INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Children's Primary Care Medical Group, Inc. Retirement Savings Plan
San Diego, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Children's Primary Care Medical Group, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements, continued

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of Children's Primary Care Medical Group, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan established by Children's Primary Care Medical Group, Inc. (the Plan Sponsor and Company) under the provisions of Section 401(a) of the United States Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company and any adopting participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as certain provisions of the federal income tax laws.

All employees of the Company and any participating affiliates are eligible to participate in the Plan immediately, with no minimum age or service requirement, except for employees whose compensation and conditions of employment are established by a collective bargaining agreement unless coverage under the Plan is specifically provided by the agreement, nonresident aliens with no U.S.-source earned income, individuals who are not reported on the Company’s payroll records as common-law employees, and physician employees compensated on a per diem basis.

Contributions
The Plan is funded through participant elective deferrals and Company contributions. Participants may make pre-tax elective deferrals and Roth elective deferrals, subject to applicable IRC limitations, and eligible participants may make catch-up contributions. Rollover contributions are also permitted.

The Plan provides for nonelective employer contributions under the allocation formula specified in the Plan document. Generally, all participants in Group A receive an allocation equal to 5% of compensation; designated Group B participants receive an additional allocation equal to 5.5% of compensation; and designated Group C participants may receive an additional allocation subject to the limitations of Section 415 of the IRC. The Company may also make matching contributions. In addition, the Company may make qualified nonelective employer contributions for selected groups of non-highly compensated participants as necessary to satisfy applicable nondiscrimination requirements. Contributions are subject to applicable limitations.

Participant Accounts
Each participant's account is credited with the participant's contribution, allocation of the Company's contributions, and Plan earnings or losses, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations may be charged based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are 100% vested at all times in their elective contribution, nonelective employer contribution, matching contribution, qualified nonelective employer contribution, rollover contribution, and transferred benefit accounts, including earnings thereon.

Investment Options
Upon enrollment in the Plan, participants may direct contributions and account balances among the investment alternatives made available by the Plan Administrator and Plan Sponsor and may subsequently change their investment elections. In late 2025, the Plan transitioned its primary recordkeeping and custodial platform, as further described in Notes 2 and 3.

Note 1 - Description of Plan, continued

Notes Receivable from Participants
Participants who are active employees may borrow against their vested account balances, subject to the Plan's loan policy. A participant may have up to two loans outstanding at a time. The minimum loan amount is $1,000, and the maximum amount is generally the lesser of 50% of the participant's vested account balance or $50,000, subject to applicable loan-limit rules. Loans are secured by the participant's account balance and bear interest at a reasonable rate. Principal and interest are generally repaid through payroll deductions over a period not exceeding five years, except that a loan used to acquire a principal residence may have a longer repayment term as permitted under the Plan's loan policy.

Benefits Paid to Participants
Upon termination of employment, participants are entitled to the vested value of their accounts. If a participant's vested benefit is $1,000 or less and the participant does not elect a direct rollover, the benefit is distributed in a single-sum payment in accordance with the Plan's distribution procedures.

Participants with vested benefits from $1,001 through $5,000 may elect a distribution or direct rollover; if no election is made, the vested benefit generally remains in the Plan until the participant requests a distribution or reaches Normal Retirement Age or age 62, if later. Participants with vested benefits greater than $5,000 generally must consent to a distribution. Rollover contribution accounts are excluded when determining whether the participant's vested benefit exceeds the $5,000 threshold. Participants may also take in-service or hardship withdrawals to the extent permitted by the Plan and applicable law.

Plan Expenses
The Plan's expenses are paid by either the Plan or the Company, as provided by the plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation in fair value of investments.

Termination of the Plan
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant's account will become 100% vested. The Company will direct the distribution of the participant's account in a manner permitted by the Plan as soon as practicable.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates
The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Noninterest-Bearing Cash
Noninterest-bearing cash consists of cash and highly liquid investments with original maturities of three months or less. At December 31, 2025, the balance primarily consisted of proceeds from the liquidation of investments held on the Plan's former recordkeeping platform in connection with the transition to a new custodian and recordkeeper. The proceeds were temporarily held in cash pending transfer and subsequent reinvestment in accordance with the Plan's conversion instructions.

