Independent Auditors' Report

To the Participants and Plan Administrator of
Rialto Associate Services, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the financial statements of Rialto Associate Services, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section:

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

- The amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (“U.S GAAP”).

- The information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2025 financial statements.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the 2025 financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2025 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2025 financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2025 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — 2025 Supplemental Schedule Required by ERISA

The 2025 supplemental schedule, Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the 2025 supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the 2025 supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2025 supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the 2025 supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the 2025 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Auditors' Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated September 25, 2025, indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Rialto Associate Services, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2025 and 2024

Note 1 – Description of Plan

The following description of Rialto Associate Services, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Rialto Management Group, LLC (the “Plan Sponsor” and “Company”) under the provisions of Section 401(a) of the United States Internal Revenue Code (the "IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company and any adopting participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as well as certain provisions of the federal income tax laws.

Prior to March 1, 2019, the Plan Sponsor was a participating employer in a qualified multiple-employer plan, the Lennar Corporation 401(k) Plan (the “Lennar Plan”). On March 1, 2019, the Plan Sponsor formed the Plan, as a single employer plan and the assets of eligible employees participating in the Lennar Plan were transferred into the Plan. The Plan was adopted by the Plan Sponsor effective March 1, 2019 (“Inception”) and commenced operations on the same date.

All employees of the Company and any participating affiliates are subject to the following eligibility requirements:

- Age: 18
- Service: 0 months
- Status Exclusions:
    a. Members of collective bargaining agreement
    b. Leased employees
    c. Independent contractors
    d. Non-resident aliens with no U.S. earned income
    e. Residents of Puerto Rico
    f. Other exclusion

Upon satisfying the eligibility requirements, employees may participate in the Plan immediately upon eligibility. Effective January 1, 2025, long-term part-time employees who met eligibility requirements under the Setting Every Community Up for Retirement Enhancement Act of 2022 (“SECURE 2.0”) are also eligible to participate in the Plan.

Note 1 – Description of Plan--Continued

SECURE 2.0 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the year ended December 31, 2025, and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The application of SECURE 2.0 Act did not have a material effect on the Plan's financial statements.

Contributions

The Plan is funded through employee elective deferrals and Company contributions. Each year, participants may elect to contribute a portion of their compensation, subject to certain maximum limitations imposed by Section 402(g) of the IRC. For any calendar year, a participant's elective deferrals may not exceed a specific dollar amount [$23,500 in 2025 and if age 50 or older at year end, the participant may contribute an additional $7,500 in 2025 as determined by the Internal Revenue Service ("IRS")]. For participants ages 60 through 63, the 2025 enhanced catch-up contribution limit was $11,250, as determined by the IRS. At the discretion of the Plan Administrator, participants may be permitted to deposit or "rollover" into the Plan distributions they have received from other plans and certain Individual Retirement Accounts ("IRAs"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The following contribution types are allowed by the Plan:

- Employer profit sharing
- Employer matching
- Elective deferrals
- Rollover contributions
- Roth deferrals
- After-tax voluntary employee contribution

The Plan has an automatic enrollment provision whereby employees are automatically enrolled in the Plan with 3% of eligible compensation, contributed as a pre-tax salary deferral. Employees must elect out of the Plan if they do not wish to participate.

The Company may make discretionary profit sharing contributions which will be allocated in accordance with the Plan document provisions. Participants must be employed on the last day of the Plan year and have earned 1,000 hours of service to be eligible to receive discretionary profit sharing contributions. No profit sharing contributions were made in 2025.

The Company makes a stated matching contribution of 50% of the participant deferral up to 6% of eligible compensation.

Note 1 – Description of Plan--Continued

Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of the Company's contributions, and Plan earnings or losses and charged with an allocation of administrative expenses that are paid by the Plan. Allocations may be charged based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective deferrals including catch-up contributions, rollover contributions from other plans, and actual earnings thereon. The method for crediting vesting service for Company matching and profit sharing contributions is based on vesting periods of service. Participants are credited with a period of service for 1,000 hours earned. If participants are employed on or after their Normal Retirement Age or if they terminate employment on account of death or disability, they are 100% vested in their Company matching and profit sharing contributions.

Service Years	Matching
< 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. The Plan allows forfeitures of non-vested Company contributions to be used as follows:

- Reduce Company contributions

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $94,856 and $27,772, respectively. During the year ended December 31, 2025, forfeited non-vested accounts of $97,543 were used.

Note 1 – Description of Plan--Continued

Investment Options

Upon enrollment in the Plan, a participant may direct elective deferrals and employer matching contributions in any of the investment options offered by the Plan. Participants may change their investment options at their discretion.

Notes Receivable from Participants

Participants who are active employees may borrow against their vested account balances a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. The loans, in the form of promissory notes, are secured by the balance in the participant's account, and bear interest at reasonable rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions and generally repaid within 5 years. If the purpose of the loan is to acquire or construct the primary residence of the Participant, the period of repayment may exceed five years, but in no event shall it exceed the usual repayment period required by commercial lenders for similar loans. Interest rates ranged from 4.75% to 10.00% on outstanding notes receivable from participants as of December 31, 2025 and 2024.

