Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of La-Z-Boy Incorporated Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of La-Z-Boy Incorporated Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of La-Z-Boy Incorporated Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about La-Z-Boy Incorporated Retirement Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the La-Z-Boy Incorporated Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about La-Z-Boy Incorporated Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of delinquent participant contributions as of or for the year ended December 31, 2025, are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

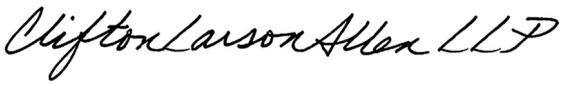

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Corporate Benefits Committee and
Central Board of Administration
La-Z-Boy Incorporated Retirement Savings Plan

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF PLAN

The following description of La-Z-Boy Incorporated Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement and Plan amendments for more complete information.

General

The Plan is a defined contribution plan covering all eligible employees of La-Z-Boy Incorporated (the Company). The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Central Board of Administration (the Board), which oversees the investment options selected for the Plan.

Contributions

The plan was amended effective January 1, 2024 to establish safe-harbor provisions and a safe harbor match of 100% of the first 3% and 50% of the next 6%, not to exceed 9% overall, replacing the Company's previous matching provisions and contributions. Additionally, the Company established automatic increase provisions.

Contributions to the Plan consist of any forfeiture restoration amounts for participants with breaks in service, and amounts that participants have the ability, under certain circumstances, to contribute that have been received as distributions from pension benefit plans or "rollovers" from selected eligible individual retirement arrangements. Contributions are subject to certain IRS limitations.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Participants having two years of service under the Plan or attaining "normal retirement age" as defined by the Plan are entitled to the full value of their accounts. Upon request, the value of a participant's account will be paid as soon as administratively feasible after the date on which he or she terminates or retires. Each active participant's account is credited with the participant's contributions, the Company's contributions, and any earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are always fully vested in their elective deferrals and related investment earnings and losses. For participants who complete an hour of service on or after January 1, 2023, Company contributions and related earnings and losses vest 50% after one year of vesting service and 100% after two years of vesting service. Participants who do not complete an hour of service on or after January 1, 2023 vest in Company contributions and related earnings and losses at a rate of 25% after one year of vesting service, with an additional 25% vesting for each additional year of vesting service, becoming fully vested after four years of vesting service. Notwithstanding the foregoing, participants become fully vested in Company contributions upon attaining normal retirement age, as defined by the Plan.

Notes Receivable from Participants

Participants may borrow from their account balance any whole dollar amount which must be at a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of the participant's vested interest in their account. The loan term may not be longer than 60 months unless the loan is used to acquire a principal residence, for which the term may be up to a reasonable period. The loans are secured by the balance in participant's vested account, and interest on the loan is determined by the Plan administrator based on the prime rate listed in *The Wall Street Journal* on the first business day of the month in which the loan is requested plus 1%. The interest rate so determined will remain fixed throughout the duration of the loan. Loans granted at different times may bear different interest rates.

Benefit Payments

Upon termination or retirement, a participant may elect to receive their vested account balance by lump sum payment and/or installment payments, not to exceed the life of the participant or the participant's beneficiary.

When a participant's total vested account balance is $7,000 or less, the value of the account is automatically paid to the participant as soon as practical, following the participant's termination or retirement. Unless a rollover is requested, participants receive a lump sum payment.

Upon the death of a participant, the value of his or her account becomes fully vested. As soon as administratively feasible thereafter, the value of the participant's account will be paid to any beneficiary designated by the participant or as stipulated in the Plan. Participants who become totally and permanently disabled are eligible for disability retirement benefits. The participant shall have the value of his or her account fully vested and payable in the same manner as normal retirement benefits.

Participants are able to obtain payments of benefits due to hardship or financial need. Upon application by the participant, the Board may direct distribution of such participant's funds to alleviate extreme hardship. In no event shall the amount exceed 100% of the participant's elective account. The distribution shall be subject to personal income taxes.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

The forfeited, non-vested employer contributions of a terminated participant's account may be used to reinstate previously forfeited account balances of former participants, pay administrative expenses of the Plan, or reduce the Company's contributions. During 2025, approximately $1,406,000 of employer contributions were forfeited by terminated employes before those amounts became vested. During 2025, forfeited nonvested balances totaling approximately $1,886,000 were used to offset the Company's contributions or Plan administrative expenses and approximately $74,000 remains available to be used as an offset to future Company contributions or administrative expenses as of December 31, 2025. At December 31, 2024, approximately $554,000 remained available to be used as an offset to future Company contributions or administrative expenses.

