Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of BBP Sales 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about BBP Sales 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of BBP Sales 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about BBP Sales 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) DESCRIPTION OF PLAN

BBP Sales, LLC (the Company) maintains a defined contribution pension plan for the benefit of the employees of the Company. The Plan also covers the employees of Sync Automation LLC. The following description of the BBP Sales, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, adopted effective January 1, 2007, amended and restated on January 1, 2025, is a single employer defined contribution plan meeting the requirements of Section 401(k) of the Internal Revenue Code covering all eligible employees of the Company who are age 21 or older, with no minimum service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Recordkeeper and Custodian Transition

Effective April 2025, the Plan transitioned recordkeeping and custodial services from Nationwide Trust Company to Empower Trust Company (Empower). As a result, Plan assets and participant accounts were transferred to Empower during 2025, and Empower became the Plan's recordkeeper and custodian for the remainder of the year. The change did not affect the terms of the Plan or participants' benefits.

Contributions

Each year, participants may contribute up to a maximum of 100 percent of their pretax or post-tax annual compensation, as defined in the Plan, up to the maximum annual dollar limit which is set by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to amounts allowed under law. Employees may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Employees that have made contributions to the Plan are then considered participants of the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan, which are described in Note 2.

The employer makes safe harbor matching contributions for all eligible participants equal to 100% of each participant’s elective deferrals up to a maximum of 4% of each participant’s compensation to satisfy the average deferral percentage test. Additionally, the employer may make matching contributions equal to a discretionary percentage to be determined by the employer, as well as discretionary non-elective contributions. Matching contributions are limited to the maximum amount deductible under the applicable provisions of the Code.

(1) DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's elective deferral and rollover contributions, the Sponsor's non-elective safe harbor contribution, Plan earnings (losses), and charged with allocation of any administrative expenses paid by the Plan. Plan earnings are allocated to individual participant accounts based on the value of each individual participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferrals, in-plan Roth rollovers, rollover contributions, the Sponsor's safe harbor matching contribution, the Sponsor's qualified non-elective contributions, plus actual earnings thereon. Participants also become fully vested upon attainment of normal retirement age, upon death, or becoming disabled, while an employee. Vesting in the Company's matching and non-elective contributions portion of their account plus earnings thereon is based on years of continuous service as follows:

Years of Vesting Service	Vesting Percentage
Less than three years	0%
Three or more years	100%

Notes Receivable from Participants

Participants may borrow from their accounts up to 50% of their vested account balance, with the maximum loan not to exceed $50,000. The minimum amount a participant can borrow is $1,000. The loans are secured by the balance in the participant's account and bear interest ranging from 5.25% to 10.50%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through semi-monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive a lump-sum distribution or installment payment equal to the value of his or her vested account balance. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefit payments are distributed to participants or their beneficiaries as soon as practical.

(1) DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

When the vested portion of the account of a participant that has separated from service prior to full vesting is distributed, the un-vested portion of the account is forfeited. These forfeitures are used to reduce Sponsor matching contributions or plan expenses. During the year ended December 31, 2025, no forfeitures were used to reduce employer contributions or expenses. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $2,777 and $0, respectively.

Hardship Withdrawals

Participants may withdraw all or a portion of their fully vested accounts, including elective and rollover contributions in the event of hardship as defined in the Plan agreement. Company matching and non-elective safe harbor contributions are not allowed to be withdrawn in the event of hardship.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America as promulgated by the Financial Accounting Standards Board; however, benefits are recorded when paid.

Contribution Receivables

Contribution receivables are recorded for amounts that are due to the Plan at year end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation and Income Recognition

Investments are reported at fair value (except for any fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Net appreciation (depreciation) in the fair value of investments

The Statement of Changes in Net Assets Available for Benefits presents the net earnings in the fair value of the Plan's investments, which consists of realized gains and losses, and the unrealized appreciation and depreciation on those investments.

Date of Management's Review

Management has evaluated subsequent events through October 8, 2026, the date which the financial statements were available to be issued.

(3) FAIR VALUE MEASUREMENTS

The framework of measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(3) FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observed for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: For the year ended December 31, 2025, mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end based on quoted market prices. For the year ended December 31, 2024, unit values for the funds were calculated daily by first taking the daily net asset value and adding the dividends per share and the capital gains per share, as declared to get the gross investment rate. Next, the net investment rate was calculated by subtracting the daily asset management charge percentage from the gross investment rate. Finally, the previous day's unit value was multiplied to the net investment rate to get the new daily unit value. These investment options were fully benefit responsive and were reported at fair market value. Due to the valuation process used, mutual funds were within Level 2 of the Fair Value Hierarchy as of December 31, 2024.

