INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
401(a) Profit-Sharing Plan for Employees of Southeastern Michigan Health Association
Detroit, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of 401(a) Profit-Sharing Plan for Employees of Southeastern Michigan Health Association (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Subsequent Plan Termination

As discussed in Notes 8 and 11 to the financial statements, subsequent to December 31, 2025, the Organization approved the termination of the Plan effective March 1, 2026. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule as identified in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters - Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1) DESCRIPTION OF THE PLAN

The following description of the 401(a) Profit-Sharing Plan for employees of Southeastern Michigan Health Association (the Plan) provides only general information. Participants should refer to the Summary Plan Description and the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that operates under Section 401 (a) of the Internal Revenue Code (IRC). The plan was established on October 1, 1989 by Southeastern Michigan Health Association (the Organization). The Organization amended and restated the Plan effective January 1, 2022. The purpose of the Plan is to provide retirement benefits for the participating employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

The Plan covers eligible employees of the Organization and its participating employers who have attained age 18. Community Health Awareness Group became a participating employer effective July 1, 2023. The Plan excludes certain employee classifications, including specified nonresident aliens, leased employees, temporary and seasonal employees subject to the Plan’s service provisions, and employees hired to fulfill grant-funded programs. An eligible employee becomes a participant on the first day of the month, coinciding with or next following the date the eligibility requirements are satisfied.

Employer Contributions

The participating employers make fixed contributions equal to 4% of eligible participants’ compensation, as defined by the Plan. An eligible participant shares in the contribution regardless of service completed during the Plan year or employment status on the last day of the Plan year. These contributions cannot exceed the annual limit imposed by the IRC for the Plan year. The Plan does not permit employee elective deferrals or voluntary after-tax contributions but may accept eligible rollover contributions.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are retained in the plan and are first used to pay certain plan expenses. Any amount of forfeitures remaining will be used to reduce the Organization's future contributions to the Plan. At December 31, 2025 and 2024, the forfeited account balances totaled $13,739 and $11,345, respectively.

1) DESCRIPTION OF THE PLAN (Continued)

Vesting

The Plan provides for vesting of participants' balances based upon length of service. The employer contributions and earnings will be vested in accordance with the following schedule:

Number of Years of Vesting Service at Date of Termination of Service	Vested Percentage
Less than 2 Years	0%
2 years or more	100%

Rollover contributions are fully vested. Participants also become fully vested upon attaining normal retirement age, death, or total and permanent disability, as provided in the Plan. The Summary Plan Description identifies additional full-vesting provisions at age 59½ and for participants whose employment ended because Community Health and Social Services Center became a separate business entity.

Benefit Payments

On termination of service due to death, disability, termination, or retirement, a participant (or the participant's beneficiary in the case of death) may elect to receive a distribution equal to the value of the participant's vested interest in his or her account, as defined by the Plan document. Participants may also elect in-service withdrawals upon reaching age 59½ or after five years of participation in the Plan, subject to applicable account and distribution restrictions. The normal form of distribution under the Plan is a qualified joint and survivor annuity. However, participants may waive this form of payment with any required spousal consent and elect an available alternative form, including a lump sum, installments, or partial withdrawals, and may elect a direct rollover when eligible. For other forms of retirement benefits available under the Plan, refer to the Plan document.

Participant Accounts

Each participant's account is credited with allocated contributions of the applicable participating employer, including any accepted rollover contribution and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their entire account balances among the investment options offered by the Plan.

2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

Investments are reported at fair value with the exception of Mutual of America's Interest Accumulation Fund which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing the information provided by the investment advisers, custodians, and insurance company. See Note 4 for more details on fair value measurements.

Amounts placed in the Interest Accumulation Account of Mutual of America's General Account are credited with interest at a rate determined by Mutual of America. The Plan's interest in the fully benefit-responsive contract is reported at contract value, as described in Note 5. Contract value represents contributions made under the contract, plus credited earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gain and losses on investment bought and sold as well as held during the year.

The pooled separate accounts are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments. See Note 4 for additional information.

Benefit Payments

Benefits to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

3) CERTIFIED INVESTMENTS

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Mutual of America, a qualified institution.

4) FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4) FAIR VALUE MEASUREMENT (Continued)

Following is the description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts – The Plan holds interests in Mutual of America's pooled separate accounts. Mutual of America's Separate Account No. 2 invests in mutual funds registered with the Securities and Exchange Commission and values those underlying mutual fund shares at their actively traded net asset values. The Plan's interests in the pooled separate accounts are valued based on unit value applicable to the Plan's interests and are treated as readily determinable fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy (as described above), the Plan's assets at fair value as of December 31, 2025, and 2024, respectively:

		Assets Measured at Fair Value at December 31, 2025		
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Pooled Separate Accounts (at Fair Value)	$ 3,527,648	$ 3,527,648	$ -	$ -
	3,527,648	$ 3,527,648	$ -	$ -
Mutual of America Interest Accumulation Funds (a) (at Contract Value)	5,074,479			
	$ 8,602,127			

		Assets Measured at Fair Value at December 31, 2024		
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Pooled Separate Accounts (at Fair Value)	$ 3,851,971	$ 3,851,971	$ -	$ -
	3,851,971	$ 3,851,971	$ -	$ -
Mutual of America Interest Accumulation Funds (a) (at Contract Value)	5,033,944			
	$ 8,885,915			

a) Certain investments measured at contract value have not been classified in the fair value hierarchy but are presented to permit reconciliation to the investment line item to statement of net assets available for benefits.

5) GUARANTEED INTEREST ACCOUNT

The total balance in the Mutual of America Life Insurance Company ("Mutual of America") guaranteed interest account, also referred to as the Interest Accumulation Account, was $5,074,479 and $5,033,944 at December 31, 2025, and 2024, respectively. The Interest Accumulation Account is maintained as part of Mutual of America's General Account under the Plan's group annuity contract. Based on the terms of the contract, the investment is considered fully benefit-responsive and is reported at contract value.

Mutual of America maintains amounts allocated to the Interest Accumulation Account in its General Account. The account is credited with interest, as determined by Mutual of America, and charged for participant withdrawals and administrative expenses. Mutual of America is contractually obligated to repay the principal and credited interest in accordance with the terms of the group annuity contract.

Interest is credited to contract balances using a single portfolio rate approach. Under this methodology, a single interest rate is applied to amounts allocated to the account regardless of the timing of the contributions. The crediting rate is determined by Mutual of America based on a formula established by the contract issuer and is reviewed quarterly for possible resetting. In establishing the crediting rate, Mutual of America considers factors that include current economic and market conditions, the general interest-rate environment, and the expected and actual experience of a reference portfolio within its General Account. The minimum crediting rate under the contract is 3% for participants enrolled with an effective date on or before May 1, 2008, and 1% for participants enrolled with an effective date after May 1, 2008.

Contract value represents contributions and amounts transferred to the account, plus credited interest, less participant withdrawals, transfers and administrative expenses. Contract value is the relevant measurement because it represents the amount participants would receive upon initiating permitted transactions under the terms of the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Generally, there are no events that could limit the Plan's ability to transact at contract value, which is payable within 90 days or, in rare circumstances, over time. There are no events that allow Mutual of America to terminate the contract and require the Plan Sponsor to settle at an amount different from contract value, whether paid within 90 days or overtime.

The Plan's ability to receive amounts due under the group annuity contract depends on Mutual of America's ability to meet its financial obligations. Mutual of America's ability to satisfy its contractual obligations may be affected by future economic, regulatory and financial developments.

6) ERISA BOND REQUIREMENTS

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets and is required to be at least equal to the lesser of 10% of the plan's assets at the beginning of the plan year or $500,000. At December 31, 2025 and 2024, the Plan's Sponsor has maintained the required bond coverage.

7) TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

8) PLAN TERMINATION

The Organization has the right to discontinue contributions and terminate the Plan, subject to the Plan agreement, ERISA and the Internal Revenue Code. Subsequent to December 31, 2025, the Organization approved the termination of the Plan effective March 1, 2026. A termination amendment provides for distribution of participants' benefits following termination. Affected participants became fully vested in their account balances upon termination. The Plan's subsequent termination and settlement of participant benefits are described in Note 11.

9) PARTY-IN-INTEREST TRANSACTIONS

Certain plan assets are in investment funds managed by Mutual of America Life Insurance Company (Mutual of America) or its affiliates. Mutual of America provides investment services to the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. In addition, certain administrative expenses are paid by the Organization.

10) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

11) SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 9, 2026, when the financial statements were available to be issued. On February 13, 2026, the Organization's Board approved a resolution to implement a 403(b)-arrangement combining the Organization's retirement programs. The Organization also adopted an amendment terminating this 401(a) Plan effective March 1, 2026. Management reported that contributions to the Plan ceased effective February 1, 2026. Participants could elect distributions or eligible rollovers to the Organization's 403(b) plan or other qualified retirement arrangements. As of the report date, some assets remained undistributed, and management was finalizing those distributions. No other significant events were noted that required adjustment or disclosure other than as listed above.
