General Linen Service, LLC Profit
Sharing 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of General Linen Service, LLC Profit Sharing 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the General Linen Service, LLC Profit Sharing 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of General Linen Service, LLC (the Company). The Plan was established by the Company effective January 1, 1987 and is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

On December 29, 2022, the *Setting Every Community Up for Retirement Enhancement Act of 2022* (SECURE 2.0 Act) was signed into law. It includes mandatory and optional provisions impacting defined contribution plans. Applicable provisions outlined in the SECURE 2.0 Act have been or will be adopted as elected or required.

Eligibility and Participation

All employees of the Company are eligible to participate in the Plan except employees who are 1) temporary employees, 2) leased employees or 3) certain nonresident aliens who have no earned income from sources within the United States. Employees are eligible to participate in the Plan on the first day of the month coinciding with or next following the date in which the employee completes one year of service, as defined.

The SECURE 2.0 Act expanded eligibility for certain long-term part-time (LTPT) employees. Effective January 1, 2024, part-time employees who have completed 500-999 hours of service in the three most recent consecutive years (2021 – 2023) are eligible to participate in the Plan. Effective January 1, 2025, part-time employees who have completed between 500 and 999 hours of service in the two most recent consecutive years (2023 – 2024) are eligible to participate in the Plan.

Contributions

Each year, participants may elect to contribute a portion of their eligible compensation, as defined in the Plan document, on a pre-tax basis up to the maximum allowable under federal tax limitations. Participants may also contribute amounts representing rollover distributions from other qualified benefit or contribution plans. Effective August 1, 2022, the Plan was amended to include an automatic contribution arrangement, where eligible employees will be automatically enrolled in the Plan at a rate of 4% of eligible compensation, as defined once eligibility requirements are met. Participants may revoke salary deferral elections or make any other modifications on the first day of each month.

The Plan permits the Company to provide a discretionary matching contribution. During 2025, the Company provided for a discretionary matching contribution of 50% of the first 4% of compensation up to a maximum 2%. The Company may also elect to make a discretionary profit sharing employer contribution each year, which is generally allocated to all eligible participants based upon their pro-rata share of eligible Plan compensation. A participant must be employed on the last day of the Plan year to receive the discretionary profit sharing employer contribution, except in the year of death, disability or retirement. No such contribution was made by the Company in 2025.

1. Description of Plan (Continued)

Rollover contributions are subject to conditions stated in the Plan and in the appropriate sections of the Internal Revenue Code (the Code).

Participants' Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and, (b) Plan earnings or losses, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings or losses thereon. Employer matching contributions and employer profit sharing contributions are vested as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20
3	40
4	60
5	80
6	100

Participants are 100% vested upon normal retirement age, disability or death, as defined in the Plan document.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 to a maximum equal to the lesser of $50,000 or 50% of their account balance. Generally, the term of the notes receivable is 5 years, except where proceeds are used to purchase a primary residence as these may have terms longer than 5 years. A participant may have a maximum of two notes outstanding at one time. The notes receivable are secured by the balance in the participant's account and bear interest at the prime rate, plus 2%, at the inception of the loan. Interest rates ranged from 5.25% to 9.50% at December 31, 2025 with various maturities through August 2028. Principal and interest are paid ratably through weekly payroll deductions.

Investment Options

All contributions to the Plan are invested in the various investment options offered by the Plan at the election of the participants. Each participant selects the fund(s) to which contributions will be allocated.

1. Description of Plan (Continued)

Plan Expenses

Administrative expenses are generally paid by the Company. Certain expenses resulting from Plan payments, asset charges, loan set-up charges or fund transfers are deducted directly from participant accounts. Also, in accordance with the fee agreement certain fees incurred by the Plan for investment management services are included in investment income on the Statement of Changes in Net Assets Available for Benefits as they are paid through revenue sharing, rather than direct payment.

Payment of Benefits

The Plan provides for participants to withdraw their funds at any time upon attainment of the normal retirement age as stated in the Plan document. Such withdrawals are based on the vested amount in the participant's accounts as of the valuation date coinciding with or immediately after the participant's retirement date. The Plan allows for single lump-sum payments. The Plan also provides for withdrawals in the event of death, disability, hardship or termination as provided for in the Plan Agreement. The Plan also allows for in-service withdrawals once the participant reaches 59½. The Plan provides for the automatic direct rollover to an IRA account for terminated participants for balances of not more than $7,000, unless directed otherwise by the participant, in accordance with the Plan's involuntary cash-out provisions.

Forfeitures Account

Forfeited balances of terminated participants' nonvested accounts are used at the Plan Sponsor's discretion and may be used to reduce any employer contributions, be reallocated to participants as additional contributions or to pay Plan expenses. During 2025, $11,624 of forfeitures were used to pay Plan expenses. As of December 31, 2025 and 2024, the balance remaining in the forfeitures account was $67,232 and $72,477, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Contributions

Participant contributions and matching contributions are recorded in the period in which payroll deductions are made. Company profit sharing contributions are determined on an annual basis.