Investment Valuation and Income Recognition
Investments are reported at fair value (except for any fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation in the market value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

Contributions
Participant contributions are recorded in the period in which the related amounts are withheld from compensation. Employer contributions are recorded in the period in which they become due in accordance with the provisions of the Plan.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment recorded. Interest rates on loans outstanding at December 31, 2025 and 2024 ranged from 4.25% - 10.50%.

Payment of Benefits
Benefits are recorded when paid.

Subsequent Events
Subsequent to year-end, the Plan completed its transition from the John Hancock platform to the Plan's new recordkeeper and custodian. Plan assets that had been temporarily held in cash in connection with the conversion were transferred to the new platform and reinvested in accordance with the Plan's conversion instructions.

Subsequent events were evaluated through October 9, 2026, which is the date the financial statements were available to be issued.

Note 3 - Information Certified by Custodian

The majority of the Plan's investments are held by John Hancock Life Insurance Company (U.S.A.), the Custodian of the Plan. Investment decisions are made at the direction of the participants. The investments are credited for earnings thereon and charged for withdrawals and expenses as charged by the Custodian. The Plan Administrator has obtained a certification from the Custodian as of December 31, 2025 and 2024, and for the year ended December 31, 2025, that the following information provided to the Plan Administrator by the Custodian is complete and accurate:

- Noninterest-bearing cash
- Investments, at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Dividends
- Interest on notes receivable from participants

In connection with the Plan's transition to a new recordkeeper and custodian, substantially all investments held on the John Hancock platform were liquidated prior to December 31, 2025. As of December 31, 2025, the resulting proceeds were temporarily held in cash pending transfer to the new platform and subsequent reinvestment in accordance with the Plan's conversion instructions. The Plan separately continued to hold investments in a self-directed brokerage account and participant loans at December 31, 2025.

Note 4 - Fair Value Measurements

Fair value is the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The Plan follows a fair value hierarchy to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Three levels of inputs may be used to measure fair value:

Level 1 - quoted prices in active markets for identical assets or liabilities.

Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for investments measured at fair value as of December 31, 2025 and 2024, and with respect to the pooled separate accounts during 2025, prior to their liquidation in connection with the Plan's recordkeeper and custodian transition:

Self-Directed Brokerage Accounts: Securities are valued at the closing price reported on the active market on which the individual securities are traded, and cash is valued at cost plus accrued interest.

Note 4 - Fair Value Measurements, continued

Pooled Separate Accounts (PSA): PSAs invest in a variety of domestic stock, international stocks, mutual funds, bonds, and other securities. The majority of the underlying securities have observable Level 1 quoted pricing inputs. While the underlying asset values are generally based on publicly quoted prices, the net asset value (NAV) of each PSA is not valued using publicly quoted prices. The NAV provided by the Custodian is used as the practical expedient to estimate fair value. PSAs can be redeemed on a daily basis, and each PSA has its own investment strategy. Participants should refer to each PSA's prospectus for a description of the PSA and its investment strategy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts	$ 14,104,751	$ -	$ -	$ 14,104,751

Investment measured at NAV				104,748,042
Total investments at fair value				$ 117,256,610

There were no investments for which fair value was measured using the NAV per share practical expedient as of December 31, 2025. The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

The investment strategies for these funds are as follows:

Asset Allocation

These funds seek to provide capital appreciation and current income consistent with the current asset allocation. Target Retirement Funds are designed to take participants through retirement. The target date is the expected year in which participants in a portfolio plan to retire and no longer make contributions. The portfolios are composed of actively managed funds and are managed to help retain the potential for growth and support the need for income throughout the participants' retirement years. Each portfolio is adjusted over time to ensure a noticeable and steady shift from equities to fixed income in the years leading to retirement.

