INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Roseland Community Hospital Tax Deferred Annuity Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Roseland Community Hospital Tax Deferred Annuity Plan, ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Roseland Community Hospital Tax Deferred Annuity Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Roseland Community Hospital Tax Deferred Annuity Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Roseland Community Hospital Tax Deferred Annuity Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Roseland Community Hospital Tax Deferred Annuity Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) General

The following brief description of the 403(b) Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan's summary plan description for more complete information.

Roseland Community Hospital (hereinafter "the Employer") established the Roseland Community Hospital Tax Deferred Annuity Plan for the purpose of purchasing annuity contracts for its Employees pursuant to Section 403(b) of the Internal Revenue Code of 1986, as amended. The Plan is funded exclusively through the purchase of annuity contracts. All purchase payments under such annuity contracts, including those made through participating employees' salary reduction agreements, shall be considered part of this Plan. The terms and conditions of such annuity contracts shall be considered part of, and shall be construed as having been incorporated into, this Plan.

The Plan is a tax-deferred annuity plan within the meaning of Code Section 403(b). All employees become participants in the Elective Deferrals portion of the Plan on their first day of employment with the Employer. An employee shall be eligible to participate in the Nonelective Contribution portion of the Plan if they are 21 years of age and have at least 1,000 hours of service. Collective bargaining and reclassified employees are excluded from this plan. The Plan is administered in accordance with the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA), and the Code.

Contributions

Participants can contribute, on an annual basis up to the maximum allowed under the Internal Revenue Code ("IRC") limitations of their eligible compensation to the Plan, as defined in the Plan documents. Participants who had attained the age of 50 before the end of the Plan year were eligible for catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). On April 15, 2011, the Plan was amended to permit Roth Contributions.

Prior to January 1, 2016, the Plan allowed for discretionary Employer matching contributions for all Participants. Effective January 1, 2016, the plan was amended to provide a fixed matching contribution for participants who are members of a collective bargaining agreement. The fixed matching amount is equal to 50% of each participant's contributions up to 6% of compensation. An employee shall be eligible for Employer contributions after the completion of 1 year of service. Contributions are subject to IRC limitations.

Plan Termination

Although the Employer has not expressed any intent to terminate the Plan, it is free to do so at any time, subject to the provisions of ERISA. In the event of termination, the participants become 100% vested in their account balances.

Investment Options

Employer contributions can be invested in various funds sponsored by the Principal Life Insurance Company (Principal) or in fixed rate annuity accounts from Principal at the option of the individual participants in any proportion resulting in a whole percentage.

Participant Accounts

An account is maintained for each participant for the participant's share of contributions plus income and gains or losses from investment of such contributions. Participants allocating contributions to fixed annuity contracts are guaranteed a specified rate of interest. Participants allocating contributions to other accounts are not guaranteed either the principal or earnings on their accumulations. The value of a participant's accumulation in an account varies proportionately with the returns on the investments in the account's portfolio.

Vesting

A Participant's Vested Percentage in the portion of his account attributable to Employer Matching Contributions shall be determined under the following schedule:

Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Benefit Payments

A participant's vested benefits may be distributed upon termination of service, death disability, financial hardship or retirement (age 65). A participant will receive payment as a qualified joint and survivor annuity unless a qualified election to waive the annuity has been made. The Plan will make a Mandatory Distribution following severance from employment. The Mandatory Distribution maximum amount is equal to $5,000. Participants who have incurred a severance of employment and who will receive a distribution other than a Mandatory Distribution may elect their distribution as lump-sum, installments, or annuity distribution options.

Forfeitures

The Plan Administrator shall allocate a participant's forfeiture to pay reasonable plan expenses first, and any remaining amount shall be applied to employer contributions.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Investment Valuation

Fixed rate annuity contracts with Principal are stated at contract value as determined by them. Contract value represents contributions made under the contract, plus interest accrued at the applicable contract rate, less funds used to pay withdrawals and administrative expenses, which results in contract value being a good approximation of fair value.

Investment accounts are carried at fair value based on a daily unit value. The unit value is based on the fair value of the underlying investments.

Net realized and unrealized appreciation or depreciation in fair value of investments represents dividends, interest, and the change in fair value of the investment accounts, net of certain expenses.

Purchases and sales of equity securities and money market and debt instruments are recorded on the trade date. Interest income and dividends are recorded as earned and, for short-term money market instruments, include amortization of discounts and premiums.

Contributions Receivable

Contributions from the Employer are accrued in the period in which they become obligations. Contributions receivable as of December 31, 2024, are collectable during the following fiscal year.

Participant Loans Receivable

The loans are secured by the balance in the participant's account. No loan shall be made that does not bear a reasonable rate of interest. Prior to January 1, 2016, participants may not borrow less than $1,000 on any single loan and are limited to one loan at a time. As of January 1, 2016, the minimum loan amount was increased to $2,500. The interest rate for the loans was 1% above USA Today published prime rate. As of February 15, 2011, the Plan was amended to permit 2 loans at a time.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(3) Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024, and net realized and unrealized depreciation in fair value of investments for the year then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee, the Principal Life Insurance Company.

During 2024, the Plan's investments (including investments purchased, sold, as well as held during the year) appreciated in fair value as follows:

Net Realized and Unrealized Appreciation (Depreciation)
in Fair Value of Investments

	2024
Mutual Funds	$ (109,298)
Fixed Annuities	14,073
Totals	$ (95,225)

(4) Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted pri**c**es for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Participant Loans: Are determined by the remaining outstanding balance of the loan, taking into account the applicable interest rate, amortization schedule and repayments made for each loan. In the "normal" loan market, the interest rate environment moves daily, and the value of fixed income security can fluctuate based on the relationship of the stated interest rate on the security vs. the current rate a new loan would have. However, participant loans in retirement plans cannot be assumed or sold into a secondary market.

Fair values of assets and liabilities measured on a recurring basis at December 31, 2024, are as follows:

December 31, 2024	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)
Mutual Funds	$ 7,670,264	$ 7,670,264	$ -	$ -
Participant Loans	95,378	-	-	95,378
Totals	$ 7,765,642	$ 7,670,264	$ -	$ 95,378

Transfers between Levels

For year ended December 31, 2024, there were no transfers between Levels 1, 2, or 3.

Fully Benefit-Responsive Investment Contracts

The Plan holds a portfolio of investment contracts that comprises a traditional investment contract and a portfolio of synthetic investment contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

(5) Party-in-Interest Transactions

Certain plan investments are funds managed by Principal, the trustees as defined by the Plan and, therefore, transactions relating to these investments qualify as party-in-interest transactions.

(6) Income Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.
Accounting principles generally accepted in the United States of America require plan management to evaluate tax position taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and Illinois Department of Revenue. The plan administrator has analyzed the tax positions taken by the plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

(7) Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

(8) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024, to Form 5500:

	2024
Net assets available for benefits per the financial statements	$ 8,159,645
Amounts allocated to Contributions and Earnings Receivable	-
Net assets available for benefits per the Form 5500	8,159,645

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2024, to Form 5500:

Benefits paid to participants per the financial statements	$ 212,821
Add: Amounts allocated to withdrawing participants at December 31, 2024	-
Less: Amounts allocated to withdrawing participants at December 31, 2023	-
Benefits paid to participants per Form 5500	$ 212,821

(9) Subsequent Events

Management has evaluated subsequent events for potential recognition and or disclosure through January 30, 2026, the date the financial statements were available to be issued.
