Independent Auditor's Report

RSM US LLP

Plan Administrator
LeafHome 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of the LeafHome 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate to the best of their knowledge and belief.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued (or within one year after the date that the financial statements are available to be issued when applicable).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of the LeafHome 401(k) Plan (the Plan) (formerly known as the LeafFilter North, LLC 401(k) Plan) provides only general information about the Plan's provisions. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is sponsored and administered by LeafFilter North, LLC (the Plan Sponsor or Company). The Plan allows employees from Leaf Home Water Solutions, LLC, Leaf Home Safety Solutions, LLC and Leaf Home Enhancements, LLC as related employers to participate in the Plan. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is a defined contribution plan covering all eligible employees of the Company. To be eligible to participate in the Plan, employees must be at least 18 years of age and complete 90 days of service. All employees of the Plan Sponsor on January 1, 2016, the formation date of the Plan, were immediately eligible given they met the age requirement.

The Plan changed its third-party administrator from Transamerica Retirement Solutions to Nova 401(k) Associates effective January 1, 2024. In addition, Transamerica Trust Company (the Trustee) replaced Reliance Trust Company as the Plan's custodian on July 1, 2024.

Contributions: Employee contributions shall commence as soon as administratively practical on or after the date on which the participant's election is effective, which is the first day of the month following eligibility. Eligible employees are automatically enrolled in the Plan at a minimum of 6% of compensation for new employees, and all participating employees will be automatically escalated 1% annually until 10% total deferral election is reached. Participants may contribute an amount of eligible pretax or after-tax Roth annual compensation not to exceed limits established by the Internal Revenue Code (IRC), as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other certain qualified plans. The Company may make a matching contribution at its discretion. The Company elected to match 10% of contributions for the years ended December 31, 2025 and 2024.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the employer contributions and Plan earnings and charged with an allocation for administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately 100% vested in their employee contributions, rollover contributions, catch-up contributions and actual earnings or losses thereon. Participants vest in that portion of their accounts attributable to contributions by the employer based on their years of vesting service under the Plan, as defined in the Plan document, as follows:

Years of Service	Vesting
Less than 1	0%
1	33%
2	66%
3	100%

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of the vested portion of their accounts, or $50,000. The loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Benefit payments: A participant may withdraw all or part of his/her interest in the Plan attributable to rollover contributions while still employed by the Company. In addition, a participant or elected beneficiary, upon termination, death or retirement, may receive the vested interest in his/her account in the form of a lump-sum payment or a rollover to an individual retirement account or other qualified plan. Hardship withdrawals, as defined by the Plan, are also available to participants.

The Plan allows for automatic payment of the participants' vested balance upon termination, provided that the vested balance is less than $7,000.

Forfeited accounts: The unvested portion of a participant's interest in their account is forfeited upon termination from the Plan. Amounts forfeited are to be held in a separate account and either applied to reduce future employer contributions or pay administrative expenses. At December 31, 2025 and 2024, unallocated forfeited accounts totaled approximately $275,043 and $294,800, respectively. During 2025, $195,155 of forfeitures were applied to pay plan expenses.

Administrative expenses: All expenses of maintaining the Plan are paid by the Plan or the Company, at the discretion of the Company.

Plan termination: Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. In the event of termination of the Plan, participants will become 100% vested in their accounts. The assets then remaining in the Plan will be allocated and distributed to participants in accordance with the terms and provisions of the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) require management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Participant contributions are recognized when earned. Company matching contributions are recognized concurrently with participant contributions.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Benefit payments: Benefits are recorded when paid.

Risks and uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. As of December 31, 2025 and 2024, four investments, each greater than 10% individually, accounted for approximately 46% and 45% of total investments, respectively. This represents a concentration investment risk.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 8, 2026, the date the financial statements were available to be issued.

The Plan changed its third-party administrator and trustee to Principal Life Insurance Company effective August 1, 2026.

Note 3. Information Certified by Transamerica Trust Company

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by the Trustee. The Plan Administrator has obtained certifications from the Trustee as of December 31, 2025 and 2024 and for the year ended December 31, 2025, that the information provided to the Plan Administrator is complete and accurate to the best of its knowledge and belief. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2025	2024
Mutual funds	$ 52,888,628	$ 40,153,134
Common/collective trust funds	$ 3,503,233	$ 3,106,490
Notes receivable from participants	$ 1,515,744	$ 1,439,150

Note 3. Information Certified by Transamerica Trust Company (Continued)

The Trustee also certified the completeness and accuracy of the following for the year ended December 31, 2025:

Net appreciation in fair value of investments	$ 7,525,247
Interest and dividends	$ 1,021,779
Interest income on notes receivable from participants	$ 117,469

Note 4. Fair Value Measurements

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2025 and 2024.

Mutual funds: Valued at quoted market prices which represent the net asset value (NAV) of the shares held by the Plan at year-end.

Note 4. Fair Value Measurements (Continued)

Common/collective trusts: Valued at the NAV of units of the common/collective trust fund. The NAV as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

To assess the appropriate classification of assets within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of assets from one fair value level to another. There were no transfers in or out of Level 3 for the year ended December 31, 2025.

The following sets forth, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 52,888,628	$ -	$ -	$ 52,888,628
Investments measured at NAV (a)				3,503,233
Investments at fair value				$ 56,391,861

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 40,153,134	$ -	$ -	$ 40,153,134
Investments measured at NAV (a)				3,106,490
Investments at fair value				$ 43,259,624

(a) In accordance with the Fair Value Measurements topic, a certain investment that was measured at NAV per share (or its equivalent) has not been classified in the fair value hierarchy. The fair value amount presented in this table is intended to permit the reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

	Fair Value		Unfunded	Redemption	Redemption
Investment	2025	2024	Commitment	Frequency	Notice Period
Common/collective trust funds	$ 3,503,233	$ 3,106,490	None	Daily	None

Note 5. Tax Status

The Plan adopted a non-standardized form of a pre-approved plan. The Plan changed its third-party administrator from Transamerica Retirement Solutions to Nova 401(k) Associates effective January 1, 2024. The current pre-approved plan provider, Nova 401(k) Associates, has received an opinion letter dated June 30, 2020, from the Internal Revenue Service (IRS) as to the pre-approved plan's qualified status. The former pre-approved plan provider, Transamerica Retirement Solutions Corporation, has received an opinion letter dated June 30, 2020, from the IRS as to the pre-approved plan's qualified status. The pre-approved plan opinion letters have been relied upon by the Plan. The Plan has been amended since then; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Party-in-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employers and certain others. Fees paid were $510,541 for the year ended December 31, 2025, of which an investment advisor that has an indirect ownership interest in the Plan Sponsor was paid approximately $96,000.

Note 7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025:

	2025	2024
Net assets available for benefits per the financial statements	$ 58,234,391	$ 45,253,261
Less participant receivables, current year	(296,699)	(504,079)
Less employer receivables, current year	(30,087)	(50,408)
Less notes receivable from participants	(1,407)	-
Net assets available for benefits per the Form 5500	$ 57,906,198	$ 44,698,774

The following is a reconciliation of the net increase in assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025:

	2025
Net increase in assets available for benefits per the financial statements	$ 12,981,130
Plus contributions	250,989
Less administrative expenses	(24,695)
Net income per the Form 5500	$ 13,207,424
