INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
IdeaTek Telcom, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of the IdeaTek Telcom, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA
The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the IdeaTek Telcom, LLC 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions. The Savings and Retirement Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

General - The Plan is a Safe Harbor defined contribution plan covering substantially all employees of IdeaTek Telcom, LLC (Company) excluding collective bargaining (union) employees, part-time employees and non-resident aliens. Employees are treated as eligible to participate upon hire and enrolled on the first day of each quarter. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions - Each year, participants may contribute up to 75% of eligible pretax annual compensation up to the maximum allowed by the Internal Revenue Code ($23,500 in 2025). Participants may also contribute after tax Roth elective contributions as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions ($7,500 for 2025). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are accounted for in the period the employee contributions are withheld. The Company contributes a Safe Harbor match that is 100% of the first 3% of base compensation that a participant contributes to the Plan, and an additional match of 50% of the next 2% that a participant contributes (an effective 4% match). The Plan also allows for a discretionary additional matching contribution under the Safe Harbor Plan. The discretionary matching contribution will not apply to elective deferrals exceeding 6% of the participant's compensation. Participants direct the investment of their contributions, as well as their portion of the Company's contributions, into various investment options offered by the Plan.

The Plan has elected an automatic escalation to participant contribution rates. The participant's elective deferrals will increase by 1% each year up to a maximum of 75% of compensation unless the participant has filed a contrary election.

Participant Accounts - Each participant's account is credited with the participant's contributions, allocations of the Company's safe harbor matching contributions and discretionary matching contributions, and an allocation of Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions and safe harbor matching contributions, plus earnings thereon. Discretionary matching contributions are subject to a vesting schedule and are based on years of service. A participant is fully vested in their discretionary matching contributions after six years of service. Participants become fully vested upon death or disability.

Payment of Benefits - On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or partial distributions if the balance is greater

1. DESCRIPTION OF PLAN (CONTINUED)

than $5,000. In-service withdrawals are allowed for participants over 60 years of age and for financial hardships, as defined by the Plan.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 1% as of the date of the note. Principal and interest are paid ratably through regular payroll deductions. Notes receivable may not exceed five years unless the note is for the purpose of purchasing a personal residence, in which case the term may be up to fifteen years.

Forfeitures - At December 31, 2025 and 2024, there were no forfeited non-vested accounts. Forfeitures may be used to reduce the Company's matching contribution or pay plan administrative fees.

Normal Retirement - Normal retirement age is the later of age of 65 or the fifth anniversary of the first day of the plan year in which the participant commenced participation in the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates - The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect: (1) the reported amounts of assets and liabilities, (2) disclosures such as contingencies, and (3) the reported amounts of revenues and expenses included in such financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Savings and Retirement Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors. The purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions Receivable - Contributions receivable are recorded for amounts due from employers and participants in accordance with the terms of the Plan. These receivables are reported net of an allowance, for credit losses, which is based on historical experience, current conditions, and other relevant factors. Management has elected an accounting policy to consider subsequent collection activity when estimating expected credit losses. Accordingly, the allowance for credit losses is zero for outstanding balances that were collected prior to the date the financial statements were available to be issued.

Benefits Paid - Benefits are recorded when paid.

Administrative Expenses - The Company provides certain administrative services and pays certain administrative expenses on behalf of the Plan. As the Plan does not reimburse the Company for the costs of such services, they are not included in these financial statements. Some investment-related expenses may be included in net change in fair value of investments.

Subsequent Events - The Plan Administrator has evaluated subsequent events through October 13, 2026, the date these financial statements were available to be issued.

Effective May 31, 2026, the Plan changed service providers from INTRUST Bank, N.A. to Fidelity Management Trust Company and effective June 1, 2026, the Plan merged into the Socket Holdings Corporation 401(k) Plan (Socket Plan) pursuant to a plan merger and adoption agreement. Under the terms of the agreement, all participants' account balances and related plan assets and obligations were transferred to the Socket Plan. The merger and transfer of assets occurred subsequent to the December 31, 2025 financial statement date and, accordingly, are not reflected in the accompanying statement of net assets available for benefits as of that date or the statement of changes in net assets available for benefits for the year then ended.

