INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
AGBU Manoogian-Demirdjian School
401(k) Retirement Plan
Canoga Park, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of AGBU Manoogian-Demirdjian School 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to Section 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with Section 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1. PLAN DESCRIPTION

The following description of the AGBU Manoogian-Demirdjian School 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all full-time employees of AGBU Manoogian–Demirdjian School (the School). Employees are eligible for participation after completion of 60 days of service. Plan entry dates are the first day of each month. The Plan was adopted on January 1, 1990 as a defined contribution plan and is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts and Contributions: Participants who attained age 50 by December 31, 2025, were eligible to make catch-up contributions of up to $7,500 upon reaching the applicable annual deferral limit. Participants may also contribute amounts representing eligible rollover distributions from other qualified retirement plans.

Effective January 1, 2023, the Plan was amended to allow the School to make safe harbor matching contributions of 100% of employee deferrals up to 5% of compensation. The School may also make discretionary profit-sharing contributions to the Plan, which are determined by the Board of the School, subject to formula limitations, as defined by the Plan. The School made safe harbor matching contributions of $270,982 for the year ended December 31, 2025. The School did not make any discretionary profit-sharing contributions for the year ended December 31, 2025.

Each participant's account is credited or charged by participant's own contributions; rollover contributions from participant's other qualified plan(s); the School's safe harbor matching contributions; the School's discretionary profit-sharing contributions; investment earnings; and administrative expenses.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon, as well as their rollover contributions plus actual earnings thereon. Safe harbor matching contributions are 100% vested when made and are not subject to forfeiture. Vesting in the School's discretionary employer matching contributions made prior to January 1, 2023, and profit-sharing contributions, plus earnings thereon, is based on years of continuous service in accordance with the following schedule:

Years of Service	Percentage
1 year but less than 2 years	33%
2 years but less than 3 years	67%
3 years	100%

NOTE 1. PLAN DESCRIPTION (Continued)

Notwithstanding the above, if a participant (1) attains the age of 65, (2) dies or (3) terminates employment by reason of permanent disability, the School discretionary matching and profit-sharing contributions become 100% vested without regard to years of service.

Benefit Payments: Upon termination of service, for reasons other than death, payment may be made immediately as a lump sum distribution. For termination of service due to a participant's death, the entire account balance will be payable based on the Plan document. Involuntary cashouts will be payable based on the Plan document. Annuities are not permitted as a form of distribution. The Plan has no early retirement provision.

In-service distributions are allowed when a participant either attains age 59-1/2 or experiences a financial hardship as defined by the IRC. The Plan provides for hardship withdrawals, not to exceed an amount required to meet the immediate need created by the hardship, and then only to the extent such immediate need cannot be satisfied by other sources reasonably available to the participants. Such withdrawals are subject to applicable excise and income taxes and may only be made with the approval of the Plan Administrator.

Plan Termination: Although it has not expressed any intent to do so, the School has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Notes Receivable from Participants: Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of the participant's vested balance. The notes receivable from participants are secured by the vested balance in the participant's account and bear interest at the prevailing market rate as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. The maximum number of loans outstanding at any one time, is one. Loan terms may not exceed five years, except notes receivable used to purchase a participant's primary residence.

Forfeitures: Terminated participants' unvested School contributions, if any, would be retained in the Plan as forfeitures and may be used to reduce future School contributions or pay administrative expenses. The balance of forfeitures available for future use was immaterial at December 31, 2025.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan have been prepared using the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition: Investments are reported at fair market value. Investments in shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset value of shares held at year-end. Money market funds are stated at their carrying values, which approximate fair values.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments consists of net realized gains or losses and the net unrealized appreciation or depreciation in the fair value of investments.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance, plus accrued but unpaid interest at the end of the period.

Administrative Expenses: The School incurs certain expenses in administering the Plan, which if not paid by the School are paid by the Plan.

Benefit Payments: Benefits are recorded when paid.

NOTE 3. CERTIFIED INFORMATION

The Plan Administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the financial information included in the Plan's financial statements as it relates to investment assets, investment transactions, investment income, notes receivable from participants, and the schedule of assets held at end of year have been derived from information certified as complete and accurate by Ascensus LLC, the recordkeeper of the Plan, as agent of Ascensus Trust Company, the custodian of the Plan, in accordance with Section 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4. INCOME TAX STATUS

The School has adopted a volume submitter plan that has received an opinion letter dated November 30, 2020 from the Internal Revenue Service (IRS), which stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since that date. However, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and concluded that, as of December 31, 2025, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements.

NOTE 4. INCOME TAX STATUS (Continued)

The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to December 31, 2022.

NOTE 5. RISKS AND UNCERTAINTIES

The Plan invests in various investment funds which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6. FAIR VALUE MEASUREMENTS

Fair value is determined based on assumptions that a market participant would use in pricing an asset or liability. Measurements of fair value are classified within a hierarchy based upon valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are as follows:

Level 1 Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are not active;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following methods and assumptions were used to estimate the fair value of investments. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Money Market Funds: The carrying value approximates fair value.

Mutual Funds: Valued using quoted market prices in active markets which represent the net asset value of shares held by the Plan at year-end.

NOTE 6. FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Fair Value Measurements Using			
	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
At December 31, 2025				
Money market fund	$ 102,552	$ --	$ --	$ 102,552
Mutual funds	6,732,018	--	--	6,732,018
Total investments at fair value	$ 6,834,570	$ --	$ --	$ 6,834,570

	Fair Value Measurements Using			
	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
At December 31, 2024				
Money market fund	$ 92,245	$ --	$ --	$ 92,245
Mutual funds	5,208,606	--	--	5,208,606
Total investments at fair value	$ 5,300,851	$ --	$ --	$ 5,300,851

NOTE 7. DELINQUENT CONTRIBUTIONS

During the year ended December 31, 2024, the School inadvertently failed to remit participant deferrals and loan repayments timely in the amount of $3,074. The DOL considers late deposits to be prohibited transactions. The School has self-corrected the issue by depositing lost earnings into the affected participant accounts during 2025.

NOTE 8. PARTY-IN-INTEREST TRANSACTIONS

The plan engages Ascensus, LLC for services including brokerage, administration and recordkeeping. These transactions qualify as party-in-interest transactions as defined in Section 3(14) of ERISA. During the year ended December 31, 2025, the plan paid $39,674 for these services. These transactions are exempt from the prohibited transaction provisions of ERISA under Section 408 (b)(2) and the corresponding provisions of the IRC.

NOTE 9. SUBSEQUENT EVENTS

Management has evaluated subsequent events for recognition and disclosure through September 30, 2026, which is the date the financial statements were available to be issued.