Self-directed brokerage account: Investments held in the self-directed brokerage account include common stocks and mutual funds, which are valued at the closing price reported on the active market on which the individual securities are traded, and exchange traded funds, which are considered actively traded mutual funds, which are valued at the daily closing price as reported by the fund.

Group annuity contract: Deposits to the plan are held in a guaranteed fund. The value of the fund is the total deposits credited plus interest less any withdrawals made from the guaranteed fund. Deposits are guaranteed in both principal and interest. Amounts are held in Empower's Fixed Account and are credited on a net daily basis at annual effective rates. This contract is not fully benefit responsive and is reported at fair value. The fair market value is equal to the contract value less any Contingent Deferred Sales Charge (CDSC), if applicable, and Market Value Adjustment. Due to the valuation process used, this contract is within Level 2 of the Fair Value Hierarchy.

(3) FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	2025			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 20,286,418	$ -	$ -	$ 20,286,418
Self-directed brokerage accounts	656,888	-	-	656,888
Group annuity contract	-	25,721	-	25,721
Investments at fair value	$ 20,943,306	$ 25,721	$ -	$ 20,969,027

	2024			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ -	$ 16,781,737	$ -	$ 16,781,737
Self-directed brokerage accounts	259,197	-	-	259,197
Group annuity contract	-	4,639	-	4,639
Investments at fair value	$ 259,197	$ 16,786,376	$ -	$ 17,045,573

(4) GROUP ANNUITY CONTRACT

Prior to the transition to Empower Trust Company, the plan held a group annuity contract with Nation Life Insurance Company. Upon transition, the plan moved this asset to Empower’s group annuity contract offered.

Empower Investments Fixed Account is a group annuity contract the Plan entered into with Empower Annuity Insurance Company (Empower). The account is credited with the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Because the group annuity contract is not fully benefit-responsive, fair value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The fair market value is equal to the contract value, less any Contingent Deferred Sales Charge (CDSC), if applicable, and Market Value Adjustment. Due to the valuation process used, this contract is within Level 2 of the Fair Value Hierarchy.

Certain events limit the Plan’s ability to transact at contract value with Empower. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan’s

(4) GROUP ANNUITY CONTRACT (CONTINUED)

prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsors events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

(5) RELATED PARTY/PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments were shares of mutual funds managed by Nationwide Trust Company (Nationwide). Nationwide was the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Certain Plan investments are shares of mutual funds managed by Empower Trust Company (Empower). Empower is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(6) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

(7) TAX STATUS

The Plan uses a prototype plan document and trust sponsored by Nationwide Trust Company. The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the prototype plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management has analyzed the Plan's tax positions taken on Federal income tax returns for all open tax years (current and prior three years) and has concluded that as of December 31, 2025, no provision for income tax is required in the Plan's financial statements. The Plan's Federal tax return for tax years for which the applicable statutes of limitations have not expired are subject to examination by the Internal Revenue Service.

(7) TAX STATUS (CONTINUED)

On December 29, 2022, the Consolidated Appropriations Act of 2023 was enacted, encompassing a suite of retirement provisions colloquially termed "SECURE 2.0." This legislative package builds upon the foundational reforms introduced by the 2019 SECURE Act, with a central aim of expanding participation in the retirement ecosystem and enhancing avenues or asset accumulation. The provisions set forth by SECURE 2.0 will be progressively effective from 2023 onwards.

The Act presents a blend of mandatory and elective provisions. Plan and Organization management will evaluate and decide upon the elective components in alignment with the Plan's objectives and the best interests of participants and the Organization. As of the report date, the Plan has not been formally amended to incorporate the provisions of SECURE 2.0. However, the Plan is operating in compliance with all mandatory elements as prescribed by the Act.

(8) INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

As pursuant to CFR 2520.103-8 the Plan qualified for an ERISA Section 103(a)(3)(C) audit in 2025 and 2024. Information relating to investment assets, investment transactions and investment earnings was certified as complete and accurate by the custodians. Nationwide certified the applicable information for the period of January 1, 2025 through April 30, 2025, and Empower certified the applicable information for the remainder of the year, from May 1, 2025 through December 31, 2025. For 2024, all such information was certified by Nationwide as of and for the year ended December 31, 2024.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodians:

	2025	2024

Investment activity:		
Net appreciation in fair value of investments	$ 3,013,854

Interest income on notes receivable from participant	$ 12,444	

In addition, all information included in Schedule “1” Schedule of Assets (Held at End of Year) has been certified as complete and accurate by the custodians.

(9) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
