Independent Auditor's Report

To the Participants and Plan Administrator of
Persistent Systems 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed an audit of the accompanying financial statements of Persistent Systems 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by a bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certification from a qualified institution as of December 31, 2025, and for the year ended December 31, 2025, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the auditor's responsibilities for the audit of the financial statements section —

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by the institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the scope and nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters - Supplemental schedules required by ERISA

The supplemental schedules of Schedule H, Part IV, Line 4a – Schedule of delinquent participant contributions for the year ended December 31, 2025, and Schedule H, Part IV, Line 4i – Schedule of assets held as of December 31, 2025, (referred to as the "supplemental information"), are presented for purposes of additional analysis and not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by the institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Persistent Systems 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective January 1, 2025, covering all employees of the adopting employer, Persistent Systems Inc. (the "Company" or "Plan Sponsor" or "Plan Administrator") and participating employers, Persistent Systems Limited and Persistent Telecom Solutions (collectively the “Companies”) subject to the eligibility requirements and exclusions set forth in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute an amount equal to a dollar amount or a percentage of the participant's eligible compensation, as defined in the Plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 01, 2025, pursuant to provisions of the SECURE 2.0 Act of 2022 adopted by the Plan Sponsor, participants ages 60 through 63 may make enhanced catch-up contributions subject to applicable IRC limits. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Companies provide discretionary matching contributions equal to 50% of participants’ elective deferrals, limited to 2% of each participant’s eligible compensation and a maximum of $2,600 per participant per Plan year. A participant must defer at least 4% of eligible compensation to receive the maximum percentage match. Plan provisions also allow the Companies to make discretionary non-elective contributions. For the year ended December 31, 2025, no discretionary non-elective contributions were made to the Plan.

Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain IRC limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, rollover contributions, Companies' discretionary matching and discretionary non-elective contributions and an allocation of the Plan’s earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan.

Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and rollover contributions plus actual earnings thereon. Vesting in the Companies' discretionary matching and discretionary non-elective contributions are based on years of continuous service as below:

Years of Service	**Percentage**
Less than 1	0
1	25
2	50
3	75
4 or more	100

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates equal to the prime rate, plus 1 percent. Principal and interest are paid ratably through payroll deductions. Terms range up to 5 years except for purchase of a primary residence which may have repayment terms that exceed 5 years but not more than 15 years. Delinquent loans are treated as deemed distributions when the applicable requirements are met. Loan offsets against participant account balances upon a distributable event are treated as taxable distributions.

Benefit payments

In-service withdrawals of all or a portion of a participant’s vested account balance may be made by a participant after reaching age fifty-nine and a half. Upon normal retirement at age sixty-five, disability, or death, the participant or beneficiary may receive the value of the account as set forth in the Plan document.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, disability, or death, may receive the value of their vested account by transfer to another qualified plan or individual retirement account or as set forth in the Plan document.

If a terminated participant’s vested balance is less than or equal to $7,000, the amount may be automatically distributed in the form of a rollover into an individual retirement account designated by the Plan Administrator. In

addition, the Plan allows for hardship distributions if certain criteria are met.

Distributions from the Plan will normally be subject to income taxes and, in certain circumstances, may also be subject to Internal Revenue Service (“IRS”) penalties unless the distribution is transferred to another qualified plan or individual retirement account.

Forfeitures

Participants who terminate employment before they are fully vested forfeit all rights to any non-vested portion of their account. Consistent with the terms of the Plan, forfeitures are available to pay eligible Plan administrative expenses and/or reduce future employer contributions. As of December 31, 2025, forfeited non-vested accounts totaled $61,072, which includes adjustments for earnings and losses, amounting to $6,996 and forfeiture balances transferred to the Plan during the year amounting to $35,475 for the year ended December 31, 2025. Forfeitures of terminated employees’ non-vested accounts totaled $323,471 during the year ended December 31, 2025. During the year ended December 31, 2025, $NIL were utilized for paying Plan expenses. During the year ended December 31, 2025, $304,870 were used to reduce employer contributions.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. The Plan was established effective January 1, 2025, and accordingly, these are the first financial statements of the Plan, and they are prepared on a noncomparative basis for the year ended December 31, 2025.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments in mutual funds and pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in common/collective trusts are measured at fair value using net asset value (NAV) as a practical expedient in accordance with Financial Accounting Standards Board

(FASB) Accounting Standards Codification (ASC) 820. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company, as applicable. See note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant contributions are recorded in the period in which the related amounts are withheld from participants' compensation. Employer contributions are recorded in the period in which they are earned in accordance with the terms of the Plan. Contributions due to the Plan at year-end are reported as contributions receivable. Employer contributions presented in the Statement of Changes in Net Assets Available for Benefits are reported net of forfeitures used to reduce employer contributions.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Payment of Benefits

Benefits are recorded when paid.

