CERTIFIED PUBLIC ACCOUNTANTS – AUDIT, LLP

Independent Auditor's Report

To the Plan Administrator and Participants
XPO, Inc. Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of XPO, Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of XPO, Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of XPO, Inc. Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about XPO, Inc. Retirement Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of XPO, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about XPO, Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its

form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

XPO, INC. RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

1. Description of Plan

The following description of the XPO, Inc. Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan's summary plan description for more complete information. The terms "XPO" or "Company" refer to the entity known as XPO, Inc. and its subsidiaries.

The Plan was previously named XPO Logistics Retirement Savings Plan before it was renamed in 2025.

General

The Plan, sponsored by XPO CNW, Inc., is a defined contribution Plan with profit-sharing and salary deferral features and is subject to the provisions of ERISA, as amended. The Plan is intended to qualify under Section 401(a) of the Internal Revenue Code (the "Code"). The Plan was adopted effective January 1, 1984. Overall responsibility for overseeing the Plan rests with the XPO Administrative Committee (the "Committee"), which is appointed by the Chief Executive Officer of XPO. Fidelity is responsible for the control of the Plan's assets, which are held in individual participant investment accounts.

The Plan allows for transfers to the XPO, Inc. 401(k) Plan if a participant in the Plan became eligible to participate in the XPO, Inc. 401(k) Plan.

Eligibility

Effective January 1, 2010, the Company amended the Plan to limit participation to those employees participating as of December 31, 2009. Effective January 1, 2012, the Plan was amended to exclude participation of XPO employees residing in Puerto Rico.

Contributions

Participants may contribute up to 50% of their eligible compensation subject to certain limitations.

XPO makes a non-discretionary basic contribution ("Basic Contribution") to eligible employees equal to 3% of eligible compensation. XPO, at its discretion, may make an additional 1 - 2% Basic Contribution of eligible compensation to eligible employees based on years of employment. Additionally, the Company implemented a discretionary transition contribution ("Transition Contribution") for select participants when the XPO Pension Plan was frozen in 2006. The Transition Contribution can range from 1 - 3% of eligible compensation based on the employee's age and years of service on December 31, 2006. The Plan also provides for a discretionary employer matching contribution ("Matching Contribution") equal to 50% of the first 6% of eligible compensation that participants contribute to the Plan and discretionary employer supplementary contributions ("Supplementary Contribution") paid in proportion to eligible compensation. During 2025 and 2024, XPO made the additional discretionary Basic Contribution and Transition Contribution to the Plan. XPO elected not to make a Matching Contribution or Supplementary Contribution during 2025 and 2024.

Participant Accounts

The Plan allows participants to select any one or more of the investment funds, including a money market

fund, mutual funds, and common collective trusts, established under the Plan in which contributions can be invested.

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and expenses. The benefit to which a participant is currently entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are fully vested at all times in the portion of their accounts attributable to their elective deferrals, rollover contributions, Basic Contributions and Transition Contributions. XPO's Matching Contributions and Supplemental Contributions vest after two years of service with XPO.

Notes Receivable from Participants
The Plan has a loan provision allowing participants access to funds. Loans can be no less than $1,000 and cannot exceed the lesser of $50,000 or 50% of a participant's vested account balance (subject to administrative adjustment to ensure compliance with the 50% limit). Loans can be made for a term not to exceed 4-1/2 years and bear interest at a rate as determined by the Plan Administrator based on commercial lending rates for comparable loans at the time the loan is granted. Loans outstanding as of December 31, 2025 bear interest ranging from 4.25% to 10.50% and mature through 2030. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
Participants can receive a total distribution from their accounts upon retirement, death or termination of employment. Disabled participants can receive a partial distribution of their accounts, provided they qualify for benefits under XPO's long-term disability coverage. Other types of withdrawals are permitted by the Plan in limited situations. Participants can elect to have their accounts distributed in a single lump sum or in a series of substantially equal annual installments, as defined by the Plan. Distributions will be made in cash.

