INDEPENDENT AUDITORS' REPORT

To the Trustees and Plan Administrator of
The Management Trust Employee 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Management Trust Employee 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Management Trust Employee 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Management Trust Employee 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Management Trust Employee 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Management Trust Employee 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Management Trust Employee 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental Schedule H Line 4i – Schedule of Assets (Held at Year End) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of The Management Trust Employee 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan providing retirement income, disability, termination, and death benefits to eligible employees. The Plan was adopted effective August 1, 1995 with a year end of December 31. The Plan was last amended and restated effective January 1, 2018. The Plan is administered by The Management Association, Inc. (Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees (except those covered by a collective bargaining agreement and non-resident aliens) shall become eligible to participate after reaching age 18 and completing six months of employment. A participant may enter the Plan on the first day of the calendar quarter following eligibility.

Contributions

Participants may contribute up to a certain percentage of pretax annual compensation, as defined in the Plan, and participants qualifying for age-based catch-up provisions may contribute up to an additional $6,500 of pretax annual compensation. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation with annual increases to 8% and their contributions invested in a designated balanced fund until changed by the participant.

The Company can make two types of contributions to the plan as follows:

Discretionary employer match equal to a uniform percentage or dollar amount of the eligible participants elective deferrals for the plan year.

Discretionary profit-sharing contribution allocated to eligible participants based on plan year compensation.

The Company has not made any employer contributions for the year ended December 31, 2025.

Participant Accounts

A participant's account is credited with the participant's contributions, allocations of (a) the Company's matching contributions and (b) plan earnings. A participant's account is debited with an allocation of plan losses and charged with administrative expenses; as applicable. Allocation of earnings or losses are based upon participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions at all times. Participants vest in employer matching and profit sharing contributions based upon the following schedule:

Years of Vesting Service	% Vested
Less than 1	0%
At least 1, but less than 2	20%
At least 2, but less than 3	40%
At least 3, but less than 4	60%
At least 4, but less than 5	80%
At least 5	100%

The full amount credited to a participant's account shall be fully vested upon attaining normal retirement date, death, or by reason of permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Note terms range from 1 to 5 years. The notes are secured by the balance in the participant's account and bear a reasonable fixed rate of interest; as determined by the Company. Principal and interest is paid through payroll deductions. Notes receivable are available with terms greater than five years only if the purpose is to purchase a primary residence.

Payment of Benefits

The Plan provides for the payment of benefits to the participant or beneficiary at retirement, death, disability or termination of employment. Participants terminating their employment with the Plan sponsor or attaining age 59 1/2 are entitled to withdraw all or a portion of their vested account balance. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of a lump sum cash distribution or in periodic installments. Benefits under the Plan shall be distributed solely from the assets of the Trust.

All vested account balances not exceeding $1,000 may be immediately distributed in a lump-sum payment. All vested account balances exceeding $1,000, but not exceeding $7,000, may be rolled into an individual retirement account. With the Plan administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

Forfeitures

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $8,747 and $8,622, respectively. These accounts will be used to reduce future plan sponsor contributions and pay plan expenses. There were no plan expenses paid from forfeited non-vested accounts during the year ending December 31, 2025.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reporting amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from such estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - SUMMARY OF FINANCIAL DATA CERTIFIED BY THE CUSTODIANS

For the year ended December 31, 2025, management has elected to have the audit of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements or information related to the certified investment information. Accordingly, Empower Annuity Insurance Company (Empower) and Empower Trust Company (Empower Trust) (the asset custodian of the Plan), has certified that the following investment information is complete and accurate:

	December 31, 2025	December 31, 2024
Mutual funds	$ 4,958,582	$ 4,987,096
Common collective investment trusts	12,205,823	9,180,246
Guaranteed investment contract	862,489	858,582
Notes receivable from participants	324,105	225,316
	$ 18,350,999	$ 15,251,240

	For the year ended December 31, 2025
Net appreciation in fair value of investments	$ 2,265,156
Dividends from investments	163,316
Interest from investments	12,637
Interest income on notes receivable from participants	20,361
	$ 2,461,470

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosure, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact as that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: A common collective trust (CCT) primarily owns investment contracts that invest in conventional, synthetic and separate account investment contracts (collectively contracts) issued by life insurance companies, banks and other financial institutions. The CCTs are valued at the NAV as provided by the administrators of the fund. The NAV is used as the practical expedient to estimate fair value. The NAV is based on the value of the underlying assets of the fund, less liabilities, and then divided by the number of units outstanding. The underlying assets of the CCTs are primarily publicly traded securities valued using quoted prices in active markets or observable market data. There are no restrictions on the redemption of these investments at the measurement date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,958,582	$ -	$ -	$ 4,958,582
Investments at fair value	$ 4,958,582	$ -	$ -	4,958,582
Investments measured at NAV (a)				12,205,823
Total investments				$ 17,164,405

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,987,096	$ -	$ -	$ 4,987,096
Investments at fair value	$ 4,987,096	$ -	$ -	4,987,096
Investments measured at NAV (a)				9,180,246
Total investments				$ 14,167,342

(a) In accordance with FASB ASC 820: Fair Value Measurements and Disclosures, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

The following table summarizes investment measured at fair value based on NAV per share as of:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2025				
Common collective trust	$ 12,205,823	N/A	Daily	12 months

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2024				
Common collective trust	$ 9,180,246	N/A	Daily	12 months

NOTE 5 - GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company (Empower) totaling $862,489 and $858,582 for 2025 and 2024, respectively. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to never be less than zero percent. The crediting rate is determined based on the earnings of the underlying assets in the entire portfolio compared to the minimum interest crediting rate, as stated in the contract, and the prevailing market conditions. The interest rate is determined prior to the last day of the previous calendar quarter. The annualized net interest rate at December 31, 2025 and 2024 was 1.45% and 1.41%, respectively. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the Plan's ability to transact at contract value with Empower. Such events include the following: (a) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (e) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from the contract value. Such events include (a) an uncured violation of the Plan's investment guidelines, (b) a breach of material obligation under the contract, (c) a material misrepresentation, or (d) a material amendment to the agreement without the consent of the issuer.

NOTE 6 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The Plan issues notes receivable to participants which are secured by the balances in participants' accounts. The Plan paid certain administrative fees in 2025 and 2024. The Company paid certain administrative expenses of the Plan, including recordkeeping and audit fees. These transactions qualify as party-in-interest transactions for which a statutory exception exemption exists.

The Plan has a plan expense reimbursement account (PERA) with Empower, whereby Empower will "share" a specified percentage of its revenue earned with the Plan to offset certain Plan expenses or to be reallocated to participants. The balance in the PERA at December 31, 2025 and 2024 was $38,858 and $22,759, respectively. During 2025, the Plan received $53,748 in credits and paid $38,095 of expenses to the Plan's registered investment advisor from the PERA. The credits received are presented net of administrative expenses on the accompanying statement of changes in net assets available for benefits.

NOTE 7 - PLAN TERMINATION

Although the Company has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100% vested in all plan sponsor contributions.

NOTE 8 - INCOME TAXES

The Company adopted the Great-West Trust Company Profit Sharing Prototype Plan which obtained its latest opinion letter on March 31, 2014. In this letter, the Internal Revenue Service states that the Plan is acceptable under Section 401 of the Code for use by the employers for the benefit of their employees. Although the plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated in compliance with applicable requirements of the Code. Therefore, no provision for income taxes have been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 7, 2026, the date the financial statements were available to be issued and concluded that there were no events that require recording or disclosure in the financial statements as of December 31, 2025.