Company Stock Fund

Each participant who has an interest in the Company stock fund is entitled to exercise voting rights attributable to shares allocated to his or her Company stock fund account and is notified by the trustee prior to the time that such rights are to be exercised. If the trustee does not receive timely instruction, the trustee, itself, or by proxy, shall vote all shares as directed by the La-Z-Boy Incorporated Central Board of Administration and the Board.

Cash dividends received on Company stock are invested in a fund selected by the Company and may be redirected by the participant as provided under the Plan rules.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan maintains its records on the accrual basis, whereby income is recognized when earned and expenses are recognized when the obligations are incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and trustee. See Note 4 for discussion of fair value measurements.

Investment transactions are accounted for on a trade-date basis. Interest income is recognized when earned. Dividends are recorded on the ex-dividend basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Interest income on notes receivable form participants is recognized when earned. If a participant's note is in default, the participant shall be treated as having received a taxable deemed distribution.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Trustee fees and investment management fees are paid by participants based on participation in the various funds. Transactional fees are paid by the participants. All other plan expenses, including administrative and professional fees, are paid by the Company.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Bank of America, N.A., the qualified institution of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the statement of changes in net assets available for benefits for the year ended December 31, 2025, and the supplemental schedule of assets (held at end of year) as of December 31, 2025.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. The Plan's valuation methodologies have been consistently applied for all periods presented. Investments measured using net asset value ("NAV") as a practical expedient are not classified within the fair value hierarchy.

During 2025, management reevaluated the presentation of Common Collective Trust Funds and determined that classification using NAV as a practical expedient is appropriate under ASC 820. Accordingly, the investment is excluded from the fair value hierarchy in 2025 and 2024.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund – Valued using NAV as a practical expedient. Participant transactions (purchases and sales) may occur daily.

Common Stock – Valued at the closing price reported on the active market on which the individual securities are traded. The Company's common stock is traded on the New York Stock Exchange.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Common Stock	$ 6,408,756	$ -	$ -	$ 6,408,756
Mutual Funds	341,417,780	-	-	341,417,780
Total Investments in the Fair Value Hierarchy	$ 347,826,536	$ -	$ -	$ 347,826,536
Investments measured at Net Asset Value per Share (a)				$ 35,173,440
				$ 382,999,976

	2024			
	Level 1	Level 2	Level 3	Total
Common Stock	$ 8,417,011	$ -	$ -	$ 8,417,011
Mutual Funds	296,766,927	-	-	296,766,927
Total Investments in the Fair Value Hierarchy	$ 305,183,938	$ -	$ -	$ 305,183,938
Investments measured at Net Asset Value per Share (a)				$ 35,610,371
				$ 340,794,309

(a) Certain investments that are measured using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV as a practical expedient as of December 31:

Investment Type	Fair Value 2025	Fair Value 2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Fund	$ 35,173,440	$ 35,610,371	$ -	Daily	Daily

Investments in the common and collective trust provides for daily liquidity and has no redemption features or other restrictions.

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Sometimes these and other economic events have a significant adverse impact on investment portfolios. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Company contributions.

NOTE 7 PLAN TAX STATUS

The Plan obtained its latest determination letter on May 29, 2014, in which the IRS stated that the, that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is currently designed and being operated, in material respects, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

The Plan permits participants to invest in La-Z-Boy Incorporated common stock of which Plan participants held approximately 172,000 and 193,000 shares at December 31, 2025 and 2024, respectively. The Company's common stock is traded on the New York Stock Exchange.

Certain Plan investments are managed by Bank of America, N.A., the qualified institution of the Plan; therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 9 NONEXEMPT TRANSACTION

The Company identified certain employee 401(k) deferral contributions that were remitted outside the time limit prescribed by the Department of Labor and were reported as delinquent participant contributions in prior filings. Subsequent review determined that certain contributions previously reported as delinquent were reported in error and did not constitute delinquent participant contributions under Department of Labor requirements. As of December 31, 2025, any remaining contributions determined to be delinquent were corrected during the year ended December 31, 2025. Such delinquent contributions constitute prohibited transactions between the Plan and the Plan Sponsor and are reported in Supplemental Schedule H, Line 4a, Schedule of Delinquent Participant Contributions included with the Plan's Form 5500 for the year ended December 31, 2025.
