Independent Auditor's Report

Plan Administrator
NYU Langone Florida 403(b) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of NYU Langone Florida 403(b) Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the NYU Langone Florida 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions. Copies are available from the Plan sponsor, NYU Langone MSO, Inc ("NYUMSO").

General

The Plan was established effective September 1, 2019. NYUMSO is the sponsor of the Plan. The Plan is subject to the provisions of *Employee Retirement Income Security Act* ("ERISA").

The Plan is a defined contribution 403(b) plan available to all employees of NYUMSO. Employee participation begins according to employment status with NYUMSO. For purposes of employer contributions, each eligible employee's participation begins on the first day of the month following one year of service as an employee.

The Plan assets are held by Teachers Insurance and Annuity Association of America ("TIAA"), as insurance company of the Plan. TIAA is the custodian and trustee for the non-annuity assets, including mutual funds. TIAA is a nonprofit, legal reserve life insurance and annuity company. College Retirement Equities Fund ("CREF") is an open-end diversified management investment company. Plan assets can also be invested in mutual funds managed by The Vanguard Group ("Vanguard"), Allspring Global Investments ("Allspring"), and Dimensional Fund Advisors ("DFA"). Vanguard, Allspring, and DFA are investment management companies that offer mutual funds, and financial products and services to both individual and institutional customers.

The Plan allows participants to purchase unallocated insurance contracts. The Plan also allows participants to purchase a pooled separate account, variable annuity contracts, mutual funds, and money market funds.

The balance in each participant's account consists of NYUMSO's contributions made on their behalf, the participant's contributions and investment return less expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

Employer contributions are 3% of the employee's eligible compensation, as defined in the Plan Document. All employees are auto enrolled to the MSO plan within 30 days of employment at 4%. An employee may make participant contributions by making a salary reduction election directly with TIAA, the recordkeeper. An employee may also make rollover contributions as permitted by the Plan Document.

Contributions for any year may not exceed the limitations as specified in the Internal Revenue Code ("IRC"). Pre-tax contributions may not exceed the 2025 pre-tax limit of $23,500 as established by the IRC. Participants age 50 and over are eligible to contribute extra pre-tax contributions ("catch-up contribution") above the annual IRS limitations up to $7,500 in 2025. Participants can elect an amount to be contributed from each paycheck as their catch-up contribution. This amount will be in addition to the pre-tax and post-tax contribution percentages. Effective January 1, 2024, the Plan was amended to introduce an after-tax Roth contribution.

In September 2025, NYUMSO announced that a one-time discretionary employer contribution would be applied to each eligible employee's 403(b) account in the first quarter of 2026. Eligible employees are defined as non-union employees that are eligible for the 3% employer contribution.

The discretionary employer contribution was made as a one-time lump sum contribution equivalent to 1% of the employee's eligible annual 2025 base pay and totaled $575,793. The discretionary contribution is included on the 2025 statements of net assets available for benefits as an employer contribution receivable. This discretionary employer contribution is not guaranteed in future years and is subject to the Plan's vesting schedule.

Vesting
All participants are fully vested in their account balance for contributions they made immediately upon entering the Plan. Vesting in NYUMSO's contribution plus actual earnings thereon, is based on years of continuous service. Employees will earn a year of vesting service for each calendar year in which the employee is credited with at least 1,000 hours of service. A participant is 100% vested after five years of credited service as follows:

Years of Service	Applicable Nonforfeitable Percentage
Less than 2	0%
2 but less than 3	25%
3 but less than 4	50%
4 but less than 5	75%
5 or more	100%

Forfeited Accounts
Where a participant's employment with NYUMSO is terminated before they are 100% vested in employer contributions, the unvested portion of their employer contributions will be forfeited upon the earlier of the distribution of their vested Plan benefits or the expiration of five consecutive calendar years in which they are not credited with at least 501 hours of service. If they return to employment with NYUMSO before the expiration of that five-year period, their forfeited account balance will be restored (without interest). The balance in the forfeiture account will be used first to restore returning employees whose balances were forfeited or to fund administrative expenses and employer contributions required to be made to the Plan. NYUMSO utilized $22,656 of forfeitures to reduce employer contributions and fund administrative expenses in 2025. Administrative expenses paid via forfeitures are reported net against employer contributions. At December 31, 2025 and 2024, the amounts available in the forfeiture account totaled $67 and $0, respectively.

Notes Receivable From Participants
Eligible participants are able to borrow against their annuity contract or custodial account, a minimum of $1,000 up to a maximum equal to the lesser of 50% of their individual vested account or $50,000. At December 31, 2025 and 2024, participant loans in the amount of $868,381 and $519,187 are included in notes receivable from participants in the statements of net assets available for benefits. For the participant loans outstanding, the interest rate ranged from 4.25% to 9.50% at December 31, 2025 and 2024.

