exceed 7 percent of compensation will not be considered.

Participant Accounts

Each participant's profit sharing account is credited with the participant's contribution, the Companies' contribution, and allocations of Plan earnings. Allocations are based upon units accumulated by each participant's account. Units are apportioned based upon participant earnings. The benefit to which each participant is entitled is that which can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Companies' contributions in the Plan is based on completion of credited service years. A credited

NOTE 1 – DESCRIPTION OF PLAN (Continued)

service year is considered one in which the participant completed at least 1,000 hours of service. Employees become 20 percent vested after the second year of service and 20 percent for each of the succeeding four years. Employees become 100 percent vested after six years of credited service.

Guaranteed Annuity Insurance Contract

Guaranteed annuity insurance contracts held by a defined-contribution plan are required to be reported at contract value which is the relevant measurement for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive insurance contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000, or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate that is commensurate with prime rate plus 1.0 percent at time of origination. Maturity dates of the aforementioned loans range from July 31, 2026, to November 27, 2030. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

Upon termination of service, participants whose accounts do not exceed $7,000 will receive either a lump sum or rollover distribution in the amount equal to the value of their account. Participants whose vested account balance at the time of termination exceeds $7,000 may receive either a lump sum or rollover distribution or a monthly annuity. Distributions are available immediately for participants who have attained Early or Normal Retirement Age. Participants who have not attained Early or Normal Retirement Age at the time of termination will become eligible for a distribution following a one-year break in service.

Forfeitures

Forfeitures will either be applied to reduce the Companies contributions or pay administrative expenses. At December 31, 2025 and 2024, there was $13,367 and $3,263 in the forfeiture account, respectively. During the years ended December 31, 2025, and 2024, $0 and $2,623 in forfeitures were used to reduce the Companies contribution.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Accounting Estimates

In preparing the financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Net realized gains or losses on investment transactions represent the difference between proceeds received and cost.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions payable recorded as of December 31, 2025 and December 31, 2024.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses of the Plan relating to administrative and accounting fees, Trustee fees, and record-keeping fees are paid by the Plan. Investment-related expenses are included in net depreciation of fair value of investments. Expenses are recorded as incurred.

NOTE 3 – INVESTMENTS

The Plan's investments are administered by the Trustee, Alerus Financial, N.A., under an agreement dated June 1, 2012.

The following is a summary of the investment information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule, related to the following investments:

NOTE 3 – INVESTMENTS (Continued)

	2025	2024
Investments, at fair value:		
1ST SUMMIT BANCORP common stock	$ 2,336,467	$ 2,709,052
Mutual funds	19,410,946	17,884,826
Total investment at fair value	$ 21,747,413	$ 20,593,878
Investments, at contract value:		
Guaranteed annuity insurance contract	2,073,085	2,489,383
Cash and receivables	3,800	728,108
Notes receivable from participants	191,061	140,273

The Trustee also certified the completeness and accuracy of $2,232,422 of net appreciation in fair value of investments, and $615,297 of interest and dividends related to the aforementioned investments and participant loans, for the year ended December 31, 2025.

NOTE 4 – GUARANTEED ANNUITY INSURANCE CONTRACT

The Plan has a benefit-responsive guaranteed annuity insurance contract with Standard Insurance Company. The Standard Stable Asset 2 is available through a rider to Standard Insurance Company's group annuity contract. The Plan's Standard Stable Asset 2's contract value is a general liability against Standard Insurance Company on the Plan's behalf. Standard Stable Asset 2 is an insurance contract in which contract value represents contributions made, less withdrawals and administrative expenses, plus interest credited. Daily liquidity at contract value is available for participant contributions and withdrawals.

Because the guaranteed annuity insurance contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed annuity investment contract. The guaranteed annuity investment contract is presented on the face of the Statement of Net Assets Available for Benefits at contract value in arriving at the net assets available for benefits.