Forfeited Accounts
Forfeited nonvested account balances are used to reduce future employer contributions and/or pay Plan expenses. As of December 31, 2025 and 2024, unallocated forfeitures totaled approximately $37,000 and $17,000, respectively. During 2025 and 2024, forfeitures totaling approximately $12,000 and $13,000, respectively, were used to reduce employer contributions or pay Plan expenses.

Hardship Withdrawals
Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw a portion of their elective deferrals as a result of an immediate and heavy financial need. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of post-secondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence or to prevent eviction or foreclosure from the participant's principal residence.

Plan Termination
Although XPO has no current intention to terminate the Plan, it may do so at any time by resolution of the Board of Directors. In the event that the Plan is terminated, all balances will become 100% vested

and the net assets of the Plan shall be distributed to participants in the amount credited to their accounts.

2. Summary of Significant Accounting Policies

Basis of Presentation
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Risks and Uncertainties
The Plan offers various investments that are generally exposed to various risks, such as interest rate, credit and overall market-volatility risks. Investments are reported at fair value. Due to the risk associated with certain investment securities, it is reasonably possible that the value of investment securities will change and that such changes could materially affect amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition
Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6, "XPO, Inc. Master Trust", for a discussion of fair value measurements.

The annual change in market value, including realized gains and losses, is reported in the Plan's share of XPO, Inc. Master Trust investment income in the accompanying statements of changes in net assets available for benefits.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on the trade-date basis. Both are reported in the Plan's share of XPO, Inc. Master Trust investment income.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the Plan's share of XPO, Inc. Master Trust investment income. For the years ended December 31, 2025 and 2024, the Plan paid direct expenses of approximately $347,000 and $398,000, respectively.

Payment of Benefits
Benefits paid to participants are recorded upon distribution.

Estimates
XPO makes estimates and assumptions when preparing the financial statements in conformity with GAAP. These estimates and assumptions affect the amounts reported in the accompanying financial statements and notes. Actual results could differ from those estimates.

Contribution Receivables
Contribution receivables are contributions earned during the year but not received until the subsequent

period due to the timing of the deposit and can be from either the Company or the participants. Contribution receivables are recorded at cost and due to its nature, the Plan does not establish an allowance for credit losses for contribution receivables.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. The Plan does not establish an allowance for credit losses on notes receivable since the receivables are fully secured by the participants' contributions to the Plan. Delinquent notes receivable from participants may be treated as a distribution based on the terms of the Plan document.

3. Income Tax Status

The Plan received a determination letter from the Internal Revenue Service ("IRS") dated April 2, 2019 that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan has been amended after the period covered by the determination letter, however, XPO believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, XPO believes that the Plan is qualified and the related trust is tax exempt.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

4. Related-Party Transactions and Party-In-Interest Transactions

Certain investment fees are paid by Fidelity and are reflected in the investment income or loss for the year. The Plan also issues loans to participants that are secured by the vested balance in the participants' accounts. As such, the transactions qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules.

Additionally, the Plan sponsor, XPO CNW, Inc., is a party-in-interest to the Plan, however, there are no transactions with the Plan sponsor other than the funding of contributions to the Plan and payment of certain administrative expenses of the Plan, which are exempt transactions.

5. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedule was provided and certified by Fidelity, the trustee, as of December 31, 2025 and 2024 as complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Investment income
- Interest on notes receivable from participants
- XPO, Inc. Master Trust

- Schedule of assets (held at end of year)

6. XPO, Inc. Master Trust

The Master Trust was formed to hold the assets of several of XPO, Inc.'s Plans which are now the XPO, Inc. 401(k) Plan and the XPO, Inc. Retirement Savings Plan. Each plan has a divided interest in the Master Trust.