Deemed Distributions and Loan Offsets

Participant loans that are in default and satisfy the applicable requirements of the IRC are treated as deemed distributions for tax-reporting purposes. Deemed distributed loans are not included in notes receivable from participants and are excluded from the Plan's net assets available for benefits. Although a deemed distribution is taxable to the participant, the participant may remain obligated to repay the loan in accordance with the Plan's provisions. If repayment is not made and a distributable event subsequently occurs, any outstanding loan balance may be offset against the participant's account balance. Loan offsets are recognized as benefit payments when the outstanding loan balance is deducted from the participant's account in accordance with the provisions of the Plan.

Corrective Distributions

Corrective distributions (such as excess deferrals or ADP/ACP refunds) are recorded as deductions from net assets when paid.

Expenses

Certain expenses for maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses that are paid by the Companies are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan evaluated all events and transactions that occurred after December 31, 2025, through the date the financial statements were available to be issued. Based on the evaluation, the Plan states that the delinquent contributions amounting to $71,517 identified during Plan year 2025 were corrected during Plan year 2026 as per note 11.

3. Information Certified by Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for Plan year ended December 31, 2025. Accordingly, Empower Trust Company, LLC, the custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, Fair Value Measurement, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used as of December 31, 2025.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/ collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Pooled separate accounts: Valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

Assets as of December 31, 2025	Level 1	Level 2	Level 3	Total
Mutual funds	74,873,537	-	-	74,873,537
Pooled separate account	-	2,658,035	-	2,658,035
Common/ collective trusts (a)	-	-	-	5,364,124
Total investments	74,873,537	2,658,035	-	82,895,696

(a) In accordance with FASB ASC 820, certain investments that were measured at NAV per share (or its equivalent) used as a practical expedient to estimate fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investments that Calculate NAV

The following table summarizes investments measured at fair value using NAV per share as a practical expedient as of December 31, 2025. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/ collective trusts	5,364,124	-	Daily	None

There were no transfers between Level 1, Level 2, and Level 3 during the year ended December 31, 2025.

5. Concentration

The following table presents investments that represent 5% or more of the Plan’s net assets available for benefits as of December 31, 2025:

Fund Name	2025 $	2025 %
Fidelity 500 Index	17,477,650	21
Fidelity Freedom Index 2045 Premier	10,059,056	12
Fidelity Freedom Index 2040 Premier	6,956,519	8
Fidelity Freedom Index 2050 Premier	6,672,991	8
Fidelity Freedom Index 2035 Premier	5,476,368	7
Fidelity Freedom Index 2055 Premier	4,311,467	5

6. Transfer of assets into the Plan

Effective January 1, 2025, participant account balances and related Plan assets including loan balances totaling $61,765,407 were transferred into the Plan from TriNet 401(k) Plan a Professional Employer Organization (PEO) Plan.

Effective May 1, 2025, the Starfish Associates, LLC Retirement Plan was merged into the Plan. As a result of the merger, participant account balances and related plan assets amounting to $4,905,905 were transferred into the Plan.

7. Related-Party and Party-in-Interest Transactions

Persistent Systems Inc. serves as the Plan Administrator. The Plan Administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions that may affect eligibility for benefits.

Empower Trust Company, LLC, serves as the custodian of the Plan and manages and maintains certain investments during the Plan year. Empower Annuity Insurance Company of America provides services to the Plan as a third-party plan administrator and recordkeeper for which administration fees were charged to the Plan. In addition to this, the Companies provide certain accounting and administrative services to the Plan for which no fees are charged. Party-in-interest transactions also include loans made to participants.

Such transactions, while considered party-in-interest transactions under ERISA, are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

8. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue

its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in employer contributions.

9. Tax Status

The Plan adopted a pre-approved plan offered by Empower Retirement LLC. The pre-approved plan received an IRS Opinion Letter dated November 14, 2022, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the IRS Opinion Letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

The Plan management has evaluated the Plan’s tax positions and concluded that the Plan had no uncertain tax positions requiring recognition or disclosure as of December 31, 2025. The Plan is subject to routine examinations by taxing authorities; however, no examinations are currently in progress.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

11. Delinquent Participant Contributions

During the year ended December 31, 2025, due to unintentional delays, the Companies failed to remit certain participant contributions, including loan repayments, to the Plan on a timely basis as defined by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The delayed contributions totaling $71,682 were remitted to the Plan during Plan year 2025.

Of the total $71,682 in delinquent contributions for Plan year 2025, $71,517, were corrected during Plan year 2026. The Companies will calculate and remit lost earnings in accordance with DOL guidelines for late deposits on the remaining delinquent contributions amounting to $165.

Plan Year	Total delayed contributions	Delays corrected	Delays not corrected	Correction year(s)
2025	71,682	71,517	165	2026

Late remittances of participant contributions and loan repayments constitute non-exempt prohibited transactions under ERISA and the IRC. Any applicable excise taxes and required filings (including VFCP/PTE 2002-51, if applicable) are the responsibility of the Plan Sponsor.

The Plan did not engage in any other non-exempt transactions during the year presented.

12. Reconciliation of Financial Statements to Form 5500

There are no reconciling items between the net assets available for benefits as of December 31, 2025, and the increase in net assets available for benefits reported for the year ended December 31, 2025, in the financial statements and Schedule H of Form 5500.
