INDEPENDENT AUDITOR'S REPORT

To the Plan Participants and Plan Administrator of
Southeastern Michigan Health Association Tax-Deferred Annuity Plan
Detroit, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Southeastern Michigan Health Association Tax-Deferred Annuity Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2025, and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule as identified in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters - Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1) DESCRIPTION OF THE PLAN

The following description of the Southeastern Michigan Health Association Tax-Deferred Annuity Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description and the Plan Document for a complete description of the Plan's provisions.

General

The Plan was established on June 1, 1994 as a tax-deferred annuity plan under section 403(b) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Plan is administered by Southeastern Michigan Health Association (the Organization), covering all eligible employees of the Organization and Community Health Awareness Group. Mutual of America Life Insurance Company (“Mutual of America”) issues the annuity contracts, maintains participant accounts, provides the investment options, and processes benefit payments under the contracts.

Eligibility

Generally, all employees of the Organization are eligible to participate in the Plan, except nonresident aliens with no U.S. source income and employees who are eligible to make salary reduction contributions under another plan of the Organization described under Sections 401(k), 403(b), or 457(b) of the IRC. There is no minimum age or service requirement. An eligible employee may begin making salary reduction contributions on the first day of a pay period coinciding with or immediately following the date the employee satisfies the eligibility requirements.

Contributions

Participants are eligible to contribute to the Plan immediately upon hire once the applicable entry date is reached. Participants may contribute from 1 percent to 100 percent of their eligible compensation, provided they do not contribute more than the maximum permitted by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make contributions to the Plan in the form of eligible rollover contributions from certain other retirement plans and individual retirement accounts, as permitted under the Plan.

The Plan also permits special catch-up contributions for eligible participants who have completed at least 15 years of service with the Organization, subject to applicable IRC limitations. The Plan permits only employee salary reduction contributions and does not provide for employer contributions. Participant salary reduction contributions are made on a pre-tax basis; designated Roth contributions are not permitted. Participants direct the investment of their contributions into various options offered by the Plan.

1) DESCRIPTION OF THE PLAN (Continued)

Rollovers and Transfers

The Plan accepts eligible rollover contributions in accordance with the terms of the Plan. The Plan does not accept rollovers from governmental plans described under Section 457(b) of the IRC or rollovers containing after-tax employee contributions. The Plan also may accept qualifying transfers from other Section 403(b) arrangements. Transfers from the Plan to another plan or arrangement are not permitted.

Benefit Payments

Distributions are payable upon death, disability, or termination of employment, upon the occurrence of certain other distributable events permitted by the Plan and applicable law, in the form of a guaranteed annuity, specified periodic payments, single withdrawals, or a lump-sum payment, subject to applicable spousal-consent requirements. If the vested account balance is $1,000 or less, the participant will receive a single-sum payment upon termination of employment. The Plan also allows for in-service withdrawals upon reaching age 59½, required minimum distributions, and hardship withdrawals as permitted by law. The Plan administrator has sole discretion to approve or deny requests for hardship withdrawals in accordance with the Plan's provisions.

Vesting

Participants are fully and immediately vested in their Plan accounts.

Plan Loans

Participants may borrow against their vested Plan account balances, subject to approval by the Plan administrator and the terms of the applicable annuity contract. Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balances, reduced as required for other outstanding Plan loans and subject to applicable Plan and IRC limitations. Loan terms generally may not exceed five years; however, a longer repayment period may be permitted for a loan used to purchase the participant's principal residence. Loans bear interest at rate established under the applicable loan program. Principal and interest are repaid through periodic payments. The amount of outstanding loans was $118,758 and $51,955 at December 31, 2025, and 2024, respectively. These loans are not included as assets in the accompanying financial statements.

Participant Accounts

Each participant's account is credited with the participant's contributions and eligible rollover contributions, allocations of plan earnings and charged with an allocation of administrative expenses. Allocations are based on account balances, as defined under the applicable annuity contract. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

2) SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in net assets available for benefits, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

Investments are reported at fair value, with the exception of Mutual of America's Interest Accumulation Account which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for more details on fair value measurements.

Amounts placed in the Interest Accumulation Account of Mutual of America's General Account are credited with interest at a rate determined by Mutual of America. The Interest Accumulation Account is presented at contract value because it constitutes a fully benefit-responsive investment contract. Contract value represents contributions made under the contract, plus credited earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's realized gains and losses on investments sold during the year and unrealized appreciation or depreciation in investments held at the year-end.

The pooled separate accounts are valued at the net asset value per unit reported by Mutual of America, which is based on the fair value of each separate account's underlying investments. There are no redemption restrictions or unfunded commitments on these investments. See Note 4 for additional information.

Benefit Payments

Benefits are recorded when paid out of the Plan.

2) SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses paid by the Organization are excluded from these financial statements. Investment-related expenses are included in net appreciation in the fair value of investments.

3) CERTIFIED INVESTMENTS

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Mutual of America, a qualified institution.

4) FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4) FAIR VALUE MEASUREMENTS (Continued)

Following is the description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts – Consists of investments in mutual funds registered with the Securities and Exchange Commission and are carried at the net asset value at which the mutual fund shares are actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy (as described in Note 2), the Plan's assets at fair value as of December 31, 2025, and 2024, respectively:

	Assets Measured at Fair Value at December 31, 2025			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Pooled Separate Accounts	$ 7,408,101	$ 7,408,101	$ -	$ -
(at Fair Value)	7,408,101	$ 7,408,101	$ -	$ -
Mutual of America Interest Accumulation Account (a) (at Contract Value)	2,951,342			
	$ 10,359,443			

	Assets Measured at Fair Value at December 31, 2024			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Pooled Separate Accounts	$ 6,859,456	$ 6,859,456	$ -	$ -
(at Fair Value)	6,859,456	$ 6,859,456	$ -	$ -
Mutual of America Interest Accumulation Account (a) (at Contract Value)	3,158,232			
	$ 10,017,688			

(a) Certain investments measured at contract value have not been classified in the fair value hierarchy but are presented to permit reconciliation to the investment line item to statement of net assets available for benefits.

5) GUARANTEED INTEREST ACCOUNT

The total balance in the Mutual of America Life Insurance Company ("Mutual of America") guaranteed interest account, also referred to as the Interest Accumulation Account, was $2,951,342 and $3,158,232 at December 31, 2025, and 2024, respectively. The Interest Accumulation Account is maintained as part of Mutual of America's General Account under the Plan's group annuity contract. Based on the terms of the contract, the investment is considered fully benefit-responsive and is reported at contract value.

Mutual of America maintains amounts allocated to the Interest Accumulation Account in its General Account. The account is credited with interest, as determined by Mutual of America, and charged for participant withdrawals and administrative expenses. Mutual of America is contractually obligated to repay the principal and credited interest in accordance with the terms of the group annuity contract.

Interest is credited to contract balances using a single portfolio rate approach. Under this methodology, a single interest rate is applied to amounts allocated to the account regardless of the timing of the contributions. The crediting rate is determined by Mutual of America based on a formula established by the contract issuer and is reviewed quarterly for possible resetting. In establishing the crediting rate, Mutual of America considers factors that include current economic and market conditions, the general interest-rate environment, and the expected and actual experience of a reference portfolio within its General Account. The minimum crediting rate under the contract is 3% for participants enrolled with an effective date on or before May 1, 2008, and 1% for participants enrolled with an effective date after May 1, 2008.

Contract value represents contributions and amounts transferred to the account, plus credited interest, less participant withdrawals, transfers and administrative expenses. Contract value is the relevant measurement because it represents the amount participants would receive upon initiating permitted transactions under the terms of the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Generally, there are no events that could limit the Plan's ability to transact at contract value, which is payable within 90 days or, in rare circumstances, over time. There are no events that allow Mutual of America to terminate the contract and require the Plan Sponsor to settle at an amount different from contract value, whether paid within 90 days or overtime.

The Plan's ability to receive amounts due under the group annuity contract depends on Mutual of America's ability to meet its financial obligations. Mutual of America's ability to satisfy its contractual obligations may be affected by future economic, regulatory and financial developments.

6) ERISA BOND REQUIREMENTS

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets and is required to be at least equal to the lesser of 10% of the plan's assets at the beginning of the plan year or $500,000. At December 31, 2025 and 2024, the Plan's sponsor maintained the required bond coverage.

7) TAX STATUS

The Organization has adopted a pre-approved section 403(b) plan document that has received an opinion letter from the Internal Revenue Service dated March 31, 2017, stating that the form of the pre-approved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since the Organization adopted the pre-approved plan document, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, that the Plan continues to qualify for tax-deferred treatment under section 403(b) of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The plan administrator believes that it is no longer subject to income tax examinations prior to 2022.

8) PLAN TERMINATION

While it has not expressed any intent to do so, the Organization has the right under the Plan to modify or terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants will retain their fully vested rights to their account balances.

9) TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan assets are invested in annuity contracts and investment options issued or provided by Mutual of America Life Insurance Company (Mutual of America) or its affiliates. Mutual of America is the issuer of the Plan's annuity contracts and provides recordkeeping and other services to the Plan. Accordingly, transactions involving Mutual of America and its affiliates constitute party-in-interest transactions, as defined under ERISA. These transactions are exempt from the prohibited transaction provisions of ERISA to the extent that the applicable statutory or administrative exemption requirements are satisfied.

10) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

The Plan's investment in the guaranteed interest account is subject to the credit risk of Mutual of America and its ability to meet its contractual obligations.

11) SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 9, 2026, the date the financial statements were available to be issued. On February 13, 2026, the Organization's Board approved a resolution concerning changes to its retirement programs. The executed 403(b) adoption agreement identifies a restatement of the existing Plan effective February 1, 2026. The resolution also authorizes an investment platform conversion from Mutual of America's group annuity platform to its mutual fund platform, with trust and custody services provided by Mid-Atlantic Trust Company. Participants were offered the opportunity to transfer existing TDA account balances to the converted platform. Management reports that participants could retain eligible existing annuity balances to preserve applicable guarantees and that such balances remain attributable to the continuing 403(b) Plan. No other significant events were noted that required adjustment or disclosure other than as listed above.