The following table presents the Plan's divided interest in the Master Trust and the investments of the Master Trust at December 31, 2025:

	Plan's Interest in Master Trust Balances	Master Trust Balances
Investments, at fair value:		
Money market fund	$ 33,574,270	$ 39,207,721
Mutual funds	429,250,394	509,899,284
Common collective trusts	1,489,831,492	2,220,598,401
Total investments	$ 1,952,656,156	$ 2,769,705,406

The following table presents the Plan's divided interest in the Master Trust and the investments of the Master Trust at December 31, 2024:

	Plan's Interest in Master Trust Balances	Master Trust Balances
Investments, at fair value:		
Money market fund	$ 37,444,926	$ 42,962,633
Mutual funds	418,606,131	491,035,107
Common collective trusts	1,387,545,259	1,987,221,726
Total investments	$ 1,843,596,316	$ 2,521,219,466

The following table summarizes the Master Trust's investment income for the years ended December 31:

	2025	2024
Interest and dividend income	$ 31,351,047	$ 24,723,314
Net appreciation in fair value of investments	356,744,096	294,590,282
Investment income	$ 388,095,143	$ 319,313,596

Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a framework for fair value measurement, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority

to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodology used as of December 31, 2025 and 2024.

Money market fund - Valued at the published quoted price.

Mutual funds - Valued at the daily closing price reported on the active market on which the individual securities are traded.

Common collective trusts - The Plan's interest in the common collective trusts are valued at the net asset value ("NAV") of the common collective trust's underlying investments as based on information reported by the investment advisor using the audited financial statements or daily reported NAV of the common collective trust at year-end. The NAV is used as a practical expedient to estimate fair value. Participant transactions can occur daily.

The following tables summarize the valuation of the Master Trust investments within the fair value hierarchy:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 39,207,721	$ -	$ -	$ 39,207,721
Mutual funds	509,899,284	-	-	509,899,284
Total	$ 549,107,005	$ -	$ -	549,107,005
Investments at NAV:				
Common collective trusts				2,220,598,401
Total investments				$ 2,769,705,406

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 42,962,633	$ -	$ -	$ 42,962,633
Mutual funds	491,035,107	-	-	491,035,107
Total	$ 533,997,740	$ -	$ -	533,997,740
Investments at NAV:				
Common collective trusts				1,987,221,726
Total investments				$ 2,521,219,466

The following table provides information regarding redemption of Master Trust investments where the NAV has been used to measure fair value as of December 31:

	Fair Value 2025	Fair Value 2024	Redemption Frequency	Redemption Notice Period
Common collective trusts	$ 2,220,598,401	$ 1,987,221,726	Daily	1-2 days

The common collective trusts include investments that are operated by a trust company that manages a pooled group of trust accounts. Common collective trusts combine the assets of various institutional investors to create a larger, well-diversified portfolio. Each investor owns a participating interest that is calculated in units and represents a portion of the holdings of the fund.

Included in the common collective trusts held at December 31, 2025 and 2024 is a stable value fund with the investment objective to maximize current income consistent with the maintenance of principal and to provide for benefit-responsive participant withdrawals at contract value for certain events without penalty. Certain events may result in the stable value fund not trading at contract value. Such events include, but are not limited to, partial or complete legal termination of the trust or a unit holder, tax

disqualification of the trust or unit holder, and certain trust amendments if the issuers' consent is not obtained. Additionally, the Master Trust is required to provide 12 months advance written notice should they desire to eliminate the stable value fund option.

The remainder of the investments in common collective trusts can generally be redeemed without restriction; however, in certain cases, redemption or purchase may be limited to prevent excess and/or short-term trading. There were no unfunded commitments related to the common collective trusts as of December 31, 2025 and 2024.

7. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits as reported on the Plan's financial statements to amounts reported on the Form 5500 at December 31:

	2025	2024
Net assets available for benefits reported on the financial statements	$ 1,998,469,408	$ 1,892,918,762
Deemed distributions	(4,625,074)	(4,622,850)
Net assets available for benefits reported on the Form 5500	$ 1,993,844,334	$ 1,888,295,912

The following is a reconciliation of the net increase in net assets available for benefits as reported on the Plan's financial statements to amounts reported on the Form 5500 for the years ended December 31:

	2025	2024
Net increase in net assets available for benefits reported on the financial statements	$ 105,550,646	$ 78,416,763
Net change in deemed distributions	(2,224)	(84,360)
Net increase in net assets available for benefits reported on the Form 5500	$ 105,548,422	$ 78,332,403

8. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2026, the date the financial statements were available for issuance and there is nothing to report.
