Independent Auditor's Report

The Plan Administrator
Dominion Enterprises 401(k) Employees' Savings Plan
Norfolk, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Dominion Enterprises 401(k) Employees' Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Dominion Enterprises 401(k) Employees' Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dominion Enterprises 401(k) Employees' Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dominion Enterprises 401(k) Employees' Savings Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dominion Enterprises 401(k) Employees' Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dominion Enterprises 401(k) Employees' Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the December 31, 2024 Financial Statements

Wall, Einhorn, & Chernitzer, P.C., who joined Eide Bailly LLP on December 8, 2025, performed an audit of the December 31, 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 16, 2025 indicated that (a) the amounts and disclosures in the December 31, 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the December 31, 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the December 31, 2024 supplemental schedule, other than the information in the December 31, 2024 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the December 31, 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

(1) Plan Description

The following description of the Dominion Enterprises 401(k) Employees' Savings Plan (the Plan) provides only general information. Employees should refer to the summary plan description or plan document for a more detailed description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering employees of Dominion Enterprises (DE) and its affiliates, as defined (the Plan Sponsor or the Company). The Plan is administered by a committee of employees of the Company who were appointed by the board of directors of the Company. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan Sponsor operates the Plan under the Pension Protection Act (PPA) safe harbor features.

(b) Eligibility

The Plan allows employees who are part time or full time and have attained the age of 21 to participate the first of the month following their 30th day of employment or the first of the month following attainment of the age of 21, whichever is later.

(c) Trustee

The trustee of the Plan is Vanguard Fiduciary Trust Company (VFTC or the Plan Trustee), which holds the plan assets and manages the assets under a participant-directed investment arrangement.

(d) Contributions

Participants can elect to contribute to their pre-tax contribution account from 1% to 25% of their annual compensation on a pre-tax basis ("pre-tax contributions"), as defined in the Plan, in a calendar year, subject to current Internal Revenue Service (IRS) limitations of $23,500 and $23,000 for 2025 and 2024, respectively. In addition to their pre-tax contributions, participants may also make Roth contributions on an after-tax basis ("Roth contributions") in the Plan to their Roth contribution account in lieu of all or a portion of the pre-tax contributions the Participant is otherwise eligible to make. Participants may also contribute amounts representing eligible rollover distributions from other qualified plans to their pre-tax contribution account. Participants who are entitled to receive a withdrawal of all or a portion of their pre-tax contributions may elect to roll over the amount of the withdrawal with the Plan to an in-plan Roth rollover contribution account.

Immediately upon participation, the Company makes a pre-tax matching contribution to participant accounts equal to 100% of each participant's pre-tax and Roth contributions up to 4% of the participant's annual compensation.

The Plan automatically enrolls all newly eligible employees in the Plan to a pre-tax contribution account at a pre-tax contribution rate of 4% of their eligible compensation, unless the participant specifically elects another pre-tax contribution rate, Roth contribution, or chooses not to participate. If a participant does not elect the funds in which their contributions are to be invested, the contributions will automatically be invested in the age-appropriate Vanguard Target Retirement Fund (the default fund). The Plan automatically enrolls participants in an annual increase service which increases the participant's pre-tax contributions by 1% on the anniversary date that the participant was hired until

the participant's combined pre-tax contribution rate reaches 15%. Participant's Roth contributions are considered so as not to exceed 25% of their annual compensation.

In addition to regular pre-tax and Roth contributions, participants who are at least age 50 or will attain age 50 during the plan year and are contributing at least 4% of the participant's annual compensation may also defer an additional amount referred to as a catch-up contribution to either their pre-tax or Roth contribution account. The limit on catch-up contributions was $7,500 for 2025 and 2024. Effective in 2025, for participants aged 60-63, the limit on catch-up contributions was $11,250. The Company does not provide matching contributions on catch-up contributions.

(e) Participant Accounts

Each participant's pre-tax account is credited with the participant's pre-tax contribution, the Company's pre-tax matching contribution, and an allocation of plan earnings (losses). Each participant's Roth account is credited with the participant's Roth contribution and an allocation of plan earnings (losses). In 2025 and 2024, the Plan Sponsor paid all administrative fees on behalf of each currently employed participant. Allocation of investment earnings and losses is based on the individual participant pre-tax and Roth account balances as defined in the Plan's provisions. The benefit to which a participant is entitled is the benefit provided from the participant's vested account balances.

(f) Investment Options

A participant may direct pre-tax and Roth contributions in increments of 1% to any of the mutual fund investment options. Participants may change their investment options at any time.