3. INFORMATION CERTIFIED BY INTRUST BANK, N.A. (UNAUDITED)

The following is a summary of the information as of December 31, 2025 and 2024, and for the year-ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by INTRUST Bank, N.A. (INTRUST) and furnished to the Plan Administrator. The Plan Administrator has obtained certification from INTRUST that information provided to the Plan Administrator by INTRUST related to the following assets is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information below, the fair values in Note 4, and the values in the supplemental schedule related to the following assets:

3. INFORMATION CERTIFIED BY INTRUST BANK, N.A. (UNAUDITED) (CONTINUED)

	2025	2024
Investments at fair value:		
Mutual funds	$ 9,548,150	$ 6,592,877
Stable value fund	30,476	22,709
	$ 9,578,626	$ 6,615,586
Notes receivable from participants	$ 138,389	$ 89,912
Noninterest-bearing cash	$ 1	$ 1

INTRUST also certified to the completeness and accuracy of $1,202,893 of net change in fair value of investments and $252,609 of dividends and interest income related to the aforementioned investments and notes receivable from participants for the year ended December 31, 2025.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The following describes three levels of inputs that may be used to measure fair value:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds - These investments are valued using a quoted price in an active market.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

Stable Value Fund - This investment is valued at net asset value (NAV) which is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it's determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly manner. The category invests in guaranteed investment certificates and money market instruments.

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels described above.

	Fair Value as of December 31, 2025		
	Level 1	Not Classified	Value (Unaudited)
Investments:			
Mutual funds	$ 9,548,150	$ --	$ 9,548,150
Stable value fund[(a)]	--	30,476	30,476
Total investments	$ 9,548,150	$ 30,476	$ 9,578,626

	Fair Value as of December 31, 2024		
	Level 1	Not Classified	Value (Unaudited)
Investments:			
Mutual funds	$ 6,592,877	$ --	$ 6,592,877
Stable value fund[(a)]	--	22,709	22,709
Total investments	$ 6,592,877	$ 22,709	$ 6,615,586

(a) Certain investments that are measured at NAV (or its equivalent) have not been classified in the fair value hierarchy as allowed by U.S. accounting policies. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2025 and 2024.

	2025		
Investment	Fair Value	Unfunded Commitment	Redemption Frequency
Stable value fund	$ 30,476	$ --	Daily

	2024		
Investment	Fair Value	Unfunded Commitment	Redemption Frequency
Stable value fund	$ 22,709	$ --	Daily

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of termination of the Plan, the interests of the participants in the Plan shall be fully vested at the time of termination, and INTRUST shall liquidate all assets of the trust and continue to administer the trust in accordance with its provisions until all obligations have been satisfied. As described in Note 2, the Plan subsequently merged into the Socket Plan effective June 29, 2026, and the related plan assets and obligations were transferred to the new plan.

6. TAX STATUS

The Plan adopted a Non-Standardized Pre-Approved Profit Sharing Plan (pre-approved plan) designed to qualify under Section 401 of the Internal Revenue Code. The Plan has obtained a copy of a favorable opinion letter for the pre-approved plan dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that

7. RISKS AND UNCERTAINTIES (CONTINUED)

such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are managed by INTRUST and therefore, these transactions qualify as parties-in-interest transactions. The various funds' operating expense ratios ranged from 0.04% to 0.67%, as of December 31, 2025. Total fees incurred and paid directly by the Plan for the investment management services were $1,710.

9. PROHIBITED TRANSACTIONS

For the year ended December 31, 2025, participant contributions totaling $183,330 were not deposited within the required timeframe, as stated and interpreted by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. As of December 31, 2025, these amounts had not been corrected. The employer intends to self-correct the contributions and pay the applicable lost earnings during 2026.
