INDEPENDENT AUDITOR'S REPORT

To The Plan Administrator of The White Oak 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The White Oak 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment

information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 and the supplemental schedule of delinquent participant contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE WHITE OAK 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2025 AND 2024, AND FOR THE YEAR ENDED DECEMBER 31, 2025

1. DESCRIPTION OF THE PLAN

General—The White Oak Global Advisors 401(k) Plan & Trust was established on January 1, 2013. Effective January 1, 2021, the White Oak Group of Companies 401(k) Plan merged into the White Oak Global Advisors 401(k) Plan & Trust, thus covering White Oak Global Advisors, LLC; White Oak Trade Finance, LLC; White Oak Trade Finance, II, LLC; White Oak Healthcare Finance, LLC; White Oak Merchant Partners, LLC; White Oak Aviation Management Services US LLC; White Oak Credit Services, LLC; White Oak Business Capital, Ltd.; White Oak Equipment Finance; White Oak Commercial Capital, LLC; White Oak Asset Based Lending, LLC; White Oak Healthcare Partners, LLC; White Oak Healthcare MOB; White Oak Commercial Finance, LP; and White Oak Real Estate Capital Management Services, LLC. Effective January 1, 2021, the White Oak Global Advisors 401(k) Plan & Trust was restated as The White Oak 401(k) Plan (the "Plan"). The Plan is a multiple employer plan subject to the rules of Code section 413(c) and the regulations thereunder.

The following description of the Plan is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's information.

The Plan is a defined contribution plan sponsored by White Oak Global Advisors, LLC (the "Company" or "Plan Sponsor"). The Board of Directors of the Company has appointed The White Oak 401(k) Plan Committee to oversee the administration of the Plan. Empower Trust Company, LLC (the "Trustee") and Empower Annuity Insurance Company of America ("Insurance Carrier") serve as the Plan's trustee and insurance carrier, respectively. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions—Contributions to the Plan include (i) pre-tax and roth salary reduction contributions authorized by participants, (ii) safe harbor and employer matching contributions made by the Company, (iii) nonelective contributions made by the Company, and (iv) participant rollovers from another qualified plan.

Participants may elect to contribute a percentage of their eligible compensation to the Plan each year, subject to the limitations, as defined in the Plan document. Pre-tax contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. Roth contributions are not excluded from the participant's taxable income for federal income tax purposes and as a result, are not subject to federal income taxes when received as a withdrawal or distribution from the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The automatic deferral percentage will increase by 1% on the first day of each subsequent Plan year, up to a maximum deferral percentage of 10%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company makes a safe harbor matching contribution to each participant's account equal to 100% of the amount of the participant's salary reduction contribution. The maximum contribution amount eligible to be matched is 4% of eligible compensation as defined by the Plan. Additional elective contributions may be contributed at the discretion of the Company. During the year ended December 31, 2025, the Company made no discretionary contributions to the Plan. As of December 31, 2025 and 2024, $148,518 and $78,468,

was due from the Company in the form of a safe harbor matching contribution, respectively, which were funded through forfeitures.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant Accounts—Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and related safe harbor matching and discretionary contributions and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments—Participants may direct the investment of their contributions and any safe harbor matching or discretionary contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. Participants may also direct their investments through a self-directed brokerage account, which offers the option to invest in a variety of stocks and mutual funds. There were no participant balances in self-directed brokerage account as of December 31, 2025 and 2024.

Vesting—Participants are vested immediately in their contributions and employer contributions, plus actual earnings thereon.

Notes Receivable from Participants—Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of one-half of the vested account balance or $50,000. The interest rate on any loan is 1% over the Prime Rate published in the Wall Street Journal as determined on the first business day of the month the loan is originated. The loans are secured by the participant's vested interest in the Plan. Principal and interest are paid ratably through payroll deductions or as a lump-sum for the outstanding loan balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. As of December 31, 2025, participant loans have maturities through 2055 at interest rates ranging from 4.50% to 9.50%.

Payment of Benefits—On termination of service with the Company (including termination of service due to death, disability, or retirement), a participant may generally elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual or more frequent installments over a period not to exceed the joint life expectancy of the participant and his or her beneficiary. Participants are also eligible to make hardship withdrawals from their account in the event of certain financial hardships.

