Stewart & Tate Employees Profit Sharing Plan
York, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Stewart & Tate Employees Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and; therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of the Stewart & Tate Employees Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for more complete information.

General

The Plan is a defined contribution plan with both contributory and non-contributory features, covering employees of Stewart & Tate, Inc. (the Company), as defined in the plan agreement, who are age 18 or older and have at least three months of credited service. Certain employees are excluded, specifically union workers. Participants who are not employed on the last day of the plan year generally are not eligible for a profit-sharing contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration of Plan Assets

There are two groups of assets. Charles Schwab Bank, the current custodian of the Plan, and The Glenmede Trust Company, N.A., the former custodian of the Plan, manage the profit-sharing assets (nonparticipant directed) and execute all related transactions. Empower Life & Annuity Insurance Company and Empower Trust Company, LLC, the issuer of the group annuity contract and the current trustee of the Plan, manage the 401(k) assets (participant directed) and execute all related transactions.

Certain investments, which constitute approximately 3% of plan assets, continue to be held with Glenmede, the former custodian of the Plan, due to specific investment restrictions. These assets are expected to remain under Glenmede's custody for the foreseeable future until the assets can be liquidated. The organization regularly monitors these investments to ensure compliance with its investment policies and objectives.

Contributions

Participants may elect to defer any portion of their eligible pre-tax compensation up to the maximum amounts allowed by law. Participants may also make after-tax Roth contributions. Participants age 50 or older before the end of the plan year may elect to defer additional catch-up contributions, subject to annual limitations. Effective January 1, 2025, participants between the ages of 60 and 63 may increase catch-up contributions to the greater of $10,000 or 150% of the regular catch-up limit. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Company profit-sharing contributions to the Plan are discretionary, as determined annually by the Board of Directors. The profit-sharing contribution was 7% of a participant's eligible compensation for each of the years ended December 31, 2025 and 2024. Discretionary employer matching contributions are permitted, but none were made in 2025 or 2024. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company matching contributions, as well as allocations of (a) the Company's profit-sharing contribution, (b) plan earnings, (c) forfeitures of terminated participants' nonvested accounts, and (d) charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (continued)

Investment Options

Participants are able to select from three investment portfolio options that are designed to accommodate those employees with differing time horizons until retirement for their profit-sharing allocation. One portfolio is focused on investment growth (Core Portfolio), another seeks moderate growth with preservation of capital (Moderate Portfolio), and a third portfolio focuses on more aggressive investment growth (Growth Portfolio).

Participants direct their employee deferral investments by choosing from a variety of asset allocation models, including target date retirement funds, which are managed by professional investment management firms.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in Company contributions and actual earnings thereon is based on years of credited service. Participants become fully vested after six years of credited service based on the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2	**0 %**
2	**20**
3	**40**
4	**60**
5	**80**
6	**100**

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Payment of benefits upon death, disability, retirement, or termination of employment will be made in a lump-sum, in partial payments, or in installments over a period not in excess of the assumed life expectancy of the participant and/or beneficiaries. Employees who continue working after reaching the normal retirement age of 65 are considered fully vested and will receive their benefits when they actually retire. A participant is eligible for early retirement at age 55 upon the completion of 6 years of service. In certain hardship situations defined by the Plan, an active participant may receive a limited distribution from their fully vested benefits.

Note 1 - Description of Plan (continued)

Payment of Benefits (continued)

Upon termination of employment, if a participant's vested interest in their account exceeds $7,000, no distribution shall be made to the participant before they reach the age of normal retirement or receipt of consent to pay out by the participant and their spouse, if applicable. If the participant's vested balance does not exceed $7,000, the vested account balance is paid out in the form of a lump-sum distribution. In the event of a mandatory distribution greater than $1,000, the distribution will be paid in the form of a direct rollover to an individual retirement arrangement designated if the participant does not elect a direct rollover or lump-sum distribution.

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are added to any employer discretionary contribution and allocated among eligible participants. Forfeitures of nonvested account balances allocated to remaining participants at December 31, 2025 and 2024 amounted to $59,329 and $197,425, respectively.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Note 2 - Summary of Significant Accounting Policies (continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2024 excess contributions to the applicable participants during the year ended December 31, 2025.

Contributions

Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Payments are recorded when paid.

Administrative Expenses

Administrative expenses, including investment management fees and recordkeeping fees, are generally paid by the Plan, unless otherwise paid by the Company. Fees that are paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

The Plan has a Plan Expense Account (PEA) with Empower, which may be used to pay plan expenses. Asset-based payments are calculated based upon an average daily balance of the investments for the month. During the years ended December 31, 2025 and 2024, the Plan received and utilized $8,014 and $7,488, respectively, from the PEA to pay certain plan expenses.

Note 3 - Information Certified and Provided by the Custodian and the Issuer and the Trustee

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments, cash, notes receivable from participants, and due to broker held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained by management and agreed to, or derived from, information certified as complete and accurate by Charles Schwab Bank, the current custodian of the Plan, The Glenmede Trust Company, N.A., the former custodian of the Plan, and Empower Life & Annuity Insurance Company and Empower Trust Company, LLC (collectively, Empower), the issuer and the trustee of the Plan, respectively.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Common stocks and real estate investment trusts: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds and notes and asset-backed debt securities: Valued using yields available for comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar securities, other valuation processes are used that incorporate benchmark yields, broker-dealer quotes, and/or other unobservable inputs such as credit and liquidity risks.

