INDEPENDENT AUDITORS' REPORT

To the Officers and Directors of
Family Resource Agency, Inc.
403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Family Resource Agency, Inc. 403(b) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Family Resource Agency, Inc. 403(b) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Family Resource Agency, Inc. 403(b) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Family Resource Agency, Inc. 403(b) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Family Resource Agency, Inc. 403(b) Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Family Resource Agency, Inc. 403(b) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

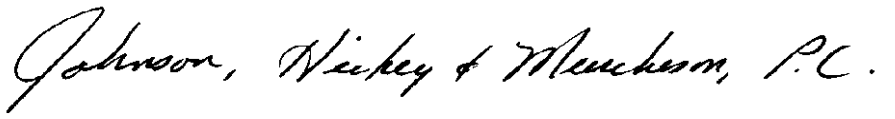

The supplemental schedule of assets as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FAMILY RESOURCE AGENCY, INC.
403(B) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

(1) DESCRIPTION OF PLAN

The following description of the Family Resource Agency, Inc. 403(b) Retirement Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible class employees of Family Resource Agency, Inc. (the Company). The Plan is approved under Internal Revenue Code Section 403(b). The Plan is funded under a tax deferred group annuity contract. Employees are eligible to make salary deferral contributions as soon as administratively feasible after the first day of employment. Employees are eligible for employer contributions upon attaining age 18 and completing one year of service (1,000 hours), subject to the Plan's employee exclusions. Specifically excluded from employer contributions are employees that are classified as substitutes or those that normally work less than 20 hours per week. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on August 28, 1989.

Contributions

Each year participants may elect to have compensation deferred on a pre-tax or Roth basis up to the maximum amount allowed by law as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other plans and certain IRAs (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions are invested in a designated fund until changed by the participant. The Company makes a contribution of 5% of eligible compensation for all eligible employees.

Participant accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are used to pay reasonable Plan expenses or reduce future Company contributions. The benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their employee contribution account plus actual earnings thereon. Vesting in the employer contribution account is based on years of service. Participants vest in 20% of their employer contribution account beginning in year two, 60% after three years, 80% after four years, and 100% after five years of service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of the vested value of the account or $50,000. Participant loans are available for certain specified hardship purposes, subject to the provisions of the Plan. Participants may have no more than one loan outstanding at a time. Loan terms range from 1-5 years, except for the purchase of a principal residence, for which loan terms may range from 1-30 years. The loans are secured by the vested balance in the participant's account and bear interest at the rate commensurate with prevailing interest rates. Principal and interest are repaid through after-tax payroll deductions.

(1) DESCRIPTION OF PLAN (continued)

Forfeitures

There is no forfeiture balance at year ended December 31, 2025. The forfeiture balance was $790 for the year ended December 31, 2024. These accounts are used to pay reasonable Plan expenses or reduce future employer contributions. Employer contributions were reduced by $14,421 during the year ended December 31, 2025.

Payment of benefits

Upon termination, retirement, disability, or death, a participant may elect to receive benefits in the form of a lump-sum payment, installments, or partial withdrawals, subject to the provisions of the Plan and applicable investment arrangement.

Policy loans

Participants may borrow amounts directly from the Plan's investment provider, subject to applicable funding arrangement. Policy loans may be requested by a participant, using their vested account balance as collateral for the policy loan. A policy loan is not withdrawn from the participant's balance and is maintained in the loan collateral and loan escrow account. A participant may apply for a policy loan to be made from his or her vested account balance in the Plan not to exceed the lesser of (i) $50,000 or (ii) 50% of the participant's vested account balance in the Plan. Policy loans may be further limited by the funding vehicles.

When a policy loan goes in default, but cannot be distributed because no distributable event has occurred, the participant receives a Form 1099R for the outstanding principal and interest at time of default. When this happens, the loan collateral (collateral and escrow accounts) must remain in the participant account as part of the plan assets. See Note 7 for reconciliation of the collateral and escrow accounts to the active policy loans reported on the statements of net assets available for benefits.

Revenue account

The Plan carries a revenue account used to cover plan costs. Administrative fees are collected from the Plan's investments and maintained in this account to pay recordkeeping and administrative fees. For the year ended December 31, 2025, there were $18,535 of fees paid from the account. There was no balance in this account at December 31, 2025 or 2024.

Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value except for the fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are treated as deemed distributions or reclassified as distributions, as applicable, based upon the terms of the Plan.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan Sponsor and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

(3) CERTIFIED INVESTMENTS AND INVESTMENT INCOME

The Plan has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Corebridge (formerly VALIC) and American United Life Insurance Company have certified that the following information, as well as investment information in the notes to the financial statements and information included in the Schedule of Assets (Held at End of Year) as of December 31, 2025 and 2024, is complete and accurate.

	2025	2024
Investments at fair value	$ 7,927,569	$ 7,276,113
Investments at contract value	$ 1,913,388	$ 2,111,242
Active policy loans, net	$ 2,798	$ 12,745
Notes receivable from participants	$ 103,016	$ 86,437

(3) CERTIFIED INVESTMENTS AND INVESTMENT INCOME (continued)

Corebridge (formerly VALIC) and American United Life Insurance Company have also certified the following information for the year ended December 31, 2025, is complete and accurate.

Interest income on loans	$	3,876
Net appreciation in fair value of investments	$	978,185
Interest on investments	$	49,445

The Plan's independent auditors did not perform audit procedures on the certified investment information, except as required by AU-C section 703. The noncertified adjustment was subjected to audit procedures.

(4) FAIR VALUE

The Plan's investments, other than fully benefit-responsive investment contracts reported at contract value, are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 assets are valued using quoted prices in active markets for identical investments. Level 2 assets are valued using inputs other than quoted prices. Level 2 inputs are observable, either directly or indirectly for the asset or liability through correlation with market data at the measurement date and for the duration of the instrument's anticipated life. Level 3 inputs are unobservable for the investment, indicating that the inputs reflect the entity's own assumptions used in pricing an investment based on the best information available. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

The Plan uses the following methods and assumptions in estimating the fair values of the Plan's financial instruments:

Pooled separate accounts
While some pooled separate accounts may have publicly quoted pricing inputs, the account values of separate accounts are not publicly quoted and are therefore classified as Level 2 investments.

(4) FAIR VALUE (continued)

The categorization of fair value measurements of the Plan's assets, by input level, at December 31, 2025 and 2024, is as follows:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 7,927,569	$ -	$ 7,927,569

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 7,276,113	$ -	$ 7,276,113

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2025, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2025 and 2024, there were no transfers between levels.

(5) INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan entered into a fully benefit-responsive investment contract with American United Life Insurance Company (OneAmerica) totaling $1,715,254 and $1,768,063 at December 31, 2025 and 2024, respectively. In 1997, the Plan entered into a fully benefit-responsive investment contract with Corebridge (formerly VALIC) totaling $198,134 and $343,179 at December 31, 2025 and 2024, respectively. The Corebridge contract was partially transferred to OneAmerica during the years ended December 31, 2025 and 2024. The investment contract contributions are maintained in a general account and in separate accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by OneAmerica and Corebridge, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contracts have certain restrictions that may impact the Plan's ability to transact at contract value. Such restrictions may include full or partial Plan termination, Plan sponsor insolvency, significant participant withdrawals, and employer-directed transfers or contract liquidations that may be subject to market value adjustments or other contractual limitations. Plan management believes the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

(6) PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by American United Life Insurance Company and Corebridge (formerly VALIC), investment providers to the Plan for the year ended December 31, 2025. Therefore, these transactions qualify as party-in-interest transactions. Fees of $22,012 incurred and paid for investment management services are reported on the statement of changes in net assets available for benefits. The Plan also permits notes receivable from participants. Therefore, transactions pertaining to these investments qualify as party-in-interest transactions. Certain administrative expenses paid by the Plan Sponsor qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(7) POLICY LOANS

See below the reconciliation of the collateral and escrow accounts to the active policy loans reported on the statements of net assets available for benefits:

	2025	2024
Escrow loan funds	$ 1,459	$ 1,544
Loan collateral funds	153,749	161,092
Loans deemed distributions in a prior year	(152,410)	(149,891)
Total active policy loans, net	$ 2,798	$ 12,745

Policy loans are obligations of participants to the insurer.

(8) INCOME TAX STATUS

Currently, 403(b) plans are not required to submit plans to the Internal Revenue Service for determination. However, the plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

(9) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 8, 2026, the date which the financial statements were available to be issued.

In January 2025, Voya Financial acquired OneAmerica Financial's full-service retirement plan business. As part of the related transition, the Plan's administrative and recordkeeping services transferred to Voya on April 11, 2026. Participant account balances and plan records were migrated to the new service provider, and the Plan adopted a new plan document in connection with the transition. These changes did not require adjustment to the Plan's financial statements as of and for the year ended December 31, 2025.
