INDEPENDENT AUDITOR'S REPORT

To the Trustees
Oregon Imaging Centers, L.L.C. 401(k) Profit Sharing Plan and Trust
Eugene, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Oregon Imaging Centers, L.L.C. 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Oregon Imaging Centers, L.L.C. 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America;

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Oregon Imaging Centers, L.L.C. 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Oregon Imaging Centers, L.L.C. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Oregon Imaging Centers, L.L.C. 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Oregon Imaging Centers, L.L.C. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, as listed in the table of contents, as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA;

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of Oregon Imaging Centers, L.L.C. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions. The Plan's most recent restatement was effective April 11, 2023.

General

The Plan is a defined contribution plan covering all employees of Oregon Imaging Centers, L.L.C. (the Employer), except for student, union, non-resident alien, and leased employees, who are excluded as defined by the Plan. Employees who have completed one month of service and are age 18 or older were eligible for deferral contributions. Employees who have completed one year of service, are age 18 or older, and are employed on the last day of the Plan year were eligible for matching and profit-sharing contributions. Entry dates would occur on the first day of the month coincident with or next following the completion of 30 days of service for employee deferrals and employer matching and profit sharing. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute pre-tax or after-tax (Roth) deferrals of compensation up to the limits provided by the Internal Revenue Code (IRC). Effective February 21, 2025, the Plan has an automatic enrollment feature. When eligible, a participant will be automatically enrolled to defer 6 percent of eligible compensation, unless the participant affirmatively declines to participate. After one year, deferrals automatically increase by 1 percent each year until a maximum of 10 percent has been reached under the arrangement. The Plan also allows for employees to make rollover contributions from other qualified plans or individual retirement accounts.

The Employer may make discretionary matching contributions on each participant's elective contributions in such amounts as may be determined by the Employer each year. For 2025 and 2024, the Employer made a tiered matching contribution. For participants with one year of service, the matching contribution is equal to 25 percent of the first 6 percent of eligible compensation contributed as deferrals. For participants with two or more years of service, the matching contribution is equal to 50 percent of the first 6 percent of eligible compensation contributed as deferrals.

The Employer may make discretionary profit-sharing contributions allocated on an employee by employee basis in amounts determined by the Employer. Participants must be employed on the last day of the year to share in an allocation of Employer profit sharing contributions. For 2025 and 2024, the Employer made a tiered profit sharing contribution. For participants with one year of service, the profit sharing contribution was 2.85 percent of each participant's eligible compensation. For participants with two or more years of service, the profit sharing contribution was 5.7 percent of each participant's eligible compensation.

All contributions are limited to the applicable amounts as prescribed by the IRC.

1. Plan Description, continued

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Employer's contributions, (b) the Plan's investment earnings or losses, and (c) certain Plan administration costs not paid by the Employer. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investments of their accounts between several investment alternatives available through the custodian, Fidelity Management Trust Company.

Vesting and Forfeitures

Participants are immediately vested in their elective deferral contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after four years of credited service on a graded vesting schedule of 25 percent per year. Unvested portions of account balances for participants who leave employment are forfeited. The Employer may elect to use all or a portion of forfeitures to pay plan expenses. Any amounts unused will be first applied to restore/restate previous forfeitures to participant accounts and any remaining amounts can be used to reduce and/or be added to any Employer contributions. Total amounts forfeited in 2025 and 2024 were $20,352 and $9,678, respectively. Available forfeited unvested accounts totaled $34,685 and $18,540 at December 31, 2025 and 2024, respectively. For the years ended December 31, 2025 and 2024, $5,540 and $-0-, respectively in forfeitures were used to offset administrative expenses.

Payment of Benefits

On termination of service, death, disability, or attainment of retirement age, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in their account in a lump-sum, annuity or a direct rollover to an eligible qualified retirement plan or IRA. The Plan allows in-service distributions of Employer contributions and associated earnings, subject to certain requirements related to months of service and years since the contribution was made. In-service distributions for hardships are also available on account of an immediate and heavy financial need of the participant, subject to the Plan's rules governing hardship withdrawals.

Participant Loans

The Plan does not permit participants to take a loan from their account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 7 for additional information on fair value measurements.

Purchases or sales of securities are recorded on a trade-date basis. Dividend and interest income is recorded on the accrual basis. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Contributions

Participant and employer contributions are recorded in the year in which they are withheld or the underlying compensation is paid.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses and Fees

Expenses of maintaining the Plan are generally paid by the Employer and are therefore excluded from these financial statements. Certain custodial and recordkeeping fees or other related professional fees may be paid from Plan assets. Investment related expenses are included in net change in fair value of investments or as a reduction from investment income.

3. Information Certified by Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, acting as trustee for the Plan for the years ending December 31, 2025 and 2024, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31:

3. Information Certified by Plan Trustee, continued

	2025	2024
Investments, at fair value:		
Registered investment companies	$ 16,064,690	$ 13,140,350
Interest-bearing cash	118,833	316,611
Investment income:		
Net change in fair value of investments	2,003,443	1,094,053
Dividend income	488,788	382,808
Interest income	7,532	4,515

4. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of full or partial Plan termination, affected participants would become 100 percent vested in their Employer contributions.

5. Tax Status

The Plan has adopted a non-standardized pre-approved profit sharing plan with CODA sponsored by FMR LLC. The Internal Revenue Service (IRS) has informed the sponsor by an opinion letter dated June 30, 2020 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan provides for various investment options that have different investment strategies. These investments are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to its fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Registered investment companies: These funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and considered to have a readily determinable fair value.

Interest-bearing cash: Valued at cost which approximates fair value.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

7. Fair Value Measurements, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 16,064,690	$ -	$ -	$ 16,064,690
Interest-bearing cash	118,833	-	-	118,833
Total investments, at fair value	$ 16,183,523	$ -	$ -	$ 16,183,523

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 13,140,350	$ -	$ -	$ 13,140,350
Interest-bearing cash	316,611	-	-	316,611
Total investments, at fair value	$ 13,456,961	$ -	$ -	$ 13,456,961

8. Related Party Transactions

Certain Plan investments are managed by an affiliate of Fidelity Management Trust Company (Fidelity) for the years ended December 31, 2025 and 2024. Administration fees paid directly to Fidelity Investments Institutional, an affiliate of Fidelity, for the years ended December 31, 2025 and 2024 totaled $30,038 and $20,510, respectively. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

9. Nonexempt Transactions

During the year ended December 31, 2025, participant contributions totaling $105,256 were not remitted to the Plan within the appropriate time period by the Organization. These transactions constitute prohibited transactions as defined by ERISA. The Organization is taking the appropriate steps to correct the situation by reimbursing employees for lost earnings and interest. There were no delinquent contributions for the year ended December 31, 2024.

10. Subsequent Events

Management evaluates events and transactions that occur after the statement of net assets available for benefits date as potential subsequent events. Management has performed this evaluation through the date of the independent auditor's report.
