INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
University Orthopaedic Services, Inc. Retirement Plan
Buffalo, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of University Orthopaedic Services, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of University Orthopaedic Services, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of University Orthopaedic Services, Inc. Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about University Orthopaedic Services, Inc. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of University Orthopaedic Services, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about University Orthopaedic Services, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. PLAN DESCRIPTION

The following brief description of the University Orthopaedic Services, Inc. Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan sponsored by University Orthopaedic Services, Inc. (the "Company" or "Plan Sponsor"). The Plan covers eligible employees of the Plan Sponsor. The Plan consists of employer discretionary contributions and rollover contributions from other qualified retirement plans. Employees are eligible to receive employer discretionary contributions on the first day of the calendar month following attaining age 21, provided they are an eligible employee on that date. The Plan was established on January 1, 1999, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – The Plan Sponsor may, in its sole discretion, make a contribution to the Plan on the employee's behalf, provided the employee has completed at least 1,000 hours of service during the Plan year and is employed by the Company on the first day of the calendar month. All participants are categorized into groups and each group may receive a different amount. Contributions are allocated in the proportion that each participant's compensation bears to all participants' compensation. Total contributions made on behalf of each participant may not exceed limits imposed by the Internal Revenue Code ("IRC"). Participants may direct the investment of the contributions into various investment options offered by the Plan.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by Plan Sponsor contributions, and the participant's share of Plan earnings (allocated daily). Participant accounts are decreased by participant distributions and the participant's share of Plan expenses and losses. The allocation of earnings and losses to participant accounts is based upon the value of an individual account in relation to the total assets of the Plan. Upon retirement or termination, a participant is entitled to the vested balance in his or her account.

Vesting – Participants are fully vested in their accounts upon completing 1,000 hours of service per year for two years.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan at any time, subject to the provisions of ERISA.

Forfeitures – Participants not fully vested in employer discretionary contributions upon termination of employment forfeit their non-vested balances, which are first applied to reduce administrative expenses. Any remaining forfeitures are then applied to reduce employer contributions. Forfeitures of $19,019 were used to reduce Plan Sponsor contributions for the year ended December 31, 2025. Forfeitures available to reduce future Plan expenses or Plan Sponsor contributions amounted to $15,194 and $7,579 as of December 31, 2025 and 2024, respectively.

1. PLAN DESCRIPTION (continued)

Administrative Expenses **–** Costs of administering the Plan are paid by the participants and the Plan Sponsor.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – The Plan determines the fair value of assets and liabilities which are subject to reporting at fair value based on standards established within generally accepted accounting principles. These standards establish a hierarchy for the determination of fair value, as well as disclosure requirements relative to those assets and liabilities. The hierarchy identified three levels of input. Level 1 inputs are generally quoted market prices for identical assets or liabilities, which are actively traded on an exchange. Level 2 inputs generally consist of market prices for identical assets which are not actively traded or market prices of similar assets or liabilities which are actively traded on an exchange. Level 3 inputs are referred to as unobservable inputs and consist primarily of information derived by management where Level 1 and Level 2 inputs are not available. These may include such things as present value of expected future cash flows or other valuation methodologies. Under the hierarchy, Level 1 inputs are the most preferred followed by Level 2, and Level 3. Level 3 inputs are to be used when neither Level 1 nor Level 2 inputs are available.

An investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value as of December 31, 2025 and 2024:

Registered investment companies: Valued based on the quoted market prices available on an active market, which represents net asset values ("NAV") of the shares held by the Plan at year end.

Common collective trusts: Valued at the NAV of units held by the Plan at year-end. These common collective trusts have been measured at fair value using the NAV practical expedient as of December 31, 2025 and 2024, and generally have no redemption restrictions or unfunded capital commitments.

Guaranteed annuity account: Valued based on the contracted amount and is not fully-benefit responsive. The Plan Sponsor has determined that the contract value for the guaranteed annuity account approximates fair value. The contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in less any withdrawals and transfers out. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3.00%. The Plan's investment in the TIAA Traditional Annuity account yielded investment gains of approximately 4.35% and 4.59% for the years ended December 31, 2025 and 2024, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Guaranteed fixed account: The account holds an underlying guaranteed investment contract which is fully-benefit-responsive. The account is valued based on the contracted amount, with contract value equal to participant deposits minus participant withdrawals plus credit interest. Contract value may be subject to market value adjustments. The fair value of the account is calculated by discounting the related cash flows based on current yields of similar instruments with comparable duration. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3.00%. The Plan's investment in the Voya Fixed Account yielded investment gains of approximately 3.50% for the years ended December 31, 2025 and 2024.

