Liberty Bank 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of Liberty Bank 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section

- the amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2025 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2025 financial statements.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of Liberty Bank 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by qualified institutions. Their report dated October 13, 2025 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Liberty Bank 401(k) Plan (the "Plan") is provided for general informational purposes only and is not intended to be a complete description of the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering eligible employees of Liberty Bank (the "Bank" or "Employer"). An employee is eligible to become a participant of the Plan on the first day of the month following 3 months of employment, if they are at least 21 years old. Effective January 1, 2025, a long-term part-time employee who has worked at least 500 hours over a period of two consecutive twelve-month periods is also eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Administration: The Bank and the Charles Schwab Trust Bank (the "Trustee") administer the Plan.

Contributions: A participant may elect to authorize a pre-tax payroll deduction or after-tax (Roth) deduction of 1% to 80% of his/her eligible compensation, as defined, as an elective salary deferral contribution to his/her account in the Plan up to the limit prescribed by the Internal Revenue Service ("IRS") of $23,500 for the years ended December 31, 2025. Additionally, a participant age 50 or older may be eligible to make a catch-up contribution with maximum limit of $7,500 for the year ended December 31, 2025. Effective January 1, 2025, the Plan allowed for participants between the ages of 60-63 to contribute an additional 50% of the traditional catch-up limit for a total catch-up contribution of $11,250. Contributions are allocated among the available investment funds, or self-directed brokerage account, at the direction of the participant. Pre-tax amounts contributed by the participant are not taxed to the participant for federal and state withholding until a distribution is received from the Plan.

The Plan includes an eligible automatic contribution arrangement under which eligible employees hired on or after January 1, 2010, who do not make an affirmative deferral election are automatically enrolled at an initial contribution rate of 2% of eligible compensation. The automatic contribution rate increases by one percentage point each January 1, as soon as administratively feasible, until it reaches 4%. Participants may elect a different contribution rate or opt out of automatic enrollment in accordance with the Plan's provisions. Bonus compensation is excluded from the automatic contribution arrangement.

For employees hired prior to January 1, 2015, the Bank matches 100% of the amount of the participant's elective deferral up to a cap of 1% of the participants' eligible compensation plus 75% of the participant's elective deferral in excess of 1% but not in excess of 5%; accordingly, the maximum matching contribution is 4% of the participants' eligible compensation. For employees hired on or after January 1, 2015, the Bank matches 75% of the first 4% of a participant's elective deferral.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are fully vested with respect to participant contributions and the vesting schedule for the Bank's matching contributions is based on a three-year cliff-vesting schedule (100% vesting upon completing three years of service; no vesting prior to that time).

Forfeitures: Forfeitures arising during a plan year are used by the Bank to fund its matching contribution, pay Plan expenses or be allocated to participants for such plan year and, if any forfeiture remains, for the subsequent plan year. Forfeitures of $75,615 and $67,646 for 2025 and 2024, respectively, were used to reduce the Bank's contributions. Outstanding forfeiture balances at December 31, 2025 and 2024 were $68,244 and $66,554, respectively.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits: Upon retirement from service, a participant who has reached the age of retirement allowed by the Plan, will receive the full value of his/her account, of which the balance can be withdrawn as a lump-sum payment or continued to be maintained with the trustee. The participant can elect to receive annual installments over a period of whole years not to exceed the participant's life expectancy. When a participant is no longer employed by the Bank for any reason other than death, the Plan will make a lump-sum payment if the participant's balance is less than $1,000 as of the applicable participant's retirement or termination date. If a participant's balance is less than $7,000 but greater than $1,000, their vested account will automatically be distributed from the Plan via a rollover. Lump-sum payments are composed of total vested cash contributions as of the retirement or termination date, plus earnings. When a participant or former participant dies, the Plan pays the account balance, which is composed of total vested cash contributions plus earnings, to the designated beneficiary. Payment is made as soon as reasonably practicable after notice of death is received.

A participant may apply to the Plan to withdraw amounts from his/her matched and/or unmatched portion of his/her account only in the event of termination of employment, disability, retirement or attainment of age 59 1/2. A participant may request an in-service withdrawal of his/her rollover portion of his/her account, including earnings thereon at any time.

At any time, for hardship reasons, a participant may request to withdraw any amount from the total amount of the participant's contributions and earnings thereon.