Contract value is guaranteed by the full faith and credit of Standard Insurance Company; there are no wrap contracts supporting the liquidity of the fund. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1 percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. The Plan Sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected

NOTE 5 – PLAN TERMINATION

Although they have not expressed any intent to do so, the Companies have the right, under the Plan, to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100 percent vested in their accounts.

NOTE 6 – TAX STATUS

The IRS has determined and informed the Companies, by letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 7 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under the DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Participant loans held by the Plan reflect party-in-interest transactions as well as certain administrative functions that are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan.

The costs related to the operation of the Plan, that are party-in-interest transactions, include audit fees, recordkeeping fees, and Trustee fees, and totaled $34,580 for the year ended December 31, 2025.

At December 31, 2025 and 2024, the Plan held 59,543 and 82,267 shares of 1ST SUMMIT BANCORP common stock, respectively, which is the common stock of the Plan Sponsor and is, therefore, a party in interest. Dividends in the amount of $157,098 were received on shares of this stock for the year ended December 31, 2025.

NOTE 8 – FAIR VALUE MEASUREMENTS

The following disclosures show the hierarchal disclosure framework associated with the level of pricing observations utilized in measuring assets and liabilities at fair value. The three broad levels of pricing observations are as follows:

Level I: Quoted prices are available in active markets for identical assets or liabilities as of the reported date.

Level II: Pricing inputs are other than the quoted prices in active markets, which are either directly or indirectly observable as of the reported date. The nature of these assets and liabilities includes items for which quoted prices are available but traded less frequently and items that are fair-valued using other financial instruments, the parameters of which can be directly observed.

Level III: Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

This hierarchy requires the use of observable market data, when available.

NOTE 8 – FAIR VALUE MEASUREMENTS (Continued)

The following tables present the assets reported on the Statement of Net Assets Available for Benefits at their fair value as of December 31, 2025 and 2024, by level within the fair value hierarchy. Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	December 31, 2025			
	Level I	Level II	Level III	Total
1ST SUMMIT BANCORP common stock	$ -	$ -	$ 2,336,467	$ 2,336,467
Mutual funds	19,410,946	-	-	19,410,946
Total assets at fair value	$ 19,410,946	$ -	$ 2,336,467	$ 21,747,413

	December 31, 2024			
	Level I	Level II	Level III	Total
1ST SUMMIT BANCORP common stock	$ -	$ -	$ 2,709,052	$ 2,709,052
Mutual funds	17,884,826	-	-	17,884,826
Total assets at fair value	$ 17,884,826	$ -	$ 2,709,052	$ 20,593,878

The Plan's Level III investments consist entirely of 1st Summit Bancorp Common Stock. For the year ended December 31, 2025, the total fair value of Level III investments decreased from an opening balance of $2,709,052 to a closing balance of $2,336,467. This net decrease of $372,585 was driven primarily by $345,491 in net unrealized gains, which are included in the change in net assets available for benefits on the Statement of Changes in Net Assets Available for Benefits. During the year, the Plan executed $113,567 in new purchases of the fund and recorded $831,643 in sales/redemptions.

Following is a description of the valuation methodologies used for assets measured at fair value. As of December 31, 2025 the fair value was determined using an independent third party valuation for 1ST SUMMIT BANCORP common stock.

1ST SUMMIT BANCORP Common Stock

The common stock is traded on the OTC Pink Markets under the symbol FSMK; however, due to lack of sufficient trade volume to establish a fair value, an independent, third-party valuation was utilized to determine the fair value.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded, and these investments are classified as Level I.

NOTE 9 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

As of December 31, 2025 and 2024, the Plan had investments of $2,336,467 and $2,709,052 respectively, that were concentrated in 1ST SUMMIT BANCORP common stock.

NOTE 10 – SUBSEQUENT EVENTS

Management has reviewed events occurring through October 15, 2026, and no subsequent events occurred requiring accrual or disclosure.
