Report of Independent Auditor

To the Plan Administrator
Vendor Direct Solutions, LLC 401(k) Plan
Los Angeles, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Vendor Direct Solutions, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section:

- The amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

2025 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Delinquent Participant Contributions – Form 5500, Schedule H, Part IV, Line 4a for the year ended December 31, 2025 and Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

The financial statements as of and for the year ended December 31, 2024, were audited by other auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 13, 2025, indicated that: (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1—Description of the Plan

The following description of Vendor Direct Solutions, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and Eligibility – The Plan is a defined contribution plan covering the employees of Vendor Direct Solutions, LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments. The Company is the Plan sponsor and serves as the Plan administrator and is responsible for oversight of the Plan as well as determining the appropriateness of the Plan's investment offerings and monitoring of investment performance. The Plan's record-keeper is Ascensus, LLC and the trustee is Ascensus Trust Company ("Trustee").

Employees of the Company are eligible to participate in the Plan after the attainment of age 21 and completion of either three months of service or three consecutive years of service each with 500 hours of service (reduced to two consecutive years of service with at least 500 hours of service in each year, effective January 1, 2025). Union, nonresident aliens, and leased employees are not eligible to participate. The Plan entry dates are the first of the month immediately following the date the employee satisfies the age and service requirements.

Contributions – Each year, participants may contribute a percentage of their pre-tax eligible compensation, as defined by the Plan agreement, in an amount not in excess of the maximum allowed by the Internal Revenue Code ("IRC"). Upon the participant's eligibility, the participant is automatically enrolled in the Plan with an automatic deferral set at 1% of compensation unless the participant makes a contrary election. Participants who have reached age 50 as of the end of the Plan year are eligible to make catch-up contributions as defined by the IRC. Participants are permitted to contribute amounts representing distributions (rollovers) from other qualified plans.

The Company may make discretionary matching contributions equal to a percentage of the participant's eligible compensation contributed to the Plan annually. This percentage is determined each year by the Company. Eligible participants must complete at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year. The Company may also make discretionary profit sharing contributions to the Plan. Profit sharing contributions are allocated among participant allocation groups, with each eligible participant constituting a separate allocation group. Eligible participants are not required to complete a minimum number of hours of service during the Plan year or be employed on the last day of the Plan year to receive an allocation. There were no employer discretionary contributions for the year ended December 31, 2025.

The Company may also make qualified non-elective contributions ("QNECs") to satisfy applicable nondiscrimination requirements or to correct operational errors. QNECs are fully vested. Contributions made to satisfy nondiscrimination requirements are allocated under a determinable formula established in writing and communicated to the Trustee for the applicable Plan year, subject to the Plan's provisions. Contributions made to correct operational errors are allocated to affected participants in accordance with applicable correction guidance. Employer QNEC contributions receivable of $3,202 as of December 31, 2024 represent corrective contributions for missed deferrals on eligible compensation, as defined by the Plan document, in addition to lost earnings for delinquent contributions to the Plan (Note 11). The Company remitted QNEC contributions totaling $3,796 to the Plan during 2025.

Participant Accounts – Each participant's account is credited with the participant's contributions, rollover contributions, the Company's discretionary matching contributions, if any, an allocation of the Company's discretionary profit sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of their account to any of the investment options available under the Plan.

Note 1—Description of the Plan (continued)

Vesting – Participants are vested immediately in their elective contributions, rollover contributions and QNEC contributions, plus actual earnings thereon. Participants are vested in discretionary employer matching contributions and discretionary employer profit sharing contributions based on continuous years of service. A year of service is defined as 1,000 hours within a Plan year. The vesting schedule for these employer contributions is as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participants become fully vested in their accounts upon attaining normal retirement age, age 65, provided they are employed by the Company on or after that date. Participants also become fully vested upon death or total and permanent disability occurring before retirement or other severance of employment. In addition, participants and eligible employees hired on or before December 31, 2014 become fully vested upon satisfying the Plan's early retirement requirements of age 55 and six credited years of service for vesting purposes.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The interest rates on loans are determined by the prevailing interest rate charged by persons in the business of lending money for loans under similar circumstances, as defined. Loan terms shall not exceed five years, unless the loan is for the purchase of a primary residence, in which case the loan must be payable within a reasonable time commensurate with the repayment period permitted by commercial lenders for similar loans as determined by the plan administrator. Principal and interest are paid ratably through bi-weekly payroll deductions. Loans outstanding at December 31, 2025 and December 31, 2024 bore interest at rates ranging from 5.25% to 10.50% per annum. Loans outstanding at December 31, 2025 mature through June 2029.

Forfeited Accounts – Forfeited balances of terminated participants' nonvested accounts may be used to pay Plan expenses or reduce future Company contributions. There were no forfeitures applied for the year ended December 31, 2025. Unallocated forfeitures at December 31, 2025 and 2024 amounted to $109 and $104, respectively.