Forfeitures—The Plan document permits the use of forfeitures to either reduce future employer contributions or pay Plan administrative expenses for the plan year. During 2024, the Company identified excess contributions made to the Plan in the amount of $280,254. Upon identification of the excess contributions, the Company identified specific participant accounts that were credited with the erroneous contribution, in order to claw back those amounts subsequent to December 31, 2024. For participants who terminated, withdrawing their account balance from the Plan, the Company was unable to recover those amounts. For participants with a remaining balance, the excess contributions, and any earnings thereon was transferred to the forfeiture account in the amount of $278,755 during 2025. The 2025 safe harbor matching contribution amount will be paid from forfeitures in 2026 while the 2024 amount was paid from forfeitures in 2025. As such, no receivable for safe harbor match was reflected in the statements of net assets as of December 31, 2025 and 2024. At December 31, 2025 and 2024, forfeited accounts totaled $213,847 and $40,471, respectively. During 2025, Plan expenses and safe harbor matching contributions were reduced by $22,149 and $87,249, respectively, from forfeited nonvested accounts.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition—The Plan's investments are stated at fair value, except for the fully benefit-responsive guaranteed investment contract, which is reported at contract value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount Plan participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Expenses—Administrative expenses of the Plan are paid by the Plan or the Plan Sponsor, as provided in the Plan document. Participants pay administrative costs for loans, distributions, and qualified domestic relation orders.

All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to Empower under a fee levelization arrangement, which Empower in turn credits to the Plan participants who invested in the funds with revenue sharing. For the year ended December 31, 2025, $71,069 was returned to the Plan participants who invested in the Plan investments with revenue sharing.

Contributions: Employee contributions are recorded when withheld. Safe harbor matching contributions are recorded when earned.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but had not yet been paid at December 31, 2025 and 2024.

Subsequent Events—Subsequent events were evaluated through October 8, 2026, the date the financial statements were available to be issued. No events occurred that require additional disclosure or adjustments to the Plan's financial statements.

3. CERTIFIED INVESTMENT INFORMATION

The following is a summary of the information regarding the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included in the Plan's financial statements and supplemental schedule of assets (held at end of year) that were prepared by or derived from information prepared by the Empower Trust Company, LLC and Empower Annuity Insurance Company of America, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee and Insurance Carrier that such information is complete and accurate.

Notes 4: All investment balances and investment information, excluding the level of investments.

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds—Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds

are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2025 and 2024.

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	2025 Total

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a guaranteed investment contract (GIC) with the Insurance Carrier. The GIC meets the criteria of a fully benefit-responsive investment, and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting.

Limitations on the Ability of the GIC to Transact at Contract Value—The GIC has certain restrictions that affect the ability of the Plan to collect the full contract value. For example, the contract prevents immediate and full payout of the contract value for Plan-initiated transactions, such as cessation. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance carrier may not terminate the contract at any amount less than the contract value.

Certain events limit the ability of the Plan to transact at contract value with the Insurance Carrier. Such events include premature termination of the contracts by the Plan, layoffs, Plan termination, bankruptcy, mergers, and early retirement incentives. The Plan does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable.

6. RELATED-PARTY TRANSACTIONS AND EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. As of December 31, 2025 and 2024, the Plan's investment in Key Guaranteed Portfolio Fund is managed by Empower Annuity Insurance Company of

America, the Insurance Carrier and thus a party-in-interest amounting to $ 2,212,385 and $2,725,963, respectively. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

See Note 2 for the description of Plan's revenue sharing agreement.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. Participants are 100% vested in their accounts at all times.

8. FEDERAL INCOME TAX STATUS

The Plan uses a prototype Plan document prepared by third-party retirement plan administrators Atteberry/Searle, Incorporated, who received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

9. NONEXEMPT PARTY-IN-INTEREST TRANSACTION

During the years ended December 31, 2025 and 2024, the Company and adopting companies remitted certain participant contributions and loan repayments totaling $40,919 and $89,774, respectively, to the Trustee later than required by Department of Labor (DOL) Regulation 2510.3-102. The Company has filed Form 5330 with the IRS for the 2025 and 2024 late remittances and paid the required excise tax during 2026 and 2025, respectively. In addition, participant accounts have been credited with the amount of investment income that would have been earned had the participant contributions and loan repayments been remitted on a timely basis.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2025 and 2024, per the financial statements to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 49,843,432	$ 48,079,697