Aggressive Growth

The majority of these funds seek long-term capital appreciation. Managers of Fidelity Contra invest in companies believed to be undervalued by the public, focusing on those undergoing positive changes like new management, product launches, mergers, or cost-cutting initiatives. It also targets companies with higher-than-perceived earnings potential or those temporarily out of favor for short-term reasons. T. Rowe Price Science and Technology aims to maintain a core portfolio of diversified technology stocks, primarily in the larger to mid-cap range, with strong growth potential. Managers of this fund identify long-term trends and themes to guide stock selection but make final decisions using a bottom-up, company specific approach. Stock selection is growth-focused, based on in-depth research evaluating companies' potential for above average earnings. The portfolio includes both small, emerging tech companies and well-established blue chip firms.

Growth

The majority of these funds seek to achieve the approximate aggregate total return of a broad U.S. domestic equity market index. Managers of the 500 Index Fund attempt to match the performance of the S&P 500 Index, while managers of the Total Stock Market Index fund aim to match the performance of the Wilshire 500 Index by holding all, or a representative sample of, the securities that comprise the index. Over the long run, these funds are expected to deliver similar performance as their matched funds.

Growth & Income

This fund seeks to achieve conservation of capital, current income, and long-term growth of capital and income. The fund takes a balanced approach, aiming to act as a prudent investor's complete investment portfolio. It primarily invests in common and preferred stocks, bonds, convertibles, and cash. The fund holds a wide range of securities, including stocks and bonds that are investment-grade or equivalent, and may invest up to 12% in foreign securities. It limits its exposure to common stocks at 75% and requires all fixed-income investments to be investment-grade at purchase. Additionally, it invests in U.S. government-issued and guaranteed securities.

Income

These funds seek a high level of current income and a moderate share price fluctuation. Fidelity Advisor Fund normally invests at least 80% of assets in debt securities of all types and repurchase agreements for those securities and 20% of assets in lower-quality debt securities. Managers of this fund use the Bloomberg Barclays U.S. Universal Bond Index as a guide in allocating assets across the investment-grade, high-yield, and emerging market asset classes. T. Rowe Price Spectrum is a diversified fixed-income fund of funds strategy that invests in various income-focused strategies, including a dividend-focused equity fund. Managers of this fund adjust the asset allocation over time to balance risk and return.

Fund Names:	**2025**	**2024**
Fidelity Advisor Total Bond	$ -	$ 2,813,545
T. Rowe Price Spectrum Income Fund	-	351,549

Conservative

These funds seek to achieve maximum current income consistent with preservation of principal and liquidity, as well as provide current income while maintaining limited price volatility. The money market fund managers invest in high-quality, short-term U.S. dollar-denominated money market instruments, including obligations issued or guaranteed as to principal and interest by the U.S. government, certificates of deposit, bank notes, and commercial paper. The short-term federal fund invests primarily in U.S. government agency securities, which may not have full government backing, and U.S. Treasury securities. In an effort to minimize fluctuations in market value, this fund is expected to maintain a dollar-weighted average maturity between one and four years.

John Hancock Money Market Fund	$ -	$ 6,938,086
Vanguard Short-Term Federal	-	261,462

Note 5 - Related-Party Transactions and Transactions with Parties-in-Interest

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under Department of Labor regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (TPA), investment managers, investment advisors, legal counsel, and Plan auditor.

During the year ended December 31, 2025, the Plan made direct payments of $244,258 to John Hancock Life Insurance Company (U.S.A.), MMA Securities, LLC, and Compass 360, LLC for recordkeeping, brokerage, and third-party administrator fees, as allowed by ERISA. The Plan Sponsor pays directly any other fees related to the operation of the Plan.

Fees incurred by the Plan for the investment management services are included in the net appreciation in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

Note 6 - Risks and Uncertainties

The Plan generally invests in various investment securities that are exposed to risks such as interest rate, market, and credit risks. As of December 31, 2025, a substantial portion of the Plan's assets was temporarily held in cash in connection with the transition to a new custodian and recordkeeper, as described in Note 3. Subsequent to year-end, those assets were reinvested in accordance with the Plan's conversion instructions.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7 - Tax Status

The Plan sponsor adopted a plan which received a favorable Non-Standardized Pre-Approved Profit Sharing/ESOP opinion letter, sponsored by Butterfield, Schechter, & Van Clief, LLP, from the Internal Revenue Service dated June 30, 2020, which states that the Plan is designed in accordance with the applicable sections of the IRC and is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, based on the technical merits, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.
