Independent Auditor's Report

Participants and Benefits Operations Committee
Baylor Scott & White Health 403(b) Savings Plan
Dallas, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Baylor Scott & White Health 403(b) Savings Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Baylor Scott & White Health 403(b) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Empower Trust Company, LLC, a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Baylor Scott & White Health 403(b) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 403(b) plan sponsored by Baylor Scott & White Health (BSW Health), formerly known as Baylor Scott & White Holdings (BSW Holdings), for the benefit of covered employees, as defined by the Plan, of BSW Health and certain affiliates (collectively, the "Company" or "BSWH"). Certain employees are immediately eligible to participate in the Plan upon their date of hire. Effective January 1, 2025, BSW Holdings merged into BSW Health, a Texas nonprofit corporation, with BSW Health becoming the new Plan Sponsor. The primary purpose of this organizational change was to streamline the corporate structure. As a result, the employer identification number (EIN) under which the Plan is reported changed from 46-3130985 to 46-3131350. This change did not represent a merger or transfer of plan assets or liabilities between separate plans. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Finance and Investment Committee of the BSW Health Board of Trustees determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan's trustee is Empower Trust Company, LLC (also referred to as the "Trustee").

Contributions

The Plan allows for different types of participant contributions: pretax, Roth (after-tax), catch-up (pretax and Roth), and rollover contributions. Pretax and Roth (after-tax) contributions can be from 1% to 50% of the participant's compensation, up to the current Plan or Internal Revenue Service (IRS) limits. Participants who attain age 50 before the close of the Plan year may make additional pretax contributions or additional Roth (after-tax) contributions, known as catch-up contributions, up to the current annual IRS limit.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing their contributions into any of the separate investment accounts and may change the allocation daily with certain limitations relative to day trading regulations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon.

Benefits

Distribution of a participant's vested account is available to the participant upon retirement, age 59½, termination, or designated beneficiary upon participant's death. For the time period presented prior to April 1, 2024, vested account balances under $5,000 were forced out of the Plan unless the participant elected a lump-sum distribution or direct rollover to another plan within 90 days of their termination. If a participant failed to make an election within the stated timeframe, accounts with a vested balance under $1,000 were automatically issued as a lump-sum payment. Accounts with a vested balance between $1,000 and $5,000 were automatically rolled over into an Individual Retirement Account (IRA) established in the participant's name. Effective April 1, 2024, forced out accounts with vested balances between $1,000 and $7,000 in which the participant failed to make an election within the stated timeframe were automatically rolled over into an IRA established in the participant's name. Effective April 1, 2025, forced out accounts with a vested balance up to $7,000 in which the participant failed to make an election within the stated timeframe, will have their account balance automatically rolled over into an IRA established in the participant's name. Accounts with a vested balance greater than $7,000 have the option to leave their account balance in the Plan, request a rollover to another employer's plan or IRA, receive a partial distribution, receive a lump-sum distribution, or receive monthly, quarterly, or annual calculated payments for a specified period of time (but not to exceed the expected life expectancy of the participant or the joint life expectancy of the participant and their beneficiary). Participants who satisfy certain conditions may elect a hardship withdrawal.

Notes Receivable From Participants

The Plan document includes provisions authorizing loans from the Plan to active eligible participants. Notes receivable from participants in the accompanying statements of net assets available for benefits represent participant loans. Participants may borrow from their fund accounts a minimum of $1,000. The maximum amount of a participant's loan is determined by

the available loan balance, restricted to the lesser of $50,000 or 50% of the participant's vested account balance between the Plan, the Baylor Scott & White Health Retirement Savings Plan (the "BSWH Retirement Plan"), and the Baylor Affiliated Services Retirement Savings Plan (the "BAS Plan"), collectively, the "BSWH Plans". A participant may only have two loans outstanding (one residential and one general purpose) at any time between the BSWH Plans. All loans are secured by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholds, unless the participant is paying the loan in full. All new loans follow the repayment policies of the Trustee, consisting of a monthly ACH payment made directly to the Trustee. Interest on the loans is based on the prime rate plus 1%. At December 31, 2025, loans outstanding bore interest at rates ranging from 4.25% to 9.50% with maturities through October 2035.