Payment of Benefits

Benefit payments are recorded when paid.

2. Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the loan is deemed defaulted in accordance with the Plan document, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator or the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for plan benefits during the reporting period. Actual results could differ from these estimates.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. See note 7 for disclosure of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Subsequent Events

Events occurring after the statement of net assets available for benefits date are evaluated by Plan management to determine whether such events should be recognized or disclosed in the financial statements. Plan management has evaluated subsequent events through October 9, 2026, which is the date these financial statements were available to be issued.

3. Income Tax Status

The Plan is subject to ERISA and certain provisions of the Code. The Plan operates under a non-standardized pre-approved plan document sponsored by SetAway, LLC (SetAway). The non-standardized pre-approved plan has received an opinion letter from the Internal Revenue Service (IRS) as to the qualified status dated November 23, 2020, stating that the Plan was designed in accordance with applicable IRS requirements. The non-standardized pre-approved plan opinion letter has been relied upon by the Plan. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and is tax-exempt as of the financial statement date. The Plan Administrator has indicated that it will take necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management evaluated the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts (see note 1).

5. Information Certified by the Custodian

The Plan Administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by John Hancock Life Insurance Company (John Hancock), the custodian, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedule. The Plan Administrator has obtained certifications from the custodian stating that the information provided to the Plan Administrator by the custodian is complete and accurate. Such information includes noninterest bearing cash, investments, net appreciation in fair value of investments, investment transactions, notes receivable from participants, interest income on notes receivable and notes receivable transactions. The Plan Administrator has determined that the custodian meets the requirements of a qualified institution as defined by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

6. Party-In-Interest Transactions

Administrative expenses charged to the Plan were $25,493 for the year ended December 31, 2025. Administrative expenses include amounts paid to SetAway, the third-party administrator, and John Hancock, the custodian, as well as investment advisory and audit fees. Also, a significant portion of the Plan's assets are invested in pooled separate accounts and a cash account managed by the custodian. These transactions qualify as a party-in-interest transaction; however, these are exempt from the prohibited transaction rules under ERISA. In addition, loans to participants qualify as party-in-interest transactions.

7. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Plan uses various methods including market, income and cost approaches. Based on these approaches, the Plan often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy based on the lowest level of any input that is significant to the fair value measurement. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 – Valuations based on quoted prices in active markets for identical assets or liabilities. Valuations are obtained from readily available pricing sources for market transactions involving assets or liabilities.

Level 2 – Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.

Level 3 – Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities. All assets and liabilities for which the fair value measurement is based on significant unobservable inputs are classified as Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled separate accounts: Valued at net asset value, which is based on the quoted market prices of the underlying assets of the fund.

7. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurements*, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. Therefore, there is no hierarchy required for the pooled separate accounts held by the Plan totaling $6,220,277 and $5,827,774 at December 31, 2025 and 2024, respectively. The Plan does not hold any other investments requiring classification within the hierarchy.

The various classes of pooled separate accounts are as follows as of December 31:

	2025	2024
Asset Allocation – Target Date	$3,372,772	$3,195,739
Asset Allocation – Lifestyle	195,035	342,482
Guaranteed Income Feature	43,598	36,112
Stable Value	25,626	23,420
Income	62,631	54,592
Growth and Income	3,684	3,086
Growth	2,143,630	1,799,786
Aggressive Growth	373,301	372,557
	$6,220,277	$5,827,774

The significant investment strategies of the pooled separate accounts measured at net asset value using the net asset value per share practical expedient are as follows:

Asset Allocation – Target Date: These funds are model portfolios that seek to provide a high total return through the balance of growth, income and capital conservatism through a mix of equity and fixed income exposures through the target retirement date, with a greater focus on income beyond the target date.

Asset Allocation – Lifestyle: These funds seek to achieve long-term growth of capital by investing in a combination of both equity and fixed income securities.

Guaranteed Income Feature: These funds seek long-term growth of capital and current income, while seeking to both manage the volatility of return and limit the magnitude of portfolio losses.

Income: These funds seek current income with capital appreciation and growth of income, primarily by investing in fixed income securities through broad sectors of the bond market and gaining exposure to various types of credit and interest rate risk.

7. Fair Value Measurements (Continued)

Stable Value: These funds seek to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term.

Growth and Income: These funds seek a balance between a high level of income and the growth of capital, with a higher degree of emphasis on growth from exposure to various equity allocations.

Growth: These funds seek capital appreciation foremost by investing in equity securities across domestic and international markets. The secondary focus on these funds is current income.

Aggressive Growth: These funds seek rapid growth and capital appreciation through investing in domestic, international or emerging country equity markets, with a heavier concentration on riskier techniques than core growth strategies.

There are no unfunded commitments associated with the pooled separate accounts. Redemption is allowed on a daily basis with these investments.

8. Reconciliation of the Financial Statements to Form 5500

Notes receivable from participants are reflected as a receivable on the financial statements which is different from the Form 5500 presentation. On Form 5500, notes receivable from participants are classified as investments. Noninterest bearing cash is reported separately from investments on the financial statements.
