Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

L.M. Cohen & Co. LLP Certified Public Accountants ("LMC Certified Public Accountants", "we", "us", or "our") have performed an audit of the accompanying financial statements of Madison Logic 401(K) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audits of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter—Supplemental Information Required by ERISA

The supplemental information of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

CERTIFIED PUBLIC ACCOUNTANTS

Other Matter—Supplemental Schedules Required by ERISA (Continued)

The information included in the supplemental information, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Madison Logic 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2010, to provide benefits to eligible employees. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (''ERISA") covering eligible employees of Madison Logic, Inc. (the "Company"). In order to be eligible for participation, employees must be at least nineteen (19) years of age with no years of service requirements.

Assets of the Plan are allocated to participant accounts based on specific contributions made by each participant and respective match made by the Company. Investment income (loss) is credited to each account based on appreciation (depreciation) of specific assets held in each participant account and any earnings thereon.

Contributions

Each year, participants may contribute up to 100% of pre-tax and/or after-tax (Roth) annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (Rollover).

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Plan does not include an auto-enrollment provision. Upon enrollment in the Plan, contributions are invested in a designated asset, selected by the participant, until changed, directed by the participant.

Effective January 1, 2025, the Company makes matching contributions on a per pay period basis, equal to 50% of the first 6% of each eligible participant contributions, subject to an annual maximum of $4,950. Prior to this change, matching contributions were made on an annual basis. The matching Company contributions are allocated amongst the investment allocation and proportion selected by the participant. The Company, at its discretion, may make profit-sharing contributions to eligible employees under the terms of the Plan. The amount may vary from year to year. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's matching and discretionary contributions, Plan earnings (losses), forfeitures, and is charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Investment Options

Upon enrollment in the Plan, participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Participants may direct their contributions into one or more investment options offered under the Plan.

All Company contributions will be invested in the same proportion as the participant-elected contribution. Participants may change their investments as frequently as they choose.

Vesting

Participants are immediately fully vested in their own contributions and actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service and differs by contribution type. Matching contributions are subject to a two-year cliff vesting schedule, under which participants become 100% vested after two years of credited service. Nonelective profit sharing contributions are subject to a graded vesting schedule, under which participants vest at a rate of 20% per year beginning after the second year of credited service, reaching 100% vested after six years. The following table illustrates the applicable vesting percentages:

	Vested Percentage	
Years of Service	Matching	Nonelective
Less than 2	0%	0%
2	100%	20%
3	100%	40%
4	100%	60%
5	100%	80%
6 or more	100%	100%

Notes Receivable from Participants

Participants may borrow from their vested amounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from one to five years and may be extended to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate commensurate with local prevailing rates as determined by the plan administrator. Interest rates on new and renewed loans will be computed at the Prime Rate. Principal and interest is paid ratably through payroll deductions. Participants may have one loan outstanding at any time.

Participant Investment Rollover

Participants are allowed to transfer or rollover funds into the Plan from other qualified plans. For the year ended December 31, 2025, total assets rolled into the Plan were $84,951. These rollovers are included on the statement of changes in net assets available for benefits.

Payments of Benefits

Upon termination of service a participant may receive the value of the vested interest in his or her account as a lump sum distribution as soon as administratively feasible. The Plan also provides for in-service distributions subject to conditions and limitations provided for in the Plan document.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming vested in their full benefits under the Plan. Forfeitures may be used to reduce employer contributions or allocated to the remaining participants.

In addition, they may use forfeitures to pay the administrative expenses of the Plan. At December 31, 2025 and 2024, the forfeiture account had a balance of $43,948 and $37,116, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – Compliance with the Accounting Standards Codification (ASC) of the Financial Accounting Standards Board (FASB)

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping fees, trustee fees and related expenses.

NOTE 3 - INVESTMENT CERTIFICATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the trustee of the Plan has certified the completeness and accuracy of all investments and related investment activity in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the statement of changes in net assets available for benefits for the year ended December 31, 2025 and the accompanying supplemental information, Schedule H, line 4a – schedule of delinquent participant contributions and Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2025.

NOTE 4 - FAIR VALUE MEASUREMENTS

ASC Topic 820, Fair Value Measurement (ASC Topic 820), provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs of valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by observable or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission ("SEC"). These funds are required to publish their net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

December 31, 2025	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Totals
Mutual funds	$ 16,666,661	$ -	$ -	$ 16,666,661
Total investments, at fair value	$ 16,666,661	$ -	$ -	$ 16,666,661

December 31, 2024	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Totals
Mutual funds	$ 13,653,291	$ -	$ -	$ 13,653,291
Total investments, at fair value	$ 13,653,291	$ -	$ -	$ 13,653,291

Gains and losses included in the changes in net assets available for benefits for the year ended December 31, 2025 are reported in net appreciation (depreciation) in fair value of investments.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The Plan's policy is to recognize transfer between Levels 1 and 2 into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2025, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the employer contributions.

Partial Plan Termination

As a result of a reduction of the Company's workforce in 2025, the Company is in the process of determining if a partial termination of the Plan occurred during the year. Under Section 411(d)(3) of the Internal Revenue Code ("IRC"), a partial termination may occur when a significant percentage of the Plan participants are terminated because of an action taken by the Company. In such cases, affected participants, which includes those whose employment was terminated by the Company during 2025, are required to be fully vested in their employer contributions. The vesting of all other participants continues to be determined in accordance with the Plan provisions.

NOTE 6 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Fidelity Management Trust Company.

Fidelity Management Trust Company is defined as the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities of the Plan. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7 - TAX STATUS

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

Plan management has performed its evaluation of subsequent events through October 13, 2026, the date the financial statements were available to be issued.

