Carrix, Inc. 401(k) Plan for Non-Union Employees

Scope and Nature of ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of the Carrix, Inc. 401(k) Plan for Non-Union Employees, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the year ended December 31, 2025 and the 11-month period from February 1, 2024 to December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025 and the 11-month period from February 1, 2024 to December 31, 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Carrix, Inc. 401(k) Plan for Non-Union Employees (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of several employers, including principally Carrix, Inc. and the majority of it's domestic, wholly owned subsidiaries (collectively, the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Carrix, Inc. is the plan sponsor and plan administrator. The Plan's investments are held by Fidelity Management Trust Company, the Plan's trustee, and the Plan's third party administrator is Fidelity Workplace Services LLC (collectively, Fidelity). The Retirement Plan Committee, maintained by Carrix, Inc., determines the appropriateness of the Plan's investment offerings, monitors investment performance, and is comprised of members of the Employer's management.

Plan Amendment

Effective February 1, 2024, the Plan was amended to change the plan year end from January 31 to December 31, resulting in an 11-month plan year. Accordingly, the prior period's financial information may not be comparable to the current year's results, which reflect a full 12-month reporting period ended December 31, 2025.

Eligibility

Non-union employees are eligible to participate in the Plan; there is no age or service requirement. Employees eligible to receive the Employer's safe harbor matching contribution must first complete at least one year of service in which they work at least 1,000 hours. In connection with the amendment to change the plan year end, the Plan was also amended to allow an employee to receive the Employer's contribution if they work at least 1,000 hours during any plan year of fewer than 12 months.

Participant Contributions

Each year, plan participants may contribute up to 50% (75% for those participants making "catch-up" contributions as described below) of pretax annual compensation, as defined by the Plan. Participants may elect to categorize a portion or all of their contributions under the Plan's Roth deferral feature. In addition, employees may contribute up to 10% of eligible compensation on an after-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an automatic deferral provision which provides that unless an employee affirmatively elects otherwise within 60 days of becoming an eligible employee, the employee's eligible compensation will be reduced by 4% and contributed to the Plan by the Employer as a pre-tax salary deferral contribution. Additionally, beginning on the second plan year following the automatic enrollment, a participant's deemed election shall increase by 1% annually until the participant's deferral percentage reaches 10%, unless the employee affirmatively elects otherwise. Participant salary deferral contributions are remitted following each pay period and are subject to certain Internal Revenue Service (IRS) limitations.

1. Description of Plan, continued

Participant Contributions, continued
Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollovers).

Employer Contributions
During the year ended December 31, 2025 and the 11-month period ended December 31, 2024, the Employer elected to make safe harbor matching contributions equal to 100% of each eligible participant's elective contributions up to 4% of the participant's eligible compensation. The matching contributions are calculated annually and funded into the Plan subsequent to the plan year end. For the year ended December 31, 2026, the Employer has notified its employees of its intent that each eligible employee will receive a safe harbor matching contribution from the Employer calculated the same way as the year ended December 31, 2025.

Participant Accounts
Each participant's account is credited with the participant's contributions, as well as an allocation of the Employer's contribution, if any, revenue sharing monies (see Note 2 for further information), if any, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, participation, or specific participant transactions and/or statuses, as defined. In-Plan Roth conversions are also available to participants who meet certain requirements. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately with respect to all contributions and earnings thereon.

Investments
Participants direct the investment of their account balances into the Plan's investment options. Investments consist of shares in registered investment companies (mutual funds) and collective trust funds managed by Great Gray. Participants may also elect to directly contribute to or to transfer their account balances to self-directed brokerage accounts (SDBA) where they may invest in common stocks, mutual funds, bonds, or other investment options.

Payment of Benefits
On termination of service, a participant or their beneficiary may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Distributions may also be made in installments to comply with minimum distribution rules required by the Internal Revenue Code (the Code). The Plan permits in-service withdrawals to participants meeting certain requirements, including financial hardship. Furthermore, a participant may withdraw the portion of their vested account resulting from rollover and after-tax contributions at any time.

2. Summary of Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions
Contributions from plan participants and the safe harbor matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation or participant compensation is earned.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses and Revenue Sharing
Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Participant withdrawal fees and quarterly recordkeeping fees are deducted from the related participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. Certain other fees may be paid by the Plan through revenue sharing that the Plan receives based on a revenue sharing agreement with Fidelity, and are also included in administrative expenses. Under the terms of the agreement, each quarter Fidelity refunds and deposits into the Plan certain excess fees, as defined by the agreement. These deposits are held by the Plan and may be used to pay administrative expenses or allocated to participant accounts. During the year ended December 31, 2025 and the 11-month period ended December 31, 2024, revenue sharing amounts totaling $24,663 and $24,551, respectively, were used to pay administrative expenses (no amounts were allocated to eligible participants).

2. Summary of Accounting Policies, continued

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2026, the date the financial statements were available to be issued.

Effective January 1, 2026, participants may make rollover contributions of outstanding loan(s) from other qualified defined contribution plans if they became a participant pursuant to an acquisition of substantially all of the stock or assets of their former employer. The Plan does not otherwise permit participant loans, and no new participant loans may be originated under the Plan.

Brenock Technology, Inc. was acquired in a stock purchase transaction by Carrix, Inc. in 2025. Effective January 1, 2026, former Brenock Technology, Inc. employees who have transitioned to Carrix, Inc. subsidiaries will begin participating in the Plan. Effective May 29, 2026, net assets of the TriNet 401(k) Plan attributable to Brenock Technology, Inc. employees totaling $1,674,131 were transferred into the Plan.

3. Certified Information

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year), including investments at fair value held at December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends, and interest for the year and the 11-month period then ended, respectively, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity (the Plan's trustee), a qualified institution.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

4. Fair Value Measurements, continued

The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Collective trust funds: Valued at each fund's per unit NAV provided by each fund's trustee. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each fund less its liabilities. The redemption frequency for participant transactions (purchases and sales) in the collective trust funds occurs daily. There are no unfunded commitments in the funds. Withdrawals from the collective trust funds initiated by the plan administrator require advance written notice ranging between five business days and twelve months.

4. Fair Value Measurements, continued

- SDBA: Accounts primarily consist of mutual funds, common stocks, cash, ETFs, and government bonds. These accounts are valued at the closing price reported on the active market on which the respective security is traded, or at amortized cost, which approximates fair value, as applicable.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 58,805,139	$ -	$ -	$ 58,805,139
SDBA	4,951,814	306,700	-	5,258,514
Total assets in the fair value hierarchy	$ 63,756,953	$ 306,700	$ -	64,063,653
Investments measured at NAV				252,865,634
				$ 316,929,287

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 57,606,913	$ -	$ -	$ 57,606,913
SDBA	2,594,057	719,613		3,313,670
Total assets in the fair value hierarchy	$ 60,200,970	$ 719,613	$ -	60,920,583
Investments measured at NAV				225,352,261
				$ 286,272,844

5. Related-Party and Party-In-Interest Transactions

Certain plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, transactions involving these investments qualify as party-in-interest transactions under ERISA. Furthermore, expenses paid by the Plan are to parties-in-interest as defined by ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the net assets of the Plan would be distributed to the participants as provided by the Plan.

7. Tax Status

The Employer has adopted a plan document that has received an opinion letter from the IRS dated September 27, 2013, stating that the form of the plan document was in compliance with applicable requirements of the Code. Although the Plan has been amended since adopting the plan document, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts as reported in the financial statements.
