Independent Auditors' Report

To the Plan Administrator
CEEN 401(K) Plan
Greeley, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed an audit of the financial statements of CEEN 401(K) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of April 30, 2026 and 2025, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, Principal Life Insurance Company, as of and for the years ended April 30, 2026 and 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued (or within one year after the date that the financial statements are available to be issued when applicable).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets Held for Investment Purposes at End of Year for April 30, 2026, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - Description of Plan:

The following description of CEEN 401(k) Plan (the Plan) provides only general information. For a more complete description of the Plan's provisions, participants should refer to the Plan document and *Summary Plan Description,* which are available from the Plan Administrator.

General:

The Plan is a defined contribution plan sponsored by Colorado Early Education Network (the Organization) covering all employees who are age twenty-one or older, regardless of how many hours are worked each year. Employees must be employed on the last day of the Plan year and have worked 1,000 or more hours during the year to be eligible for discretionary employer profit sharing contributions. Employees become eligible immediately on the date they satisfy the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Principal Life Insurance Company serves as the Plan's recordkeeper and as the Plan custodian. Kayla Farmer serves as Plan trustee.

The Plan began April 15, 2013, and was restated effective February 17, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions:

Each year, participants may contribute up to the maximum annual amount established by the IRS of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions (which are not subject to employer matching contributions). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

The Plan's provisions state that Colorado Early Education Network will make a matching contribution determined by the Organization, 3% in FY25 and FY26. In addition, Colorado Early Education Network may annually determine whether to make a discretionary contribution, allocated based on annual pay to all eligible participants.

NOTE 1 - Description of Plan - Continued:

Participant Accounts:

Each participant's account is credited with the participant's contribution, the Organization's contribution and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investment Account Options:

Investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily. The Plan accounts of participants not electing to direct the investment of their Plan accounts will be invested with the default investment alternatives established under the Plan.

Vesting:

Participants are immediately vested in their voluntary contributions and rollover contributions, plus actual earnings thereon.

Vesting in Colorado Early Education Network's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service and is determined as follows:

Years of Service	Vested Percentage
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Under the Plan, a year of service is earned by working at least 1,000 hours during a plan year. A participant is fully vested after five years of continuous service. Participants are 100% vested if they are employed on or after their normal retirement age or if they die or become disabled.

The nonvested balance is forfeited upon termination of service. Forfeitures are used to pay plan expenses, reduce Organization contributions, or can be allocated among all participants.

NOTE 1 - Description of Plan - Continued:

Forfeited Accounts:

At April 30, 2026 and 2025, forfeited nonvested accounts totaled $243 and $2,985, respectively. These accounts will be used to reduce future employer contributions or pay plan expenses. In the plan years ended April 30, 2026 and 2025, plan expenses or employer contributions of $15,084 and $22,182, respectively, were paid from forfeited nonvested accounts.

Payment of Benefits:

Upon severance from employment with the employer, disability, or death an employee or their beneficiary may elect to receive either a lump-sum amount equal to the vested value of his or her account, or a joint and survivor annuity. In-service distributions are also available to participants who have reached age 59½. Hardship distributions of vested amounts may be made in the event of hardship, defined as an immediate and heavy financial need where the participant lacks other available resources.

NOTE 2 - Summary of Significant Accounting Policies:

Basis of Accounting:

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Valuation of Investments and Income Recognition:

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with the accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

NOTE 2 - Summary of Significant Accounting Policies - Continued:

Administrative Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Transfers Between Fair Value Hierarchy Levels:

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the period beginning date.

Subsequent Events:

Subsequent events have been evaluated through the date the financial statements were available to be issued, which is the date of the Independent Auditors' Report.

NOTE 3 – Certification of the Trustee's Agent:

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at April 30, 2026 and 2025, and net appreciation (depreciation) in fair value of investments, and interest and dividends for the years ended April 30, 2026 and 2025, was obtained by management and agreed to or derived from the information certified as complete and accurate by Principal (the recordkeeper and custodian of the plan).

NOTE 4 – Disclosures About Fair Value of Plan Assets and Liabilities:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs.

There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1: Quoted market prices in active markets for identical assets or liabilities.

NOTE 4 – Disclosures About Fair Value of Plan Assets and Liabilities - Continued:

Level 2: Observable market-based inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Recurring Measurements:

The following table presents the fair value of measurements of assets and liabilities recognized in the accompany statements of net assets available for plan benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at April 30, 2026 and 2025.

		Fair Value Measurements at Reporting Date		
Description	Total	(Level 1)	(Level 2)	(Level 3)

Investments measured at net asset value	51,294	--	--	--
	$ 2,127,733	$2,127,733	$ --	$ --

		Fair Value Measurements at Reporting Date

Investments measured at net asset value	89,580	--	--	--
	$ 1,666,144	$1,576,564	$ --	$ --

NOTE 4 – Disclosures About Fair Value of Plan Assets and Liabilities - Continued:

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for plan benefits, as well as the general classification of such asset pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended April 30, 2026. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Pooled Separate Accounts:

The Pooled Separate Accounts are reported in the financial statements at fair value. The plan administrator believes the best estimate of fair value for the Pooled Separate Accounts is contract value. Participants may withdraw Pooled Separate Accounts assets at contract value without restriction, and Pooled Separate Accounts assets are marked-to-market on a daily basis primarily using the net asset value per share based on quoted market prices of underlying investments.

Stable Value Collective Trust Fund:

A Stable value fund that is composed primary of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the report net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of April 30, 2026 and 2025. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Principal Stable Value Fund				
April 30, 2026	$51,294	n/a	Daily	12 months
April 30, 2025	$89,580	n/a	Daily	12 months

NOTE 5– Investment Contract with Principal Life Insurance Company:

The Plan is funded with a Group Annuity Contract. Contributions are made to the contract on behalf of plan participants and the accumulated contributions are then invested in investment options selected by the participants or Plan trustee, as applicable. The contract offers various Pooled Separate Accounts from a variety of investment managers plus a General Account.

One of the Plan's fund options is the Principal Stable Value fund which invests in several fully benefit-responsive investment contracts. As of April 30, 2026 and 2025, all of the investments in the fund meet the fully benefit responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing plan investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

As the investment contract with Principal is fully benefit-responsive, contract value is the relevant measure. There are no realized or unrealized gains or losses related to the investment contracts included in the net increase in net assets available for benefits.

NOTE 6– Party-in-Interest Transactions:

Certain Plan investments are managed by Principal Life Insurance Company. Principal is the recordkeeper and custodian for the Plan, and therefore, these transactions qualify as party in interest transactions.

Principal provides certain administrative services to the Plan pursuant to a Service and Expense Agreement between the Company and Principal. Principal receives revenue from mutual fund service providers for services Principal provides to the funds. This revenue is used to offset certain amounts owed to Principal for its administrative services to the Plan.

NOTE 7 – Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

NOTE 8 – Tax Status:

Effective June 30, 2020, the plan adopted a prototype non-standardized basic savings plan sponsored by Principal Life Insurance Company. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