Payment of Benefits – Upon termination of service due to death, disability, retirement, or for other reasons specified by the Plan document, a participant (or beneficiary) may elect to receive a lump-sum payment, equal installments or partial withdrawals of their account. Vested account balances that do not exceed $7,000 upon termination will be distributed without participant consent. Participant consent is required for distributions when the participant's vested account balance exceeds $7,000. In-service distributions are also permitted upon meeting certain requirements, as defined by the Plan.

Hardship Withdrawals – A participant may be permitted to withdraw a portion or all of the balances of their individual account that is attributable to the participant's tax-deferred compensation (with earnings) for the reasons specified by and to the extent permitted under regulations issued by the Internal Revenue Service ("IRS").

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation or depreciation in investments includes the Plan's gains and losses in investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Plan Expenses – The majority of costs and expenses of administering the Plan are allocated and charged to participant accounts. The Plan permits the payment of Plan expenses to be made from the Plan's assets. Certain administrative expenses of maintaining the Plan may be paid directly by the Company, which is a party-in-interest. These expenses would not be reflected in the financial statements and constitute exempt party-in-interest transactions under ERISA.

Excess Contributions Payable – Excess contributions payable represents amounts refunded to participants after year-end to comply with regulatory and Plan contribution limitations.

Note 3—Investments

The Plan assets are held by the Trustee, pursuant to the trustee agreement which provides that all funds received by the Trustee shall be held, administered, invested and distributed by the Trustee, and that no part of the corpus or income shall be used for, or directed to, purposes other than for the exclusive benefit of the participants or their beneficiaries. Amounts may be temporarily invested in a cash account prior to investment in the Plan's investment accounts.

In the statement of changes in net assets available for benefits, the Plan presents the net appreciation in investments of $273,965 which consists of realized gains or losses, and unrealized market value changes of investments.

Note 4—Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 or 2024.

Non-Interest Bearing Cash – Valued at cost.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset values and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Note 4—Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Non-interest bearing cash	$ 502	$ -	$ -	$ 502
Mutual funds	2,046,951	-	-	2,046,951
	$ 2,047,453	$ -	$ -	$ 2,047,453

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Non-interest bearing cash	$ 434	$ -	$ -	$ 434
Mutual funds	2,010,956	-	-	2,010,956
	$ 2,011,390	$ -	$ -	$ 2,011,390

Note 5—Information prepared and certified by the trustee

The Plan administrator has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of:

- Cash, investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Cash, investments and notes receivable from participants reflected on the Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i.

Note 6—Plan termination

Although it is currently the intent of the Company to continue the Plan, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

Note 7—Tax status

The Plan document is a non-standardized pre-approved profit sharing plan that received a favorable opinion letter from the IRS on June 30, 2020, which stated the Plan, as then designed, was in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 8—Risks and uncertainties

The Plan invests in various investment instruments. Investment instruments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9—Party-in-interest transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by affiliates or employees of the Company. No such affiliate receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The administrative fees paid by the Plan include account fees which are charged to participants, and third party fees for Plan administration. Expenses paid to parties-in-interest are reflected as a reduction in the investment returns of the individual investments held by the Plan and reflect party-in-interest transactions. Plan investments are managed by the Trustee. Transactions with the Trustee qualify as exempt party-in-interest transactions.

Note 10—Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 2,092,956	$ 2,041,246
Employer QNEC receivable	-	(3,202)
Excess contributions payable	-	2,056
Net assets available for benefits per Schedule H, Form 5500	$ 2,092,956	$ 2,040,100

The following is a reconciliation of the net change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025:

Net change per the financial statements	$ 51,710
Change in employer QNEC receivable	3,202
Change in excess contributions payable	(2,056)
Net change per Schedule H, Form 5500	$ 52,856

Note 11—Prohibited transactions

During the years ended December 31, 2020, 2023, 2024, and 2025, the Plan failed to comply with the regulations concerning the timely remittance of participants' contributions to the trust containing assets for the Plan. Accordingly, participants' contributions, including loan repayments, totaling $92,788 were remitted to the Plan late. The principal amount of the contributions has been remitted to the Plan. The Company remitted lost earnings related to the 2020, 2023, and 2024 late contributions in 2025 and remitted lost earnings related to the 2025 late contributions in 2026.

Note 12—Subsequent events

Effective September 1, 2026, the Plan's assets were transferred from Ascensus Trust Company to Fidelity Management Trust Company in connection with a change in Plan record-keeper and trustee. The transfer of approximately $2,350,000 was treated as a transfer of Plan assets.

Subsequent events have been evaluated by the Plan through October 13, 2026, which is the date the financial statements were available to be issued.