New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

L.M. Cohen & Co. LLP Certified Public Accountants ("LMC Certified Public Accountants", "we", "us", or "our") have performed an audit of the accompanying financial statements of Madison Logic 401(K) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audits of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter—Supplemental Information Required by ERISA

The supplemental information of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

LMC

CERTIFIED PUBLIC ACCOUNTANTS

Other Matter—Supplemental Schedules Required by ERISA (Continued)

The information included in the supplemental information, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Madison Logic 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2010, to provide benefits to eligible employees. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (''ERISA") covering eligible employees of Madison Logic, Inc. (the "Company"). In order to be eligible for participation, employees must be at least nineteen (19) years of age with no years of service requirements.

Assets of the Plan are allocated to participant accounts based on specific contributions made by each participant and respective match made by the Company. Investment income (loss) is credited to each account based on appreciation (depreciation) of specific assets held in each participant account and any earnings thereon.

Contributions

Each year, participants may contribute up to 100% of pre-tax and/or after-tax (Roth) annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (Rollover).

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Plan does not include an auto-enrollment provision. Upon enrollment in the Plan, contributions are invested in a designated asset, selected by the participant, until changed, directed by the participant.

Effective January 1, 2025, the Company makes matching contributions on a per pay period basis, equal to 50% of the first 6% of each eligible participant contributions, subject to an annual maximum of $4,950. Prior to this change, matching contributions were made on an annual basis. The matching Company contributions are allocated amongst the investment allocation and proportion selected by the participant. The Company, at its discretion, may make profit-sharing contributions to eligible employees under the terms of the Plan. The amount may vary from year to year. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's matching and discretionary contributions, Plan earnings (losses), forfeitures, and is charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Investment Options

Upon enrollment in the Plan, participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Participants may direct their contributions into one or more investment options offered under the Plan.

All Company contributions will be invested in the same proportion as the participant-elected contribution. Participants may change their investments as frequently as they choose.

Vesting

Participants are immediately fully vested in their own contributions and actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service and differs by contribution type. Matching contributions are subject to a two-year cliff vesting schedule, under which participants become 100% vested after two years of credited service. Nonelective profit sharing contributions are subject to a graded vesting schedule, under which participants vest at a rate of 20% per year beginning after the second year of credited service, reaching 100% vested after six years. The following table illustrates the applicable vesting percentages:

	Vested Percentage	
Years of Service	Matching	Nonelective
Less than 2	0%	0%
2	100%	20%
3	100%	40%
4	100%	60%
5	100%	80%
6 or more	100%	100%

Notes Receivable from Participants

Participants may borrow from their vested amounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from one to five years and may be extended to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate commensurate with local prevailing rates as determined by the plan administrator. Interest rates on new and renewed loans will be computed at the Prime Rate. Principal and interest is paid ratably through payroll deductions. Participants may have one loan outstanding at any time.

Participant Investment Rollover

Participants are allowed to transfer or rollover funds into the Plan from other qualified plans. For the year ended December 31, 2025, total assets rolled into the Plan were $84,951. These rollovers are included on the statement of changes in net assets available for benefits.

Payments of Benefits

Upon termination of service a participant may receive the value of the vested interest in his or her account as a lump sum distribution as soon as administratively feasible. The Plan also provides for in-service distributions subject to conditions and limitations provided for in the Plan document.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming vested in their full benefits under the Plan. Forfeitures may be used to reduce employer contributions or allocated to the remaining participants.

In addition, they may use forfeitures to pay the administrative expenses of the Plan. At December 31, 2025 and 2024, the forfeiture account had a balance of $43,948 and $37,116, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – Compliance with the Accounting Standards Codification (ASC) of the Financial Accounting Standards Board (FASB)

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping fees, trustee fees and related expenses.

NOTE 3 - INVESTMENT CERTIFICATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the trustee of the Plan has certified the completeness and accuracy of all investments and related investment activity in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the statement of changes in net assets available for benefits for the year ended December 31, 2025 and the accompanying supplemental information, Schedule H, line 4a – schedule of delinquent participant contributions and Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2025.

NOTE 4 - FAIR VALUE MEASUREMENTS

ASC Topic 820, Fair Value Measurement (ASC Topic 820), provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs of valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by observable or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission ("SEC"). These funds are required to publish their net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

December 31, 2025	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Totals
Mutual funds	$ 16,666,661	$ -	$ -	$ 16,666,661
Total investments, at fair value	$ 16,666,661	$ -	$ -	$ 16,666,661

December 31, 2024	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Totals
Mutual funds	$ 13,653,291	$ -	$ -	$ 13,653,291
Total investments, at fair value	$ 13,653,291	$ -	$ -	$ 13,653,291

Gains and losses included in the changes in net assets available for benefits for the year ended December 31, 2025 are reported in net appreciation (depreciation) in fair value of investments.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The Plan's policy is to recognize transfer between Levels 1 and 2 into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2025, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the employer contributions.

Partial Plan Termination

As a result of a reduction of the Company's workforce in 2025, the Company is in the process of determining if a partial termination of the Plan occurred during the year. Under Section 411(d)(3) of the Internal Revenue Code ("IRC"), a partial termination may occur when a significant percentage of the Plan participants are terminated because of an action taken by the Company. In such cases, affected participants, which includes those whose employment was terminated by the Company during 2025, are required to be fully vested in their employer contributions. The vesting of all other participants continues to be determined in accordance with the Plan provisions.

NOTE 6 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Fidelity Management Trust Company.

Fidelity Management Trust Company is defined as the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities of the Plan. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7 - TAX STATUS

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

Plan management has performed its evaluation of subsequent events through October 13, 2026, the date the financial statements were available to be issued.
