Independent Auditor's Report

Participants and 401(k) Committee
PCCP, LLC 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of PCCP, LLC 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters—Supplemental Schedule Required by ERISA
The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following brief description of the PCCP, LLC 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General: The Plan is a defined contribution plan sponsored by PCCP, LLC (the Company) for the benefit of eligible employees who have reached age 21 and have completed one month of service, as defined in the Plan. Employees may begin participating in the Plan on the first day of the month subsequent to meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute up to 100% of pre-tax annual compensation, as defined, up to the annual limit allowed by law. The Plan also provides for automatic enrollment contributions upon meeting eligibility requirements at a default rate of 6% for all eligible employees, unless a different rate or an election not to contribute has been submitted, and provides for an increase in the automatic enrollment deferral rate by 1% each year until it reaches a maximum of 10%, unless the participant elects otherwise. Participants may also contribute Roth 401(k) contributions and amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Plan also allows for after-tax employee contributions, which is limited to 8% of total compensation. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions, as defined. Participants who have attained age 60 before the end of the plan year are eligible to make additional catch-up contributions.

The Company may contribute a discretionary matching contribution to eligible participants who have completed six months of service and are employed on the last day of the plan year. For the year ended December 31, 2025, the discretionary matching contribution was equal to the lessor of 50% of a participant's contributions or 4% of a participant's gross eligible compensation for the 2025 plan year, with a maximum limit of $7,000, which amounted to $750,675 for the year ended December 31, 2025.

Investment options: Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers various shares of registered investment companies, common/collective trusts and a money market fund as investment options for participants. Participants may change their investment options daily.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance on their account during the prior 12-month period, or 50% of their vested account balance. A participant is limited to two outstanding notes at any time. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 8.50% as of December 31, 2025, which is commensurate with local prevailing rates at the time of the loan origination as determined by the Plan Administrator. Loans may not exceed five years unless the purpose of the loan is to acquire a primary residence in which case they may not exceed 10 years. Principal and interest are paid ratably through payroll deductions.

Participant accounts: Each participant's account is credited with the participant's contribution and Company discretionary matching contributions, if any, and receives allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their account is based on years of service in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than 1	0%
1, but less than 2	20%
2, but less than 3	40%
3, but less than 4	60%
4, but less than 5	80%
5 or more	100%

Payment of benefits: On termination of service due to death, disability or retirement, a participant or beneficiary may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the interest in his or her account as a lump-sum distribution. If a participant's vested benefit is more than $1,000 but equal to or less than $7,000 upon termination of service, the Plan Administrator is required to distribute the benefit into an Individual Retirement Account without consent from the participant if the participant does not make a distribution election after receiving the required notification. If a participant's vested benefit is less than $1,000 upon termination of service, the Plan Administrator is required to distribute the benefit directly to the participant without consent. In-service and hardship withdrawals are permitted as described in the Plan document.

Forfeitures: At December 31, 2025 and 2024, forfeited nonvested accounts totaled $30,496 and $14,901, respectively. These forfeitures will be used to fund future Company contributions or pay Plan expenses as determined by the Plan Administrator. During 2025, $14,901 of forfeitures were used to fund Company contributions.

Administrative expenses: The Plan is responsible for payment of investment advisory and recordkeeping fees; however, the Company may pay the Plan's expenses directly. Expenses that are paid by the Company are excluded from these financial statements. Certain transaction costs, such as benefit payment fees, are charged directly to individual plan participants' accounts.

Other income: Pursuant to an agreement that was amended effective December 1, 2019, to provide elective and professional and administrative services between the Company and Fidelity Management Trust Company, the latter agrees to make revenue sharing payments to the Plan to pay its reasonable and actually incurred Plan administrative expenses in an amount equal to 13 basis points of total plan assets determined based upon average quarterly assets, which will be paid in quarterly installments. For the year ended December 31, 2025, the Plan received revenue sharing payments amounting to $5,204 which were used to pay Plan administrative expenses. As of December 31, 2025, the balance in the Plan expense account, which holds these revenue sharing payments, amounted to $0.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect reported amounts of assets and liabilities, and changes therein. Actual results may differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Contributions: Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation. In a year where there is a discretionary matching contribution from the Company, such contribution is funded subsequent to the applicable plan year end but is recorded in the year in which the contribution pertains to.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan has evaluated subsequent events through September 15, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Fidelity Management Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and income information for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following asset and income information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2025	2024
Shares of registered investment companies, including money market funds	$ 27,002,290	$ 21,695,519
Units of common/collective trusts	33,264,707	28,257,497
Notes receivable from participants	179,363	155,912
Net appreciation in fair value of investments	7,109,992	
Interest income and dividends	975,961	
Interest income on notes receivable from participants	10,040	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

***Shares of registered investment companies, including money market funds*:** Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

***Units of common/collective trusts*:** Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies including money market funds	$ 27,002,290	$ -	$ -	$ 27,002,290
Total assets in fair value hierarchy	$ 27,002,290	$ -	$ -	27,002,290
Investment measured at NAV (a)				33,264,707
Investments at fair value				$ 60,266,997

	2024			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies including money market funds	$ 21,695,519	$ -	$ -	$ 21,695,519
Total assets in fair value hierarchy	$ 21,695,519	$ -	$ -	21,695,519
Investment measured at NAV (a)				28,257,497
Investments at fair value				$ 49,953,016

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table sets forth the fair value of investments in certain funds that calculate NAV per share (or its equivalent) as of December 31, 2025 and 2024:

Investment	Fair Value 2025	Fair Value 2024	Unfunded Commitment	Plan's Redemption Frequency	Plan's Redemption Notice Period
Units of common/collective trusts	$ 33,264,707	$ 28,257,497	$ -	Daily	12 Months

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no transfers in or out of Level 3.

Note 5. Party-in-Interest Transactions

Certain plan investments are managed by Fidelity Management Trust Company (Fidelity). Fidelity is the trustee of the Plan and therefore these transactions qualify as party-in-interest transactions. During 2025, the Plan paid administrative fees of $53,887 to Fidelity and its affiliates.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan. Certain other expenses of the Plan are paid by the Company.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 7. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 61,197,035	$ 50,769,425
Company contributions receivable	(750,675)	(660,497)
Notes receivable from participants	(179,363)	(155,912)
Investments—participant loans	179,363	155,912
Net assets available for benefits per Form 5500	$ 60,446,360	$ 50,108,928

Note 7. Reconciliation of Financial Statements to Schedule H of Form 5500 (Continued)

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2025:

Change in net assets available for benefits per the financial statements	$ 10,427,610
Company contributions	(90,178)
Net appreciation in fair value of investments	20,580
Interest and dividends	(20,580)
Other income	(5,204)
Administrative expenses	5,204
Change in net assets available for benefits per Form 5500	$ 10,337,432

Note 8. Tax Status

The Plan adopted a pre-approved prototype plan sponsored by Fidelity Management & Research Co. The pre-approved prototype plan has received an opinion letter, dated June 30, 2020, from the Internal Revenue Service (IRS) stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and any employer adopting this pre-approved prototype plan will be considered to have a plan qualified under the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since the receipt of the opinion letter; however, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that's more likely than not to occur upon examination by the IRS. Management evaluated the Plan's tax positions and concluded that no uncertain tax positions exist. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