Notes Receivable from Participants: The Plan allows participants to borrow amounts not to exceed the lesser of (a) $50,000 reduced by the excess of the highest outstanding balance of loans from the Plan to the participant or beneficiary during the prior one-year period over the outstanding loan balance as of the date such loan is made, or (b) 50% of the vested interest in the participant's account. All loans are considered to be an investment of the borrowing participant's account only and are not considered investments of the Plan for the benefit of other participants. Loans are required to be repaid over not more than five years unless the loan is used to acquire a principal place of residence, in which case the repayment period cannot exceed ten years. A participant may have two loans outstanding at the same time; however, only one loan may be applied for during any one year period. The interest rate on the loan will be based on the prevailing market interest rate at the time of the loan. Interest rates are set to the Prime rate.

Plan Termination: Although the Bank expects to continue the Plan and the contributions to the Plan indefinitely, such continuance is not assumed as a contractual obligation, and in order to protect both participants and the Bank against unforeseen contingencies, the Bank may, by action of its Board of Directors, amend or terminate the Plan at any time subject to the provisions of ERISA. In the event of termination, participants would become 100% vested in their employer matching contributions and, after payment of all Plan liabilities and expenses, participants are entitled to receive their respective shares of the Plan's net assets.

Participant Accounts: A separate account is maintained in the name of each participant reflecting all contributions by the participant, all amounts contributed by the Bank under the Plan on the participant's behalf, interest and dividend earnings and investment gains or losses on all such contributions, and any distributions or withdrawals. The amount of benefit available to each participant at any point in time depends upon the value of the participant's own vested account.

(Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates: U.S. GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investments Valuation and Income Recognition: Investments are reported at fair value, except for the fully benefit-responsive investment contracts which are reported at contract value. Management determines the Plan's valuation policies utilizing information provided by its investment advisors and trustee. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus interest at the contract rate, less withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments: Benefits are recorded when paid.

Administrative Expenses: All costs, fees, and other administrative expenses are paid from the Plan and are allocated to participant accounts in the Plan.

Investment Fees: Investment fees are netted against investment income in the accompanying statement of changes in net assets available for benefits.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, as repayments of principal and interest are received through payroll deductions and direct payment to the trustee and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Subsequent Events: The Plan monitored and evaluated subsequent events for footnote disclosures or adjustments required in its financial statements for year ended December 31, 2025 through October 13, 2026, the date on which the financial statements were available to be issued. No subsequent events were identified that required adjustment to or disclosure to the financial statements.

Effective February 2, 2026, the Plan changed its trustee, custodian, and recordkeeper from Charles Schwab Trust Bank to Principal Trust Company and Principal Life Insurance Company. In connection with the conversion, the Plan's investments and participant account records were transferred to the Principal platform. The conversion occurred after December 31, 2025 and, accordingly, did not affect the net assets available for benefits or changes in net assets available for benefits reported in these financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset values ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trusts - The collective trusts are valued based on the NAV of units of the fund. The NAV, as provided by the trustee, is used as a practical expedient for estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Investments in the collective trusts can be redeemed daily without restriction and have no redemption notification provision or unfunded commitments.

Self-Directed Brokerage Account - The underlying investments are carried at fair value based on quoted market prices.

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has a fully benefit-responsive investment contract with New York Life Insurance Company (NYLIC), which maintains the contributions in a pooled separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Issuer guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rate is updated based upon contract provisions, and it may not be less than 0%. Participants may ordinarily direct the withdrawal of all or a portion of their investment at contract value.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with New York Life Insurance Company. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Company, and certain other Company initiated events that result in distributions exceeding a set amount. The contract limits the circumstances under which the Issuer may terminate the contract. Examples of circumstances which would allow the Issuer to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the Issuer could terminate the contract at an amount less than contract value. The plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

NOTE 5 – FEDERAL INCOME TAX STATUS

The Plan obtained its latest determination letter dated September 21, 2020 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "Code"). Although the Plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the plan is designed, and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believe that the plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax position taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the federal taxing authorities. Management evaluated the Plan's tax positions and concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions that require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 6 – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of investments and interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank and New York Life Insurance Company.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for various types of investment securities. Investment securities are exposed to various market risks, such as interest rate, market, liquidity, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

NOTE 8 – TRANSACTIONS WITH PARTIES-IN-INTEREST AND RELATED PARTIES

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Bank. No such officer or employee receives compensation from the Plan.

The Plan provides for notes receivable from participants. Certain investments are managed by Charles Schwab Trust Bank. Charles Schwab Trust Bank is the trustee of the Plan assets. The Plan also holds investment contract managed by NYLIC, the custodian of the Plan assets. These transactions qualify as party-in-interest transactions as defined by ERISA.