Pooled separate account: Valued based on the NAV of the underlying real estate holdings or other real estate-related investments. The fair value is measured using external appraisals, which are estimates of property values based on a professional's opinion. Although the underlying assets cannot be quickly sold and converted to liquid assets, the TIAA general account ensures that the pooled separate account has funds available to meet participant redemption, transfer or cash withdrawal requests executed at quoted unit values. The pooled separate account has been measured at fair value using the NAV practical expedient as of December 31, 2025 and 2024, and generally has no redemption restrictions or unfunded capital commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in fair value of investments, which includes unrealized and realized gains and losses on investments that were held or sold during the year.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividend income is recognized on the ex-dividend date.

Payment of Benefits – Benefits paid to participants are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures that are included in these financial statements. Actual results could differ from management's estimates and assumptions.

Subsequent Events – Management has evaluated the effects of all subsequent events through October 13, 2026, the date the financial statements were available to be issued, to determine if events or transactions occurring through that date require potential adjustment or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

The Plan uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures (as discussed in Note 2). The following table sets forth, by level within the fair value hierarchy, the Plan's assets that are measured at fair value as of December 31, with the exception of common collective trusts and the pooled separate account, which are measured at fair value using the NAV practical expedient. The fair values of common collective trusts and the pooled separate account are provided below to permit reconciliation of the fair value hierarchy to the amount presented in the Statements of Net Assets Available for Benefits.

	2025	2024
Level 1:		
Registered investment companies	$ 66,299,946	$ 57,413,335
Level 2:		
Guaranteed fixed account	1,612,900	1,303,245
Level 3:		
Guaranteed annuity account	4,475,852	4,124,598
Investments measured at NAV:		
Common collective trusts	7,505,522	6,034,229
Pooled separate account	1,009,406	927,738
Total investments at fair value	$ 80,903,626	$ 69,803,145

The following sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2025:

Balance, beginning of year	$ 4,124,598
Contributions	82,526
Interest	186,846
Transfers, net	123,227
Benefits paid to participants	(41,345)
Balance, end of year	$ 4,475,852

The following table presents information about significant unobservable inputs related to the Plan's investment in the guaranteed annuity account at December 31, 2025:

	Fair value	Valuation technique	Significant unobservable inputs	Range
Guaranteed annuity account	$ 4,475,852	Discounted cash flow	Risk-adjusted discount rate applied	RA – 3.55% - 6.50% SRA – 3.00% - 5.75% GRA – 3.55% - 6.50%
		Theoretical transfer (exit value)		GSRA – 3.00% - 5.75% RC – 3.80% - 6.75% RCP – 3.05% - 6.00%

3. FAIR VALUE MEASUREMENTS (continued)

The following table presents information about significant unobservable inputs related to the Plan's investment in the guaranteed annuity account at December 31, 2024:

	Fair value	Valuation technique	Significant unobservable inputs	Range
Guaranteed annuity account	$ 4,124,598	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA – 3.65% - 6.50% SRA – 3.00% - 5.75% GRA – 3.65% - 6.50% GSRA – 3.00% - 5.75% RC – 3.90% - 6.75% RCP – 3.15% - 6.00%

4. TRANSACTIONS WITH PARTIES IN INTEREST

Teachers Insurance and Annuity Association of America and College Retirement Equities Fund ("TIAA-CREF") and Voya Retirement Insurance and Annuity Company ("Voya"), custodians of the Plan, manage certain investments of the Plan, and therefore, transactions qualify as party in interest transactions.

5. INCOME TAX STATUS

The Plan has adopted a prototype plan. The prototype plan received an Opinion Letter from the IRS dated June 30, 2020, stating that the form of the Plan is acceptable under Section 401 of the Code for use by employers for the benefit of their employees. Accordingly, no provision has been made for Federal income taxes in the accompanying financial statements.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7. CERTIFIED INVESTMENT INFORMATION

The following is a summary of unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule. The information was prepared by TIAA-CREF and Voya, custodians of the Plan, and furnished to the Plan Sponsor. TIAA-CREF and Voya certified that the information is complete and accurate.