(g) Vesting

Participants are immediately vested in all pre-tax and Roth participant and rollover contributions plus actual earnings thereon. For employer pre-tax contributions made prior to January 1, 2007, participants only become 100% vested based on working at least 1,000 hours in any calendar year for a total of three years. For employer pre-tax contributions made on or after January 1, 2007, participants are vested immediately.

(h) Forfeitures

Forfeitures represent the unvested portion of terminated participants' pre-tax matching contributions to the Plan as well as uncashed checks. Amounts are not considered to be forfeited until a distribution is taken. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $7,321 and $9,971, respectively. Forfeitures are used to reduce future employer contributions and administrative expenses. In 2025 and 2024, forfeitures were used to reduce employer pre-tax contributions in the amount of $4,988 and $3,363, respectively.

(i) Payment of Benefits

Upon death, disability, retirement, or attainment of age 59½, participants or their beneficiaries are entitled to withdraw all or a portion of the vested balance in their pre-tax and Roth contribution accounts. A participant who discontinues service with the Company for any other reason may elect to receive a single, lump sum benefit payment equal to the vested portion of his/her pre-tax and Roth contribution accounts or postpone receipt of benefits until the normal retirement age of 65. If such postponement of benefits is elected, the participant's pre-tax and Roth contribution account balances

will be invested in those funds as designated by the participant. In the absence of the participant's election, any lump sum distribution in excess of $1,000 must be made as an automatic rollover to an Individual Retirement Account initially invested in a Vanguard money market fund. The Plan also permits withdrawals in the event of financial hardship, subject to certain limitations. Participants can also withdraw for burial or funeral expenses of the participant's deceased parent, spouse, children, or dependents, and expenses for the repair of damage to the participant's principal residence that would qualify for a casualty deduction under Section 165 of the Internal Revenue Code (IRC). Prior to March 1, 2024, participants could elect distributions with a cash-out limit of $5,000. Effective March 1, 2024, the cash-out limit for distributions increased to $7,000.

(j) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the participant's highest outstanding note balance during the preceding 12 months, or 50% of their vested account balance as of the date on which the note is approved. A participant may have no more than one outstanding note at any one time. Note terms can range up to 5 years, except for notes used to purchase the principal residence of the participant, which must be fully repaid prior to the earlier of the participant's normal retirement date or within 20 years. The notes are collateralized by the balance in the participant's pre-tax and Roth accounts and bear interest at a rate determined by the Plan Sponsor (interest rates ranged from 4.25% to 9.50% for the years ended December 31, 2025 and 2024). Upon termination of service, the entire outstanding principal and accrued interest shall be immediately due and payable. Principal and interest are paid ratably through payroll deductions.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and present the net assets available for benefits and the changes in these net assets.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires the Plan Sponsor to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Such estimates include those regarding fair value. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments in mutual funds are valued at fair value based upon their quoted market price on the last trading day of the plan year. Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income on plan investments is recorded when earned.

The Plan presents in the Statements of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses, and the unrealized appreciation (depreciation) on those investments. Realized gains and losses from security transactions are reported on the average-cost method.

(d) Notes Receivable from Participants

Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. There is no allowance for credit losses. The Form 5500 presents notes receivable from participants as an investment.

(e) Contributions

Participant contributions and the related Company matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Administrative Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying Statements of Changes in Net Assets Available for Benefits.

(h) Risk and Uncertainties

The Plan's investments, as described previously, are exposed to various risks such as interest rate, market, and credit risks. Such risks, and the resulting investment security values, may be influenced by changes in economic conditions and market perceptions and expectations. Accordingly, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

(3) Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered by the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These are considered Level 1 inputs.

(4) Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by VFTC.

(5) Income Tax Status

The IRS has determined and informed the Company by a letter dated April 23, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Related-Party Transactions

Certain plan investments are shares of mutual funds managed by Vanguard Funds, an affiliate of VFTC, and therefore, transactions involving these investments qualify as exempt party-in-interest transactions. Transactions involving notes receivable from participants also qualify as exempt party-in-interest transactions. Fees paid to Vanguard during 2025 and 2024 were $154,287 and $158,521, respectively, as compensation for its duties as trustee and for other services.

(7) Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the pre-tax and Roth contribution account balances of participants will become immediately vested and in no event will any amounts revert to the Company.

(8) Subsequent Events

The Company has evaluated subsequent events through October 13, 2026, the date at which the financial statements were available to be issued, and determined there are no other items to disclose.
