Plan Administrator
S.W. Cole Engineering 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of S.W. Cole Engineering 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. 1. Description of Plan

The following description of S.W. Cole Engineering 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for more information.

General

The Plan is a defined contribution retirement and savings plan sponsored by S.W. Cole Engineering, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Vanguard Group, Inc. is the recordkeeper of the Plan. The Vanguard Group, Inc. outsources substantially all administrative, recordkeeping, and reporting functions to Ascensus, Inc. and, therefore, Ascensus, Inc. also serves as the recordkeeper of the Plan. Ascensus Trust Company, a wholly owned subsidiary of Ascensus, Inc., is the trustee of the Plan.

Eligibility

The Plan is available to substantially all Company employees. Eligible employees may begin making elective deferrals to the Plan and are eligible for the employer contributions upon attaining age 18 and completing at least 1,000 hours in the first six months of employment. Employees may enter the Plan on January 1, April 1, July 1, and October 1. Long-term part-time employees can enter the Plan after three consecutive years of working at least 500 hours.

Contributions

Eligible employees will receive a safe harbor matching contribution equal to 100% of the amount contributed to the Plan up to the first 3% of Plan compensation, plus 50% contributed between 3% and 5% of Plan compensation. Employees may receive a discretionary contribution decided by their employer for each year. The employer may decide not to contribute for a given year and may decide to give a different contribution amount. This contribution may be determined as a percentage of compensation or as a dollar amount.

The total amount of any employer profit sharing contribution (employer contribution) is determined annually by the Company and is subject to certain limitations on the amount that can be contributed on behalf of any single participant. During the year ended December 31, 2025, the Company made a $200,000 profit sharing contribution to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Forfeitures resulting from the application of vesting provisions, as defined, are used to offset future employer contributions.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s and Company's contributions and an allocation of investment income. A participant's account shall be reduced by any distributions, investment losses, and certain administrative expenses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All employee and employer safe harbor matching contributions and earnings thereon are fully vested immediately. Vesting in employer discretionary contributions and earnings thereon is based on years of service. A participant is fully vested in employer contributions and earnings thereon after six years of service, with partial vesting beginning after two years of service.

Years of Service	Vesting Percentage
0 - 1 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Notes Receivable from Participants

Participants may borrow from the Plan a minimum of $10,000 up to the lesser of 50% of their vested account balance or $50,000. Participants are limited to no more than two loans outstanding at any given time. Notes receivable from participants are secured by the balance in the participant's accounts. Principal and interest are paid through payroll deductions.

Payment of Benefits

Participants shall become eligible to receive their vested account balances upon retirement (normal retirement age is 65 and early retirement is age 60 with one year of service in which the employee works 1,000 hours or more), death, disability, or termination. Participants may withdraw their account balances upon attaining age 59½. Participants may receive benefit payments in a single lump sum or a monthly annuity.

Forfeitures

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $1,577 and zero, respectively. These accounts may be used to pay administrative expenses or reduce the employer contributions, or may be allocated to active participant accounts. During the year ended December 31, 2025, approximately $6,500 was used from forfeited nonvested accounts to reduce Plan expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses of the Plan are generally paid by S.W. Cole Engineering, Inc., Subsidiary and Affiliates. Certain expenses related to maintaining a self-directed brokerage account under the Plan are specifically charged to those participants.

Subsequent Events

The Plan has evaluated subsequent events through October 2, 2026, the date the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

3. Fair Value Measurement

Financial Accounting Standards Board Accounting Standards Codification Topic 820 (Topic 820), *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued based on quoted market prices of shares held by the Plan at year-end.

Life insurance fund: Valued based on policy value including dividend additions and net of outstanding policy indebtedness.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 17,359,423**	**$ -**	**$ -**	**$ 17,359,423**
Life insurance fund	**-**	**-**	**36,726**	**36,726**
Total	**$ 17,359,423**	**$ -**	**$ 36,726**	**$ 17,396,149**

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,914,648	$ -	$ -	$ 13,914,648
Life insurance fund	-	-	35,171	35,171
Total	$ 13,914,648	$ -	$ 35,171	$ 13,949,819

Level 3 Fair Value Measurement

The following table sets forth the summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2025:

	Life insurance fund
Balance December 31, 2024	$ 35,171
Realized and unrealized gain/(loss)	1,555
Balance December 31, 2025	$ 36,726

The fair value of the life insurance contract is determined using information provided by the insurance carrier, including policy-specific factors. Because inputs used in the valuation are not observable in the marketplace, the investment is classified within Level 3 of the fair value hierarchy.

Investment Type	Fair Value	Valuation Technique	Unobservable Inputs
Life insurance fund	$ 36,726	Carrier valuation	Contract-specific assumptions and policy values provided by the insurer

Management believes the estimated fair value is a reasonable approximation of the amount that would be received upon settlement of the contract at the measurement date.

4. Party-in-Interest Transactions

Certain of the Plan's investments are managed by the Plan's trustee; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping and certain administrative expenses amounted to $13,866 for the year ended December 31, 2025.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. Tax Status

The Plan operates under a pre-approved prototype plan document and is intended to qualify for tax-exempt status under the applicable sections of the Internal Revenue Code (the Code). The IRS has determined and informed EPIC Advisors Inc., by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Code. Accordingly, the Plan Administrator believes that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Information Prepared and Certified by Trustee

The investments, investment transactions, notes receivable from participants, net appreciation in fair value of investments, and interest and dividend amounts were obtained by management and agreed to or derived from the information certified by the trustee, as complete and accurate. This information is included in the following:

- Statements of Net Assets Available for Benefits;