Unclaimed Distributions

At December 31, 2025 and 2024, the Plan's net assets available for benefits included approximately $356,000 and $384,000, respectively, of unclaimed distributions to participants or former participants of the Plan. The unclaimed distributions are restricted and may not be used to pay certain administrative expenses. The unclaimed distributions are not escheated, as escheatment is prohibited by ERISA.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on an accrual basis of accounting.

Use of Estimates

Preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will continue to occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Investments and Investment Income

Investments are reported at fair value. Accounting Standards Codification (ASC) 820, *"Fair Value Measurement,"* provides a single definition of fair value, establishes a framework for measuring fair value, and requires expanded disclosures concerning fair value measurements. See Note 4, "Fair Value Measurements," for information about financial assets and liabilities measured at fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and expenses are accrued on a daily basis. Interest income is recorded on an accrual basis. The Plan presents, in the statements of changes in net assets available for benefits, the net appreciation in the fair value of investments, consisting of realized gains and losses, and the unrealized appreciation and depreciation on those investments, dividends, and interest.

Notes Receivable From Participants

Notes receivable from participants are measured at the unpaid principal balance, plus any accrued interest. Interest income is recorded on an accrual basis.

Related fees are recorded as administrative expenses and are expensed as incurred. No allowances for credit losses have been made as of December 31, 2025 or 2024. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Benefit Payments

Benefit payments to participants are recorded when paid.

3. CERTIFICATION OF PLAN TRUSTEE

BSW Health has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income and interest income from notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.
- Investments and notes receivable from participants' information included in the accompanying schedule of assets (held at end of year) as of December 31, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. FAIR VALUE MEASUREMENTS

As defined in ASC 820, fair value is based on the prices that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, ASC 820 establishes a three-tier fair value hierarchy for disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from, or corroborated by, observable market data by

correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability are unobservable and developed based on the best information available in the circumstances.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The carrying value of contributions receivable and total liabilities are reasonable estimates of their fair values due to the short-term nature of these financial instruments.

The following is a description of the valuation methodologies used by the Plan for assets at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money market fund: Valued at net asset value (NAV), which is determined using quoted prices in active markets for identical instruments at year-end. These investments are classified as Level 1 within the fair value hierarchy.

Registered investment companies: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These investments are classified as Level 1 within the fair value hierarchy.

All investments held in registered investment companies, including money market funds, as of December 31, 2025 and 2024, totaling approximately $709,817,000 and $628,241,000, respectively, are classified as Level 1 within the fair value hierarchy, which are included in investments, at fair value, on the accompanying statements of net assets available for benefits.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue permitting its employees to make elective contributions and terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, the accounts of all participants shall become fully vested, and payment of such vested amounts shall be distributed as soon as practicable.

6. INCOME TAX STATUS

The Plan, together with the investment vehicles, is intended to be a tax-sheltered plan under Section 403(b) of the Internal Revenue Code (the "Code") of 1986, as amended. The Plan has not requested or obtained a determination letter. However, the Plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and not subject to tax.

Accounting principles generally accepted in the United States require the Plan sponsor to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan sponsor believes it is no longer subject to income tax examinations for years prior to 2022.

7. RELATED PARTY TRANSACTIONS

Certain Plan investments in registered investment companies are managed by the Trustee. These transactions qualify as exempt party-in-interest transactions.

The Plan paid fees of approximately $301,000 and $248,000 to the Trustee during the years ended December 31, 2025 and 2024, respectively, which is included in administrative expenses on the accompanying statements of changes in net assets available for benefits. The Company provides certain administrative services at no cost to the Plan.

8. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 13, 2026, which is the date the financial statements were issued. The Plan is not aware of any events or transactions occurring subsequent to the statements of net assets available for benefits date, but before the issuance of the financial statements, which may have a material effect on its financial condition.
