INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrator of
The 403(b) Thrift Plan for Employees of
the ARC of Burlington County, Inc.
Burlington, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The 403(b) Thrift Plan for Employees of the ARC of Burlington County, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The 403(b) Thrift Plan for Employees of the ARC of Burlington County, Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The 403(b) Thrift Plan for Employees of the ARC of Burlington County, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The 403(b) Thrift Plan for Employees of the ARC of Burlington County, Inc. 's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The 403(b) Thrift Plan for Employees of the ARC of Burlington County, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The 403(b) Thrift Plan for Employees of the ARC of Burlington County, Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters –Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

STEPHANO SLACK LLC
CERTIFIED PUBLIC ACCOUNTANTS

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – Description of Plan

The following description of The 403(b) Thrift Plan for Employees of the ARC of Burlington County, Inc. (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan that operates under Section 403(b) of the Internal Revenue Code (IRC) covering certain employees of The ARC of Burlington County, Inc. (the "Company"), as described in the Plan agreement, who meet the eligibility requirements of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Committee is responsible for the oversight of the Plan including the appropriateness of the Plan's investment offerings and monitoring of the investment performance.

Contributions – There are two types of salary deferrals: Salary Reduction Contribution and Designated Roth Contributions. Each year, participants may contribute up to 100 percent of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1 percent of eligible compensation with contributions invested in a designated fund until changed by the participant. The Plan currently offers forty (40) pooled separate accounts and a guaranteed investment contract as investment options for participants. Participants may change their investment options at any time. The Company has an employer matching contribution to the Plan of 100 percent of the participant contribution to the Plan, not to exceed 3 percent of eligible compensation. The Company's employer matching contributions are participant directed as above. Contributions are subject to certain IRS limitations.

Participant Accounts – Each participant's account is credited with the participant's contributions and employer matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – Description of Plan (continued)

Vesting – Participants are vested immediately in their contributions, including rollovers, plus actual earnings thereon. Vesting in the employer matching contributions portion of their accounts is based on years of continuous service. A participant is 100 percent vested after three (3) years of credited service. A participant is 100 percent vested upon death, disability or normal retirement.

Plan Loans – Participants may borrow funds directly from Mutual of America Life Insurance Company, the custodian of the Plan, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance using a portion of their Plan account as collateral for the loan. The participant's vested account balance serves as collateral for the loan and is included in the investment balance on the statements of net assets available for benefits. The Plan administrator has concluded that these loans are not Plan assets and that such arrangements are exempt transactions. These funds are restricted with respect to withdrawals and transfers while the loan is outstanding and are held in the guaranteed investment contract account. As of December 31, 2025 and 2024, the amounts restricted for loans are $74,376 and $105,060, respectively. In the event of default, such loans are reportable to the Plan participants as taxable income but remain outstanding and continue to accrue interest until repaid by the Plan participant or the participant becomes eligible to receive a distribution under the terms of the Plan. As of December 31, 2025 and 2024, Plan loans in default were $2,554 and $6,164, respectively.

Payment of Benefits – On termination of service due to death, disability or retirement, or upon termination of employment, a participant or their beneficiary (ies) may elect to receive a lump-sum payment or an annuity equal to the value of the participant's vested account balance. An account balance less than $1,000 will receive an automatic lump-sum payment regardless of whether the participant or their beneficiary (ies) elects to receive payment.

Forfeited Accounts – At December 31, 2025 and 2024, forfeited non-vested accounts totaled $0 and $1,765, respectively. Forfeitures may be applied to reduce future employer matching contributions. During 2025, $1,765 of forfeitures was restored to the account of a participant who was rehired. No forfeitures were used to reduce employer matching contributions during 2025.

NOTE 2 – Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE 2 – Summary of Significant Accounting Policies (continued)

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions – Contributions from Plan participants and the Company's employer matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of certain participant distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through October 13, 2026 the date the financial statements were available to be issued.

NOTE 3 – Certification of Investment Information

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest, and other income for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Mutual of America Life Insurance Company, the custodian of the Plan.

NOTE 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled Separate Accounts: Valued at the net asset value (NAV) of units held by the Plan at year end based on the market value of its underlying investments. Although the pooled separate accounts are not available in an active market, the NAV of the units are approximated based on the quoted prices of the underlying investments that are traded in an active market. There are no unfunded commitments related to any of these investments and there are no Plan initiated redemption restrictions on these investments. There are no redemption restrictions on participant's holdings in the investments and the Plan can redeem these investments daily.

NOTE 4 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Investments Measured at Net Asset Value (1)				
Pooled Separate Accounts				$ 2,845,040

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments Measured at Net Asset Value (1)				
Pooled Separate Accounts				$ 3,788,150

(1) In accordance with FASB Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value using the net asset value per share (or its equivalent) as of December 31:

	December 31, 2025			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 2,845,040	N/A	Daily	None

	December 31, 2024			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 3,788,150	N/A	Daily	None

NOTE 5 – Fully Benefit-Responsive Investment Contract

The Plan has a fully benefit-responsive investment contract issued by Mutual of America Life Insurance Company ("Mutual"), the custodian of the Plan. Mutual maintains the contributions in a general investment account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is determined on a semi-annual basis, as designated by the custodian. The crediting interest rate is subject to a guaranteed minimum floor, as defined on an annual basis by the custodian.

NOTE 5 – Fully Benefit-Responsive Investment Contract (continued)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the guaranteed investment contract at December 31, 2025 and 2024 was $1,465,627 and $1,411,081, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from the contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date except upon the occurrence of certain events specified in the contract, including those described above.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1 percent nor more than 3 percent.

NOTE 6 – Related Party Transactions and Party in Interest Transactions

At December 31, 2025 and 2024, the Plan held investments through Mutual of America Life Insurance Company, which serves as the Plan's custodian. Mutual of America Life Insurance Company issued the Plan's guaranteed investment contract and pooled separate accounts. Certain fees incurred by the Plan for the investment management services are included in net appreciation of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to the third party administrator of $2,181 for the year ended December 31, 2025, which was not covered by revenue sharing. Management believes these transactions were conducted in accordance with the Plan's provisions and applicable ERISA requirements, including available prohibited-transaction exemptions.

NOTE 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 8 – Tax Status

The underlying prototype non-standardized 403(b) plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2017, stating that the Plan is accepted under the Internal Revenue Code (IRC) for use by employers for the benefit of their employees under Internal Revenue Code (IRC) Section 403(b). The Plan Sponsor has adopted this Plan and may rely on the current qualifications of the IRS prototype non-standardized 403(b) plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