Payment of Benefits
On termination of service due to a participant's retirement, death, or termination of employment at NYUMSO, Plan benefits may be paid. Participants have many withdrawal options including a lump sum withdrawal, a series of partial withdrawals, an annuity payout of equal monthly payments for a designated period, an annuity payout for the lives of the participant and the beneficiary, an annuity payout of monthly payments for life with a guaranteed minimum number

of years for the participant and their beneficiary, or a combination of partial withdrawals and an annuity.

Investments
Upon enrollment in the Plan, participants allocate contributions made on their behalf amongst the investment options in whole percentages to purchase accumulation units or annuity contracts. The number of units purchased is based on the net asset value (NAV) per unit on the day their contributions are received. Investment return is allocated to participants' accounts based upon the number of units the participant owns in each investment.

The Plan allows participants to direct the investment of their accounts into the TIAA Traditional Annuity, the TIAA Real Estate Account, CREF Variable Annuity contracts, Allspring mutual fund, DFA mutual fund, and Vanguard mutual funds and a Vanguard money market fund. Participants may change their investment options at their discretion.

2. Summary of Significant Accounting Policies

Basis of Presentation
The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates
The preparation of the Plan's financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingencies at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from these estimates and such differences could be material.

Valuation of Investments and Income Recognition
The Plan's investments are held by TIAA and are stated at fair value except for the fully benefit-responsive investment contracts that are stated at contract value. Shares of mutual funds and money market funds are valued at daily closing price as reported by the fund. The mutual funds are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value to transact at that price and are deemed to be actively traded. Investments in pooled separate accounts and variable annuities are valued at current fair value, which represents the net asset value of the units held at year-end. Investments in non-fully benefit-responsive investment contracts are valued at fair value based on discounted cash flows as more fully described in Note 4. Investments in fully benefit-responsive investment contracts are valued at contract value which equals the accumulated cash contributions and interest credited to the contracts less any withdrawals.

Contributions to the TIAA Traditional Annuities are used to purchase a guaranteed amount of future retirement benefits. TIAA provides annuities, which are considered unallocated contracts. The TIAA Traditional Annuities are guaranteed annuities which guarantee principal and pay a guaranteed minimum interest, currently 3% during the accumulation phase and 2.5% during the payout phase. Additional amounts above the guaranteed minimum interest rate may be declared at the discretion of the TIAA Board of Trustees on a year-by-year basis. When declared, the additional amounts remain in effect for the declaration year that begins each March 1 and are not guaranteed for future years. Together the guaranteed minimum and additional amounts make up the crediting rate in the accumulation phase. TIAA groups premium dollars received over defined periods into vintages for the purpose of determining the crediting rate for the applicable

declaration year during the accumulation period. The crediting rate for non-fully benefit-responsive annuity contracts in the accumulation phase ranged from 4.50% to 5.25% in 2025 and from 4.75% to 6.00% in 2024. For fully benefit-responsive contracts in the accumulation phase, the crediting rate ranged from 3.75% to 4.50% in 2025, and from 4.00% to 5.25% in 2024.

TIAA Traditional Annuity investments are offered through Retirement Annuity ("RA") contracts ($21,914 and $4,198 at December 31, 2025 and 2024, respectively) and Group Supplemental Retirement Annuity ("GSRA") and Supplemental Retirement Annuity ("SRA") contracts ($177,293 and $107,157 at December 31, 2025 and 2024, respectively). The TIAA Traditional Annuity holdings within the RA contracts have restrictions, are non-fully benefit-responsive and are reported at fair value. The TIAA Traditional Annuity holdings within the GSRA and SRA contracts contain no liquidity restrictions, are fully benefit-responsive, and accordingly are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Distributions, withdrawals, and transfers out of these contracts can only be made in 10 annual installments through TIAA Transfer Payout Annuities.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation and depreciation in the fair value of its investments, which consists of the net realized gains and losses and the net unrealized appreciation and depreciation on those investments less expenses. Net appreciation in fair value of the TIAA Traditional Annuities is classified as interest income.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date, and interest income is recorded on the accrual basis.

Payment of Benefits
Benefits are recorded when paid.

Expenses of the Plan
Custodian related expenses are deducted from the net assets of each account each valuation day for investment management, administration, and distribution.

Investment management and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management and operating expenses are reflected as a reduction of net appreciation in the fair market value of such investments.

