INDEPENDENT AUDITOR'S REPORT

To the Trustees of
BLP/ALT Profit Sharing Plan & Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the BLP/ALT Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025, and 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements

relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, and supplemental schedule of delinquent participant contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the BLP/ALT Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of Bonded Lightning Protection Systems, LTD, Advanced Lightning Technology, LTD, and certain other affiliated employers that are members of the same controlled group under IRC 414(b) and 414(c), (collectively the "Company") who have completed one year of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established on December 31, 1983 and was last amended and restated effective January 1, 2025, to conform to all current ERISA rules and regulations.

Eligibility - All eligible employees who have reached the age of 18, other than non-resident aliens, and 1 year of service are automatically enrolled in the plan at percentages ranging from 3% to 6%, depending on the years of service a participant has, effective January 1, 2025.

Contributions and Forfeitures - Eligible employees are entitled to make voluntary pretax and Roth contributions up to the maximum percentage of eligible earnings defined by the Plan and allowed by law. Upon meeting eligibility requirements employees are automatically enrolled into the Plan at percentages ranging from 3% to 6% and are subject to an automatic increase in deferral percentage election each year of 1% until they reach 6%. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct investment of their contributions into various investment options offered by the Plan. Effective January 1, 2025 the Company makes safe harbor matching contributions of 100% for the first 1% of a participant's contributions and then 50% of the next 6%. Company matching contributions totaled $244,606 for the year ended December 31, 2025.

The Company, at its sole discretion may make discretionary profit sharing contributions to the Plan based on either a uniform percentage of participant plan compensation or a flat dollar amount. The Company did not make a profit-sharing contribution for the plan year ended December 31, 2025.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the employer's contribution, (b) plan earnings, and (c) charged with administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service.

Years of service	Vested percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 years or more	100%

Any participant who attains normal retirement age, becomes disabled, or dies becomes fully vested regardless of length of service and will receive all benefit payments in accordance with distribution provisions of the Plan. Employees' 401(k) and profit-sharing accounts are subject to the restrictions and penalties of the Internal Revenue Code.

Notes Receivable from Participants - Notes receivable represent loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. A participant may borrow a minimum of $1,000 up to a maximum equal to one-half of their vested account balance, but not in excess of $50,000. Loan terms range from 1-5 years or more if the loan is used to acquire a principle residence. The loans are secured by the balance in the participant's account and bear interest at 5.25 – 10.50 percent, which is commensurate with local prevailing rates. Total notes receivable from participants at December 31, 2025 and 2024 were $448,466 and $434,969, respectively. There were $2,859 loans deemed distributed for the year ended December 31, 2025.

Payment of Benefits - Participants who separate from service and whose value of all vested accounts is $5,000 or less will have the value of their vested accounts distributed to them in a lump sum. If the vested balance is greater than $5,000, the participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, make a rollover distribution or elect to receive substantially equal installments over a specified period of time. If participants die before receiving a distribution of their accounts, the vested interest of their accounts will be paid to their designated beneficiaries.

Investment Options - Upon enrollment in the Plan, a participant may direct contributions among investment choices in increments of one percent. Participants may change their investment options on any normal business day.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Plan's financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value with the exception of the guaranteed interest account which are stated at contract value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Cash Surrender Value of Life Insurance - Life insurance contracts held by the Plan are stated at cash surrender value.

Investment Risk - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk

associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of plan assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses - Plan administrative expenses of $57,246 were not offset by forfeitures during the year ended December 31, 2025. Certain administrative expenses are absorbed by the Plan Sponsor at no cost to the Plan.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - Management has evaluated subsequent events through October 8, 2026, which is the date the financial statements were available to be issued.

3. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan recordkeeping and investment custodial duties are conducted by Empower Annuity and Insurance Company of America ("Empower"). AXA Equitable Life Insurance Company ("AXA") manages life insurance contracts within the Plan. Certain investment funds and notes receivable from participants are managed by Empower Retirement, and their related entities, and therefore qualify as party-in-interest transactions. As such, all transactions conducted through these entities qualify as party-in-interest transactions.

4. FAIR VALUE MEASUREMENTS

Accounting standards establish the framework for measuring fair value. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds – The unit value of the mutual funds account is based upon significant observable inputs, although it is not based upon quoted market prices in an active market. The observable inputs are unadjusted quoted prices for identical assets in an active market, which is defined as a market in which transactions take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

In accordance with the Financial Accounting Standards Board ("FASB") Accounting Standards Codification Subtopic 820-10, the mutual fund accounts held by the Plan are not classified in the fair value hierarchy table because they are measured at net asset value ("NAV") per share. The NAV is used as a practical expedient to estimate fair value as determined by the Plan custodian and is generally based on the value of the underlying mutual funds and other securities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025, and 2024. There are no participant redemption restrictions for mutual funds.

	Fair Value		Redemption	Redemption
Investment	2025	2024	Frequency	Notice Period
Mutual Funds	$ 11,561,222	$ 9,407,606	Daily	None

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time by delivery to the trustees a prior written notice of such termination and is subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions.

6. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan's administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

7. PLAN ADMINISTRATION

David M. Riley and S. Lynn Riley serve as trustees for the Plan. Empower Annuity and Insurance Company of America serves as plan custodian.

8. INFORMATION CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity and Insurance Company of America (the custodian of the Plan) has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value and notes receivable from participants, as shown on the statements of net assets available for benefits as of December 31, 2025, and 2024.
- Guaranteed interest account, at contract value as of December 31, 2025, and 2024.
- Net change in fair value of investments, interest and dividend income, and interest income on notes receivable, as shown on the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule H, Line 4i – schedule of assets (held at end of year) as of December 31, 2025.

Life insurance contracts presented on the statements of net assets available for benefits, totaling $73,638 and $71,538 at December 31, 2025 and 2024, respectively, are held by AXA and are not

certified. Procedures performed by the Plan's independent public accountants have not been limited with respect to these contracts.

9. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan offers a guaranteed interest account ("GIA") as an investment option to participants within the Plan. The GIA is a fully benefit-responsive investment contract and is reported at contract value in the statement of net assets available for benefits. The GIA is a stable value investment with a guaranteed rate of return and a guarantee of principal that is backed by the Empower Retirement general investment account. The GIA is provided through a group annuity contract between the Plan and Empower Annuity and Insurance Company of America. Under the contract, a crediting rate is established for a six-month period of time and all assets invested in the GIA are credited with that rate. At the expiration of each rate period, a new crediting rate is declared. Empower Annuity and Insurance Company of America assumes market, credit, and interest rate risks for the assets supporting the GIA.

All bona fide participant-initiated withdrawals from the GIA, including benefit payments at termination or retirement, loans, and transfers to other non-competing investment options, are paid at contract value. Transfers to other fixed income investments are not allowed. Employer-initiated events such as layoffs, a sale of a business unit, a company merger, or a change in the stable value option offered under the Plan are considered market value events and are subject to certain liquidity provisions. The contract value of the GIA was $185,920 and $127,085 at December 31, 2025 and 2024, respectively.
