Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of InnoSource Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan Description

The following description of the InnoSource, Inc. (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees who have 12 months of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan agreement. The Plan also provides for Roth elective deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Company contributes a safe harbor matching contribution equal to the sum of (i) 100% of the participant's elective deferrals that do not exceed 3% of their compensation; plus (ii) 50% of the amount of such participant's elective deferrals that exceed 3% of their compensation, but do not exceed 5% of compensation. Additional non-elective contributions may be contributed at the option of the Company's managing body. There were no non-elective contributions made in either 2025 or 2024. Contributions are subject to certain limitations.

Investment Options

Participants direct the investment of their contributions and employer safe harbor matching and non-elective contributions into various investment options offered by the Plan. Participants may change their investment options upon notice to Nationwide Trust Company, FSB (Nationwide). The Plan currently offers mutual funds and a guaranteed investment fund as investment options.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and Company safe harbor matching contributions, as well as allocations of the Company’s non-elective contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Plan Description (continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. In addition, participants are vested immediately in the Company's safe harbor contributions plus actual earnings thereon. Vesting in the Company's non-elective contribution portion of their account plus actual earnings thereon is based on continuous years of service according to the following vesting schedule:

Years of Service	Vesting Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes Receivable from Participants

Notes receivable from participants are not permitted under the Plan.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments not to exceed the life expectancy of the participant. In addition, a participant may withdraw any part of his or her vested account in the event of undue financial hardship. Terminated participant accounts with balances less than $5,000 are subject to the Plan's involuntary cash-out provisions and will be distributed to the participant in a lump sum payment on April 1 of the calendar year following the later of the calendar year in which the participant: 1) attains age 70½, or 2) retires.

Forfeited Accounts

At December 31, 2025 and 2024, there were no forfeited non-vested accounts. Forfeitures are used to reduce Company contributions or pay expenses of administering the Plan. No forfeitures were used for the years ended December 31, 2025 and 2024.

Plan Description (continued)

SECURE Act 2.0

On December 29, 2022, the SECURE 2.0 Act of 2022 ("SECURE 2.0") was enacted as part of the Consolidated Appropriations Act, 2023. SECURE 2.0 includes numerous changes affecting qualified retirement plans, including 401(k) plans, such as expanded eligibility rules for long-term part-time employees, new distribution options, changes to required minimum distributions, and optional Roth treatment for certain contributions. The Plan is evaluating these provisions and intends to adopt required amendments by the applicable deadline (generally the last day of the first plan year beginning on or after January 1, 2026 for calendar year plans), while operating the Plan in good faith compliance with applicable effective dates in the interim.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Contributions

Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation.

Summary of Significant Accounting Policies (continued)

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan agreement.

Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Nationwide, the custodian of the Plan as of December 31:

	2025	2024
Mutual funds	**$ 16,413,454**	$ -
Pooled separate accounts	**-**	12,428,466
Guaranteed investment fund	**962,690**	757,291
	$ 17,376,144	$ 13,185,757

The custodian also certified to the completeness and accuracy of the following related to the aforementioned investments for the years ended December 31:

	2025	2024
Net appreciation in fair value of investments	**$ 2,353,832**	$ 1,829,019
Interest and dividend income	**1,505**	20,046

Fair Value Measurements

U.S. GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.

Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.

Fair Value Measurements (continued)

Level 3 Inputs are significant unobservable inputs for the asset or liability.

The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds:	Valued at the net asset value (NAV) of shares held by the Plan at year-end.
Nationwide Pooled Separate Accounts:	Valued using the net asset value (NAV), as provided by the administrator of the pooled separate accounts. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the pooled separate accounts, plus any distributions received from the mutual funds, less any charges assessed by the accounts, and then divided by the number of participant units outstanding. This practical expedient is not used when it is determined to be probable that the pooled separate accounts will sell the investments for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. There were no unfunded commitments as of December 31, 20254.
Nationwide Guaranteed Investment Fund:	Valued at fair value as reported by Nationwide, which approximates contract value, plus interest credited thereon.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 16,413,454**	**$ -**	**$ -**	**$ 16,413,454**
Guaranteed investment fund	**-**	**-**	**962,690**	**962,690**
Investments at fair value	**$ 16,413,454**	**$ -**	**$ 962,690**	**$ 17,376,144**

	2024			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 12,428,466	$ -	$ 12,428,466
Guaranteed investment fund	-	-	757,291	757,291
Investments at fair value	$ -	$ 12,428,466	$ 757,291	$ 13,185,757

Purchases of level 3 investments were $311,362 and $138,646 for the years ended December 31, 2025 and 2024, respectively. Sales of level 3 investments were $119,445 and $543,664 for the years ended December 31, 2025 and 2024, respectively. There were no transfers into or out of level 3 investments during the years ended December 31, 2025 and 2024.

Guaranteed Investment Fund

The Plan has entered into a guaranteed insurance contract that guarantees a return of principal plus interest. Deposits are guaranteed in both principal and interest by Nationwide Life Insurance Company. Amounts are held in Nationwide Life Insurance Company's general account and are credited on a net daily basis at annual effective rates. The effective rate was 1.57% and 2.08% for 2025 and 2024, respectively. This contract is not fully benefit responsive and is reported at contract value. The fair market value is equal to the contract value less any Contingent Deferred Sales Charge (CDSC), if applicable, and Market Value Adjustment.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Tax Status

The Plan has adopted a Nationwide Financial Services non-standardized pre-approved profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The Plan administrator believes that the Plan was qualified and the related trust was tax exempt as of December 31, 2025 and 2024, and no provision has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Party-in-Interest Transactions

Certain Plan investments included mutual funds and a guaranteed investment fund. Nationwide is the custodian as defined by the Plan, and, therefore, these transactions qualified as party-in-interest transactions. Fees paid to the custodian by the Plan amounted to $19,581 and $16,989 for the years ended December 31, 2025 and 2024, respectively. Fees paid by the Plan for the investment management services were included as a reduction of the return earned for each fund.

Plan Administration

Employees of the Company perform certain administrative functions. No such employee receives compensation from the Plan. In addition, certain administrative expenses for the Plan are paid directly by the Company.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the 2025 Statement of Net Assets Available for Benefits.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date on which the financial statements were available to be issued.
