Independent Auditor's Report

The Plan Administrator
The National Geographic Society 401(k) Retirement Savings Plan
Washington, D.C.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the National Geographic Society 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The ERISA-required Supplemental Schedule H, line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of the National Geographic Society 401(k) Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted effective May 1, 1995, by the National Geographic Society (the Society) and the Society is the sponsor of the Plan. The Plan is a defined contribution plan covering all employees of the Society. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee and Administration of the Plan

Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company (collectively, Principal) are the trustee, custodian and recordkeepers of the Plan. The administrator of the Plan is the Retirement Plan Committee (the Committee). The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees of the Society are considered eligible for participation 30 days after commencement of employment (there is no specific minimum hours of service requirement), except for: (1) nonresident aliens with no U.S. source of income; (2) employees covered by a collective bargaining agreement that does not provide for participation in the Plan; (3) leased employees; (4) independent contractors; (5) employees not paid by the payroll operations of an office of the employer within the United States. There is no age requirement to participate in the Plan.

Contributions

Each year, participants may contribute up to 100% of eligible annual compensation (elective deferral contributions), as defined in the Plan, subject to the limits established by the U.S Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catchup contributions. Participants may also contribute amounts representing qualified rollovers from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also allows for Roth and/or after-tax contributions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 8% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Society contributes a matching contribution of 50% of the first 8% of the eligible compensation deferred into the Plan. There is a six-month waiting period following the date of hire before the employer matching contributions begin.

The plan permits increased amounts of catch-up contributions for eligible participants who will attain ages 60, 61, 62, or 63 as of the close of the taxable year. Effective March 1, 2025, increased catch-up contributions shall be the greater of (i) $10,000 per year; or (ii) 150% of the regular amount of catch-up contribution made by a participant in the taxable year. Regular catch-up contribution amounts shall apply to eligible participants who will attain ages 50-59, and ages 64 and over as of the close of the taxable year. Catch-up contributions shall be indexed annually for inflation.

As of January 2026, participants who are 50 or older in the plan year and have FICA wages above $150,000 are required to have their catch-up contributions directed to the Roth 401(k).

Participant Accounts

Each participant's account is credited with the participants' contributions, the Society's matching contributions, earnings or losses from the investment options elected by the participant and certain Plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately and fully vested in all participant and Society contributions, plus actual earnings or losses thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to the lesser of 50% of their vested account balance or $50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. The loans are secured by the balance in the participant's account. Loan terms are up to five years (15 years if for the purchase of a principal residence) and loans bear interest at the Prime lending rate published in the Wall Street Journal at the date of loan origination plus 1%. Interest rates ranged from 4.25% to 9.50% at December 31, 2025 and 2024. Principal and interest are paid through payroll deductions for active participants. Each participant may not have more than one loan outstanding at any time.

Hardship Withdrawals

A participant may withdraw any part of their vested account resulting from 401(k) elective deferral contributions in the event of a qualifying financial hardship. Withdrawals from the participant's account resulting from elective deferral contributions shall be limited to the amount of the participant's elective deferral contributions plus income allocable thereto credited to their account.

Benefit Payments

Upon retirement or termination of service, the Plan allows for distributions in accordance with the appropriate provisions of the IRC and applicable state laws. The Plan does not provide benefits in the form of annuities. Benefits may be paid upon separation from service due to death, retirement, or termination of employment. If the participant's vested account balance is greater than $5,000, the participant may choose from the following forms of payment: (1) single lump sum payment; (2) monthly income for a fixed period not less than 60 months; (3) series of substantially equal annual payments over a fixed period of whole years; or (4) specified dollar amount each year (either

annually, semi-annually, quarterly, or monthly). Employees who attain age 59½ or older are eligible for in-service withdrawals.

A lump sum distribution is automatic upon separation if the participant's vested account balance is $1,000 or less. If the participant's vested account balance exceeds $1,000 but is less than or equal to $5,000, and the participant does not elect to receive the distribution directly or have the distribution rolled over to an eligible retirement plan, then the Plan will pay the distribution in a direct rollover to an individual retirement account (IRA) at a financial institution selected by the Society. A charge or restriction might apply for some investment options if all or any part of the account is taken in a single sum.

Administrative Expenses

The Society has elected to pay most administrative expenses associated with the Plan, except for certain account and loan fees deducted directly from the individual participants' accounts and some allowable expenses paid by the Plan. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value, except for the Plan's investment in the fully benefit-responsive investment contract. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisor. See Note 4 for further information related to fair value measurements.

The Plan's fully benefit-responsive investment contract (Note 5) is valued at contract value. Contract value equals the accumulated cash contributions, interest credited to the contract, less disbursements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions Receivable

Participant contributions and any related employer matching contributions are recognized in the period during which the Society makes the respective payroll deduction from the participant's compensation.

Benefit Payments

Benefit payments are recorded when paid.

3. Certified Investment Information

Certain investment information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, interest and dividends, net appreciation in fair value of investments, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company doing business as Principal Trust Company, qualified institutions.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation method used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds – Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Investments				
Mutual funds	$ 153,091,895	$ -	$ -	$ 153,091,895
Total Investments, at fair value	$ 153,091,895	$ -	$ -	$ 153,091,895

December 31, 2024

	Level 1	Level 2	Level 3	Total
Investments				
Mutual funds	$ 141,072,925	$ -	$ -	$ 141,072,925
Total Investments, at fair value	$ 141,072,925	$ -	$ -	$ 141,072,925

5. Guaranteed Investment Contract with Principal

In 2008, the Plan entered into a fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that the probability of any events that would limit the Plan's ability to transact at contract value with participants are remote.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Principal, or its subsidiaries and affiliates. Participant loan and distribution processing fees are paid to Principal by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 1, the Plan pays certain expenses related to plan operations and investment activity to Principal. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

7. Tax Status

The Plan uses a pre-approved plan document from Principal, which received an opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which states that the volume submitter plan, as then designed satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the date of the opinion letter, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intent to do so, the Society has the right under the Plan provisions to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, the account of each participant shall be 100% vested and nonforfeitable as of the effective date of the complete termination of the Plan.

9. Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

As of December 31, 2025 and 2024, there were four investments held that individually accounted for more than 10% of total investments. See the supplemental schedule of assets (held at end of year) for a complete listing of investments held at December 31, 2025.

10. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 7, 2026, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