Risks and Uncertainties
The Plan invests in various types of investment securities, including mutual funds, a money market fund, variable annuities, a pooled separate account and fixed-dollar annuity contracts. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

3. Certified Financial Data

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, qualified institutions, have certified the following investment information included in the accompanying financial statements and ERISA-required supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is complete and accurate:

	2025	2024
Statements of net assets available for benefits		
Investments, at fair value	$ 20,302,727	$ 13,520,396
Investments, at contract value	177,293	107,157
Total investments	$ 20,480,020	$ 13,627,553
Notes receivable from participants	$ 868,381	$ 519,187

Net investment income for the year ended December 31, 2025, consisted of the following:

Statement of changes in net assets available for benefits	
Net investment income	
Interest and dividend income	$ 595,422
Net appreciation in fair value of investments	2,516,912
Net investment income	$ 3,112,334

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

4. Fair Value Measurements

Accounting standards establish a framework for measuring fair value. The framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The levels of the fair value hierarchy are described below. Authoritative guidance on fair value measurements, Accounting Standards Codification Topic 820, *Fair Value Measurement*, establishes a hierarchy of valuation methodologies based on the extent to which asset valuations are observable in the marketplace. The following describes the hierarchy of methodologies used to measure the fair value of investments:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 Inputs to the valuation methodology are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The following tables provide a summary of investments measured at fair value, by classification within the fair value hierarchy, at December 31, 2025 and 2024:

	Active Markets Level 1	Observable Inputs Level 2	Unobservable Inputs Level 3	Total 2025
Variable annuities [1]	$ -	$ 98,249	$ -	$ 98,249
Pooled separate accounts [2]	-	1,366	-	1,366
Fixed income annuity	-	-	21,914	21,914
Mutual funds	20,175,327	-	-	20,175,327
Money market	5,871	-	-	5,871
Total investments, at fair value	$20,181,198	$ 99,615	$ 21,914	$20,302,727

	Active Markets Level 1	Observable Inputs Level 2	Unobservable Inputs Level 3	Total 2024
Variable annuities [1]	$ -	$ 35,968	$ -	$ 35,968
Pooled separate accounts [2]	-	1,359	-	1,359
Fixed income annuity	-	-	4,198	4,198
Mutual funds	13,473,052	-	-	13,473,052
Money market	5,819	-	-	5,819
Total investments, at fair value	$13,478,871	$ 37,327	$ 4,198	$13,520,396

1. This category includes investments in CREF variable annuities. To reduce market timing and excessive trading, shareholders are not permitted to make electronic transfers back into the same account with a purchase or exchange for 90 calendar days, if a purchase, sale or repurchase within the account is made within a 60-day period.

2. This category includes investments in a pooled separate account, investing in real estate and real estate-related investments. Although the underlying assets of the pooled separate account cannot be quickly sold and converted to liquid assets, the TIAA General Account provides a liquidating guarantee to meet participants' redemption, transfer, or cash withdrawal requests varying from one to three days. Redemptions out of this investment are limited to

one per quarter. Internal transfers into the TIAA Real Estate Account are prohibited if the transfer causes the value of the participant's total accumulation in the account to exceed $150,000. The purpose of this limitation is to ensure more predictable account inflows and outflows, which is expected to facilitate efficient portfolio management over the long term. There are no redemption notice periods required by nor significant fees imposed by the insurance companies should the Plan choose to no longer allow Plan assets to be invested in a particular variable annuity or pooled separate account. Trade-settlement terms are one to three days.

There were no transfers between Level 1, Level 2, or Level 3 during the year ended December 31, 2025.

There were no unfunded commitments as of December 31, 2025 and 2024.

Level 3 Investments
The Level 3 investment assets consist of the TIAA Retirement Annuity contracts. The classification of an investment within Level 3 is based upon significance of the unobservable inputs to the overall fair value measurement.

	Level 3 Investment Assets at Fair Value as of December 31, 2025
Balance at January 1	$ 4,198
Purchases	17,137
Sales	-
Investment return	579
Balance at December 31	$ 21,914

The following table presents information about significant unobservable inputs relating to the Plan's investments in assets categorized as Level 3 at December 31, 2025 and 2024:

As of December 31, 2025

5. Plan Termination

Although the Plan has not expressed any intent to do so, NYUMSO has the right to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA and the IRC. In the event of plan termination, Plan assets will be distributed to the Plan participants. In the event of plan termination, participants would become 100% vested in their employer contributions.

6. Tax Status

The Plan has been designed to qualify for tax-exempt status under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). NYUMSO believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes the Plan is qualified and the related (custodial) accounts (and tax-deferred annuities) are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. Party-in-Interest and Related-Party Transactions

Certain assets of the Plan, as noted in Schedule H, Line 4i are investments managed by TIAA and, therefore, these qualify as party-in-interest transactions. The total fair value of such investments managed by TIAA and notes receivable from participants were $1,167,203 and $667,869 at December 31, 2025 and 2024, respectively. The Plan Administrator and the Plan's counsel believe that the Plan's transactions with related parties are permitted by the U.S. Department of Labor's prohibited transaction exemptions.

8. Subsequent Events

NYUMSO evaluated subsequent events through October 9, 2026, the date the financial statements were available to be issued and has determined that no events occurred that would require recognition or disclosure in the financial statements.
