Independent Auditor's Report

To the Plan Administrator
403(b) Thrift Plan of Southeastern Council on Alcoholism & Drug Dependence, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of 403(b) Thrift Plan of Southeastern Council on Alcoholism & Drug Dependence, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a) for the year ended December 31, 2025 and supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of 403(b) Thrift Plan of Southeastern Council on Alcoholism & Drug Dependence, Inc. (the "Plan") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is a contributory Internal Revenue Code ("IRC") Section 403(b) defined contribution retirement plan established effective January 1, 2005 and most recently amended on January 1, 2024. The Plan covers all eligible employees of The Southeastern Council on Alcoholism and Drug Dependence, Inc. (the "Council"). Nonresident aliens who do not receive any compensation from U.S. sources are excluded from participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Council's Board of Directors is responsible for oversight of the Plan. The Plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Council's Board of Directors.

Contributions

Each year, participants may make salary deferral contributions to the Plan up to 99% of their pre-tax annual compensation, as defined by the Plan. Participants may designate all or a portion of their salary deferral contributions as Roth deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have attained age 60, 61, 62 or 63 on or after January 1, 2025 are eligible to make greater super catch-up contributions to the Plan. The Plan has elected to allow participants to make Special Code 403(b) Catch-up Contributions provided they have completed at least 15 years of service. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an Automatic Contribution Arrangement whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Participants eligible under the Automatic Contribution Arrangement will have their pre-tax deferral rate set at 1% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. All participants under the Automatic Contribution Arrangement will have their pre-tax salary deferral contribution automatically increased by 1% each year up to a maximum automatic contribution of 5%.

The Council may, at its discretion, make matching contributions to the Plan. Participants must be at least 21 years of age and have completed one year of service, as defined, to receive any matching contributions. The Council may also make discretionary nonelective contributions to the Plan. Participants must be at least 21 years of age, have completed one year of service, as defined, and be actively employed on the last day of the Plan year to receive any discretionary nonelective contributions. Independent Contractors and Per Diem Employees, as defined, are not eligible to receive any discretionary matching or nonelective contributions. For the year ended December 31, 2025, the Council elected to make discretionary matching contributions to the Plan based on a participant's years of service, as defined by the Plan, as follows:

Years of service	Matching percentage
Less than 1	0%
1 to 4	10%
5 to 7	13%
8 to 11	14%
12 or more	15%

Total discretionary matching contributions to the Plan were $477,171 for the year ended December 31, 2025. The Council elected not to make any discretionary nonelective contributions to the Plan for the year ended December 31, 2025. Participants also direct the investment of the Council's contributions. All contributions are subject to certain IRC limitations.

Participant accounts
Each participant's account is credited with the participant's contributions and any discretionary matching contributions, as well as allocations of any discretionary nonelective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their salary deferral contributions and rollover contributions plus actual earnings thereon. In the event of death, total and permanent disability or normal retirement, participants shall become 100% vested in the Council's contribution portion of their account. For all other participants, vesting in the Council's contribution portion of their account is based on credited years of service, as defined by the Plan, according to the following schedule:

Years of service	Percentage vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of benefits
Upon termination of service for any reason, a participant or their designated beneficiary may elect to receive the value of the participant's vested interest in his or her account as a lump-sum amount, partial withdrawals or in installments over a specified period of time. Participants with an account balance less than $1,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For terminated participants with an account balance greater than $1,000, but less than $7,000, the Plan administrator will make a direct rollover of the participant's vested account to an individual retirement account designated by the Plan administrator. Participants with an account balance greater than $7,000 may defer payment of benefits until a later date.

Withdrawals from the participant's vested account may be made in the event of a financial hardship, in accordance with the provisions specified in the Plan. Prior to termination of employment, participants who become disabled, have attained age 59½, or have completed 60-months of service are eligible to make in-service withdrawals, in accordance with the provisions of the Plan. Participants may withdraw amounts attributable to rollover contributions at any time.

Notes receivable from participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, reduced by the excess of the participant's highest outstanding loan balance during the 12-month period ending on the date of the loan, over the participant's current outstanding loan balance on the date of the loan. The loans are secured by the vested balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Forfeited accounts
At December 31, 2025 and 2024 forfeited nonvested accounts totaled $14 and $15, respectively. Any forfeited nonvested accounts may be used to pay Plan expenses or to reduce future employer contributions. Forfeited nonvested accounts of $13,826 were utilized to reduce employer contributions for the year ended December 31, 2025.

Note 2 - Summary of accounting policies

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions
Contributions from Plan participants and the discretionary matching contributions from the Council are recorded in the year in which the employee contributions are withheld from compensation. Any

nonelective contributions from the Council are recorded in the year in which the contributions are earned.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Council. Expenses that are paid by the Council are excluded from these financial statements. Fees related to participant loans, distributions and the maintenance of participant accounts are charged directly to the participant's account and are included in administrative expenses. The Plan is also charged with an asset-based administration fee that is also include in administrative expenses. Indirect investment related expenses are included in the net appreciation in fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board issued Accounting Standards Codification Topic 820, *Fair Value Measurement*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Mutual funds and money market fund: Valued at the daily closing price as reported by the funds. The mutual funds and money market fund held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds and money market fund held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at fair value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,614,633	$ -	$ -	$ 4,614,633
Money market fund	247,444	-	-	247,444
Total investments at fair value	$ 4,862,077	$ -	$ -	$ 4,862,077

	Assets at fair value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,542,474	$ -	$ -	$ 3,542,474
Money market fund	112,588	-	-	112,588
Total investments at fair value	$ 3,655,062	$ -	$ -	$ 3,655,062

Note 4 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2025 and 2024, and investment income and interest income on notes receivable from participants for the year ended December 31, 2025, that are disclosed in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan.

Note 5 - Related party transactions and party-in-interest transactions

Plan investments include a variety of mutual funds and a money market fund held by Reliance Trust Company and recordkeeping is performed by ADP Retirement Services. Reliance Trust Company is the trustee, ADP Retirement Services is the recordkeeper and Retirement Management Services, LLC is the Plan's third-party administrator. Transactions with these service providers qualify as party-in-interest transactions. Indirect fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Direct fees paid by the Plan to the recordkeeper for certain administrative expenses amounted to $31,473 for the year ended December 31, 2025. The Plan allows participants to take loans against their account balances, which are also considered exempt party-in-interest transactions.

As of December 31, 2025 and 2024, the Plan's revenue sharing account totaled $0. This account is available to pay Plan expenses or to reduce future employer contributions. For the year ended December 31, 2025, the Plan received revenue sharing credits of $6,200, which is shown as other income in the accompanying financial statements. For the year ended December 31, 2025, the Plan utilized $6,200 from the revenue sharing account to pay investment management fees to the Plan's investment advisor, also considered a party-in-interest.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Council has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Council's contributions.

Note 7 - Tax status

The Plan is designed using a volume submitter 403(b) plan document sponsored by Retirement Management Services, LLC, the Plan's third-party administrator. The IRS has informed Retirement Management Services, LLC by an advisory letter dated March 31, 2017, that the volume submitter 403(b) plan document, as then designed, was in compliance with the applicable sections of the IRC. Although the Plan itself has not received a determination letter from the IRS, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and deemed to be tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Nonexempt transactions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain participant contributions were not remitted to the Plan within the time frame specified by DOL Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Council for the year ended December 31, 2025. These delinquent participant contributions pertain to certain payroll periods during the years ended December 31, 2022, 2023 and 2024. These amounts were fully corrected in February 2026. The Council believes that these transactions should not affect the tax-qualified status of the Plan.
