INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the
VitalMD 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of VitalMD 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year (December 31, 2025) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the VitalMD 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a safe harbor defined contribution 401(k) plan covering all eligible employees of VitalMD Group Holding, LLC and its wholly owned LLCs (collectively referred to as the "Company") who have completed at least one (1) year of service and one thousand (1,000) hours and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is designed to satisfy the safe harbor requirements of IRC Section 401(k) through Company non-elective contributions made on behalf of eligible employees, regardless of whether they make elective deferrals. Provided the applicable safe harbor requirements are satisfied, the Plan is exempt from annual actual deferral percentage (ADP) testing. The Administrative Committee is responsible for oversight of the Plan. The Investment Committee evaluates the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Administrative Committee.

Contributions

Participant Contributions: Each year, participants may elect to defer up to 100% of eligible compensation, as defined by the Plan, on a before-tax basis, as Roth 401(k) contributions, or as a combination of the two, subject to Internal Revenue Code (“IRC”) elective-deferral limits of $23,500 for 2025 and $23,000 for 2024. The Plan also permits traditional after-tax employee contributions, subject to applicable Plan and IRC limitations. Participants who attain age 50 by the end of the Plan year are eligible to make catch-up contributions. The catch-up contribution limit was $7,500 for 2025 and 2024, except that the limit for participants who attained age 60, 61, 62, or 63 during 2025 was $11,250. Participants may also make rollover contributions representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions and Company contributions among the investment options offered by the Plan.

The Plan currently offers a variety of mutual funds, collective trust funds, variable annuities, a stable value fund and self-directed brokerage accounts.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. Contributions are automatically invested in a designated balanced fund until changed by the participant.

Company Safe Harbor Contributions: The Company contributes non-elective safe harbor contributions equal to 3% of compensation for all eligible employees in the Plan. Employees are required to complete one year of service prior to becoming eligible for Company safe harbor contributions.

Company Profit Sharing Contributions: Profit sharing amounts may be contributed at the discretion of the Company's revenue sharing members. During the years ended December 31, 2025 and 2024, the Company made a profit sharing contribution of approximately $4,842,000 and $4,559,000, respectively.

Contributions are subject to certain limitations imposed by applicable provisions of the Plan and the Internal Revenue Code of 1986, as amended ("IRC"), including compliance with applicable statutory limits and non-discrimination rules.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company safe harbor contributions, as well as allocations of the Company's profit sharing contributions and Plan's net earnings.

Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, the Company's safe harbor contributions plus actual earnings thereon and rollovers. Vesting in the Company's profit sharing contribution portion of their accounts is based on years of continuous service as follows:

Years of Service	Percentage Vested
Less than 2	0%
2 or more	100%

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting (Continued)

Vesting will be accelerated and participants will be 100% vested in the Company's profit sharing contribution and earnings thereon upon reaching age 65, or as a result of death, or becoming totally disabled while an employee. A participant will be considered totally disabled for purposes of the Plan if he or she is eligible to receive long-term disability benefits under the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the participant's account and bear interest at rates which are commensurate with local prevailing rates at the time of the loan as determined by the Plan administrator. Principal and interest is paid ratably through regular payroll deductions.

Payment of Benefits

Prior to termination of employment, a participant may withdraw, subject to the Plan's notice requirements, all or any portion of the vested value of his or her account and the vested value of his or her Company contribution account if the participant has attained age fifty-nine and one-half ($59^{1/2}$) or becomes totally and permanently disabled, or all or a certain portion of the value of his or her participant account in the event of demonstrated financial hardship, subject to the Plan provisions.

A participant, after leaving the Company, can have the total of his or her vested account distributed in accordance with the provisions of the Plan. On termination of service for any reason, including disability or retirement, a participant may elect, if account balance exceeds $5,000, to receive either a lump-sum amount equal to the value of the participant's interest in his or her account, or remain in the Plan. If account balance is $5,000 or less, a participant will receive the value of his or her account as a lump-sum distribution.

Forfeited Accounts

Forfeitures of the non-vested portion of participant accounts related to the Company's contribution are used to pay Plan expenses and offset future Company contributions**.** At December 31, 2025 and 2024, the forfeited non-vested accounts balance totaled $51,210 and $35,228 respectively. During the years ended December 31, 2025 and 2024, employer contributions and Plan expenses were reduced by $6,411 and $15,667 in unallocated forfeitures, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance companies.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

All accounts are credited with earnings and gains on the underlying investments and charged for losses, participant withdrawals and certain administrative expenses.

See Note 4 for discussion of fair value measurements.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases making loan repayments and the Plan administrator determines, in accordance with the terms of the Plan document, that the participant loan is in default and should be treated as a distribution from the Plan, the outstanding loan balance is removed from notes receivable from participants and recorded as a benefit payment. Loans that have been deemed distributed for tax purposes may continue to be tracked administratively by the recordkeeper until subsequently repaid or offset against the participant's account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Other Employer Contributions

Corrective employer safe harbor contribution amounts, that were determined after year-end, are presented as other employer contributions (receivable) in the statement of net assets and as other employer contributions in the statement of changes in net assets available for benefits.

