INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and Plan Administrator of
the 403(b)Thrift Plan of JAMHI Health & Wellness, Inc.
Juneau, Alaska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed an audit of the accompanying financial statements of the 403(b) Thrift Plan of JAMHI Health & Wellness, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the Plan and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

My audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF PLAN

The following description of the 403(b) Thrift Plan of JAMHI Health & Wellness, Inc. (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of Plan provisions.

General

The Plan was created on January 1, 1990, and was most recently restated on January 1, 2020. The Plan is a 403(b)-plan covering substantially all employees of Juneau Alliance for Mental Health, Inc. (the Organization). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Organization is the Plan Sponsor and serves as Plan Administrator. The Plan Administrator is responsible for oversight of the Plan, which includes determining the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility

Employees of the Organization are eligible to participate in the Plan at their date of hire. Employees excluded from participating in the Plan include employees who are non-resident aliens with no U.S. source income and those who are eligible to make salary reduction contributions to another plan of the Employer. Eligibility for the Organization's matching and base contributions includes age 18, and completing one year of service, with entry date the first day of each month.

Contributions

Employee deferrals – Participants may elect to contribute pretax and after-tax (Roth) of eligible compensation to the Plan, as defined by the Plan, and subject to certain Internal Revenue Service (IRS) limitations. Participants may also roll over eligible amounts from other qualified plans. Participants aged 50 and over may elect to defer additional amounts ("catch-up" contributions) to the Plan.

Employees of the Organization who are hired on or after August 1, 2021, will be automatically enrolled to the Plan beginning on the first day of the pay period following the employee's hire date. Default withholdings, notwithstanding an affirmative election from the participant, will be made at 3 percent of salary for the initial Plan year that automatic enrollment contributions commenced; 4 percent for the next Plan year; and 5 percent for the next and each subsequent Plan year.

Employer matching contributions – The Organization provides a matching contribution equal to 25 percent of the employee's deferrals, up to a maximum of 6 percent of the employee's eligible compensation. The contribution is paid at each payroll.

Employer base contributions – The Organization provides a base contribution, whether or not the employee makes employee deferrals to the Plan. The Organization's base contribution is fixed at an amount equal to 4 percent of the employee's compensation. The contribution is paid at each payroll.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's respective account is credited with the participant's contributions and Organization matching and base contributions, as well as an allocation of Plan earnings. Participant accounts are charged with withdrawals, and an allocation of administrative expenses that are paid by the Plan, if any. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Investment Options
Participants direct the investment of their and the Organization's contributions into various investment options offered by the Plan. Participants may move portions of their accounts between investment options at any time and can change their salary deferral.

Vesting
Participants are immediately 100% vested in their deferral contributions, plus actual earnings thereon. A participant is 100% vested in employer matching and base contributions upon completion of 3 years of service, or upon attainment of age 59 ½, whichever comes sooner.

Notes Receivable from Participants
The Plan permits participants to borrow a minimum of $1,000 up to a maximum of 50% of their vested account balance not to exceed $50,000. The notes are secured by the balance in the participant's account, and generally have a term of 5 years. The loan interest fluctuates during the term of the loan, and is equal to the credited Interest Accumulation Account (IAA) interest rate, plus 3 percent. Principal and interest are paid ratably through payroll deductions and notes must be fully repaid within five years in accordance with Plan provisions.

Payment of Benefits
On termination of service due to any reason, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or an installment distribution.

Hardship withdrawals are permitted by the Plan. Hardship withdrawals must be approved by the Plan administrator and are limited to amounts of participants' contributions. In-service withdrawals are also permitted by the Plan and are available from all vested account balances.

Forfeitures
At December 31, 2025, and 2024, forfeited non-vested accounts totaled $160 and $6, respectively. Any balance available in these accounts may be used to reduce future employer contributions to the Plan. Also, for the year ended December 31, 2025, employer contributions were reduced by $27,963 from forfeited non-vested accounts.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Contributions
Contributions from Plan participants and the Organization are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events
The Plan has performed an evaluation of subsequent events through October 8, 2026, which is the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable le for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled separate accounts:

The net asset value (NAV) is used as a practical expedient to estimate fair value. Investments in pooled separate accounts (PSAs) represent ownership of units of participation (Units), rather than ownership of specific assets. The value of any one PSA is determined by aggregating the value of all the Units held by the Plan. The value of a single Unit is the total value of the PSAs underlying investments plus other assets less liabilities divided by the number of Units outstanding. Investments in the PSAs are valued at a net asset value per share method (unit pricing) which is generally determined by the quoted market price of the underlying investments.

Interest accumulation account:

The net asset value (NAV) is used as a practical expedient to estimate fair value. Investments in the interest accumulation account (IAA) represent ownership of units of participation (Units), rather than ownership of specific assets. There are no front- or back-end charges, so investments in the IAA are completely liquid. The interest rate credited to investments in the IAA is a current rate and is not dependent upon the length of time the assets are invested with Mutual of America. Requests for withdrawal can be made at any time and are processed on the day that they are received; they are not dependent on the Plan having to liquidate securities in order to generate payment. The value shown is the redeemable value of the fund; there are no deferred sales charges, loan assessments or interest rate adjustments that would affect the value as a result of a withdrawal request.

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of year ended December 31, 2025 and 2024.

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Total investments at fair value	$ -	$ -	$ -	$ -
Pooled separate accounts, at net asset value *	-	-	-	4,474,139
Interest accumulation account, at net asset value *				648,939
				$ 5,123,078

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Total investments at fair value	$ -	$ -	$ -	$ -
Pooled separate accounts, at net asset value *	-	-	-	3,595,230
Interest accumulation account, at net asset value *				697,865
				$ 4,293,095

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits.

Investments measured using the net asset value per share practical expedient

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025, and 2024, respectively. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded commitments	Redemption frequency	Redemption notice period
Pooled separate accounts	$ 4,474,139	n/a	Daily	None
Interest accumulation account	648,939	n/a	Daily	None
	$ 5,123,078			

December 31, 2024	Fair Value	Unfunded commitments	Redemption frequency	Redemption notice period
Pooled separate accounts	$ 3,595,230	n/a	Daily	None
Interest accumulation account	697,865	n/a	Daily	None
	$ 4,293,095			

NOTE 4 CERTIFIED INVESTMENT INFORMATION

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, and interest and dividends income, for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Mutual of America Life Insurance Company (the custodian of the Plan), a qualified institution. The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing the information with the information included in the financial statements and supplemental schedule.

NOTE 5 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are pooled separate accounts and the interest accumulation account that are managed by Mutual of America Life Insurance Company (MOA). MOA is the custodian as defined by the Plan, and, therefore, these transactions qualify as exempt party-in-interest transactions

The Organization is a party-in-interest to the Plan. However, there were no transactions with the Organization other than employer contributions and the payment of certain administrative expenses on behalf of the Plan. The Plan uses third-party service providers for administration and custodial services. These transactions qualify as exempt party-in-interest transactions.

Loans to participants also qualify as exempt party-in-interest transactions.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in all their employer contributions.

NOTE 7 TAX STATUS

The Organization has adopted a Prototype Non-standardized 403(b) Plan document that has received an opinion letter from the IRS dated March 31, 2017, stating that the form of the pre-approved Plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