Benefits Paid to Participants

Upon termination of service, disability, or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account. Distribution of a deceased participant's account will be made to the designated beneficiary.

The following types of distributions are also allowed by the Plan:

- Qualified birth or adoption distribution
- Rollover source withdrawal at any time
- Hardship
- Involuntary cash-outs
- Emergency personal expense
- Domestic abuse victim withdrawal
- Qualified federally declared disaster withdrawal
- In service

Note 1 – Description of Plan--Continued

Plan Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation in fair value of investments.

Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant's account will become 100% vested. The Company will direct the distribution of the participant's account in a manner permitted by the Plan as soon as practicable.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 – Summary of Significant Accounting Policies--Continued

Investment Valuation and Income Recognition

Investments are reported at fair value (except for any fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The fully benefit-responsive investment contract is measured at contract value because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract. The financial statements include the fully benefit-responsive investment contract and its related activity at contract value.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation in the market value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

Contributions

Contributions from Plan participants and employer contributions, if any, are recorded in the year in which the participant contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment recorded.

Payment of Benefits

Benefits are recorded when paid.

Note 2 – Summary of Significant Accounting Policies--Continued

Subsequent Events

Plan management evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 12, 2026, the date the financial statements were available to be issued.

Note 3 – Certified Investments

All information summarized below and reported in the accompanying financial statements and the ERISA-required supplemental schedule was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank, the Trustee and custodian of the Plan.

	2025	2024
Investment values certified	$ 67,062,633	$ 55,383,802
Notes receivable from participants certified	$ 516,605	$ 608,548

	Year Ended December 31, 2025
Investment income certified:	
Net appreciation in fair value of investments	$ 7,050,222
Interest and dividends	$ 2,198,049
Interest income on notes receivable from participants certified	$ 39,765

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Note 4 – Fair Value Measurements--Continued

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability; and
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Self-Directed Brokerage Account

Accounts primarily consist of common stocks and unit investment trusts (UITs). Common stocks are valued at the closing price reported in the active market in which the individual securities are traded. UITs are valued at the net asset value ("NAV") of the underlying investments. These UITs are required to publish their daily NAV and to transact at that price. The UITs held by the Plan are deemed to be actively traded.

Note 4 – Fair Value Measurements--Continued

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan at year-end are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	2025	2024
Level 1		
Mutual funds	$ 60,007,166	$ 50,357,842
Self directed brokerage accounts	4,017,608	2,820,806
Level 2	-	-
Level 3	-	-
Total investments in the fair value hierarchy	64,024,774	53,178,648
Total investments at fair value	$ 64,024,774	$ 53,178,648

Note 5 – Fully Benefit-Responsive Investment Contracts

The Plan invests in the Prudential Guaranteed Income Fund ("GIF"), which is a fully benefit-responsive investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The following represents the disaggregation of investment contracts held by the Plan:

	2025	2024
Traditional investment contracts	$ 3,037,859	$ 2,205,154
Total Fully Benefit-Responsive Investment Contracts	$ 3,037,859	$ 2,205,154

Note 5 – Fully Benefit-Responsive Investment Contracts--Continued

Plan management believes that no events are probable that would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

Note 6 – Related Party Transactions and Transactions with Parties-in-Interest

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under DOL regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (TPA), investment managers, investment advisors, legal counsel, and Plan auditor.

Fees incurred by the Plan for the investment management services are included in the net appreciation in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

The Plan issues loans to participants, which are secured by the participant’s account balances. These transactions qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

During the year ended December 31, 2025, the Plan made direct payments of approximately $57,000 to certain parties-in-interest for administration and investment advisory fees, as allowed by ERISA. The Plan sponsor pays directly any other fees related to the operation of the Plan.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 – Tax Status

The Plan Sponsor adopted a plan which received a favorable determination letter, issued for the individually designed Plan, from the Internal Revenue Service dated April 16, 2020, which states that the Plan is designed in accordance with the applicable sections of the IRC and is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. Plan management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not, based on the technical merits, would not be sustained upon examination by the IRS. The Plan Administrator and the Plan's tax counsel have analyzed the tax positions taken by the Plan and have concluded that as of December 31, 2025 there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later. The Plan Administrator believes the Plan is no longer subject to income tax examination for years prior to 2022.

Note 9 – Concentrations

As of December 31, 2025 and 2024, one and two of the Plan's investment options, respectively, represented approximately 23% and 32% of the Plan's total investments, respectively.

Note 10 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits between the financial statements and Form 5500 as of December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 67,764,380	$ 56,148,616
Less: 2024 benefits paid to participants in 2025	-	(117,379)
Net assets available for benefits per Form 5500	$ 67,764,380	$ 56,031,237

The following is a reconciliation of the change in net assets available for benefits between the financial statements and Form 5500 for the year ended December 31, 2025:

	2025
Increase in net assets available for benefits per financial statements	$ 11,615,764
Plus: 2024 benefits paid to participants in 2025	117,379
Increase in net assets available for benefits per Form 5500	$ 11,733,143