Excess Contributions Payable

The Plan is required to return contributions received during the Plan year in excess of IRC limits. There was no excess contributions payable as of December 31, 2025 and 2024.

Payment of Benefits

Benefits are recorded when paid. There were no participants who elected to withdraw from the Plan that had not been paid at December 31, 2025 or 2024.

Administrative Costs

The Company, which is a party-in-interest, is absorbing the costs of fiduciary bonding, financial statement audit fees, and certain fees charged by the Plan's trustee, but reserves the right to amend the Plan at any time, and allocate such fees to Plan participants. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. All other administrative costs are paid by the Plan.

Reclassifications

Certain items in the 2024 financial statements have been reclassified for presentation purposes to conform to the 2025 financial statement presentation. These reclassifications had no effect on previously reported net assets available for benefits or the change in net assets available for benefits.

Subsequent Events

The date to which events occurring after December 31, 2025 the date of the most recent statement of net assets available for benefits, has been evaluated for possible adjustments to the financial statements or disclosure is October 14, 2026 which is the date on which the statements were available to be issued.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan administrator has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C), as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2025 and 2024, and the related investment income and interest income on notes receivable from participants for the years then ended, as disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Empower Trust Company, LLC, the trustee of the Plan, and Empower Annuity Insurance Company ("EAIC"), the insurance carrier and issuer of certain Plan investments..

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. For example, stocks listed on a recognized exchange or listed mutual funds.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds publish a daily net asset value ("NAV") and transact at that price. Accordingly, mutual funds are classified within Level 1 of the fair value hierarchy.

Collective trust funds: These investments include various index funds for domestic equities and fixed income securities, as well international equities and are valued at the NAV of units of a bank collective trust. The NAV, as provided by the audited financial statements and the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Investments measured using the NAV practical expedient are not classified within the fair value hierarchy.

Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage account: The investments in this account include various mutual funds, money market funds and corporate stocks that are valued on the basis of readily determinable market prices.

Pooled separate accounts: The Plan holds one investment classified as a variable annuity. The investment provides exposure primarily to fixed-income securities through an insurance company separate-account arrangement. The value of the Plan's interest fluctuates based on the performance of the underlying bond investments and related market factors, including changes in interest rates and credit spreads. The investment is valued using net unit value reported by EAIC based on accumulated values underlying investments, which is the NAV equivalent. The investment is classified within Level 2 of the fair value hierarchy because its fair value is determined using observable market inputs other than quoted prices for identical investments in active markets.

See Note 5 for additional information regarding the Plan's stable value investment.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The methods described in this note may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2025 and 2024:

Investment Assets at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total

(*) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Net Asset Value Per Share

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2025			
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective trust funds	$178,100,026	None	Daily	12 months

	December 31, 2024			
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective trust funds	$144,694,756	None	Daily	12 months

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan contains a stable value investment option (Fund or GIC) that meets the criteria of a fully benefit-responsive investment contract and therefore is reported in the financial statements at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract value of the Plan’s traditional investment contract is $65,111,392 and $60,886,181 at December 31, 2025 and 2024, respectively.

The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory development.

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 - RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are held by Empower Trust Company, LLC, the Plan’s trustee, and certain Plan investments are insurance contracts issued by EAIC, which also serves as the Plan’s custodian. Accordingly, transactions involving Empower Trust Company, LLC and EAIC qualify as party-in-interest transactions.

During the years ended December 31, 2025 and 2024, the Plan incurred recordkeeping fees of $210,363 and $212,856 respectively, which were paid to Empower Trust Company, LLC and EAIC.

The Company, which is a party-in-interest, is absorbing the costs of fiduciary bonding, financial statement audit fees, and fees charged by the Plan’s trustee, but reserves the right to amend the Plan at any time, and allocate such fees to Plan participants.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 - TAX STATUS

The Plan has adopted a pre-approved plan document sponsored by Empower Retirement, LLC, for which the Internal Revenue Service issued a favorable opinion letter dated September 16, 2022. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

United States generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine examinations by Federal taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various securities including mutual funds, collective trusts funds and a stable value fund. The Plan also provides for investment options in self-directed brokerage accounts and funds which invest in equity and debt securities and other investments. Investment securities, in general, are exposed to various risks such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that the values of investment securities could decline in the near term and that such declines could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Given volatility in financial markets, it is reasonably possible that investment values could decline in subsequent periods.

The Plan's exposure to concentration of credit risk is limited by the diversification of investments among various participant-directed investment options. Investments within these investment options are also generally diversified among various financial instruments and issuers.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Participant loans deemed distributed for tax purposes remain included in notes receivable from participants in the financial statements but are excluded from Form 5500. During 2025, the Plan corrected an immaterial prior-year understatement of these loan balances. The correction is included in the 2025 change in net assets available for benefits. The combined effect of this correction and current-year participant loan reporting differences is reflected in the reconciliations below.