Registered investment companies: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Note 4 - Fair Value Measurements (continued)

Alternative investments: The Plan owns various alternative investments that include a hedge fund, a fund of funds, and a private equity fund. The Glenmede Trust Company, N.A., as investment manager, determines a NAV based on information provided by the investment managers of the underlying investments within each fund. Since these investments are not publicly traded and are often illiquid, estimated fair values are determined using a variety of factors, including present value and other subjective valuation techniques. The investment pools within each fund are valued monthly using unaudited data supplied by third-party fund managers. Due to the delay in obtaining financial information from the underlying funds, there is a valuation lag in obtaining fair values, which is usually one month for hedge funds and quarterly for the private equity fund. The NAV per share for each fund at December 31 is not adjusted for any time lag in updating valuation data.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Fair Value Measurements at December 31, 2025			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

Investments measured at net asset value[(1)]				1,071,767
				$ 26,455,636

(1) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient:

		Fair Value				
		December 31, 2025	December 31, 2024	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Alternative Investments						
Private equity funds	(a)	**$ 960,509**	$ 1,057,857	**$ 160,000**	(a)	(a)
Fund of funds	(b)	**1,092**	1,167	**-**	(b)	(b)
Hedge fund	(c)	**11,905**	12,743	**-**	(c)	(c)

(a) The private equity funds seek long-term compounded returns comparable to those historically associated with private equity managers who invest in private equity investments and real estate. The funds may invest in limited partnerships and other pooled investment vehicles, either new or existing, that are managed by private equity managers who generally invest in non-public companies. Investments are allocated to companies with certain characteristics, such as buyouts, distressed, venture capital, natural resources, and real estate. This Delaware limited liability company is illiquid as members are not allowed to demand cash withdrawals. Distributions from the funds will only be made at the discretion of the investment manager and only after the funds have received a distribution from an underlying investment.

Note 4 - Fair Value Measurements (continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient (continued)

(b) The fund of funds seeks long-term capital appreciation by investing in five to ten investment funds with favorable long-term risk-adjusted returns that are professionally managed and that use leveraged or short-sale positions to take advantage of perceived inefficiencies in global capital markets. This Delaware limited liability company permits members to withdraw all or a portion of their capital account that is attributable to specific capital contributions on the last day of the calendar quarter that occurs at least 12 months after the date such contribution was deemed effective, provided written notice is supplied 75 days in advance. Total withdrawals from the capital account are based on 90% of the estimated capital balance with the residual paid upon completion of the annual fund audit.

(c) The hedge fund is an offshore limited liability fund that seeks long-term capital appreciation by investing in investment funds managed by third-party investment managers who employ a variety of alternative investment strategies. There is a one-year lockup on each investment subscription or tranche of invested capital; thereafter, semi-annual redemptions are allowed with 90 days written notice. In complete redemption of the fund, only 90% of the estimated fair value is paid promptly with the remaining 10% paid upon completion of the annual fund audit.

Note 5 - Nonparticipant-Directed Investments

Note 6 - Investment Contract with Insurance Company

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The Plan owns the contract itself and is designed to accrue interest based on crediting rates established by the contract issuers.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

A. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.

B. Premature termination of the contracts.

C. Plan termination or merger.

D. Changes to the Plan's prohibition on competing investment options.

E. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6 - Investment Contract with Insurance Company (continued)

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

A. An uncured violation of the Plan's investment guidelines.

B. A breach of material obligation under the contract.

C. A material misrepresentation.

D. A material amendment to the agreements without the consent of the issuer.

Note 7 - Tax Status

The Company has adopted a pre-approved plan document that was sponsored by Conrad M. Siegel, Inc. The pre-approved document has received an opinion letter from the IRS, dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and; therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by U.S. Federal, state, or local tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 - Related Party Transactions and Party-In-Interest Transactions

Certain plan investments are shares of alternative investments and registered investment companies that are sponsored and managed by The Glenmede Trust Company, N.A. and Charles Schwab Bank, the former and current custodian, respectively, as defined by the Plan. These transactions qualify as party-in-interest transactions. The Glenmede Trust Company, N.A. and Charles Schwab Bank also receive certain investment management and custodial fees from the Plan based on the total value of investments under management. Fees paid to the custodian for such services are immaterial.

Empower, the issuer and trustee, provide recordkeeping, administrative, and trust services to the Plan and have the responsibility for selecting and maintaining suitable investment options within the risk-based asset allocation portfolios managed for the participants, as well as investments that are directed by participants. Fees paid to the current trustee for such services have been contractually negotiated and are paid by the Plan and are immaterial. These transactions qualify as party-in-interest transactions.

Note 11 - Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	**$ 30,080,615**	$ 27,883,946
Excess contributions payable	**-**	39,184
Net Assets Available for Benefits per the Form 5500	**$ 30,080,615**	$ 27,923,130

Amounts owed to participants at year-end are recorded as a payable on the Plan's financial statements, which are prepared in accordance with the accrual basis of accounting. The Form 5500 is prepared on the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500 for the year ended December 31, 2025:

Benefits paid to participants per the financial statements	**$ 2,552,177**
Corrective distributions	**39,184**
Benefits Paid to Participants per the Form 5500	**$ 2,591,361**

Corrective distributions are included in benefits paid to participants on the financial statements. The Form 5500 requires these amounts to be reported separately on Schedule H, Line 2f.

Note 12 - Subsequent Events

Plan management has evaluated subsequent events through September 11, 2026. This date is the date the financial statements were available to be issued. The following subsequent event was noted:

Effective January 1, 2026, catch-up contributions will be made as Roth catch-up contributions for affected participants as required by SECURE 2.0.

No other material events subsequent to December 31, 2025 were noted.
